In the paper “Variability of above-ground litter inputs alters soil physicochemical and biological processes: a meta-analysis of litterfall-manipulation experiments” by S. Xu et al. (*Biogeosciences*, 10, 1–11, 2013) the following error occurred: the order of the first two affiliations from the first author S. Xu were interchanged. The updated version of the right affiliation order is shown above. In this case the affiliation of the second author has been updated as well to have the right attribution as before.
