## O U T L I N E

14.1 Introduction	342	14.3.4 Summary	353
14.2 Experimental	343	14.4 Effects of Ion Implantation in ChGs	353
14.2.1 Sample Preparation of ChGs	343	14.4.1 Characterization Techniques	353
14.2.2 Gamma-Irradiation of ChGs	343	14.4.2 Structure and Properties upon Ion Implantation	353
14.2.3 Ion Implantation of ChGs	344	14.4.3 Applications	354
14.3 Effects of Gamma-Irradiation in ChGs	344	14.4.4 Summary	355
14.3.1 Characterization Techniques	344	Acknowledgments	355
14.3.2 Structure and Properties upon Gamma-Irradiation	346	References	355
14.3.3 Applications	352
