

Gastric Hyperplasia in MN/ Carbonic Anhydrase IX Deficient Mice

Dissertation

zur Erlangung
des Doktorgrades der Naturwissenschaften

eingereicht am
Fachbereich Biologie, Chemie, Pharmazie
der Freien Universität Berlin

vorgelegt von

Marta Ortova Gut

aus Prag, Tschechische Republik

Berlin 2001

This work was executed at the Forschungsinstitut für Molekulare Pharmakologie, Berlin in the Department of Molecular Genetics under the supervision of Prof. Dr. I. Horak.

Referees:

Prof. Dr. I. Horak, Department of Molecular Genetics, Forschungsinstitut für Molekulare Pharmakologie, Berlin.

Prof. Dr. H. Oschkinat, Department of NMR-Supported Structural Biology, Forschungsinstitut für Molekulare Pharmakologie, Berlin.

Date of defense: 9th May 2001

Statement

Herewith, I declare that I prepared the presented dissertation myself and without the use of illegitimate aids. I used no other but the indicated sources and accessories. Further, I insure that this dissertation has not before been submitted to any other faculty for examination.
