

**Interprofessional  
Collaboration and Health  
Sciences Libraries**

**Margaret E. Moore and**

**Christie T. Degener**

**May 18, 2015**

# Why get involved?

- Central – to academic mission, if not location
- Neutral territory
- Natural
  - Triple aim – improve population health, enhance patient's experience, reduce costs,
  - Accreditation standards and curricular changes
  - Change agent

# **UNC Health Affairs Collaborative**

***Mission*** - provide strategic leadership from multiple perspectives to improve individual and population health by way of effective and efficient innovation in education, scholarship and service.

***Goal*** - provide the infrastructure that will facilitate an opportunity for every student in health affairs at UNC to engage in an interprofessional experience from which they will emerge with appreciation and respect for thoughtful collaborative practice.

# **Collaborative Members**

- All Health Affairs schools
- Hospitals
- NC Area Health Education Centers Program
- Social Work
- Health Sciences Library
- Center for Faculty Excellence
  
- High level positions and senior faculty ranks

# How did HSL get involved?

- Advisory Committee discussion 10/17/2014
- Ebola LibGuide, 10/21
- Ebola interprofessional simulation, 10/23
- Attending Meetings since November 2014
- Staff development
- Theme of HSL planning retreat, 2/10/2014
- Proposed new coordinator position
- Environmental scan

# **Library Roles**

**Leader**

**Partner**

**Educator**

**Navigator**

# HSL contacts

1. Creighton – Monica Rogers
2. East Carolina – Kerry Browder
3. Grand Valley State (MI) – Valeria Long and Betsy Williams
4. Jefferson – Anthony Frisby
5. Kentucky – Rick Brewer
6. Michigan – Deborah Lauseng & Nandita Mani
7. North Carolina – Margaret Moore, Christie Degener

9. South Alabama – Clista Clanton
10. Washington – Tania Bardyn and Jamie Gray
11. Western Michigan - Liz Lorber
12. National Center for Interprofessional Practice and Education at the University of Minnesota - Sean Lind

# Challenges

- Getting in
- Scheduling around different calendars
- Engaging students at different levels
- Bridging silos in most teaching and learning
- Building trusting partnerships takes time
- Finding locations and spaces for collaboration
- Measuring Success

# Questions

- Other challenges?
- Addressing challenges?
- What roles are your library taking?
  - Or want to take?
- How could we collaborate?
