Memo To: Dr. Donald W. Zacharias, President
Western Kentucky University

From: Mr. Owen Lawson, Jr., Chairperson
Parking and Traffic Committee

Owen Lawson, Jr.

Subject: Parking and Traffic Committee Meeting

The Parking and Traffic Committee meeting held January 22, 1980, included discussions concerning parking lot assignment, a suggestion by a member of the Faculty Senate and the use of the second decal now authorized by Faculty and Staff members; no action was taken except a motion passed to request President Zacharias in an appropriate manner to request:

Faculty and Staff members to refrain from allowing student members of the families using a second vehicle to utilize faculty parking lots depriving other Faculty and Staff of space allotted for Faculty and Staff use. The committee believes with the President's office calling attention to this matter, no further action will be necessary to curtail, discontinue or find other methods to alleviate the misuse of the second permit.

Please advise if further information is needed.
