Global developments in co-creation of knowledge: The role of university-community engagement networks (an academic's perspective)

Prof Michael Cuthill
Chair, Regional Community Development
University of Southern Queensland
Australia

Context: The civic mission and university community engagement (UCE)

UCE networks:
1. Individual
2. Institutional
3. National and international

Summary

Civic mission of the university

UCE at the individual or small group level

* <u>**Individual**</u> **local knowledge**
* <u>**Collective**</u> **cultural knowledge**
* <u>**Political**</u> **knowledge**
* <u>**Scientific**</u> **knowledge**

CBPR:
...   action and reflection,
...   theory and practice,
...   participation with others,
...   practical solutions,
...   issues of concern, and
...   common good outcomes.

UCE at the institutional level

Mission
+ Understanding
+ Leadership
+ Capacity building
+ Reporting
+ Profiling

UCE: National and international networks

Asia Pacific University Community Engagement Network (APUCEN).
Australian Universities Community Engagement Alliance (AUCEA).
International Association for Research on Service-Learning and Community Engagement (IARSLCE).
Association of Commonwealth Universities (ACU) Extension and Engagement Network.
Global University Network for Innovation (GUNI).
Living Knowledge Network (LK).
Community Knowledge Initiative (CKI).

Talloires Network.
Society for Participatory Research in Asia (PRIA).
Campus Engage Ireland.
Pascal International Observatory.
Campus Compact in USA.
Global Alliance for Community-Engaged Research (GACER).
Campus Community Participatory Health Network (CCPH).

Australian Universities Community Engagement Alliance (AUCEA)

1. Institutional capacity building
2. Community capacity building
3. Knowledge systems
4. Promotion and advocacy
5. Build and support collaborations
