Freiburg University Library

III. Office planning and design

Office planning and design

Fraunhofer IAO, ZVE - Center for Virtual Engineering
Working in a smart high connected society

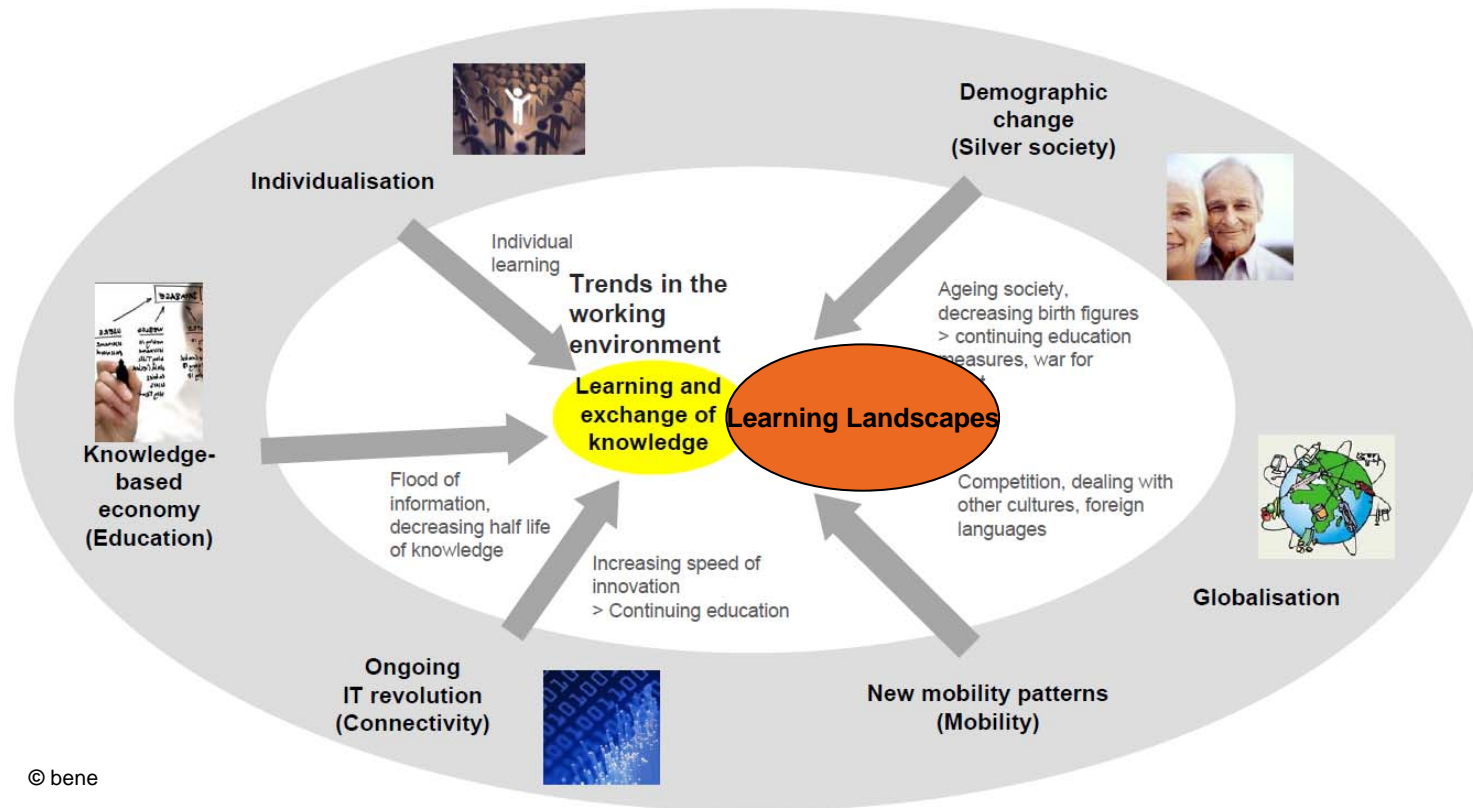

Office planning and design

ZVE - Workspace Innovation Lab Different working scenarios need different physical spaces

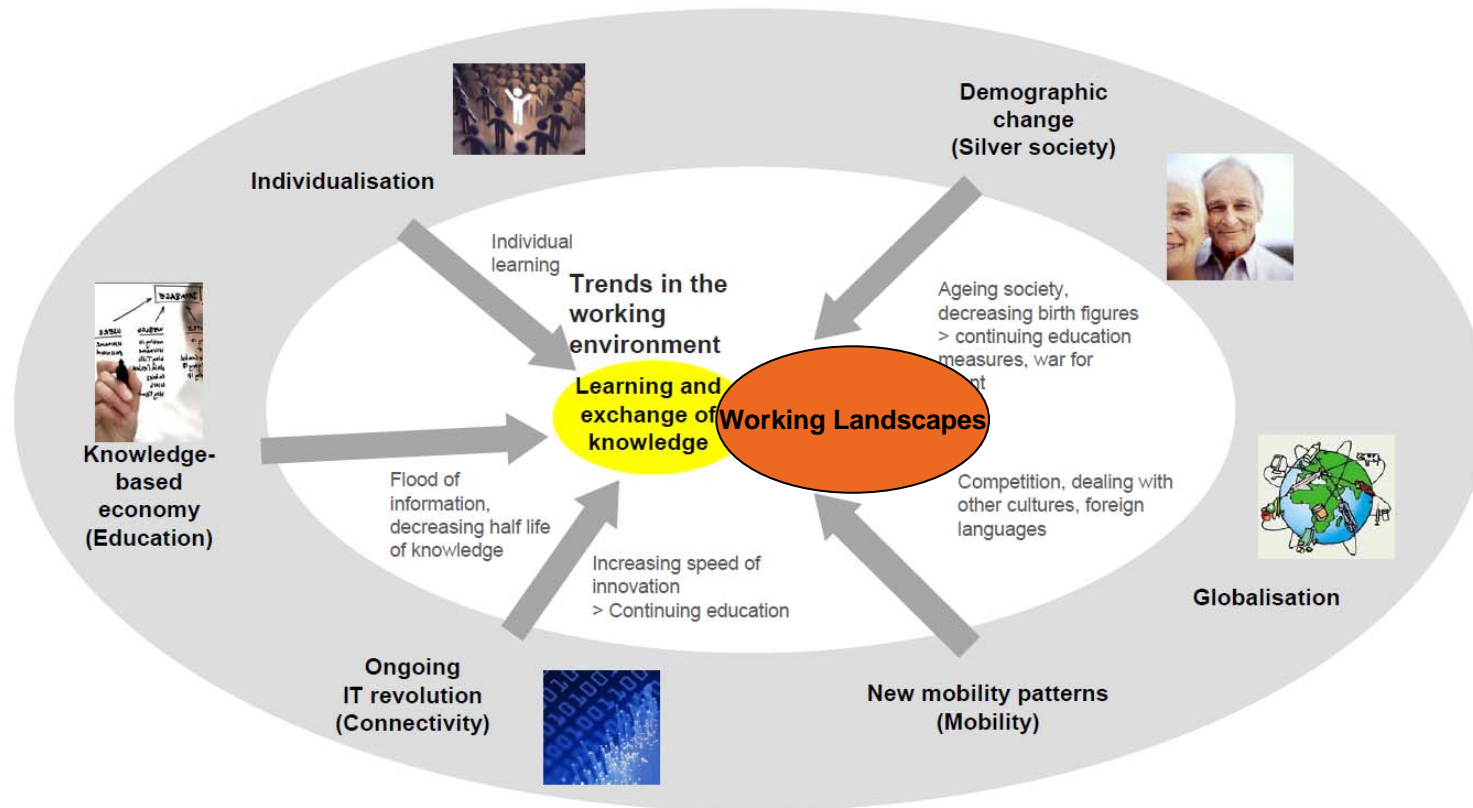

Office planning and design

Process of change – From classroom to **Learning Landscapes**

Office planning and design

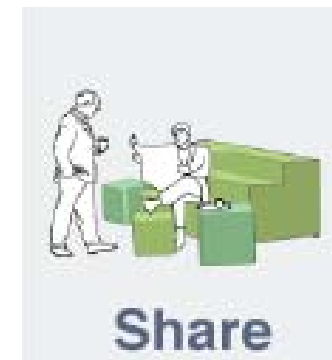

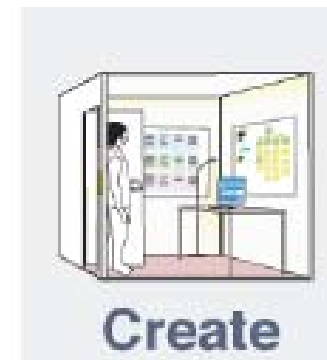

Process of change – From office to **Working Landscapes** ?

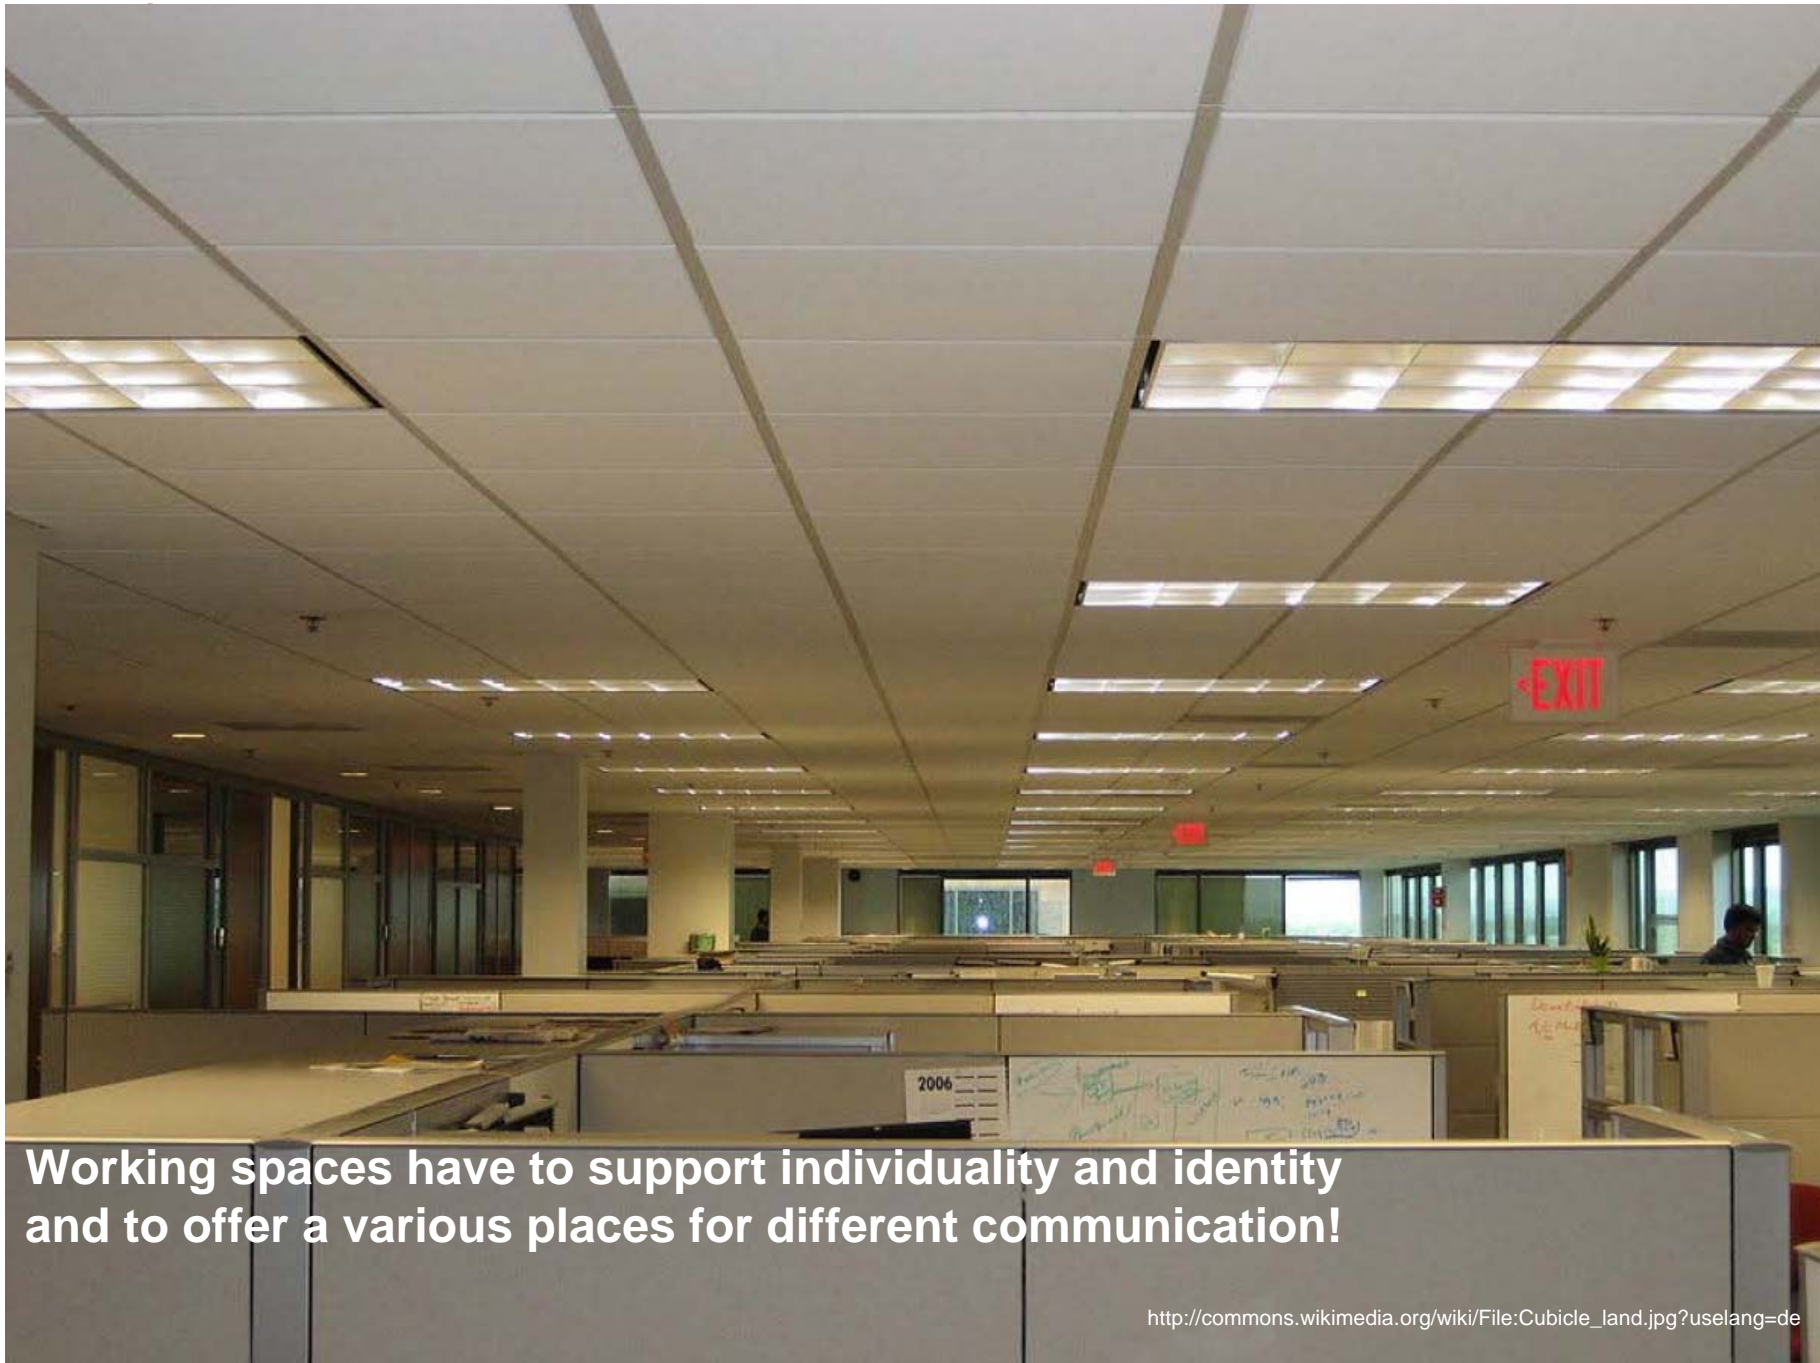

Office planning and design

New room or space typologies are emerging (...and old room typologies are retained)!

Different spaces are required which promote communication, exchange and creativity!

All these activities are not possible in one physical space!

**Working spaces have to support individuality and identity
and to offer a various places for different communication!**

Thank you!
