### Somatostatin and Neuropeptide Y in Cerebrospinal Fluid: Correlations With Amyloid Peptides A $\beta$ <sub>1–42</sub> and Tau Proteins in Elderly Patients With Mild Cognitive Impairment

by Duron, E., Vidal, J.-S., Grousselle, D., Gabelle, A., Lehmann, S., Pasquier, F., et al. (2018). *Front. Aging Neurosci.* 10:297. doi: 10.3389/fnagi.2018.00297

In the published article, there was an error in affiliation 9. Instead of “UF de Neurobiologie, Centre Biologie Pathologie du CHU-Lille, Lille, France,” it should be “Univ Lille, Inserm, UMRS 1172, LabEx DISTALZ, Lille, France.”

Additionally, Stéphanie Bombois was not included as an author in the published article. The corrected Author Contributions Statement appears below.

“ED, DG, AG, CB, BA, and SL performed measurements and collected data. J-SV performed statistical analysis. FP, LB, SS-M, A-SR, OH, and JE supervised the study. SB collected data revised the manuscript; Final approval of the version to be published; and is an Agreement to be accountable for all aspects of the work in ensuring that questions related to the accuracy or integrity of any part of the work are appropriately investigated and resolved.”

The authors apologize for these errors and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.

**Conflict of Interest Statement:** The authors declare that the research was conducted in the absence of any commercial or financial relationships that could be construed as a potential conflict of interest.
