Friday, March 14, 1958

## Orpheus Choir To Tour Olivet Zone March 21-30

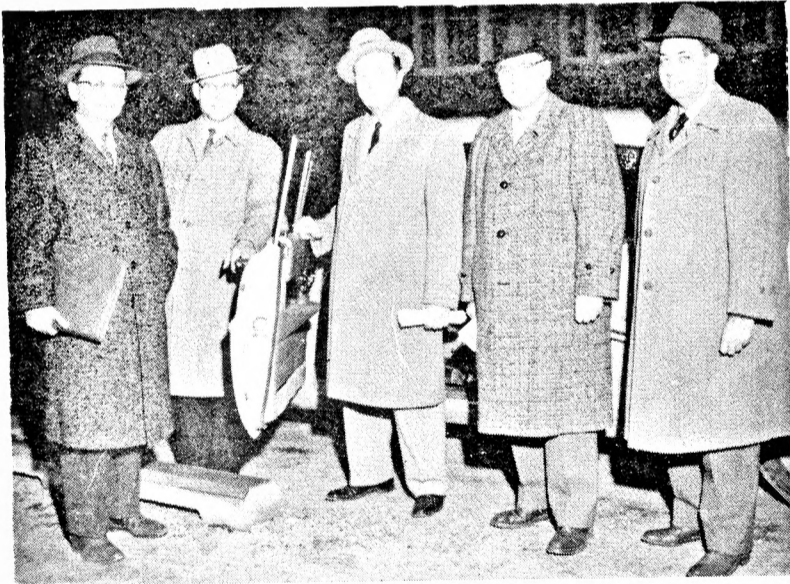

The Orpheus Choir will begin its annual spring tour March 21, concluding March 30. This year's tour will mark the twenty-seventh season for the choir in its annual performance on the Educational Zone. The choir is scheduled this year to sing in the Nazarene churches in the states of Indiana, Ohio and Michigan. The members of the choir will travel by Greyhound bus, which will be chartered for the occasion.

The choir will leave Olivet's campus Friday morning, March 21, arriving at Frankfort, Indiana where it will give its first concert. The following Sunday, March 23, they will appear in First Church, Mishawaka, Indiana, and First Church, Muncie, Indiana. After leaving Indiana on Monday, the choir will travel to Ohio, making its first stop at Bucyrus. From there they will be in churches in Mt. Vernon, Ironton, Cincinnati and Dayton respectively. The choir will then leave for Michigan, giving a concert at the Holiness Youth Crusade in Detroit on Saturday evening, March 29. On Sunday morning, March 30, they will be in Detroit First Church, and after leaving Michigan will give their final performance in Huntington, Indiana.

Each evening the choir will form a processional singing Alma Mater Olivet. A few of the numbers that will be on the program are Psalm 150, One God, O Thou Eternal One, King

of Glory, How Long Wilt Thou Forget Me, O Lord, and The Face of Moses Shone. Several hymn arrangements will be sung with an orchestra accompaniment, made up of the choir personnel. Included in this will be God of our Fathers, Amazing Grace, How Firm A Foundation, Only A Shadow, arranged by Naomi Larsen, and He Will Keep, arranged by Robert Basham. There are to be a few special numbers including Jesus, Name I Love, arranged by Jewell Flaughter with Miss Flaughter playing the violin; How Beautiful Upon the Mountain, given by Ruth Chung; The Ten Commandments sung by the choir with Boyd Fees in the baritone solo part; When I Survey, performed by the male voices of the choir; and I Am Not Worthy, by the Treble Tone Trio.

The choir will be under the direction of Prof. Naomi Larsen, Acting Chairman Division of Fine Arts, and will be accompanied on the organ by Robert Brown.

Dr. Otis Sayes, Dr. Vernon Groves, Prof. R. L. Lunsford, Dr. John Cotner, and Dr. Ralph Perry prepare to depart on the first weekend trip of the new Student Recruitment Program.

## Public Relations Launch New Recruitment Program

A more thorough program of student recruitment is now being launched by Olivet Nazarene College according to Rev. John W. Swearingen of the Public Relations Office. The program for the most part will be directed toward communities in which there are concentrated groups of prospective students.

Each weekend beginning March 7, a group of 5 faculty members will direct their efforts towards counseling and recruiting new students. According to Prof. R. L. Lunsford, Olivet has a prospective list of 1500 freshmen each year, but in the fall of

the year the enrollment is approximately 350.

This program will pinpoint several areas in the seven state zone whose members of the Church of the Nazarene support Olivet. States included in the North Central Zone are Illinois, Indiana, Ohio, Michigan, Wisconsin, Iowa and Missouri.

Members of the faculty who will alternate to make up the five man team include Dr. Willis Snowbarger, Dr. John Cotner, Dr. Ralph Perry, Dr. Otis Sayes, Paul Schwada, William Bennett, Dr. Vernon Groves and R. L. Lunsford.

## ROSS EMRICK BEGINS SPRING REVIVAL

### National Library Week, March 16-22, To Be Observed

National Library Week will be observed in cities across our nation this month during the week of March 16-22. Among the purposes for the observance is the promotion of a librarian's career for young people, deciding their vocation in life.

As one of the most rapidly expanding careers, there is now and will remain so in the future, a great need and demand for professional librarians. Not only is there a need to be met in public libraries, but also in the fields of business, industry and government. Many of these opportunities go unfilled because of the lack of workers. In 1955, for example, there were over 200 professional positions which remained opened because there were not enough properly qualified people to fill them.

The training for a librarian includes a Bachelor of Arts degree from any accredited liberal arts college or university, and a Master's Degree from an accredited library school.

### Dr. Harold Reed Presents Award

Shortly after becoming a member of the North Central Association in 1956, Olivet also became a member of the Associated College of Illinois.

The purpose of this latter organization is to solicit funds from big business for the furtherance of independent colleges. Last year as a member of the association, Olivet received \$15,000.

The International Harvester Company has given a grant to this Foundation for the past five years. In recognition of the company's farsightedness in helping to support private colleges and universities, the Associated Colleges of Illinois awarded them a citation for Distinguished Corporate Citizenship. Dr. Harold Reed, president of Olivet Nazarene College and President Father Julian Woods of Quincy College presented the award to Mr. Frank Jenks, president of International Harvester.

### City Bank Presents Gift To Olivet's Memorial Library

The City National Bank, Kankakee, recently presented Olivet's Memorial Library with the 1954 issues of Moody's Transportation Manual, Moody's Public Utility Manual, Moody's Industrial Manual and Moody's Handbook of Widely Held Common Stocks.

These books, compiled by the Moody's Investor's Service, are valuable in the field of banking and investments. The gift represents several hundred dollars.

Robert Frost: The best way out is through.

The annual spring revival will begin on March 16, and continue through March 23, with Rev. and Mrs. Ross Emrick, of Bay City, Michigan, as the evangelists and Mrs. Vivian Buettner Welsh as the song evangelist. Services will be held at the College Church of the Nazarene each evening at 7:30 p.m., and in Howe Chapel each morning at 9:20 a.m.

Rev. Ross Emrick

Rev. Ross Emrick, a former outstanding basketball star at the University of Pittsburgh, is now a successful evangelist in the Church of the Nazarene. He is a graduate of Eastern Nazarene College, Boston, Massachusetts, where he was director of athletics for three years. He pastored in New England after completing his schoolwork.

Mrs. Emrick is a graduate of Olivet Nazarene College, Kankakee, Illinois where she received her Bachelor of Arts degree, and the Bachelor of Music degree. She is an accomplished pianist and an artist on the solovox, which is one of the special features of the services.

Both Mr. and Mrs. Emrick have traveled extensively throughout the United States and Canada, and have been unusually successful in presenting the gospel of Christ to young people as well as adults.

Mrs. Vivian Buettner Welsh, former student of Olivet Nazarene College, has been a soloist for many years on radio and television Christian broadcasts in the middle west area. Her work has included oratorio performances, and revival and city-wide meetings in many states. Since 1953, when she married Albert Welsh of Battle Creek, Michigan, she has been continuing her singing with her husband in evangelistic work.

### Civic Music Series Presents Concert, "The Rabinofs"

The last in the concert series for the '57-'58 school year will be held on Tuesday, March 18, at 8:00 p.m. in the Kankakee High School Auditorium. The concert entitled, "The Rabinofs" is sponsored by the Kankakee Civic Music Association. Admission is by student or standard membership cards only.

Venno and Silvia Rabinof, a husband and wife team, feature the violin and piano. These two have won the esteem and lasting affection of a vast public during a decade of joint concertizing. Whether classical or modern works, wherever they appear together in recitals, audiences and critics alike acclaim the engaging personal charm, individual virtuosity, and rare ensemble repertoire of these two fine musicians.

This internationally famous pair have appeared in more than 1000 concerts throughout the United States, the Near East, and during the 1955-56 season toured Greece, Yugoslavia, Italy, and Spain in connection with A.N.T.A.'s exchange program.

Mrs. Rabinof first astonished the music world in her Paris debut at the young age of twenty. A pupil of Paderevski and Serain, Mrs. Rabinof is not only one of the foremost women pianists of today, but also the composer of more than 150 works.

Venno & Silvia Rabinof are the first husband and wife team to simultaneously have a doctorate of music degree conferred on them. The degrees were given by the Lincoln Memorial University.

### Vesper Services To Be Held Sat., March 15, 8:00 p.m.

The Student Vesper Services, under the direction of each of the class presidents, will be held Saturday night, March 15, at 8:00 p.m.

Each of the classes will meet separately, with their class president in charge of the service. The faculty will be divided equally among the classes. Seniors, with the Audio-Certificate group, will meet in the Church Sanctuary. The juniors will meet in the basement auditorium of the church, sophomores in Kelly Prayer Chapel, and the freshmen in Burke Recital Hall.

This Vesper Service will be an hour of prayer, meditation, and thoughtfulness for the coming revival; therefore, there will be little speaking. All students are urged to attend these services and take advantage of group prayer meetings to set our minds and souls on the spiritual side of campus living, thus giving self-preparation for the revival.

In an interview, an automobile magnate confided the secret of his trim figure. "Every morning when I wake up," he boasted, "regardless of the time or how I feel, I touch my shoes 25 times. Then, gentlemen, I get up out of bed and put them on." - Bennett Cerf

## This Problem Is Your Problem

by Ted Rypczynski

Morality is a subject in which each one of us as Olivetians should be vitally interested, not only as a personal attribute but as an attribute of our environment—the greater Kankakee area. The moral tone of our community (good or bad) is determined by you and me, as well as those outside the Olivet family. It can only be as good as we make it.

One of the present moral problems of the community is the presence of "smutty" magazines on racks in many stores. It is a problem that many groups in our city are concerned about. This concern has blossomed into the beginnings of an organization to combat literature of this nature. Several weeks ago, over one hundred concerned citizens from this area met to lay the foundation for this organization. As the work of the organization progresses, all those who

are concerned with the problem hope the obscene literature will then be taken off the stands permanently.

This problem is your problem too! You can help win the fight for the abolition of "smutty" literature by making your feelings known. Encourage those who are working toward this end by writing to the Kankakee Journal and expressing your desire to see our magazine racks cleaned up. Tell the merchants, store managers, and owners of the places you patronize of your desire to see their racks cleaned up, and if they have already done so, tell them you appreciate seeing a good magazine display.

This problem is one that demands active participation on our part. Your words of encouragement or disapproval, properly placed, will be effective.

## Letter To The Snoop Scoop

Dear Georgi Malenkov,

I was truly sorry to hear about Morton being exiled but was happy to see you carrying the load by yourself. I have heard so much about the really really old SNOOP SCOOP since the last issue I had to write this letter. I hope you will forgive me if I ramble but I just read part of April's MAD COMIC. I am curious to know if you are a steady reader of MAD. You must be from all the great ideas (IDEAS???) you have in your column.

All kidding aside the biggest complaints I heard as I talked to over 50 students, with most of them unaware of what was actually happening. (So be careful what you say—it might be published). As I started to say the biggest complaints are: "Some people are being ridiculed too much—a little is OK but, enough is enough". Another quote, "I would hate to take this paper home to let my friends read it. They would laugh me out of town with such nonsense." Still another, "I just don't understand what you are talking about." It was agreed by most students that your column is different and better from John and Betty had a date last week, etc.

I had planned to talk to a few professors about what they thought of

the SS but decided this is a student paper so the students' opinion would be more important. For my curiosity and yours, I would appreciate any comments from the faculty and staff on what they think of the SS.

Well, Georgi, I must get back to the books but before I close I would like to leave my opinion, for what it is worth. (NOTHING) I like the New SS and would rather enjoy showing any issue of the GLIMMERGLASS, with your New SS column, to any of my friends, here, at home or anywhere. I will have to admit I might have to explain what you are saying to an outsider. But on the other hand anyone here on campus should have no problem understanding you. It does seem that most students agree with me in that you could be a little easier on some of our friends here on campus—just let them be—OK.

As you say—be seeing you in the old familiar places.

A faithful reader,  
Phil Miller

P.S. After reading my letter I discovered I am starting to sound like you. Maybe that's because we both read MAD.

## Classes Schedule Evening Revival Prayer Meetings

During our spring revival which will be March 16-23 the college students will be holding prayer meetings every evening at 7:00. Each class will meet separately at the following places in College Church.

Freshmen ..... Balcony  
Sophomores ..... Primary classroom  
Juniors ..... Junior classroom  
Seniors ..... Intermediate classroom

Today you are betting your life on this country you live in. If we want to win the prize of national strength and security we've got to work together. Let's respect each other's race and color and creed. Let's make Brotherhood Week last all year.—Groucho Marx

If you really believe in the brotherhood of man, and you want to come into its fold, you've got to let everyone else in too.—Oscar Hammerstein II

## Comments On Current Events

by Lyle Krumrie

### The Indonesian Problem

Recently the East Indies have been in the headlines because of the political troubles there. When one looks at the almost insurmountable problems that the young republic faces, it seems very nearly inevitable that there should be political problems brewing.

For many years there has been a movement under way in the islands for independence from the Dutch. In 1950, all the Dutch East Indies received political independence except for the Dutch sector of New Guinea. This has been a constant source of irritation between Indonesia and the Dutch.

Several months ago the problem boiled to a head when the Indonesian government ordered all people of Dutch descent out of the country. This caused much hard feeling and grief because many of these people of Dutch descent had been born in the islands. This was apt to have a serious economic effect on the country, because many of the expellees were the business leaders on the islands. Also disgusted Dutch investors might look elsewhere to invest their money.

President Sukarno seems to have misjudged his country's greatest problems, for Indonesia's most pressing need is not to cut any more ties with Holland but to clean up its government. Sukarno's government is generally inefficient and overrun with Communists and fellow travelers. Besides this, the country has some almost unsolvable economic problems.

One of these problems is the overpopulation on the main island of Java where 56 million people live in an area a little smaller than the state of Illinois. Java of course lacks food and also natural resources for industry. The other Indonesian Islands could supply many of these needs, but they are dubious about doing so. These outlying islands, such as Sumatra and Borneo, are unhappy about the communist infiltration in the Sukarno regime. They see no reason why they should be milked of natural resources to keep Java and its corrupt leadership afloat.

So a few weeks ago, rebels on the outlying islands formed a counter government with headquarters at Padang, Sumatra. Sukarno was forced home by the serious development. All attempts at compromise were rejected by Sukarno who ordered the rebellion crushed at all costs. The fight began last week as Indonesian planes bombed several rebel-held areas.

What's ahead? Experts believe that neither side can launch a successful invasion of the other's territory. If the West is alert and supports the pro-western rebels, and if Western businessmen deal with them instead of Sukarno's regime, perhaps an economic blockade can force him out of power. This would certainly be to the advantage of the free world.

Francoise Sagan: Men have more problems than women. In the first place, they have to put up with women.

## From the Pastor's Study . . .

## Don't Fence Me In

by Forrest W. Nash

A difficult lesson one must learn in life is the ability to live within limitations.—"Don't fence me in" is the cry of the restless heart. But boundaries are a must. In athletics there are goals and sidelines. On streets and highways there are speed limits. One had better know where his property line is if he is to live rightly with his neighbors. A simple cord is tied to a flying kite. There are boundaries with which we guard our health. And there is the law of limitation in the moral realm. Freedom of man is not synonymous with a license to sin. And those who confuse the two cannot play correctly the game of life.

There is something within the natural man which rebels against this fact. Nevertheless, it is written across our sky. St. Paul analyzed our rebellion by saying, "The carnal mind is not subject to the law of God." But we can get rid of this power of rebellion and comfortably live within the framework of God's will.

St. Paul writes again, "But now being made free from sin, and become servants to God, ye have your fruit unto holiness, and the end everlasting life." "For the law of the spirit of life in Christ Jesus hath made me free from the law of sin and death." Sanctification solves our number one problem.

Moral limitation? Yes, but on this same pathway do we realize God's way of limitless spiritual realization.

## Your President Speaks

by Jim Bedsworth

It hardly seems possible, but mid-semester is here. For some of us, it is the last lap of our college education. You who have a longer period to go are probably saying that you wish you also had only a few weeks to go. It does give a person considerable satisfaction to be getting this close to finishing a college career. At the same time, it makes you think of the many things that you will be doing for the last time during the last half of the semester. Some of these you probably don't care to do again, and of these you could probably make a long list. There are other activities, however, which you will miss very much, such as college banquets, parties, jokes, laughs, bull sessions, Christian fellowship, professors, revivals, and religious services. Although some of these may be experienced in some way after leaving college, they will not be in the same colorful way. All have been an intimate part of your college education. I would not want to separate these things from my college education; in fact, it would be impossible. They have all had considerable effect upon our lives one way or another.

One of the things I mentioned which will be experienced for the last time for several of us is the College Spring Revival. Sunday will be the beginning of this last college revival for me. It was during my first college revival that I got my feet down spiritually, and I am hoping and pray-

ing that this last revival will draw me even closer to the Lord, as have all the revivals since the first.

Tomorrow night is the night before the Spring Revival starts. Again we are having the Vesper Services, one for each class. I hope that everyone will make every possible effort to get to the service where his class is having its meeting.

It is easy sometimes to make big plans for the entertainment activities that we have during the year, and not make adequate preparation for our religious services. Although we do have many religious services each week, we still do not prepare ourselves for our services such as revivals as we should.

There are many students who are away from the Lord even this late in the year. I hope that each of you who are Christians will pray earnestly this week for someone who you know needs the Lord. It would not hurt each one of us to do without a meal and spend that time in prayer for that person, and the revival in general.

This next week will rapidly go by, and especially for the seniors. Let's not let it go by without drawing closer to the Lord. If this is done, we will all witness a good revival!

If you think your social life is hectic—Geo. Washington once wrote in his diary, "Tonight my wife and I had dinner alone for the first time in 20 years."—E. V. Durling

# SNOOP SCOOP

It's her again, the ole S.S. and that doesn't mean Sunday School fella. The Snooper is having a "Missiles Away Contest" of its own with free Candy Kisses for everyone. Our theme song will be "How High the Moon" written by Hopalong Cassidy. Ken Ellis says, "fellas, to really be with it, use 'Lips-er-ine' for your breath, its colossal." This column loved and hated by all is announcing that Normie White will no longer be heard of in this jocular column. It might be noted, however, that Normie is not giving up his esteemed horsemanship and I would like to refute any such thinking by saying, 'git up Nelly we're going to the Kentucky Derby.' To all concerned the S. S. will not cease to be, but will carry the torch of freedom of busy bodies throughout this semester. If you don't like this column send your complaints and offerings to the assistant Columnist Flip the Lid, Phil Petrie. Bernie Green, a smart little smartie, put cheese on the pipes instead of the . . . Do you know who stacked the chapel? I do! Marley Chilhuff and Cunningham Paul-ham beat up on Mike Roseman. Marilyn Cassells has just written a new song "Over the Swamp and Into the Cesspool." I hear it's real sentimental. With spring around the corner Cliff Everett says, "here's my chance to beat Dorcas Louise Suman out of the S.S. award for picking the most daisies." Cliff confidentially told me that he had a lovely young girl in mind for The Maypole Celebration. Her name is none other than Loretta Snooply, cousin to Jeremiah David Ferree.

Walking through the field house some time ago I was Delighted to see the new Ballet Team, only to be utterly disappointed when Righty Matson said it was the Girls' Basketball Tournament. Didn't know the old girls were up to it! Speaking of 'Old Timers' remember these: Phil Petrie and Shirley somebody, Marley Chilhuff and Mary Reed, Keath Scheffer and Marilyn Trimble, Merwyn Matson and Goldie Locks, and Ruth and Keith Owens. Oh, yes, I forgot Donald Lytle and Pattie Thorn. Now then let's see who the latest couples are on

OPEN NITES — Mon., Tues. & Fri.

Pictured above are the four students who have leading roles in the English Guild Play. From left to right they are Fred Lee who portrays the role of Demetrius; Shirley Collier is Lucia; Darel Grothaus is Marcellaus; and seated is Pat Thornton who depicts the part of Diana, in the play entitled "The Robe."

Regular rehearsals are being held and various committees are being organized for the play which is scheduled for production May 2, and 3.

Proceeds from the play are to be donated to the Student Project.

campus. Peeking around and out of Mr. Bloom's office I saw a perfect couple: Ted Stufflebeam and Talullah Bankhead.

It's come to my attention that some readers hesitate to say a favorable word for the Scooper. As hard as it was for me to believe this, I finally succumbed to three nights without sleep and a bucket of tear-drop, trying to think up new things to satisfy the beloved readers of the Snooper. I came up with a conclusion after discussing it with your friend and my friend, Horace J. Rishel, better known as Just Plain Bill. He said for me to say that this column will go on as before, to bring words of cheer to the ears of those three people who like the ole, everybody's favorite, the S.S.

And now for more prying into the private lives of friends. John Sykes, whoever he is, is without a doubt. Vangi Burtchtree, who believes in Uncle Miltie, says, "I don't care who you are get off my roof with your raindeers." All I can say is, that if they ever catch Donna Morgan for

stacking the chapel she'll end up writing a book "How to Get Back in When You're Out." Geneene Hoot can eat more birdseed than Virgil Kurth. Before getting any further involved I think I shall think about thinking about the thinking that I should have been thinking about all the time I was thinking about thinking. Friend, are you in solitary confinement?

Adrian Bellamy

## WHAT'S YOUR QUESTION? . . . AND ANSWER!

by Paul Cunningham

**The Question:** Why isn't there more dating on Olivet's campus?

Before giving you the student's answer to this week's question. I would like to clear up one point. The questions and opinions expressed in this column are not necessarily the same as mine. This column is simply an unbiased presentation of popular student opinion.

And now for today's question, which incidentally was submitted by a girl—her name is being withheld by her own request.

**George Garvin, senior** — "Probably because the boys have varied interests with cars heading the list. Also many of them are working full time and paying their own school bills; this leaves very little time and money for dates. A solution to the problem might be to have the campus activities so appealing, that everyone would want to go because admission would be allowed only to those with dates."

**Sharon Mace, junior** — "Some girls are 'blackballed' after a fellow is refused a date. The girl might have had a very good reason for declining, but the boy's pride was injured, and so to compensate for this he begins spreading stories about how 'stuck up' this girl is. It finally ends up that nobody dates her."

**Charles Millhuff, sophomore** — "If a boy dates more than one girl he is labeled a 'Romeo'; to avoid this, most boys go steady, naturally some of the girls are going to get left out. If the girls would spend more time combing their hair and worrying about their appearance, they wouldn't have

time nor reason to worry about getting a date. The fault isn't entirely the girls however, some boys have an ideal girl in mind and if they don't find her they don't want anything. Lack of funds is usually a big problem with the men too."

**Linda Luttrell, junior** — "It seems that the boys are determined to date just one girl; this should not be the case; they shouldn't tie themselves down so soon. Sometimes the lack of a car or money embarrasses a boy to ask a girl for a date. This is silly; a girl doesn't expect to have a fortune spent on her each time she goes out. All she's really interested in is just a little change of scenery."

**Ken Swan, sophomore** — "I think that Olivet's dating problem can be summed up in three points. First, many of the men just do not have the money to go to any of the nicer functions. Second, our boys are just too shy, and third the girls fail to create situations in which it would be easy for a boy to ask for a date."

**Zan Hawkins, senior** — "Most of the girls fail to give the boys proper encouragement; this makes them afraid to ask for dates. What the boys don't realize is this, there are just as many girls waiting to be asked out as there are boys that are afraid to ask. Both the guys and gals could do with some 'sharpening' up."

Well folks, there you are. I trust that your question has been answered; if not just send it to box 272, Paul Cunningham and who knows maybe the next question will be your question.

# SOPHOMORES WIN CLASS TOURNEYS

Players of the winning class are from left to right: Gene Davidson, Bob Stiles, Larry Hendricker, Don Lytle, Rick Withrow, Spence Hedricks, Chuck Millhuff, Hank Reeves, Don Brazelton, and Gus Sublette.

The sophomores edged the juniors 61-60 for the class championship. The last game of the class tourney was a well fought and high spirited ball game that went right down to the wire with the sophomores holding off a last minute junior rally.

The scores at the quarters were 16-9, 30-22 and 48-39 with the sophomores leading. The sophomores stalled the last five minutes and with about a minute to go, the juniors came up, within one point 58-59. Then Dishong committed a foul and a technical was

also called. Two foul shots were made, but the technical was missed and the sophomores still had the ball to take in. They controlled the ball till the last few seconds when Snowden stole the ball and scored a lay-up; the ball game ending 61-60.

Lytle led the winners with 25 points and was followed by Davidson with 12 and Sublette with 10.

Craig led the juniors with 18 tallies. Snowden and Dishong had 17 and 13 respectively.

Fell (So)	2	7	0	7.0
Hawkins (Sr)	2	6	0	6.0
Reynolds (F)	2	6	0	6.0

Girls playing for the winning sophomore class are back row, left to right: Bobbie Hunter, Donna Diehl, Sarah Petrie, Fran Miller, JoAnn Shields, Marilyn Trimble. Front row, Lila Owens, Joy Pavey, Alberta Fell, Dorothy Acord, Pat Daniels, and June Shirkey.

The final game on Saturday night again found the sophomores playing the freshmen for the championship of the tourney. The sophomores "came through" undefeated in this tourney and turned back the freshmen by the score of 45-35.

The freshmen led at the end of the first quarter stop 15-12 but the sophomores came roaring back in the second quarter and led at half-time 22-19.

The third quarter found the sophomores outscoring the freshmen 12 to 6 to lead at the end of the third period 34-25. In the last quarter the

sophomores kept the pace and walked off the floor with the championship honors. The final score was 45-35.

Last year this same team, as freshmen, won the class tourney honors. Will it be possible for them to make it three in a row??

The high scorers for the game were: Marilyn Trimble, Bobbie Hunter, and Joy Pavy for the sophomores with 22, 15, and 8 points respectively. For the losing freshman cause, Pat Dickey and Nonie Shearrer were high scorers as they pumped in 17 and 16 points respectively.

## Opening Game Of Tourney Sees Frosh Lose To Juniors 76-57

In the opening game of the class tournament the juniors defeated the freshman five 76-57.

The first half was played on an even keel. The freshmen led by John Haugh, jumped out to a one point lead, 16-15 in the first quarter. However, the juniors fought back and managed to take the lead in the closing seconds of the first half 29-25.

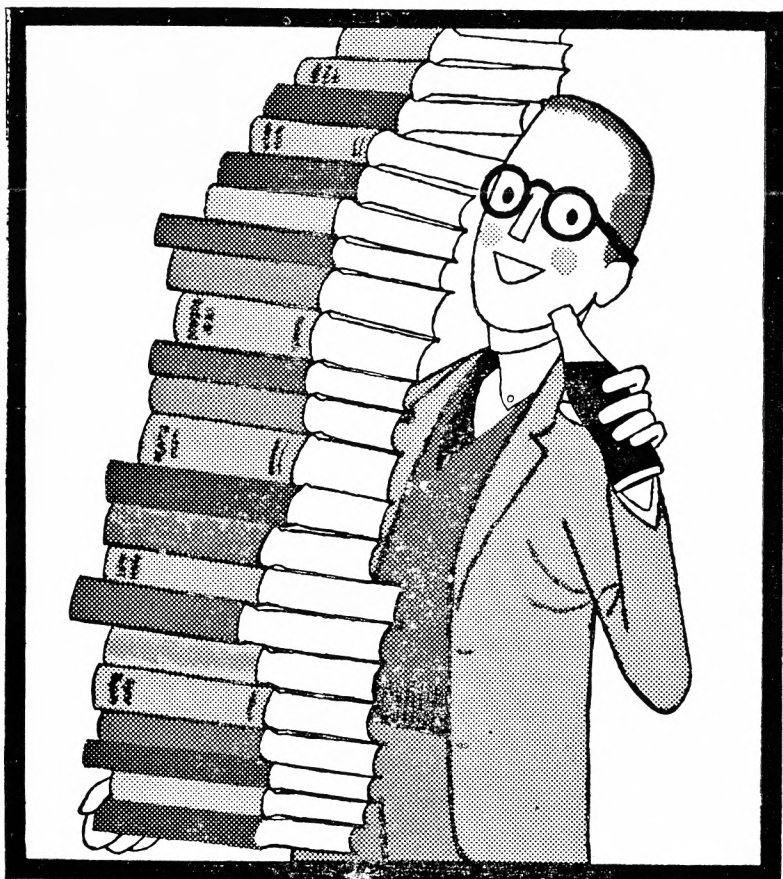

The second half was a completely different game. The juniors found the range and Tom Craig hit 11 of his

25 points in this period. As a team the juniors outscored the frosh 24-15 to give them a 14 point lead, 53-39 going into the last quarter.

The juniors did not slow down in the period, but kept their pace, scoring 23 points. The Frosh tallied 18. When the buzzer sounded ending the game, the juniors were the winners 76-57.

Although Tom Craig was high with 25 points it was a team victory for the Juniors. Jerry Snowden and Gene Woods dumped in 13 each and Paul Dishong added 12. Woods was also the leading rebounder.

Tom Thompson was high for the freshmen, pumping in 21 points. John Haugh added 14 to his team's losing effort.

**SPORT VIEWS**

By H. H. Reeves

Greetings. Just a word or two of explanation about our past couple of issues and their implications. We have not spent our time writing articles on the shortcomings in the athletic department without a goal in view. It is the objective of each phase of a newspaper to create interest in their respective departments. The response in the past to the sport section of the Glimmerglass has been one of unenthusiastic acknowledgement.

Now that our student body and faculty have reacted so well we feel that perhaps we can constructively prescribe remedies that will lead to a more unified feeling of the athletic situation and possibly get something done to increase activity on the part of everyone in perfecting our inter-mural curriculum and ultimately lead to broadening the scope of same. In the issues to follow, we will print different viewpoints on rearranging the set-up. If you feel as though you have a solution or a suggestion that would be beneficial to everyone involved, feel free to write them down and we will try to print them. With everyone working together we should not be too long in arranging a program that will suit everyone and thus create a more unified feeling among the school body. Thank you.

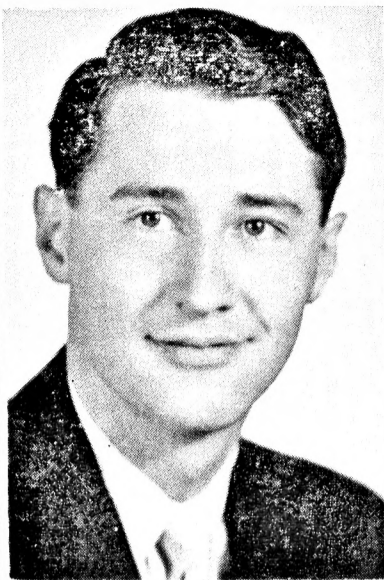

Congratulations Sophomores on your fine wins in the school Class tourney. Although the girls had a close call or two, the fellows breezed through without a scar. I hate to say it but, I TOLD YOU SO LAST ISSUE. Evidently the Juniors couldn't read.

Baseball is coming and with this spring-like weather in view, many will be getting out the old gloves and spikes. In fact it won't be long before the diamond will need some work. Let's all be planning on a fine support for the softball games.

Remember, a school without athletics is like a classroom without a blackboard.

**SPORTRAITS**

by Bob Robinette

For four years the fellow pictured above has been a popular figure on Olivet's campus. To many fellow students he is known as George Garvin, while to others "Shorty" will get his attention.

George was born April 30, 1936, in Oak Park, Illinois to Mr. and Mrs. G. R. Garvin. He attended grade school in Maywood, Illinois. While attending Proviso High School "Shorty" participated in tennis, crosscountry, and basketball, lettering in all. He became the first freshman at Proviso to receive a major letter in tennis.

George was a member of the Student Council in his senior year, and at graduation, he was the recipient of the American Legion Achievement Award.

His interest in outside activities came with him when he entered Olivet in September, 1954. Not only has he participated in softball, baseball, and basketball, he has lettered in each during the past four years.

George belongs to the Indian Society, serving this year as society president. He was treasurer of the

**Juniors Lose To Sophomores 79-75**

In the second round action of the class tournament play, the sophomores and juniors fought a nip and tuck battle for nearly four quarters. However, as the closing seconds came to an end the sophomores managed to gain and keep control.

The first quarter found the sophomores jumping out to a quick lead but at the end of this period the Juniors were leading by two points 17-15. As the second quarter got underway the sophomores managed to outscore the losers and at half time the score was 34-30.

With the third quarter under way and with the consistent scoring punch of Gus Sublette, the sophomores were able to build up quite a substantial lead during the third period, but the juniors were not to be denied because once again they found the range. This time they were headed by Tom Craig who scored 14 points in the final period. However, the juniors last quarter desperate attack was not enough. The sophomores were able to preserve some of the lead they had built up during the third frame and they came out victors by a score of 79-75.

junior class, associate business manager of the Aurora, and Student Council representative-at-large, '56-'57, '57-'58. This fall George was elected to "Who's Who in American Colleges and Universities".

After graduation in May, "Shorty" plans to work as partner with his father in the Sam Garvin & Co., electrical products, in Chicago.

**Letter To The Sports Editor**

Dear Sports Editor:

For the past two years we have heard much criticism about the enthusiasm, turnout, sportsmanship, and refereeing at our ball games. Yes, there has been much talk but seemingly no solutions to this problem. So, I said to myself "What can we do?" Here is the answer I came up with...

Eliminate one society. Three societies are too many. At every game at least 1/2 of the student body does not turn up because their society is not playing or, if they do attend the game, they either show no enthusiasm or they yell against both teams.

Now then, let's say that we have two societies and there is going to be a Friday night game. First, more students will attend the game because the entire school will be able to see their team in action, and with only two teams, there will naturally be more enthusiasm. Also, with only two societies the competition to play first string ball would be much greater; consequently, the teams would be composed of only the best players. With this, the level of sportsmanship should rise. As for the refereeing, with only our best players playing and our increased turnout and enthusiasm, we could demand more from our officials.

A program such as this would naturally need much planning and organization, but it might help solve a few of our problems. — Keith Owens

**Bits by Bobbie**

Again, I find myself staring at a blank sheet of paper and trying to think of some "bits" of news (?) to write on it, although it is too quiet on third floor to think. (The reason—we're all grounded!!)

But, I guess since I must start with something, the best thing to write about would be the sophomore class. (An unbiased opinion, of course!)

The basketball season for the 1957-58 season has ended with the Sophomores (both men and women) winning the annual class tournament. Congratulations, class of 1960, for this achievement!

The freshmen, juniors, and seniors placed in the standings in that order. These girls represented their classes in fine fashion and displayed some "good ole' class spirit".

In closing, I want to remind all girls that the volleyball season will soon start. If interested in playing, get in touch with Joy Pavy of the Indians, Marilyn Trimble of the Trojans, or Carolyn Birchard of the Spartans. Back your society and give it your whole-hearted support!

# SPORTS QUESTION OF THE WEEK

by Rick Withrow

Can you give any suggestions for the changing of the society program into one in which classes or other such groups would participate against each other athletically?

This question has to do with the society vs. society program and carries with it nothing which in any way should be considered detrimental to the Dept. of Athletics or to anyone connected directly or indirectly with this department. All comments made are to be filed into the category of personal opinion and considered as such.

Dick Reiss — "I think the only way a change could be perpetrated would be to have freshmen and new students keep the numbers of participants equal.

The society program in my estimation might suffer some as far as spirit is concerned. I do feel, however, that only a non-intermural program would alleviate all lack of spirit and would aid sportsmanship and interest at our athletic contests."

Dave Knotts — "My idea is that we

should set up a program with two societies, leaving the freshmen in their own society. Then after their freshman year each member would be drafted into one of the two upper class societies — similar to the method used in pro football.

This I feel would have the whole school behind one team or another and use the freshmen as more of a minor league team.

I also believe that this will help make the brand of ball now being played much better and would undoubtedly increase the loyalty and support now being shown in our athletic events.

The program would need much discussion and improvement but would, in my opinion, be better in almost every aspect."

Paul Cunningham — "I feel that at the beginning of the first term each year the officers of each society and the head of the athletic dept. should meet and draft new members for their society. New students would be required, upon entrance, to fill out a form which would include all past athletic accom-

plishments. At the end of the first year if the student desires to change societies he could do so without becoming a social outcast."

Charles James — "I'm not in favor of changing the organizational set-up as it now stands. I believe that there should be a drafting system introduced so that the societies would draft the new students. I feel that the last place society

should receive first choice, and that there would be 5 draft choices, allowing the rest of the new students to choose their own society.

As far as the number of draft choices is concerned, I mean to say that each society would get to choose

## Know Your Generals

### DR. D. I. VANDERPOOL

by Rex Eaton

Dr. Vanderpool is noted for his evangelistic ministry in the Church of the Nazarene. He joined the church in 1913 after he was converted in 1909 and soon called to preach.

He was born near Pollock, Missouri. He received his education at John Fletcher College and Pasadena College, Pasadena, California, where he graduated.

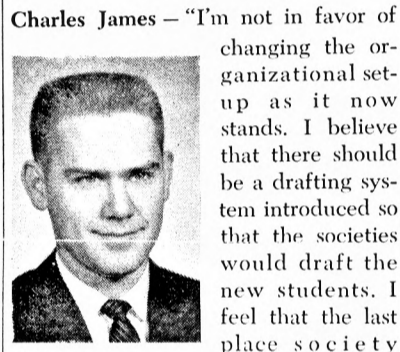

Dr. Vanderpool organized churches and did some pastoral work in Colorado during the early years of his ministry. He has served as pastor for Nazarene churches, including those in Denver, Colorado, Pasadena, California, and Walla Walla, Washington.

In 1922 he was elected superintendent of Colorado, serving two years and refusing a third election. Fourteen years later he was appointed superintendent of the Northwest District which position he held for eleven years or until chosen General Superintendent in 1949. Dr. Vanderpool replaced Dr. H. V. Miller after his home-going.

Dr. and Mrs. Vanderpool have three sons and a daughter. The three sons are Nazarene pastors and the daughter is the wife of a medical missionary.

Dr. Vanderpool is an outstanding preacher and has been in demand for revivals and camp meetings. The Herald of Holiness stated at the time of his appointment to the General Superintendency: "Surely God has fitted him both by training and experience for the high and holy task to which the Church of the Nazarene has called him."

## Music Memos

By Marilyn Cassells

Did you know the Crusaders quartet has been reorganized? Boyd Fees, bass from Bourbonnais, Illinois, has joined three former members, Ron Angeles, first tenor from Fostoria, Ohio; Ray Morrison, second tenor from Sturgis, Michigan; and Gene Foiles, baritone from Gilman, Illinois, to represent Olivet over its educational zone during the school year.

The Fine Arts faculty wish to express their appreciation for the fine attendance of faculty and students at the concert presented by the Olivet Symphony Orchestra February 28.

A student recital sponsored by the Division of Fine Arts will be given tonight in Burke Recital Hall at 8 p.m.
