OLIVET NAZARENE COLLEGE

OLIVET IN MIDST OF FALL REVIVAL

Williamson, Main Speaker Jack Bierce, Song Evangelist

Olivet is in the midst of their annual fall revival featuring Dr. G. B. Williamson, General Superintendent of the Church of the Nazarene, as the special speaker, and Jack Bierce of Logansport, Indiana, as song evangelist.

Blessings have been received from many fundamental truths in word and song by these special workers.

Rev. G. B. Williamson, D.D., having held the position of General Superintendent for the past nine years, is one of five men to be elected to this highest office in the Church of the Nazarene.

Converted as a youth, Dr. Williamson joined the Church of the Nazarene in 1919 near New Florence, Missouri, where he was born. After receiving his divine call to preach the gospel, he did collegiate work at John Fletcher College, and continued in graduate work at McCormick Theological Seminary and the Northern Baptist Seminary in Chicago.

Dr. Williamson presided as national president of the Nazarene Young People's Society for eight years and served as a pastor for 16 years in the states of Iowa, Illinois, Ohio, and Missouri. Williamson held the office of presidency at Eastern Nazarene College for nine years.

Jack Bierce, baritone soloist and song leader, became interested in gospel music at an early age and has been using his voice in reaching souls for Christ ever since.

Bierce has been a commissioned song evangelist in the Church of the Nazarene for several years and has been in demand for revival campaigns and camp meetings.

Pre-Revival Emphasis

Organized prayer meetings have played a part in preparing the hearts of the Olivet family for this revival meeting.

Student prayer band had a week of special speakers to emphasize the coming revival. Chapman Hall organized prayer meetings with emphasis on the needs that were prevalent in the dormitory. Williams Hall held prayer meetings before and during the revival. Also, the M. D. A. organized special prayer meetings at 10:45 in Kelley Prayer Chapel.

Fine Arts Division Presents Music

Instrumental and vocal work has been presented both in the chapel services and at the evening services during this revival service. Represented from the Fine Arts Department

Dr. Vernon T. Groves To Teach At Olivet

Dr. Vernon T. Groves, chairman of the Division of Social Sciences at Eastern Nazarene College, will be on the Olivet campus to teach a course entitled "Individual and Group Differences."

The classes will meet each afternoon from 4:35 to 5:45 and will carry one hour of upper division credit in either Education or Philosophy.

Next year Dr. Groves will be Chairman of the Division of Education at Olivet.

DR. G. B. WILLIAMSON

ment were the Chancel Choir, Olivetians, Apollo Chorus, and the Orpheus Choir performing at different services.

Services

Services have been held daily during each chapel period and each night in Howe Chapel. The fall revival will continue tomorrow night at 7:30 and also during the regular Sunday services at 11:00 a. m. and 7:30 p. m.

Editor's Note:

Olivet has many important phases, but there is none that can compare with the revivals that we experience from time to time. We are deeply indebted to Dr. Williamson for the splendid messages and to Jack Bierce for his ministry in song. The impact of their lives has left a mark that will remain, and as we retrospect in future years we will remember this revival as one of the best.

Scholarship Given To Vince Adragna

On Sept. 2, 1954, a letter came to Dr. Reed's office informing him that a certain amount of money was to be donated to Olivet and was to be used for Vince Adragna's education. This modest individual wishes to remain anonymous.

Editor's Note:

Vince is very happy about this scholarship and desires to thank this modest person.

Parr's Son In Service

The son of Professor Parr, Airman 3rd Class Kenneth Parr, is stationed at Lowry Field in Denver, Colorado. Kenneth was considering enrollment at Olivet this fall but enlisted in the service in June.

(Editor's Note):

The editor asks pardon for the unintentional omission of this from the article "Armed Forces Take Olivet Students" in the first issue of the *Glimmerglass*.

N.C.A. Examinations; Good News To ONG

Dr. Harold W. Reed, President of Olivet Nazarene College announced Oct. 6 that he had received a letter from Manning M. Pattillo, associate from Manning M. Pattillo, Association of Colleges, stating that the Board of Review had voted to authorize an examination of Olivet Nazarene College.

This action was based on the Board's conclusion that Olivet's Self-Survey, which was completed July 1 of this year, provided adequate evidence that the College had completed a critical and comprehensive evaluation of its own program.

Dr. Pattillo pointed out that this does not imply a judgment on the overall quality of Olivet Nazarene College. For this kind of judgment can only be possible after the Examiners' Survey has been made. In other words, Dr. Reed wishes to make it clear that Olivet has made the first hurdle in connection with the North Central Association accreditation for Olivet College.

Dr. Reed's desire is to keep the Student Body fully informed about this matter which is of significance to each student. He also wishes to express his appreciation to the Student Council for steps which they have taken to handle organizational

Dr. J. H. Cotner Heads Philosophy And Religion

DR. JOHN H. COTNER

The Acting Chairman of the Division of Philosophy and Religion at Olivet College is Dr. John H. Cotner, who is replacing Dr. J. Russell Gardner.

Dr. Cotner came to Olivet in 1952 as Associate Professor in Religious Education, head of the Department of Religious Education and "counselor at large."

At Northwest Nazarene College, Cotner took his undergraduate work and received his A. B. degree in Philosophy in 1943 and his Th. B. in 1944. During his last two years at Nampa, Dr. Cotner served as student assistant to the President of the College. He also reluctantly admits he was Dormitory Dean.

After leaving this college and his native city of Nampa, Idaho, Dr. Cotner went on to further work at the University of Southern California School of Religion where he received his M.A. in 1947. In June of '52 he was the recipient of the Ph. D. from the University of Southern California with a combined major in Psychology of Religion and Pastoral Counseling, with a major in Philosophy.

finances with care and to the business efficiency under the general direction of the Business Office. This will prove to be one important matter when the examiners visit Olivet late this Fall or in January.

Orgasonic Organ Presented

A Baldwin orgasonic organ was presented to Harry Romeril, Student Prayer Band president, and to prayer band members in the form of a musical program on Tuesday, Sept. 29, by Mr. George Piersol of the Piersol Music Company in Kankakee, Illinois.

The organ was purchased for \$1,200 from Mr. Piersol at a savings of \$339 from the original cost of \$1,539.

A \$300 down payment has already been paid on the organ. The remaining \$900 was raised in student pledges at the musical program in

the form of organ keys sold at \$10 a piece. This amount is to be paid by the month of May.

Lester Hart was in charge of the music for the program. A prayer band choir sang "Jesus Is All The World To Me" and "Wonderful Grace of Jesus" to the accompaniment of the new organ played by Nancie Davis.

Beverly Yonda played "I Know a Name" on the Marimba and Hart sang a vocal solo, "The Love of God."

Editor's Note:

We owe a word of thanks to Mr. Piersol for this fine gesture.

The inscription on the above card was the theme of a chapel address given by Dr. J. F. Leist during the opening week of school. Dr. Leist spoke to the student body on "The Spiritual Challenge of 1954-55." A thousand of these cards were printed and distributed to students, faculty members and all others interested in the spiritual life of the College.

Referring to the words "Approved Unto God," Dr. Leist said, "These are words you might write anywhere: on the bishop's palace, on the magistrate's bench, on the king's throne, on the editor's office door, and the factory door, on the gardener's spade, on the maid's broom, and on the school boy's satchel."

Then applying the thought locally, he added, "On the notebook of every student, on the syllabus of every course, on the lecture notes of every teacher, on the desk of every administrator, and on the time cards and tools of every student and worker on the campus of Olivet Nazarene College."

Olivet College is striving for accreditation or approval with the North Central Association. But more important than this is the Supreme Challenge to be "Approved Unto God" in everything that we are and do.

Your Glimmerglass editor and staff feel that the challenge "Approved Unto God" is a most worthy one. Students and faculty members are accepting it in a very real way. We see the cards in many student rooms, offices and elsewhere indicating that Olivet is taking seriously the challenge for a deeper spiritual life in God. This is but the continuation and re-emphasis of the spirituality that has long been felt on our campus.

Truly we want every area of our lives, devotional, educational, social and economical, so directed that we may feel constantly that we, the entire Olivet family, may be "Approved Unto God" in all that we are and do.

We should as a Christian institution, with the motto "Education with a Christian Purpose," "Be doers of the word and not hearers only."

Religion

BY HARRY ROMERIL

Last week student prayer band was a place of preparation for this week's revival services. The theme of the pre-emphasis revival services was, "How we can have a revival?"

The messages that the students delivered were used of the Lord. If I could summarize the five messages as to their content it would be that of "responsibility."

With all privileges come certain responsibilities. Therefore since we are Christians we have obligations we must fulfill.

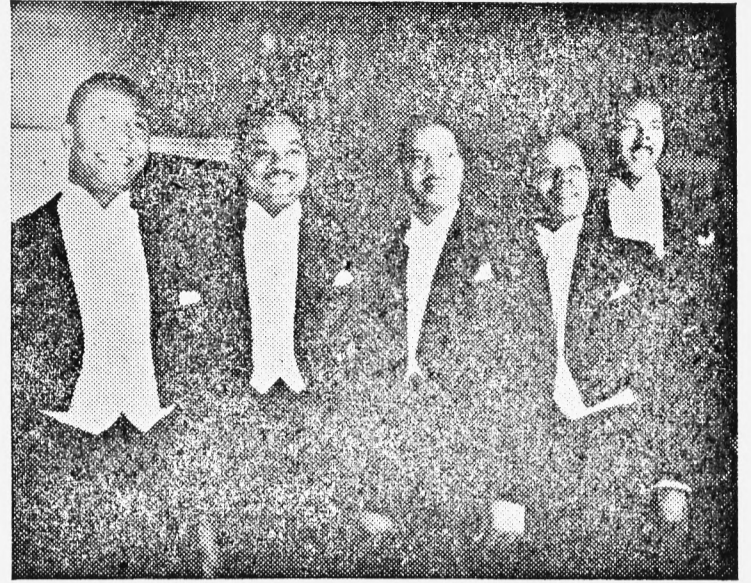

We have responsibilities to God. A revival campaign should be a time when we are doing His will wherever the will of God leads us.

We have responsibilities to ourselves. It is imperative that Christians become more thorough in their daily life. "The Christian life is not static," said Dr. G. B. Williamson, "but progressive."

Finally, we have obligations to our fellow students. There is a dire need on our campus for students to awaken to the needs and problems of their friends. It is so easy to get caught in one's little world of desires and ambitions, that we fail to see the needs of others. Recognizing others is a vital part of the Gospel of Jesus Christ.

In an extremely evangelistic environment there is a danger of being over concerned about your own personal life at the expense of others. Many feel that the primary purpose of Christianity is to serve.

The Continental Aires Presented By Lyceum

CONTINENTAL-AIRES

America's new concert singing group, the Continental-Aires, will be presented by the student council as the second Lyceum program on October 22 at 8 p. m. in the Kankakee High School auditorium.

This male quartet is under the direction of Julian Parrish, pianist and arranger. Other members of the group include Clinton Holland, tenor; Robert Bulger, alternate tenor; Wanza King, baritone; and J. Wayland Jackson, bass.

During the spring of 1951, the Continental-Aires organized out of the mutual interests and admiration of five artists for each other's talent and ability.

The Continental-Aires, vocal ensemble, have made thousands of musical devotees from their concert appearances in Metropolitan New

York City and other large cities in the East.

These vocal artists have had experiences in radio, television, the concert stage, and the legitimate theatre. Their varied program includes classical, semi-classical, sacred and folk songs, comedy, and standard popular tunes.

Performing at the 18th Annual New Year's Classic Concert of the New York City YMCA, and the Carl Fischer Concert Hall are just a few of this group's experiences.

Some of the renditions that the Continental-Aires will dramatize will include "The Old Woman," "The Hit Kit," "Ezekiel Saw the Wheel," "Judgment," "The Prologue" to Leoncavallo's "Pagliacci" and their famous Sea Chantey Medley.

Dr. V. H. Carmichael Speaker At Business Men's Conference

Dr. Vernal H. Carmichael, Professor of Business Education at Ball State Teachers' College in Muncie, Indiana, will be the main speaker for the fourth annual Business Men's Conference, Friday, Oct. 22.

This conference is sponsored by the Business Administration Department headed by Dr. Lloyd G. Mitten, and the Commerce Club.

Dr. Carmichael will speak to the student body in the regular chapel service Friday morning on the subject, "Youth's Way Out of Moral and Spiritual Confusion." Friday evening his subject will be, "Economics and Religion."

Carmichael has had many years experience in accounting and office management with different business enterprises. This has been supplemented with several years teaching experience in universities in this country.

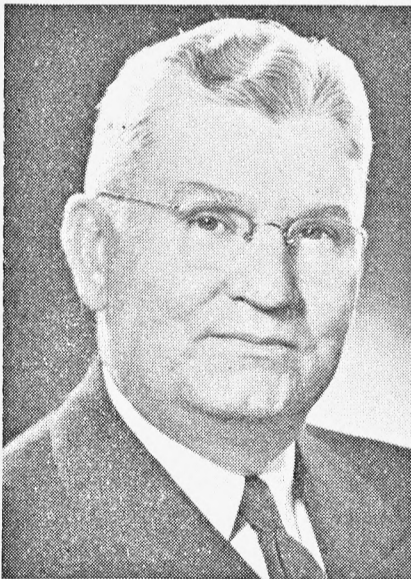

He received his B.S. and M. S. degrees from Indiana University and the Ph.D. degree from the University of Pittsburgh in 1937.

Other speakers for the conference are: T. Hartley Pollock, prominent attorney from St. Louis Mo., and Leonard Anderson, part-time instructor at Olivet and head of the Cost Accounting Department of Armour and Co., Kankakee, Ill.

One hundred Nazarene business men are expected for the conference and many of them will be taking part in various panel discussions.

LIBRARY NEWS

Approximately 1,100 volumes, consisting of both new books and those processed from the Canterbury Library, have been added to our library shelves.

Campus Cues Revised

Campus Cues, the student handbook for Olivetians, has come out this year in a revised edition.

There are many minor changes in the handbook — all the way from the number of pages to the color of the cover — but it maintains the same general outline as the handbook of last year.

To returning students, one of the more noticeable changes of the handbook is that the pictures of our campus leaders are smaller. It would be well if all the changes were noticed as clearly as this one, but unfortunately they aren't.

A very important change, which may well go un-noticed, was the amending of the constitution of the student body.

MY PASSION

Oh God, I breathe a prayer and sigh in love,
That all the world should praise Thee more.
Oh God! Give to me a soaring soul
On whose wings a passion born should fly.
A stillness within my heart, please give;
And rest: let me lean on Thee and rest.
I cry myself to sleep and thirst for love
That the living God gives forth for me.
Let every beauty in my soul be Thine.
And let Thy peace be ever near.
God, give me a soul that cries in the night
And sings in the day — Thy shrine.
Let me worship in the morning light
And let the night behold Thy dew.
God, give me Thyself,
Hide in my bosom and live.
Give me a purpose, a song,
And share with me the glory of life.
Give me Thy sun, Thy stars,
Let them live in me.
Give me Thy melodies,
Build in me mountain heights.
Fashion me in grace, I pray,
Give me some soul to love.
Build my love on the highest plain
And capture it for Thyself.

New Dormitory Government Surplus Aids Olivet College Off Campus

The former home of Dr. J. Russell Gardner, now residing in Pasadena, California, is now a girl's dormitory occupied by 18 Olivetians.

Each girl in the dorm has a new bed, wardrobe, vanity, and desk. All other necessary facilities are also available.

Living in the new dormitory are: Betty Nauman, Virginia Horner, Marion Minor, Pauline Joseph, Carol Bates, Wanda Candel, Beverly Beard, Dorothy Hunt, Barbara Wisheart, Mary Davis, Fay Shelton, Charlene Jordan, Betty Stouffer, Mildred Downs, Judy DeLong, Bonnie Gray, and Nila Bright.

Miss Dorothy Turner, Mr. Henderson's secretary, acts as supervisor in this temporary girls' dormitory.

Business Manager Charles L. Henderson has announced that approximately \$4,000 worth of valuable materials that Olivet needed were purchased this summer at a reduced cost from a government surplus disbanded warehouse.

The total cost for these items was \$4.88, plus handling expenses.

Purchased were: two air compressors, 133 arm chairs, three truck loads of office and laboratory equipment, seven kegs of nails, 200 gallons of paint, 200 gallons of wax, 42 rubber door mats, nine rolls of aluminum, screen wire, and a large supply of carbon paper.

A boy meets a girl in a revolving door and they start going around together.

Bradley, Illinois

BY REV. L. GUY NEES

Question: "After a person dies, does his soul immediately go to heaven or hell, or does it wait until the Judgment Day? If so, where does the soul go immediately after death?"

Answer: There are only two scriptural references that I know of which give any clear statement as to this question. The first is with reference to the account of the rich man and Lazarus as told by Jesus and recorded in Luke the 16th chapter. In this there is the clear implication that a soul goes immediately into a place of rest or a place of punishment, after death.

The other scripture is Paul's statement in II Cor. 5:8: "... to be absent from the body, and to be present with the Lord." Of this I am sure, there is no chance after death to mend the error of one's way. Whether the lost soul goes to the final hell or not immediately upon death I do not know, but, I am sure it is a place of punishment. Also, whether the redeemed soul goes immediately to heaven or not I am not certain, I do believe he enters into the presence of the Lord in a state of conscious peace.

Question: "Should a student pay tithe on money earned for education?"

Answer: Yes, of course!

During recent weeks there has been much reporting in the newspapers and magazines on E.D.C., European Defense Community. E.D.C. was a plan for defense, against possible Soviet aggression, which would involve the rearmament of Western Germany. The main obstacle to the plan was the disapproval of France.

A very brief glance at background factors explains at least partly the lack of French cooperation. Twice the French have been over-run by German military strength and at present Western Germany is very strong industrially while France for years has been characterized by economic instability.

About a month ago the French, refusing to endorse, gave a death blow to E.D.C.

The use of German military might in a defense plan for Europe will be utilized through one means or another even if the French do disagree. But a significant question concerning the collapse of E.D.C. is, how does it affect Western diplomacy as related to European defense?

Secretary of State Dulles has pointed out three facts we should keep in mind while reappraising our position.

Fact one: The West has lost nothing in the death of E.D.C. except the four fruitless years of diplomacy it spent trying to make E.D.C. a reality.

Fact two: The opportunity is now here to build a stronger Western Alliance. It would be based on things as they are rather than things as they ought to be.

Fact three: The United States is now forced to re-evaluate its strength, leadership, and policy.

The failure of E.D.C. will probably cause the United States and other

Miss Liz Campbell, sophomore business staff member, supervised the drive along with the assistance of several Glimmerglass staff members.

The circulation of the Glimmerglass at the present time includes 1,056 subscribers. This total is divided into four divisions: students, 848; faculty, 49; advertisers, colleges, and officials of the Church of the Nazarene (complimentary subscriptions), 52; and the 107 from the past campaign.

FRESHMAN INITIATION

Freshmen are hard at work at a Kankakee service station

By Joyce Mandly

For the freshmen of Olivet Nazarene College, the day of October 5th began before dawn. It was freshman initiation day for Olivet College, with the sophomore class supervising the activities of the day.

The initiation began at 5 a. m. as the sophomores proceeded to awaken the freshmen by pounding on their doors, screaming, whistling, and using other noise makers.

The sophomores in charge at Chapman Hall were Lyle Schoenwetter, Willard Cummings, Jim Smith, Bob Collins, Bob Davis, Ray Reglin, and Joe Herdler. In Williams Hall, Harriett Birchard, Elizabeth Ray, Sue Ryan, Sandra Ide, Gayola Coomer, Anna Taylor, and Esther Johnson were in charge.

This year's initiation was different from previous times in that the freshmen were taken to downtown Kankakee to mix some creative work in with their fun and play.

The Education Committee of the Chamber of Commerce in Kankakee helped to plan the program which

included working in gas stations, raking up leaves at the Court House and sweeping the city streets.

To distinguish the freshmen as such, they wore green hats with uncombed hair, clothes on backward, one heel and one flat shoe for the girls, pant legs rolled up for the fellows, and everyone carrying pillowcases.

In this dress and singing "I'm a silly, little freshman," they were marched from the dorms to the football field to begin the long day. Songs, slogans, kid's games, a belt line and serving the sophomores at breakfast were among the morning activities.

"Air Raid Practice" was called at any time during the day at which time the freshmen were to kneel down and cover their heads with

their pillowcases until an "all clear" signal was given.

A mock talent program was presented in the afternoon by the sophomore class in Miller Dining Hall. The program committee in charge consisted of Nancie Davis, Emmor Holstein, John Payton, Ed Davis, Ted Rypczynski, and Marlene Beasley.

Climaxing the day was the party given in the evening in honor of the freshmen. The program was presented in the form of a skit. Solo numbers were presented by Charles Bowers, Dave Anderson, Emmor Holstein and Daniel Liddell; a duet by Monagail Kennedy and Darrell Trotter; a quartet; and a comedy rendition.

The committee responsible for planning the party were Normal Barnes, Dick North, Max Durbin, Nella Whittaker, Darlene Barker, and Pat McGuire.

Prof. Daniel Liddell, sophomore class sponsor, and Dr. A. B. Woodruff, freshman class sponsor, took part in the day's activities.

Now we know what tackle football on Olivet campus is like. It's been a wonderful experience for every spectator who has viewed the games from the sidelines. There also seems to be a very lively spirit among the players!

Injuries have played mean tricks on three of the players, one from each team. Roger Deal, from the "red," tore loose three ligaments in his left ankle while his brother John, a Trojan, lost a most valuable tooth. Paul Bassett, Spartan center, was lost from the Spartan line-up for the season due to an injury to his collar-bone.

When John went to the dentist to have his tooth worked on, it was discovered that there were complications. Had the tooth not been knocked out, it would have caused serious trouble later.

Here are the football standings after each team has played at least two games:

	W.	L.	T.
Indians	1	0	1
Spartans	1	1	1
Trojans	1	2	0

The game rained out between the Indians and Trojans will be played at the end of the season. That is, if it has a bearing on the championship.

One thing that makes football on ONC's campus enjoyable and adds that "college touch" is the popcorn and soft drinks sold just north of the grandstands.

The officials at this season's games, if you haven't noticed, are doing a splendid job. Dr. A. Bond Woodruff, Jim Rice, Tom Wood, and Mr. Harry Jeter have worked the games thus far.

The Indians have scored the most points so far in the season with 26. The Trojans have made the most yardage on the ground by running 181 yards in the first two games. Most first downs have been made by the Spartans with 14 and also the "most yards penalized."

Trojan passers have made good 3 out of 9 passes, completing two for touchdowns. The Spartans have the best pass completion average with 8 out of 19, while the leading Indians have connected only six out of 22 passes.

Turning to softball, it looks like the Trojan men are heading for another season like last year. They are undefeated in four games.

Indians 34 Runs Defeats Spartans

The Indians pulled through to their first victory of the intramural softball program on Sept. 22 by defeating the Spartans, as they exploded for 34 runs on 19 hits.

Indians Win First Tackle Football Game

The Indians, under the coaching of Bob Squires, dropped the Trojans 19-7 in the first tackle football game to be played on Olivet's campus Thursday, Sept. 23.

Capitalizing on two Trojan mistakes, the Indians bounced back in the last half to take the game.

Sophomore Ray Reglin turned the first Trojan mistake into a touchdown by pulling in a fumble and running thirty yards to pay dirt. The try for extra point was not good.

The Trojans collected their only touchdown on a pass from Tyler to Bellville covering the necessary 40 yards. Murray's kick was good.

The half ended with the score Trojans 7, Indians 6.

In the second half the Indians scored in both the third and fourth quarters;

the first coming on a 2-yard pass, Richardson to Winegar. The try for the extra point was not good.

Dean Cowan intercepted a Trojan pass and ran 13 yards for the last score of the game.

Only in rushing did the Indians outclass the Trojans.

Both coaches used all team members with all players showing true spirit and enthusiasm. For most of the boys it was their first attempt at tackle football.

Trojans Win Over Spartans

The Trojans won their first game of the football season by edging out the Spartans 7 to 6 in a game played September 28.

Lead by fullback Tom Murray the "boys in blue" evened up the won and lost total at one and one.

All scoring came in the first half of play. Ball scored first for the Spartans from eleven yards out. The try for the extra point was no good.

A pass from quarterback Tyler to end Bellville gave the Trojans their only touchdown in the second quarter. Murray's kick was good and that proved to be the deciding point.

Once again the statistics ran close for both teams. The Spartans proved more aggressive on the ground and in the air but the Trojans made them when they counted.

Trojan Lassies Lead In Softball

The Trojan girls' softball team has won two games with the Indians by one point each. The first game 12-11, and the second 18-17. They've had one game with the Spartans, winning 29-3.

Nancy Hendricks pitched the Trojans to two victories, and Bev Hickler pitched the other Trojan triumph.

The other two games played by the Spartans and Indians were won by the Indians with Anne Taylor as their winning pitcher.

Trojans Win Third Straight

The Trojans won their third straight intramural softball game on Oct. 6, by defeating the Spartans 16-1.

Jim Mitchell allowed three hits in winning his third game of the intramural program.

The Spartans have lost their first three games of the intramural softball program. They have fallen victims to the Trojans twice.

Discount Given On Meal Tickets

A new meal ticket plan has been inaugurated by Olivet's administration this year in order to encourage more students to use Miller Dining Hall.

A five percent discount has been given to all students who purchase a minimum of \$150 worth of tickets at the time of registration.

The meal tickets will be issued as required by the students and if additional tickets are required during the semester, the five percent discount will also apply.

Red And Green Battle To Deadlock

The Indians and Spartans fought to a 7-7 deadlock for the first tie football game this season.

Dale Martin scored the Indian's only touchdown in the second quarter after intercepting a Spartan pass and racing 15 yards to the goal line. A pass from Richardson to Winegar was good for the extra point.

The lone Spartan score came in the third period on a spectacular 57-yard pass from Carpenter to McQueen. Braun's try for the extra point was good.

Since the last column the "green faced" freshmen have officially become a part of the student body. From one who observed from the sidelines, for a while it looked as though the sophomores were on the receiving rather than the giving end. Even though they were dragged out into a downpour at 5:00 a. m., paraded through downtown Kankakee looking like creatures from Mars, they proved themselves true Olivetians by being good sports.

Does anyone know where you can find a good joke book? Prof. Johnson has exhausted his supply of "funny" jokes for use in class and is quite desperately looking for a new one. If anyone knows the whereabouts of one, would you please contact him immediately?

While we're on the subject, does anyone have a good used calendar? I believe the mailing room could use one! One of the girls typed some letters to be sent out and typed the date September 31, 1954. The only trouble, there are only 30 days in September! I wonder where Jean Ann Lee's mind was that day?

The sophomore class was having elections for student council representative. Gene Phillips received the nominations and then asked the eight nominees to leave the room. The first seven were voted on and Gene announced that Pat McGuire was elected. Gene was quite startled when the class began to laugh, and then he realized what had happened. He had forgotten to have the class vote on the eighth nominee. Sheepishly, he tried to explain that he thought all eight had been voted on. Personally we think Kene knew all the time what he was doing!

If some of you think you have troubles, you should talk to Marilyn Keeler. During a Bar-B-Q at 49ers Park, Marilyn was overheard making the statement, "my toes are constantly going out of place." Do any of you have problems as serious as this?

Cathy Fulwider and Carol Lusk are avid football fans, or so they say. Cathy and Carol recently attended the Kankakee-Danville game. When they arrived back on campus some fellows asked them the score of the game. The girls thought for a minute and then answered, "We're not sure, but each team had three

Administrators and students agree that student officials and teachers deserve praise for their work during the faculty retreat. The following opinions are taken from a cross section of administration and students:

Question: "What is your impression of 'student's take over' day"?

Dr. Reed: I am proud of the student officers and the entire student body who did such a grand job during the faculty retreat. With new opportunities for bearing responsibilities at Olivet, the student body has matured sufficiently to make "student's take over" day a grand success.

Dr. Snowbarger: This student council project was successful from every standpoint. I have written a letter to Millard Reed congratulating him for the good organization in administrative offices. Both administration and student teachers did very well.

Dr. Gardner: I wish to congratulate Millard Reed, the administrative staff, and the student teachers for the superior service rendered. This experiment should become an Olivet tradition.

Mr. Henderson: I personally appreciate the seriousness of the students in their tasks and the cooperation of the entire student body. This successful undertaking was a good contribution to campus morale.

Professor Schwada: My own office was excellently supervised; jobs were found for several students. I would like to see it done again.

John Dodds: I really appreciated the leadership of the student council. This event has made the student body more familiar with the responsibilities of our administration and faculty.

John Lee: Why can't we have it more often? They did a wonderful job. One of the student teachers was more interesting than the regular professor!

Rick Edwards: I feel that it was a great success. Students were able to realize the responsibilities of our leaders. I would like to see it become an annual affair.

touchdowns. The fellows then asked, "Were there any extra points." "We don't know," replied the girls, "We didn't stay until the end of the game."

Juniors Get Wet On Class Outing

Storm clouds foretold rain as the Junior Class of Olivet College gathered in Miller Dining Hall for breakfast before leaving on the annual Junior Outing on September 29 at 6:45 a. m.

After eating the morning meal, the juniors journeyed to Cedar Lake, Indiana, for a day of fun, relaxation, and fellowship.

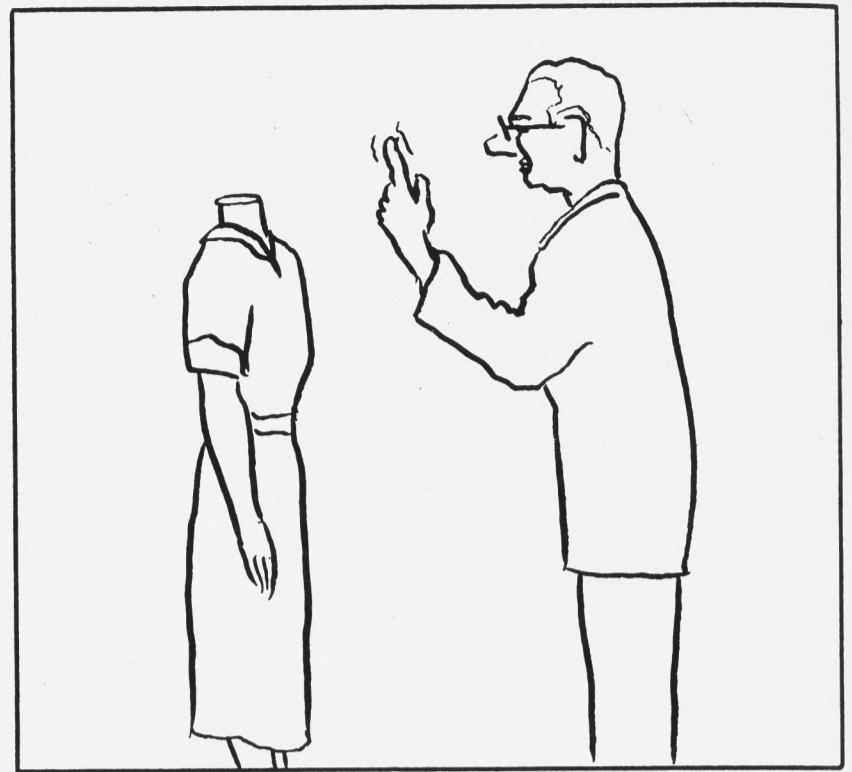

During the days activities, a group of fellows connived a scheme to make the girls come to the Junior Sunday School class. They planned to row the girls across the lake and leave them if they didn't promise to come. The girls all came back safely; no promises given!

Others entertained themselves with shuffle-board, badminton and miniature golf.

Mrs. Leist brought along a delightful 30-pound ham. There was plenty of ham, cheese, potato-salad, and soda-pop for refreshments. After partaking of food, the juniors visited and listened to the World Series.

This annual event wasn't without adventure. On the way to the resort grounds, Bob Agan's car received a flat tire; Harold Rose and a group of girls lost their way and ended up visiting a farm house for a while.

The trip back found Bob Squires meeting up with a lion in St. Anne (aged, of course)! Jack Whitmer, after making a wrong turn, was saved by a road map and Evelyn Craig.

Symantia, you'll simply have to study if you expect to get a-head!
