

I2TS 2004

The International Information and Telecommunication Technologies Symposium (I2TS 2004) will take place at the Universidade Federal de São Carlos, in São Paulo, Brazil. I2TS 2004 serves as an international forum for people from academia, industry and research labs, for presenting recent research results in Information Technology Applications, and Telecommunications Systems. I2TS 2004 includes Technical Sessions, Tool Sessions, Poster Sessions, Panels, Tutorials, MiniCourses and Workshops.

Submission of papers

High-quality original papers are solicited. Papers must be unpublished and must not be submitted for publication elsewhere. All papers will be reviewed by Technical Program Committee members and other experts active in the field to ensure high quality and relevance to the conference. Authors are encouraged to submit both preliminary and advanced work on the scope and topics of the I2TS Call for Papers. All posters will be reviewed. Accepted Posters will be on display during the Symposium.
