A Corrigendum on

Alterations of Gut Microbiome in the Patients With Severe Fever With Thrombocytopenia Syndrome

by Xu, H., Wei, Y., Ma, H., Liu, Y., Zhang, Y., Hu, L., et al. (2018). *Front. Microbiol.* 9:2315. doi: 10.3389/fmicb.2018.02315

In the original article, there was a mistake in **Figure 2** as published. In this article, **Figure 2** is used to introduce the taxonomic differences of gut microbiota between SFTS and healthy control groups. According to the reviewers' helpful comments, we tried to integrate one chart and three tables from the original manuscript into one new figure. However, there are some misalignments in the label of the Y-axis in **Figure 2**. When integrating these four images (A, B, C, and D) into **Figure 2**, the order of the Y-axis annotations of each graph were reversed. The corrected **Figure 2** appears below.

The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way.
