

180 tesis de grado extranjeras sobre política colombiana

Escribe: RODRIGO LOSADA LORA

La Fundación para la Educación Superior y el Desarrollo (FEDESARROLLO) entregó a la Biblioteca Luis-Angel Arango 180 copias de tesis de grado presentadas en universidades extranjeras. Las tesis tratan, en su totalidad o en parte sustancial, sobre temas de política colombiana, entendiendo esta en un sentido amplio (Gobierno, partidos, elecciones, militares, grupos de presión, etc.).

Estas obras tienen las características de:

- a. Ser estudios académicos, casi siempre de nivel de Ph. D. o su equivalente;
- b. Estar inéditos.
- c. En el caso de la gran mayoría de estas tesis, no conocerse de copia alguna disponible que pueda ser consultada en el país por los investigadores interesados en hacerlo.

Más de un 90% de las tesis incluídas en este paquete han sido presentadas en universidades de los Estados Unidos. Este fuerte sesgo a favor de las tesis estadounidense se debe a dos circunstancias. Primera, y sobre todo, a que en ningún otro país se han realizado tantos estudios académicos sobre la política colombiana como en la nación mencionada. Segunda, a que es mucho más fácil identificar las tesis producidas sobre política colombiana y obtener una copia de las mismas en los Estados Unidos que en otros países. Por ejemplo, además de las aquí incluídas, se pudieron identificar otras catorce tesis similares a ellas y presentadas en universidades de Francia, Inglaterra o

Alemania Federal, pero fue imposible obtener copia de las mismas.

No es exagerado aseverar que el conjunto de tesis entregado por FEDESARROLLO a la Biblioteca Luis-Angel Arango representa cerca de un 80% de todas las tesis doctorales inéditas sobre temas políticos colombianos que han sido presentadas en universidades extranjeras. La Fundación para la Promoción de la Investigación y la Tecnología del Banco de la República patrocinó generosamente la adquisición así descrita.

Sigue a continuación la lista correspondiente, indicando autor, título, grado académico para el cual fue presentado el estudio, año y universidad.
