VOL. XIV., NO. 12

OLIVET NAZARENE COLLEGE, BOURBONNAIS, ILLINOIS

MONDAY, APRIL 25, 1955

## Election Of Council Officers Set Wed.

Bob Squires

Marvin Thill

Bob Crabtree

Dennis Hill

## Squires, Thill Oppose Crabtree, Hill On Ticket

Election of the student body president and treasurer for the 1955-56 academic year is scheduled for Wednesday, April 27. Polls will be opened from 6:00 a.m. until 6:00 p.m.

Nominees for the offices are Robert Squires and Bob Crabtree, president; and Marvin Thill and Dennis Hill, treasurer.

Bob Squires is from Detroit, Michigan, and has been class president and a member of the Student Council for the last three years. Squires is one of the candidates running for the president's office.

Marvin Thill, the candidate running for treasurer along with Squires, was treasurer of his sophomore class and is treasurer this year of the junior class. Thill is from Stockton, Illinois.

Hailing from Springfield, Ohio, is Bob Crabtree, candidate for president. Crabtree was business manager of the Aurora during his sophomore year, is the MDA president this year, and a member of the Student Council.

The 1954-55 Glimmerglass editor, Dennis Hill, is running along with Crabtree as the nominee for treasurer. Hill was a reporter on the Glimmerglass staff his freshman year and was the assistant editor his second year at Olivet. This year Hill is on the Student Council. Richton Park, Illinois, is Hill's home town.

Squires and Thill will compose the "Practical Party" whereas Crabtree and Hill will make up the "Progressive Party."

It is interesting to note that all four candidates are juniors and they are all ministerial students.

The nominations were made at a Student Council meeting on April 19. The candidates were elected after several ballots.

On Thursday night of last week, the nominees were interviewed and approved by Dr. Reed, college president.

The candidates for the two offices were individually introduced in chapel last Friday by the Student Council.

Campaign speeches and rallies will begin today and will continue through Tuesday evening. Campaign managers introduced each of the proposed officers for speeches in chapel today. No campaigning will take place on the day of the election.

## Dr. Harry Jessop Gives Third Annual Lecture Series At ONC

### Hold English Guild Banquet In Champaign

The English Guild annual banquet will be held on April 29 at the Inman Hotel in Champaign, Illinois. Approximately twenty-five guild and faculty members are planning to attend. The affair will be dress-up.

Following the banquet, members will go to the Lincoln Theatre, located on the campus of the University of Illinois, where they will see a Shakespearean play, "The Merchant of Venice."

The expenditure for the banquet and play is estimated at \$100. This sum was raised during the "Tip-Off" mum sale.

The officers of the club are Norm Barnes, president; Charles Blochberger, vice-president; Dorothy Dieckhoff, secretary; Lloyd Patterson, treasurer; and Mrs. Demaray, sponsor.

Other faculty members belonging to the club are Dr. and Mrs. McClain, Mrs. Kell, and Professor Johnson.

## Missionary Band Breakfast May 7

On May 7, the annual Student Missionary Band Breakfast will take place in Miller Dining Hall of Olivet College.

Rev. Norman Moore, Olivet alumnus and originator of Student Prayer Band, will be the special speaker for the evening. Moore pastored for six years in Hawaii and at the present time is pastoring in Felicity, Ohio.

Election of the Student Missionary Band's officers for the 1955-56 college year will be an added event at the banquet.

Members of the organization and any interested person are invited to attend.

## Schedule Senior Trip May 13-19

The senior class of Olivet Nazarene College will be leaving on the annual senior trip to Denver and Colorado Springs, Colorado, on May 13, and will be coming back May 19.

Dr. Harry E. Jessop, president emeritus of the Chicago Evangelistic Institute, will deliver his third annual series of Jessop Lectures at Olivet April 18-29.

There will be two lectures daily, one during the regular chapel service and the other at 2:30 p.m. in Kelley Prayer Chapel.

Students who are interested must attend these lectures in order to receive one hour college credit.

The purpose of the lectures is to aid students in a better understanding of scriptural holiness. Jessop's lectures are characterized by simplicity of delivery and depth of content.

Dr. Harry Jessop

Dr. Jessop is from the British Isles and is considered a great expositor of the Bible. During his life span, he has filled various capacities. Jessop served as professor, dean, and president of the Chicago Evangelistic Institute.

It is interesting to note, that the International Holiness Mission, where he received Christ, has recently affiliated with the Church of the Nazarene.

Olivet's president, Dr. Harold W. Reed, is responsible for the lecture series and wishes to encourage all who possibly can to attend regularly.

## Recent School Board Election Is Close Race

The recent election held in the Bourbonnais School District was won by the incumbents. However, the race was a close one. There were 886 votes cast, a record number, with a mere 47 votes separating the top man from the man with the lowest number.

The results were as follows: Legris 442, Lambert 460, Granger 449, Ed 417, Trout 413, and Snowbarger 415.

Of the 886 total votes, 90 were absentee ballots. Most of these represented the votes of Olivet students who were planning to be gone for the Easter vacation but who wished to indirectly express their desire for a sorely needed public school building.

At present, many children of married students at Olivet must attend school either in the badly overcrowded elementary school on the campus, or at the Notre Dame Academy, a school run by the local Roman Catholic parish.

The incumbent group has delayed action in the past to improve the condition, and still does not seem ready to act, while their opponents advocate immediate action. It is hoped that the close vote will have some effect upon the action of the present board in meeting this great need.

## Fifty Score And Twenty?

The final figures for the Glimmerglass of the 1954-55 academic year show a circulation of 50 score and 20—translated: 60 score or 1200 — for the newspaper?

These were allegedly distributed as follows: students?, 711; prospective students, 250; subscribers (yes, we have those too), 115; faculty (this is a college), 49; advertisers, 40 (some people never learn); colleges (you mean there are other schools?), 20; complimentary (that's a laugh), 15.

## Schedule Junior-Senior Banquet For May 7; Martin and Isaacs Are Special Guests For Event

The annual Junior-Senior Banquet, sponsored by the seniors, will be held at Tiebel's Restaurant, Dyer, Indiana, on May 7. Rev. E. W. Martin of Detroit, Michigan, and R. Isaacs will be the special guests for this event.

Rev. Martin has been pastor of the Detroit First Church for the past six years. Martin has held two other pastorates in Ohio and also one in Michigan. All in all, he has been a pastor in the Olivet Educational Zone for 19 years, and, in fact, has spent his entire ministry in the pastorate field.

Although a native of Wyoming, Martin lived much of his early life in and around Boston. Martin is keenly interested in outdoor activity and athletics, but confesses that he believes in slowing down the characteristics of the Middle Age.

Martin is an alumnus of Eastern Nazarene College and is a member of the Board of Trustees at Olivet.

R. Isaacs, who will be the special singer at the banquet, was for approximately one year soloist on a weekly religious television program entitled "Pattern For Living" over station WBKB, Chicago.

Sacred recordings of Isaacs have been made by Psalm Recording Company, Chicago, and the Singpiration Recording Company, Grand Rapids. In August of 1954, Isaacs won the Chicago Tribune Music Festival contest.

Isaacs has been guest soloist on the "Chicago Theater of the Air" and "Toast of the Town," Ed Sullivan's television program.

The banquet will be family style and fried chicken will be the specialty. Prof. Kenneth Bade will play the dinner music.

The class sponsors and their wives, the Vails and Stricklers, and Dr. and Mrs. Harold W. Reed will be in attendance.

E. W. Martin

R. Isaacs

# Pick Grain; Discard Chaff In Coming Campus Campaigns

By Millard Reed

I am sure that the cooperation of the students of Olivet Nazarene College is unequalled. After having served for almost one year as President of the Associated Students, I can say this readily. Without exception, Olivetians have fulfilled their duty. Hard work, thorough cooperation and uniqueness of thought produced a better-than-ever Tip-Off. Careful planning produced a series of most enjoyable social functions. One hundred per cent participation produced an amazingly successful spring project. In each of these functions, and many more, the O.N.C. student has proven himself worthy of the name.

We now approach a time when each of us must fill our place in a different, but none-the-less, important task. In a few days we will go to the polls, receive a ballot and choose the leaders who will in the year of 1955-56 fill the positions of President and Treasurer of the Associated Students of O.N.C. These are positions which possess great honor, but immense responsibility. This responsibility is transferred directly to you as you stand at the polls with ballot and pencil in hand. You will be exercising a right which demands much forethought and consideration. Before that time you will be doused by a deluge of campaign and propaganda. In the emotional sway of parades and speeches merits of each candidate will be enlarged and demerits of each candidate will be whispered about. It will be difficult to pick the grain and discard the chaff. Through all the time of horn-blowing and hand-clapping, retain an equilibrium which will enable you to select the men best suited for the jobs.

Another big task is before us — Let's meet it with the same sense of responsibility with which we have met the previous tasks of this year.

# Introducing Dr. Olmstead

By Herb Samra

A Michigander, Dr. C. E. Olmstead is associate professor of Biblical Literature at O.N.C. In addition to this, his main position, he teaches the German language Dr. Olmstead has been at Olivet since 1953.

Dr. Olmstead was born in Ypsilanti, Michigan, on September 11, 1914. He is the son of Benjamin L. and Jennie C. Olmstead. From the age of eight, his home was in Greenville, Illinois, where his father was head of the Theological department in the college. His father is now editor of the Sunday-school lesson materials published by the **Light and Life Press**, Winona Lake, Indiana.

Besides being a minister's wife, his mother was active in temperance and women's missionary society work.

One sister, Mary Loretta, is the wife of a minister, Rev. Howard D. Rose, of Franklin, Pennsylvania. Dr. Olmstead assisted in a vacation Bible school at their church last summer.

Olmstead's academic record is one of great interest to those who know him. He is considered by his friends and associates as a genuine scholar and a true gentleman. He is a diligent seeker in the field of education.

C. E. Olmstead

During later high school and college days, Dr. Olmstead was an enthusiast for revised spelling, this interest being stimulated by the study of several foreign languages. Language to him is a very attractive science. It is no wonder that he is listed in **Who's Who in the Midwest** and in the **Directory of American Scholars!**

Olmstead received the A.B. degree from Greenville College in 1936, the B.D. degree from McCormick Theological Seminary, Chicago, in 1939 (was winner of N.F. McCormick Fellowship, 1939, providing for two years of advanced study), the Ph.D. degree from Yale University in 1939. His doctoral dissertation, which was accepted in the fall of 1942, was entitled **The Theological Basis of Christian Nurture in American Methodism**. The doctorate was in the field of religious education. Later, he carried on additional graduate work at the University of Illinois and Indiana.

Having served as pastor for the greater part of four years in the states of Massachusetts and Ohio, and having taught for two years at Asbury Theological Seminary and for three years at Marion College, Olmstead has certainly been putting his education to good use.

According to a plan to make new Olivet faculty members feel at home, Dr. Demaray was Dr. Olmstead's "big brother" during Olmstead's first year at Olivet. Olmstead has continued to work under Dr. Demaray's chairmanship in the Department of Biblical Literature and in the Division of Languages and Literature. Both are members of a committee which has been studying possible changes in the plan for majors at Olivet.

We will all agree, I am sure, that the Olivet family is pleased to have Dr. C. Olmstead as a members of the faculty staff.

# Inquiring Reporter

By Evelyn Holland

Variety in our chapel programs was the chief desire of the following students in response to the question, "What kind of chapel programs would you suggest?"

**Louise Munroe:** I would like to see programs of a wide variety and speakers who are interested in their subjects and who can arouse the students' interest. I hate to hear monotone speakers.

**Darwin Warner:** Preaching is all right, but as a daily diet it gets tiresome!

**Carol Tracy:** Speakers from all walks of life, including our own professors and those from other colleges, and club participation make chapel services spiced with variety.

**Jack Barnell:** I believe the chapel programs have been varied enough to capture everyone's interest. Better and more courteous attention on the part of the students is our greatest need.

**Lora Ann Tippet:** Educational and religious programs with student participation would be a welcome addition to our present plan for chapel services.

**David Whitteberry:** I believe chapel programs could be improved by setting special days for religious programs and the remaining days for secular programs. Varied types of presentations and student cooperation would also help.

**Connie Handschy:** Programs designed to appeal to the eyes, through visual aids, and vital, enthusiastic talks would capture the students' attention.

**Billie Stephens:** Above all, the programs should be interesting. Perhaps we could have religious services twice a week, a professor once a week, and a movie or musical program once.

# Half Of Colleges Run In The Red

"Half the nation's colleges appear to be operating in the red" reports a businessman who has recently made a survey of American higher education.

The survey was conducted by the Council for Financial Aid to Education, a nonprofit organization established by businessmen to encourage greater financial support for colleges and universities from all sources.

Questionnaires were sent to approximately 800 colleges and universities by the council. Received were 783 functional answers, which represented about 60 per cent of the degree-granting schools in the United States.

It was reported that the major reason for this financial problem is due to the fact that the average cost of operations per student went up 50 per cent between 1948 and 1953. However, tuition and fees went up only an average of 21 per cent.

From the 753 colleges reporting, 545 said that they will need more than three billion dollars for such nonbuilding purposes as research, scholarships, and faculty salaries.

A little over 2½ billion dollars will be needed for buildings claimed 630 of the schools. These needs are estimated over the next 10 years by the colleges.

It was estimated by the council that 672,000 of the nation's corporations have made contributions of between 70 and 75 million dollars to higher education in 1953.

Faculty salaries were found still very low by the report of the council. From a group of 209 small colleges, the average full time salaries of all faculty members during 1953-54 were under \$4,000.

# LATIN LIES LANGUID

Columbia, Mo.—(ACP)—Latin, the "de'ad language," has finally been buried on Stephens College campus, the Stephens Life reports. Out of the 1,500 students at the college, no one is taking Latin, and only four are taking Greek.

—(Polaroid by Don L. Duff)

# Has This Happened To You?!

By Lloyd Patterson

The above picture presents the condition that exists before and after chapel. While checking their mail, some seem to lose the marks of chivalry because of their rush to get to another class. This inconvenience doesn't give a person liberty to be rude. The post office condition is clearly a problem and something should be done to remedy it.

The sentiments of most students is that a new entrance is needed. The need is realized daily for it has entered the minds of many for some time. The writer has spoken to no one who has a negative attitude toward the improvement. Since the problem affects the life of every student, all should cooperate in trying to find a solution. There is no reason for this improvement not being feasible with the cooperation of the student body.

The advantages of this new entrance way will be convenience, a modern look, and a lessening of the possibility of accidents. Getting one's mail would cease to be an infringement on the rights of others.

Now the question arises: How can this be accomplished? It has been before the student council where it was evaluated with less importance than other projects. However, another approach to the problem might be through a collateration of subsidiary organizations. There are some societies that give money each year for the betterment of the school. For instance, the English Guild donates money to the library for books. Other clubs could create some methods to raise proper funds. This improvement on the post office would gain recognition for the participating societies, would improve the facilities of our college, and each member of the student body would be benefited.

# What Improvement Is Needed?

The building of an exit would serve the purpose. Perhaps the most effective change would be the removal of the wall as high as the present door. This expenditure wouldn't drain any one organization with a united effort. How it will ultimately be accomplished is the problem I leave with you.

# EVERYTHING BUT GLOVES FOUND IN GLOVE POCKET

(ACP)—Jerry Chadwick, columnist, writes in the **East Texan**, weekly publication of East Texas State Teachers College:

How many times have you opened the glove compartment of your automobile—and taken out a pair of gloves?

Originally designed for the long, heavy gauntlet of the Stanley Steamer days, the glove compartment still retains its title, but the contents have changed.

In preparing this article, the interiors of seven glove compartments were examined and not one pair of gloves was discovered.

Articles ranging from super anahist to beer openers, ticket stubs to a 1954 production of "The Student Prince," unused subscriptions to **Time** magazine, copper wire, .22 shells, golf balls, a paper bound copy of "Dinner at Belmont," and untold pins, pencils, and school supplies were uncovered, but not a single pair of gloves.

One person interviewed had the gall to deny that he had ever heard of the term glove compartment. "I always called it the car pocket," said he. "And as for carrying gloves there, I wonder who would wear gloves in a car?"

Perhaps this idea is correct, and the glove compartment is gone forever, squelched by the sleek, fast, homelike automobile of today.

A man stopped in at a jewelry shop to look at some sale watches advertised at a below cost price.

"If you're selling these at less than cost, how do you make any profit?" he asked.

"Oh" replied the jeweler, "we make our profit repairing them."

# Wit And Wisdom

Tact

Most of us think we could move mountains—if someone would just clear the hills out of the way.

Horsepower was much safer when the horses had it.

Why didn't Noah swat those two flies when he had the chance.

# Any Original Thought

The sweet little girl had a violent tussle with her chum. Her mother reprimanded her and concluded by saying: "It was Satan who suggested to you the pulling of Jenny's hair."

"I shouldn't be surprised," the child replied musingly. "But," she added proudly, "kicking her in the shins was my own idea."

By Maxine Dawson

"Wedding Bells" rang Sunday, April 3 for Miss Nadene Ripper and Mr. Ramon "Cup" Richards. Nadene is the daughter of Dr. and Mrs. C. H. Ripper of Bethany, Oklahoma. "Cup" is the son of Mr. and Mrs. Richards of Ironton, Ohio.

The couple were married at the Bethany Church of the Nazarene with the father of the bride officiating. Nadene is a former Olivet student and "Cup" is now a senior. The couple is residing in Bourbonnais.

*Ask  
Your  
Pastor*

**Question:** In your sermon on April 3, you spoke of the fine line of distinction between predestination and fore-ordination. What is this line? Can God foreknow without predestining?

**Answer:** The question is concerning a statement made in the emphasis on Judas. "Why was Judas chosen?" Did Jesus foreknow that he would be the betrayer? Was Judas merely a tool?

My belief is that Judas was a free moral agent with every opportunity and privilege of the other disciples. I believe that Jesus chose him in all sincerity and confidence. However, whatever you believe about Judas, the important thing is to keep your faith in the omnipotence of God and the free moral agency of man. If in your concept of God it does no violence to the free will of man while believing in the absolute fore-knowledge of God, then I see no difficulty in your belief. On the other hand, if to believe in the free agency of man, you find it necessary to believe in a limited fore-knowledge of God, then to me this can be believed without violating the omnipotence of God. For this limitation of God's fore-knowledge would be voluntarily self imposed. Those who follow this line of thinking take the position that when God gave man the power of choice He necessarily veiled from His own fore-knowledge the outcome of each individual soul. But be well assured this self limitation in no way affects God's knowledge of the final outcome of all things. He knows beyond any question that He will finally triumph over every evil force, that Satan will ultimately be cast into the lake of fire, and that the Lord's saints will be saved forever.

**Question:** Why doesn't the Church of the Nazarene emphasize divine healing more or even as much as other denominations?

**Answer:** The truth is that we emphasize divine healing a good deal more than many churches do. However, we do not believe in the commercialized and glamorized "healing campaigns." We believe in the Bible way of divine healing which is clearly outlined in James. "Is there any sick among you? Let him call for the elders of the church and the prayer of faith shall save the sick." There is also another important matter for consideration here. Those who over-emphasize divine healing take the position that every sickness is an indication of some personal sin. That even so small an illness as a common cold proves some spiritual failure. This we do not believe. Many times God gets great glory from the shining testimony of afflicted persons. Paul had some "thorn in the flesh" from which he sought deliverance three times. God was not pleased to heal him but did answer his prayer in an even more effective manner by saying; "My grace is sufficient for thee, my strength is made perfect in weakness." Paul concluded, "I will most gladly, therefore, glory in my infirmities that the power of Christ may rest upon me."

**Question:** What part, or how much, do you think the new College Church building will play in the devotional attitude of the people at College Church?

**Answer:** I think it will help the devotional attitude greatly.

*Bureau Of Verse*

SOME GOOD WITHIN

Why should our God  
So great, so just,  
Care for such creatures  
From the Dust  
As we?  
The ones who turned  
Down His great plan,  
Who took His Son to  
Be mere man—  
No more.

The answer lies  
Within this one.  
Why should a mother  
Love her son—  
A drunk?

She bore him long,  
She gave him birth.  
He gave her sorrow—  
Also mirth  
And joy.  
And when he went  
Astray in sin  
The good still was, she  
Knew, within  
Himself.

I think our God  
Too, sees the good,  
And wants to help us  
If we would  
Let Him.

But we, like fools  
We sometimes are,  
Think we can do it  
Better far  
Alone.

If we could learn  
We'll always fail  
Without God's help, we'd  
Change our tale—  
Trust Him.  
—Becky Holstein.

Let's Be Considerate Of Others

Dear Editor:

I am concerned, I see signs of approaching disaster as I look out our windows and watch the cars whiz by on the new blacktop roads we were so happy to receive. Yes, the new roads have really held down that awful dust, but is it going to cost us the price of our little son's body changed to dust because life has been snatched out by a hurrying hunk of steel?

He is only four years old—he doesn't know that some people are thoughtless enough to drive 40 and 50 miles an hour on roads marked 15 and 20 miles per hour; he doesn't understand that some drivers can't quite control the exhilarating urge to speed, speed, speed on a smooth stretch of road, even a road just a few blocks long; he doesn't know that some Daddies slow down for G.I.ville, Trailerville, or Elm Park where they live, but never think to go slowly past some other Daddy's home; he doesn't know that some have never experienced the deep love that comes from bearing a son and the resulting maturing that makes you think of others; he doesn't know that even fine adults get worried and preoccupied as they drive and sometimes forget to watch for the unexpected.

He doesn't realize that his parents worry constantly that some day he may be that unexpected one that dashes in front of one of those zooming cars with a hurried driver. He doesn't remember that just last summer he tore loose from the two hands holding him as they waited for a car to pass and dashed in front of that car. The driver was a thoughtful lady and only because she had slowed to a snail's pace had she been able to stop just a foot or two from him. He wouldn't have had a chance with some of the drivers that fly by.

Summer is almost here again. He'll be playing out a lot, and sometimes he'll forget and break the rule that he must play in the back yard only. Sometimes when Mommie is busy, he'll get a block or two away before she spies the short, little body she is running to catch.

I only hope we can watch him grow tall, six feet tall like his Dad, and stand high at the head of his graduating class at Olivet some day. But I wonder as I gaze out my window and watch the cars whiz by—I wonder—will it ever be?

For all the Mommies and Daddies,  
and Children at Olivet,  
MRS. LEROY C. BROWN

CAR OWNERS NOT SO BRIGHT

BOULDER, COLO.—(ACP)—Freshmen won't be allowed to bring their cars to Colorado University next year, but the ban is strictly from an academic point and not to solve parking problems, the school's board of regents said recently.

A study of first-year students who have trouble making the grade scholastically showed that more freshmen with cars are on academic probation than those who rely on their feet for transportation.

The new ruling is expected to ease the traffic situation, nevertheless, as a recent campus survey showed more than 4,400 student automobiles registered at the university.

**SHOE SHINE** — Nearly 200 pairs of student and faculty shoes were shined during the annual student project drive. In charge of this part of the program were Marvin Hoffert, pictured at the bottom right shining, and Harold Berkey.

**WHO'LL BID \$10.00?** — Approximately \$380.00 was taken in as profit from the "auction" held during the project drive for raising sufficient funds to purchase 40 uniforms for Olivet's marching band. Business firms from the Kankakee area donated over \$500.00 worth of merchandise for the Student Council to auction. Soliciting the donations and articles were Prentiss Tomlinson, Harvey Galloway, and Millard Reed. Darrell Trotter, sophomore, served as auctioneer for the event. This fund raising program was held on the front porch of the administration building during the activities period. Items ranging from golf balls to formals were sold.

## Students Raise \$1380 For Uniforms

Olivet's student body went way over the set quota of \$1100 for the purchasing of band uniforms as the annual spring student project, by raising \$1380 from March 28 to April 2.

This amount, combined with \$1500 appropriated by the Board of Trustees, will completely outfit Olivet's Marching Band (45 uniforms), and also be sufficient to purchase a uniform for the band director and the drum major.

There is a possibility that part of the uniforms will be ready for use at the beginning of the football season this fall. However, the entire band will be uniformed by the time of "Tip-Off" during the 1955-56 academic year.

Profits from the auction, coffee-donut sessions, variety program, car wash, shoe-shine, and character sketches totaled \$725; \$455 was donated by subsidiary organizations of the Student Council, \$150 from the contingency fund, and \$65 donated by the Faculty Club.

The total amount donated by subsidiary organizations included \$65 donations from the four college classes, Band, English Guild, and the athletic societies combined.

Business firms in Kankakee donated \$500 in merchandise for the auction which netted \$375. Ninety-five dozen donuts and 16 lbs. of coffee were used during the four day coffee-donut sessions which raised \$125 profit. The first car wash scheduled for March 26, was postponed due to rain. However, on April 2, 75 cars were washed netting \$85.

The variety program in Birchard Field House on April 1, was attended by 200 persons and brought a total of \$95 profit. During two days the shoe shine program raised \$40, and the character sketches netted \$5 on March 28.

Olivet College's Student Council would like to express sincere appreciation to the 104 business firms in Kankakee and surrounding vicinities for their donations to this annual student project. Eighty-five firms contributed from Kankakee, nine from Bradley, nine from Bourbonnais, and one from Mokenca.

The Council also wishes to thank all students, faculty and staff members who gave their time, money, and support towards making the band uniform fund-raising campaign a success.

What a terrible din there'd be if we all made as much noise when things go right as we do when things go wrong.

Don't get carried away or you will be. (old Glimmerglass proverb)

## Cornerstone Laid At College Church

A crowd of more than 300 persons witnessed the cornerstone laying of the new College Church by Rev. L. Guy Nees, pastor of College Church, on Sunday, April 3.

The ceremony was a milestone in the construction of the church building which was begun in October of 1954, and is expected to be completed by September or October of this year.

Placed in the cornerstone were a Bible, a history of the church, documents and periodicals, and a copy of the local daily newspaper.

Those taking part in the event were Mark R. Moore, superintendent of the Chicago Central District of the Church of the Nazarene; S. A. Smith, pastor of Kankakee First Church; Myron Schmidt, president of the Kankakee County Ministerial Association, and J. F. Leist, chairman of the construction and finance committee of the Church.

## Maxwell Elected F.T.A. Secretary

The Phi Tau Omega chapter of the Future Teachers of America had the honor Saturday, April 16, of having one of its members, Mary Maxwell, elected recording secretary of the state F. T. A. organization.

Over 500 persons attended the state convention on the campus of the Northern Illinois State Teachers College at DeKalb.

Ruth Peters, program chairman of the local chapter, I.F.T.A. president this year, and an Olivet student, presided over the convention.

Others from the local chapter at Olivet attending the convention were: Prof. Schwada, local sponsor; Violet Schoenwetter, local president and chairman of the state Nominating Committee; Loretta Fraley, and Joan Fraley.

## Bloodmobile Makes Annual Visit To Olivet; 121 Pints Donated

Olivet College students and faculty members headed toward Birchard Fieldhouse last Friday when the Red Cross bloodmobile made its annual visit to the campus. When the last person left, 121 pints of blood had been donated.

## W. Ohio Motorcade Visits ONC Campus; 3 More Motorcades

The Western Ohio Motorcade, under the direction of Rev. Glenn Evans, arrived on campus last night and is visiting the grounds today.

Nearly 150 high school juniors and seniors, many of whom are prospective Olivet students, make up the motor caravan which will be staying until Saturday morning.

The committee chairmen, students at Olivet from Western Ohio, are Maxine Dawson and Bob Crabtree, entertainment; Norma Robinette, housing; Don Duff, campus tours; and Barbara Strong and Bob Meyer, athletics.

Three more motorcades from the Olivet Educational Zone will be visiting the campus during the remainder of the academic year.

On April 29, the Indianapolis District NYPS motorcade will bring their group to Olivet College.

The Illinois Motorcade will visit the campus and friends on May 5 and 6.

Paul Shellenberger is the district N.Y.P.S. president.

Near the close of the school year, the Eastern Michigan motorcade will be on campus May 12 and 13, as the last motorcade this semester, under the leadership of R. Williams, district N.Y.P.S. president.

## Academy News

The underclassmen of the Academy have elected officers for next year.

They are as follows: Betty Ellen, president, and Martha Sloan, secretary.

On April 5, the social studies class went to Chicago to visit the Museum of Science and Industry.

The senior class of '55 is planning a banquet for sometime in May.

## Spartans Defeat Indians 2-0 In Intramural Baseball Opener; Brown, Spotloe Pitch 1 Hitters

The baseball season finally got underway at Olivet on April 18th, with the Spartans taking a 2-0 decision from the Indians.

Dave Brown pitched and batted the Spartans to their victory as he allowed but one hit in five innings and hit a home run in the fourth inning. Brown struck out nine Indian batters and walked three.

Don Spotloe, working for the Indians, allowed only one hit but it proved to be very costly. Spotloe struck out three and walked the same number of Spartan batters.

The Spartans collected their other run in the second inning as Brown scored on an Indian error.

## Spartans, Brown Win 2 In Row

The Spartans and Brown made it two in a row on April 21, a 4-1 victory over the Trojans. The Spartans have now won their first two contests.

Dave Brown worked on the mound for the winners. Brown walked three and struck-out seven in winning his second game. Vern Fischer hurled for the Trojans and allowed six hits, while walking one and striking out five. Fischer's record is 0-1 for the season.

Mel Darby led the Spartan attack with two doubles in two official trips to the plate.

## Baseball Bug Bites 'Em Hard

Smallpox was catching. Pitchfork Cigar was pitching and had plenty of smoke. Fiddle played first base. Wheat, Corn and Oats were in the field, Molasses at the stick. Grass covered lots of ground around short.

Cabbage had a good head and kept quiet. Axe got up and chopped one. Then Wind came up and started to blow about what he could do until Cough dropped him.

Balloon started to pitch, but he went up in the air. Cherry tried to stop him but he went wild. Ice kept cool until he got hit by a pitched ball. Then you should have heard Ice scream! Knife was out for cutting first and Razor had a close shave.

Hosiery started to run but it was useless because Burglar was out trying to steal home and Watch was run down between first and second. Rubber hit a single to right and

stretched it to a double. The crowd cheered when Spider caught a fly.

Coffee grounded out. Everybody kicked when Tiger was put out. Bee stung one on the nose but Clock struck out. Wood was on the bench. There was a lot of betting on the game. A close one. Final score 26-3.

## Spartans Win Swimming Meet; Keech Takes Scoring Honors

*"Straight Shootin"*  
 by Neil Strait

The girls' lawn tennis tournament is scheduled to get underway next week. Last year's champion, Beverly Hickler, will return to defend her title. Third place winner last year, Shirley Strickler, will also be shooting for the title.

Baseball season has been a bit late in starting this spring at Olivet due to the wet weather. This delay has given the teams an opportunity to sharpen up a bit more; so we will all be looking forward to an outstanding baseball season.

Field Day will be held on May 3. This promises to be a very colorful event. It appears that the records will be at stake as several promising freshmen will be participating in this all school event. Be sure to boost your society!

The boys ping pong tournament is progressing slowly but surely. The quarter and semi-finals should be very interesting to watch with several top players competing for the title.

The meets went off smoothly and much credit should go to the timers and judges who cooperated very well. They were Ronald McQueen, Dr. Cotner, Professor Johnson, Professor Slagg, and Dr. Woodruff. Professor Vail and the Physical Education Department wish to express their appreciation for the cooperation of all who helped in any way.

The Spartans had little difficulty in winning the 1955 swimming meet championship. The Greens scored 102 points in three meets held in the month of March.

Lauren Larsen, Ben Shaw, and Dave Brown were the outstanding swimmers for the Spartans. Lauren Larsen took first place in the 200 yard free style, and Dave Brown won first in the 50 yard breast stroke in all three meets.

Harold Keech, an Indian, took the individual scoring trophy for the three meets with a total of 32 points. Lauren Larsen was second with 24 points, and Wendell Kizzee, a Trojan, took third with 16 points.

Name — Society	Points*
Harold Keech, (I)	32
Lauren Larsen, (S)	24
Wendell Kizzee, (T)	16
Benny Shaw, (S)	12
Dave Brown, (S)	11
Bud Polston, (T)	11
Bob Lockard, (T)	10
David Bowers, (T)	6
Tom Ramquist, (I)	3
Chuck Nash, (I)	3
Carl Kallsen, (I)	2
Larry Jiminez, (I)	1
Wayne Gallup, (S)	1

\* The points listed above do not include those of diving as they were not available at the time of publication.

Swimming Standings (Finals)	
Spartans	102 points
Trojans	63 points
Indians	51 points

## List Events And Starting Times

One of the highlights in the athletic program at Olivet Nazarene College is the annual Field Day which will be held on May 3 this year.

This event has proven to be one of the most outstanding sports contests on Olivet's campus and offers plenty of colorful activity again this year.

The starting time is 9:00 A.M. Each and every student should be on hand to back his society in the events of the day.

Following is the order of the events and starting time:

Track Events		
Mile Run	Men	9:30
100 Yard Dash	Men	9:40
50 Yard Dash	Women	9:50
440 Yard Dash	Men	10:00
100 Yard Dash	Women	10:10
880 Yard Run	Men	10:20
440 Yard Relay	Women	10:40
220 Yard Dash	Men	10:40

Standing High Jump Men  
 Running High Jump Men  
 (Immediately following the pole vault)

Standing High Jump Women  
 Running High Jump Women  
 (Immediately following the men's high jump)

## Trojans Capture Volleyball Title

By Neil Strait

The Trojans won the 1955 volleyball trophy with two victories over the Indians on March 28, 1955. The Trojans won the first game with little difficulty, 15-6, but had to play overtime to win the second, 16-14.

The Trojans finished the season with five victories and one defeat. The lone defeat came at the hands of the Indians earlier in the season.

Pacing the champion volleyballers were Rose, Lockard, Polston, Schoenwetter, Fischer, Bowers, Vickery, Morrison, and Huffman.

Included on the Indians were King, Chapman, Owens, Kallsen, Reglin, Gardner, Spence, Meissner, Garvin, and Parsons.

Those making up the Spartan team were Smith, Bowers, Morford, Snowden, McQueen, Brown, Lawrence, Martin, Wilson, Short, and Durbin.

In the women's league the outcome was quite different from the mens' league. All three societies shared in the title as the race ended in a three way tie with each team winning three and losing a like number.

The Spartans defeated the Trojan lassies 35-31 on March 29, and closed the season with an upset victory over the Indians, winning this one 51-28 to cause the three-way tie.

Volleyball Standings (Finals)		
Men

# 140 Attend Annual Ministerial Fellowship Banquet At Olivet

Dr. K. Grider

Dr. D. R. Gish

The Ministerial Fellowship's annual banquet was attended by 140 students, wives, faculty members, and guests on Saturday evening, April 23, in Miller Dining Hall at Olivet College.

The speakers for the occasion were Dr. Delbert R. Gish and Dr. Kenneth Grider—both are professors at the Nazarene Theological Seminary, Kansas City, Missouri.

Dr. Gish, in addition to his duties as professor of philosophy, serves as registrar of the Seminary. He received his A.B. from Bethany-Peniel, M.A. from the University of Oklahoma, and the Ph.D. degree from Boston University.

Gish taught at his alma mater, and served as professor of philosophy at Northwest Nazarene College prior to accepting the seminary position in 1947.

Dr. Grider, associate professor of theology, received his Th.B. and A.B. from Olivet, B.D. and M.A. from Drew Seminary, and the Ph.D. degree from the University of Glasgow, Scotland.

During his stay in Scotland, Grider served as Field Representative and an instructor at Hurler Nazarene College. Grider also taught at Pasadena College and served six years in the pastorate. He has been with the Seminary since 1953.

The topic of the two speakers will be "Adapting the Christian Message to Our Present Day World." This very practical problem will be approached by Dr. Gish from a philosophical position, while Dr. Grider will present a theological view.

## News Briefs

### STUDY IN SPAIN

Five fellowships for study in Spain are available to American graduate students for the 1955-56 academic year. Closing date for application is May 11, 1955. The fellowships provide tuition, maintenance, travel and incidentals.

### STUDY IN ITALY

The Italian Government and two Italian universities will offer fellowships to American graduate students for the 1955-56 academic year. Closing date for the Italian competitors is April 1, 1955.

Applications may be obtained from the U. S. Student Department of the Institute of International Education.

## Prof. Parr Elected To Township Office

One of Olivet's faculty members, Professor F. O. Parr, chairman of the Sociology Department of the college, was recently elected as a new Bradley-Bourbonnais Assistant Township Supervisor.

Parr's victory is important to the college in that it gives the college representation on the County Board of Supervisors.

F. O. Parr

This marks Parr's second venture into politics, having been defeated in a close race for the Bourbonnais School Board in April of 1954. The Independent Ticket running for offices in the Bradley-Bourbonnais Township April 5, 1955, were elected by majorities ranging from 200 to 575 votes for the respective candidates. Lawrence Power was elected Township Supervisor. Charles DeLong won the race for Highway Commissioner. Professor Parr, Fred Rogers, and Anthony Bushame are the new Assistant Township Supervisors.

Besides various responsibilities, the Independent Ticket is also committed to blacktopping streets in some of the college residential areas.

We extend congratulations to Professor Parr and the Independent Ticket.

### LEISURE READING HABITS TABULATED

DUBUQUE, IA.—(ACP)—A survey on leisure reading by the Courier, Clarke College newspaper, showed Life magazine was the top choice of freshmen, juniors and seniors. Sophomores preferred Newsweek.

Time and Saturday Evening Post were placed second and third by all four classes.

The Silver Chalice was the most popular book choice of the freshmen and sophomores. Juniors favored The Caine Mutiny and seniors gave preference to Not As A Stranger.

The survey showed that students spent from three to four hours a week in leisure reading, and the vast majority said their selection of books came through recommendation of other students. Faculty recommendation of books was rated second, and nearly all the students said they "just don't have time" to read as much as they would like.

## Books On Student Government

By Clara May Riddle

As we are anticipating the coming student election, we thought it might be helpful to feature a few books on student government which may be obtained from the library. Perhaps it would be wise to consult these before choosing the officers for next year.

The following are among the books recently added to the library: **Student Administration of Activity Funds**, by Dr. Joseph W. Crenshaw. The book is the result of a study of the student government financial program at Pratt Institute over a period of years. The Pratt Institute program is not intended to serve as a model for other colleges; rather the purpose of this description is to encourage other colleges to develop similar programs of their own, and to offer them some basic guidance in doing so.

**Student Participation in College Administration** by Dr. Frances E. Falvey is, also, new to the library. The purpose of this study is to examine the present status and emergent trends of student participation in college administration. Various types of student participation, their values, limitation, and objection, are described and methods of stimulat-

ing satisfactory forms of participation are included.

**Student Councils for Our Times** by Dr. Joe Smith presents the present problem facing the American college in student government.

In addition to these, the following books may, also, be found in the library: **Student Leadership and Government in Higher Education: Student Government Organization, A Continuing Leadership Program and Student Government Administration and Techniques**, all of which are published by the United States National Student Association.

We invite you to come and look over these books.

### CALORIES AND COMMENTS

UPLAND, IND.—(ACP)—Now it's possible to digest the day's news along with your supper at Taylor University.

To aid students in keeping abreast with current events, a five-minute coverage of the most important news items, including weather reports, is broadcast over the dining hall loud speaker during supper hour each evening, according to the Echo, Taylor University student newspaper.

## Fine Arts Dept. Presents Four Senior Recitalists

By Darlene Barker

The Division of Fine Arts will present four seniors in recitals this spring. They are William Coil, Beverly Peterson, Winard Wilhoyte, and Ruth McClain. The date for the Coil-Peterson recital is set for May 6. Coil, baritone, is from Beardstown, Illinois. He is the son of Mrs. Nellie Coil.

While at Olivet, Bill has been a member of Orpheus Choir and has been a participant in its activities. He also has taken part in the Fine Arts chapel program.

Upon graduation, Bill is planning to enter into a full-time ministry of music.

Assisting Mr. Coil will be Beverly Peterson. Miss Peterson, a resident of Kankakee, is the daughter of Mr. and Mrs. Albert C. Peterson.

During college, Miss Peterson has been a member of the Gale Organ Guild, Apollo Chorus, and the Symphony Orchestra. This year she appeared as a soloist in one of the Fine Arts chapel programs.

Winard Wilhoyte, assisted by Ruth McClain, will be presented on May 12. Winard is the son of Mr. Ernest L. Wilhoyte. Wilhoyte is from Louisville, Kentucky.

During his college career, Wilhoyte has represented the Fine Arts Department on various occasions. He has appeared as piano soloist in symphony orchestra concerts, student recitals, commencement concerts, Fine Arts chapel programs and Kankakee Women's Club programs. Winard is working on his B. Mus. degree. He is undecided as to what he will do after he graduates.

Miss Ruth McClain, contralto, is a daughter of Dr. C. S. McClain, registrar of Olivet. Mrs. McClain teaches in the high school department.

Last year Miss McClain assisted her sister, Barbara, in a senior piano recital.

Miss McClain has been active in musical circles at Olivet. She has been a member of a trio, Olivet's symphony orchestra, Orpheus and Olivetians.

Miss McClain is working on her B.S. degree in Music Education. Upon graduation she plans to either teach or take graduate work at the University of Illinois.

### The Shore At Night

By Pat Chittick

When moonbeams fall on pebbled shores  
I find a haven of delight.  
They leap off every moving wave  
And penetrate the heart of night.

A million leaves make hushed voice,  
While fingers creep along the sands  
To hear the murmurings of the trees,  
But they seep back into the seas!

I hear their songs when I'm alone—  
(The stirring 'long a wooded path,  
That of the seashore's undertone)  
My heaven! Where the water's laugh.

The night sleeps on as I awake  
To all the beauties I have found.  
Enchanting is the lovely lake.  
I thrill to every soothing sound!

### Hold Annual Party For Juniors May 10

The senior class of '55 will be sponsoring the annual junior-senior party at 8:00 p.m. on May 10.

The place where the party is to be held and the program for the evening are being kept a secret.

Lowell Oberlander is the general chairman for this event. On the refreshment committee are Elizabeth Holstein and Joyce Mandly.

The entertainment program for the affair is being arranged by Don Watson, Glenna Nance, and Bill Coil.

### Psychology Dept. Experiments With Hooded, Tame Rats

Under the direction of Dr. A. B. Woodruff, the Department of Psychology has just completed the first set of experiments in what is commonly called animal psychology. The area of study is also known as comparative psychology.

The experiment was conducted with a colony of hooded, tame rats and was set up in such a way as to test the hypothesis that animals deprived of food during their infantile stages of development will learn to run a maze which has food as its goal quicker than will animals who had a normal diet during their infantile stages of development.

Work on the present experiment was started last fall at the beginning of school and continued up to the middle of April. Experimental Psychology is one of the most time consuming fields in the whole study of psychology but it also is one of the most, if not the most, exact of all fields of psychology in application of the scientific methodology to behavior.

The data which has been gathered for the present experiment is not sufficient for any conclusions to be drawn.

### Aurora News

The editorial and business proof galley have all been proofread and are now back at the printers ready for the completion of the 1955 Aurora.

Part of the galley proof sheets were corrected at Olivet by Jack Barnell, Dr. and Mrs. Demaray, and Prof. Strickler. The remainder of the proofs were examined by Barnell, Cal Mathews, and Prof. Strickler at Danville on April 12.

After proofing it is only a short time until the book will be completed. The Interstate Printing Company reported that the Aurora could be expected at Olivet between May 5-10.

The business department, under the direction of Cal Mathews, has sent out the bills for advertising and is in the process of collecting nearly \$2000 from commercial and church ads.

### ONG Seniors Attend Career Conference

Olivet College sent six seniors to the Career Conference, April 19, at Lake Forest College. The seniors left that morning at 6 a.m. accompanied by Prof. P. L. Schwada.

Upon arrival the seniors received their programs and scheduled their interviews. Each senior could have interviews with any six of the 100 firm representatives who attended.

Since it would be impossible for each of the 100 representatives to visit all six of these colleges, they can be accessible at a conference such as this. The representatives were definitely seeking employees and this was a great opportunity for all who attended.

## Orpheus Choir Tours Olivet's Educational Zone; Home Tonite

The Orpheus Choir of Olivet Nazarene College, composed of 50 trained voices, and instrumental ensemble of 12 pieces, and under the direction of Dr. S. Walter Burdick Larsen, began its annual spring tour Friday, April 15, and has appeared in concert services in Michigan, Ohio, and Indiana.

Since the choir left the campus they have presented 10 concerts, and after the concert tonight in Muncie, Indiana, Orpheus will return to the campus.

Rev. J. W. Swearingen, Field Secretary of Olivet College, is accompanying the choir and is presenting a brief address at each concert.

Several music professors also accompany the choir. Under the direction of Dr. Larsen, the choir personnel includes the following professors: Mrs. Larsen, contralto; Daniel Liddell, tenor; Jewell Flaughner and Anita Richards, soprano. Wayne Gallup, voice teacher, sings bass in the group. Kenneth Bade is the organ accompanist for the choir and plays during the offertory.

While the choir was on tour, Professor Carl Bangs has been in charge of the musical program at Olivet.

The choral organization, whose personnel represents ten states, is now in its twenty-fourth concert season under the leadership of its founder, Dr. Larsen; and has established an outstanding reputation for "A Ministry in Music" throughout the Midwest. The choir appeared on the Mutual Network, has made various other radio appearances and is featured on many occasions on and off campus.

The concert program includes both a cappella and accompanied choral music from Beethoven to the contemporary composers, Leo Sowerby and Russell Hancock Miles. Special features of the program are numbers commemorating the events in the life of our Saviour, as well as a concert arrangement of Tom Scott's "The Creation," with Millard Reed, narrator. Classical and modern works, including hymn settings and Negro spirituals, will be presented.

Symbolic of the spiritual and cultural ideals of Olivet Nazarene College is the choir motto, "A Ministry in Music," and an interesting portion of the program will be a period of testimony and praise, combined with arrangements of gospel music, including a setting of the well-known hymn, "Amazing Grace," arranged especially for the Orpheus Choir and ensemble by the renowned N.B.C. arranger, Richard Shores.

## Orpheus Plans Banquet; Keeps Program Secret

Following the annual tour, Orpheus Choir will be holding its annual banquet on Friday, April 30, at Wings Restaurant in Rantoul, Illinois.

The occasion will be a dress-up affair and the entire program will be informal to cultivate a friendly atmosphere. The special entertainment is being kept a secret. Included in it will be reminiscences of the tour. Dr. Larsen, director of the choir, will also present the choir awards sometime during the evening.

The selected theme for the banquet is "On Wings of Song." Charles Haselbring will serve as Master of Ceremonies.

The banquet committee consists of: Beverly Fullerton, chairman; Monagail Kennedy, Lynn Van Aken, Bob Meyer and Lois Knox.

Orpheus choir officers this year are James Knox, president; Charles Haselbring, 1st vice president; Beverly Fullerton, 2nd vice president; Jack Clark, treasurer; Anita Richards, secretary; Millard Reed, chaplain; Dave Anderson and Lauren Larsen, librarians; and Bonnie Wells, robe custodian.

## Through the Keyhole

By Maxine Dawson

**The perfect squelch:** Bill Muir, a freshman student was having trouble with his Introductory Psychology class. After counseling with Dr. Woodruff, he was asked if he took notes in class. "No, Dr. Woodruff," he replied, "you see I tried it for a while, but I finally gave up. You put so many a's and ah's in your lectures I couldn't get them untangled from your important points. In one class period I counted 150 of them in half an hour." After that I'm sure Dr. Woodruff quickly thought of another solution.

I haven't decided yet if it's forgetfulness, a case of having your mind on the coming senior trip, or if it's just the fact he's a senior that bothers Cal Mathews occasionally. For instance, one day he went to classes with a different colored sock on each foot. You know, you wonder about people like that!!

Don't be alarmed if you see any of the students scanning the skies over the campus. It's just that they're trying to see their share of "flying saucers." After a lecture on them the other day quite a few have become "saucer enthusiasts." In fact Nancy Tesch is thinking about starting a club and calling it the "spofs", Society for the Preservation and Observation of Flying Saucers. If anyone is interested, please see Nancy.

I understand that one day when Don Spotloe was just a "little" boy he came running into the house and exclaimed, "Mama, there's the funniest man in front of our house." "Is that right?" asked his mother. "What is he doing?" "Well, he's just sitting on the sidewalk and yelling at a banana peel I left there."

Harold Rose has the oddest habit of getting his car stuck in the mud on lonely back roads at very early hours of the morning. But the oddest of all is his explanation. It seems (according to him) that he was looking for a short cut home from work. I still haven't been able to figure that one out.

**I heard someone make the remark the other day, that all we need now are drive-in streets. Well, that's worth a thought.**

**Baww! I'm going home to Mother.**

## Hold Sunday School Regional Conference April 21-22 At ONC

The Sunday School Regional Conference of the Olivet Educational Zone was held on April 21 and 22 at Olivet Nazarene College.

Erwin G. Benson, Field Representative of the General Church Sunday School and editor of the **Church School Builder**, was in charge of the conference program.

Sessions were held each day at 3:00 p.m. The Sunday School Boards and the District Superintendent from the fourteen districts on the Olivet Educational Zone were present.

The public was invited to attend.

## From FIRST to LAST

From our reading of your prescription—to pasting our label on the finished medicine, every step of the compounding procedure is handled with professional skill and painstaking care. The precise ingredients prescribed by your doctor are dispensed in exact accordance with his specifications. We never cut corners to save time or to cut a price. From first to last, your medicine is the finest the science of pharmacy can produce.
