Syracuse University Accessibility Policy

The [Information and Communication Technology \(ICT\)](#) Accessibility Policy went into effect on January 1st, 2018.

The purpose of the policy is to ensure that members of the Syracuse University community and their guests can effectively access University content and information and communication technologies. This policy covers all content and technology, including websites, web-based and mobile applications, email, web conferencing, video conferencing, video streaming, instructional materials, electronic documents, blended and online courses, and all academic and administrative software applications acquired or adopted after the effective date of this policy. The policy also provides a method to ensure that communication at University-wide events is accessible and enables full participation. It is the University's aim to make content and technology accessible to current and prospective students, faculty, staff, alumni, visitors, and the general public.

Requires adherence to WCAG AA 2.0

Institutional Repositories, and public transit, provide access. Both systems also need people and technology, and require maintenance, labor, and repair, after construction. This requires investment in people, open, and infrastructures!

Negotiation and Vendor Relationships

Details:

- ✓ Discuss the importance of Accessibility upgrades to Technical infrastructure
- ✓ Receive Promises for improvements on Accessibility, and ask questions when, or if, promises are broken
- ✓ Collaborate Librarians, Information Technology Teams, and Vendors, and Partners for Accessibility Compliance
- ✓ Negotiate

Negotiation and Vendor Relationships

- ✓ Continue the conversation: ongoing discussions with vendor representative of status of technical upgrades around ADA and Digital Commons, or other repository system
- ✓ Continue the conversation: ongoing discussions with your patrons, your institution, your colleagues, and your administration
- ✓ Continue to ask about the vendor's roadmap, priorities, mission
- ✓ Continue to ask when, why, and how
- ✓ Have an exit strategy if and when you need it

Technical Work

Tasks: (Can or Should be done)

- ✓ Analysis of Accessibility Compliance for Digital Commons/Other Repository System: Front-end

Tips and Takeaways

Food for thought:
Do Open Access and
Access intertwine? Yes!
Can one truly exist
without the other? Yes!

Tips

- ✓ Talk about Open Access & Accessibility- Not one, Not Other
- ✓ Use Policies to Negotiate
- ✓ Question the Technology platforms
- ✓ Test Internally
- ✓ Encourage empathy, patience
- ✓ Challenge Organizations to Grow
- ✓ Seek Short licensing terms and Strategize

Takeaways

- ✓ People Matter
- ✓ Communities Matter
- ✓ Development Time and Staff Matters
- ✓ Values and Mission Matter
- ✓ Diversity and Inclusion Matters
