## THE RESEARCH JOURNAL TRANSPORT: PEER-REVIEWING PROCESS IN 2015

Olegas Prentkovskis<sup>1</sup>, Raimundas Junevičius<sup>2</sup><sup>1</sup>*Editor-in-Chief of the Research Journal TRANSPORT, E-mail: olegas.prentkovskis@vgtu.lt*<sup>2</sup>*Managing (Associate) Editor of the Research Journal TRANSPORT, E-mail: raimundas.junevicius@vgtu.lt*The research journal *TRANSPORT* is published by Vilnius Gediminas Technical University in partnership with the Lithuanian Academy of Science and Taylor & Francis

27 November 2015

*TRANSPORT* is a peer-reviewed research journal. To peer-review manuscript submissions, the research journal *TRANSPORT* uses the interactive system *ScholarOne Manuscripts* (formerly known as *Manuscript Central*, <http://mc.manuscriptcentral.com/stra>).

All manuscripts submitted through *ScholarOne Manuscripts* are peer-reviewed by members of the Editorial Board or appointed experts. The minimum number of score sheets (peer-review forms filled by reviewers for each submitted manuscript) amounts to three and the average number of score sheets (peer-review forms) is 3.8 (in 2015).

Decision ratios of submitted manuscripts in 2015 (source: *TRANSPORT ScholarOne Manuscripts*, data until 27 November 2015) are presented on Fig.

Success and quality of the research journal *TRANSPORT* depends to a large extent on the activity and performance of its Editorial Board and Reviewers. Reviewers are scientists who volunteer to contribute to the improvement of the quality of transport engineering and transport management fields by guiding authors in their efforts to publish their research outputs that help to enlarge the scientific content of the research journal *TRANSPORT*, for which we feel truly grateful.

Thus, *on behalf of the Editorial Board of the research journal TRANSPORT we would like to express our gratitude to the following reviewers* (Table) for their important contribution to the quality of scientific articles submitted in 2012–2015 (accepted in 2013–2015), which were peer-reviewed and part of them – published in *TRANSPORT* 30(1, 2, 3, 4) 2015 or as ‘Article in Press’ (Latest Articles on www).

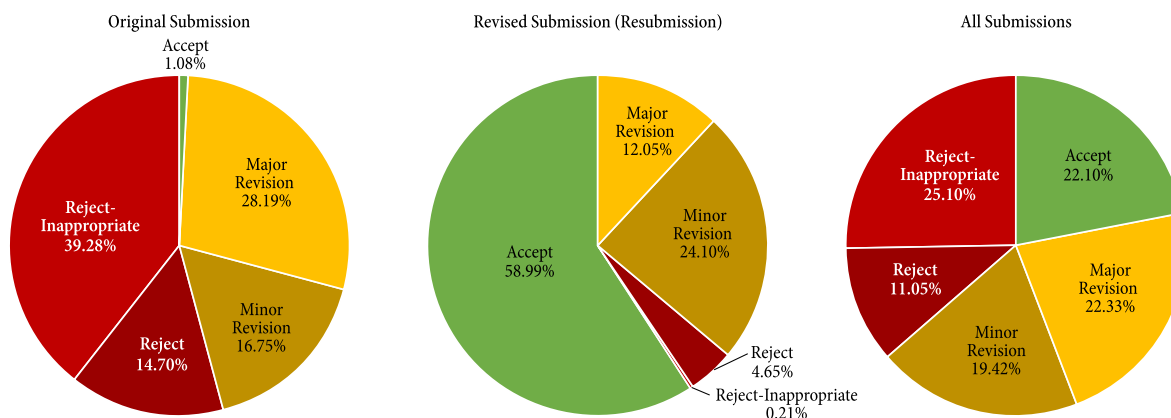

Fig. Decision ratios of submitted manuscripts in 2015

(note: ‘revised submission’ follows ‘minor revision’ or ‘major revision’ after ‘original submission’)
