# UN World Population Forecast

World population in year  
**-8000**

By the time agriculture was invented the total number of people on earth was just like one of the big cities today: Bangkok, London or Rio de Janeiro.

10 million

-9000                      -8000                      -7000

Sources: Brablen 1980; McEvedy & Jones 1978; UN World Pop. Prosp. 2012; combined by Gapminder.
