left to right: Mr. Hughes of the Enrollment Department, Mr. Bauer, from Dallas, Texas (holding a Salesmate) and Mr. Stallworth of the Enrollment Department at the Jacksonville premier of "Flight Plan".

INTRODUCING "FLIGHT PLAN"

How can the policies and programs of a company be presented to a customer in the best way? You can show him pictures or talk to him or give him something to read. Flight Plan does all Three. Arranged in a compact unit no larger than a small suitcase are a viewing screen, projector, and sound equipment. Through these "Salesmates", as the units are called, a customer is presented with the whole picture of Blue Cross-Blue Shield, its programs, policies, and progress.

During the week of September 8, the 22 Salesmates were introdu-

ced and explained to our Field Personnel (the Enrollment Representatives, the Hospital Representatives, and the Physicians Representatives) who will use "Flight Plan" in their program of service to present groups and in their search for prospective new groups. A meeting was held in each of the three regions. Conducting the meeting in Miami, Tampa, and Jacksonville were Mr. Stallworth, Mr. Hughes and Mr. Mancini along with Mr. Bauer from whom this new sales device was purchased. Mr. Stallworth introduced "Flight Plan", Mr. Hughes discussed the use of

Flight Plan as an up-to-the-minute modern, sales tool, and Mr. Mancini told of the promotional literature used to present the opportunity of seeing Flight Plan to present and future Blue Cross-Blue Shield groups.

The actual presentation, in color photography, with sound, compares Blue Cross-Blue Shield with Jet Travel. Jet Travel symbolizes the modern age we live in, while Blue Cross-Blue Shield have long stood for progressive leadership in health care coverage.

MANY EMPLOYEES HAVE NEW RESPONSIBILITIES. .

When Mr. Rivers, formerly Manager of the Subscribers Service Department, became Manager of the Automated Data Processing Department, a chain reaction took place bringing about many internal changes in responsibility.

On the managerial level there are these changes. Mr. Cecil Rivers who has a wide knowledge of the organization as a whole, moved from Subscribers Service to Automated Date Processing, which consists of, Programming, Key Punch, and the IBM Department, including two 1401 Computer Systems, Jim Gibbons, who has served as Assistant Manager of both divisions of the Subscribers Service Department, became Manager of that department. Mr. Jim Geer, formerly Assistant Manager of the Direct Pay Contracts division of Subscribers Service, became Assistant Manager of the Group Contract division. Mr. Jim, Cole new with Blue Cross-Blue Shield of Florida, is now Assistant Manager of the Direct Pay Contracts division of the Sub-

scribers Service Department.

On the Supervisory level, there are these changes. Mary Bell, who was supervisor of the Contracts Unit, is now supervisor of the group Billing Unit, Catherine Cavey, formerly the Section Leader of the Cardatype Section, is now Supervisor of the Contracts Unit.

The other changes made in the department are: Lillian Purcell, formerly Section Leader for the Processing Section, is now Section Leader of the Cardatype Section; Betty Bruce, formerly a member of the Processing Section, is now the Section Leader of that section; and Jane Martin of the Screening Section is now secretary to Mr. Gibbons.

This is how the "Group" division of the Subscribers Service Department is organized.

THE GROUP DIVISION OF THE SUBSCRIBERS SERVICE DEPARTMENT	
A. CONTRACTS	B. BILLING
a. The Screening Section	a. The Correspondence Section
b. The Processing Section	b. The Small (Self-Adjusting) Group Section
c. The Cardatype Section	c. The Large (Special Accounts) Group Section

And . . . that's not all, changes have been made in other departments also.

Frazier Sinclair, who has for many years capably handled the functions of the Stock Room, has been made Supervisor of the Mail Room. We congratulate Frazier on his new position and wish him much success.

Geneva Bethea transferred from Automated Data Processing to the Subscribers Service Department.

Gil Davis transferred from the Mail Room to the IBM Department.

Anne Deese transferred from the Cashiers Department to the Hospital Relations Department.

Jane DeWitt transferred from the Subscribers Service Department to be secretary to Dan Westfall.

Betty Gannon transferred from the Records Department to the Transcribing Department.

Judy Griffin has transferred from the Claims Department to be secretary to Dr. Reid.

Martha Harvey transferred from Subscribers Service Department to the Enrollment Department.

Henry Holcomb is now a member of the Print Shop unit of the Services Department.

20 WAYS TO GET ALONG WITH PEOPLE

Clint McCall

Welcome to Clint McCall

Clint McCall is a programmer, one of those modern-day magicians who can translate business processes into terms that a machine can understand.

Originally from Jacksonville, Clint graduated from Bishop Kenny High School. After graduation, he began to work for Eastman Kodak in Rochester, New York. While in Rochester, he attended the IBM Processing School for three weeks where he learned the processes and codes for "talking" to machines.

Clint met his wife, Suzan, in New York; they have two children. Their little girl, Abby, is five years old and their young son, Mike, is 18 months old. The McCalls reside at 1747 Cesery Boulevard.

Skin-diving is Clint's favorite pastime. He also likes to read and to watch football and baseball games on television.

We welcome Clint to our force of Programmers. We need their skill in translating for there is much information that we must put into and take out of our 1401's each day (and night).

1. Develop the ability to accept criticism without being hurt.
2. Be enthusiastic—and show it.
3. Keep your dress, physical presence and appearance in top form.
4. Use tact in dealing with others.
5. Be thoughtful—avoid the "big I and little you."
6. Have a sense of humor—smile.
7. Take the time to be courteous.
8. Be a self-starter, show initiative.
9. Face up to problems—don't duck them.
10. Get cooperation by giving lots of it yourself.
11. Be loyal and spread the feeling to others.
12. Have confidence in yourself.
13. Be honest—there's no substitute for it.
14. Be economical and efficient—be a cost-cutter.
15. Develop your memory for names and faces.
16. Systematize—be orderly.
17. Weigh facts—curb prejudices.
18. Express yourself clearly—get your ideas across.
19. Be patient with the shortcomings of others.
20. Be flexible—adjust to change.

Viola Monroe transferred from the Personnel Department to the Subscribers Service Department.

Gwen Jarvis Parrish transferred from the Subscribers Service Department to Automated Data Processing.

Carver Ricketson transferred from the Mail Room to the IBM Department.

The "News of the Blues" reports on employee transfers made from one department to another and promotions. We would like to mention all changes made within the various departments but find that they are too numerous to report accurately. We wish all employees who have made recent changes in responsibility within the organization much success.

AN
ADVANTAGE
FOR
YOU!

Mattie Godwin

Do you wish that you could find an easy way to save? Do you need some way to get cash to buy the things you or your family need or want? Would you like to have your savings earn more? If the answer to any of these questions is yes, then I have another question for you.....are YOU a member of the Blue Cross Credit Union? If you are a member of this employee organized and operated venture then you could already be well aware of its advantages, otherwise, I have some interesting facts for you.

All you have to do to become a member is to see Mattie Godwin, the Credit Union treasurer, between 12:30 and 1:30 in the Records Department. She will fill out a membership card for you (be sure you know your employee number). You will have the card signed by either your spouse or another member of your family for survivor benefits. You then pay the entrance fee 25¢ and buy your first share (\$5.00) or arrange to have it deducted from your next paycheck. Each Wednesday, membership applications are presented to the Blue Cross Credit Union

Board of Directors for approval. The board members are: N. G. Johnson, President; Dan Westfall, Vice-President and Educational Committee Chairman; Betty Collins, Secretary; Mattie Godwin Treasurer; and Evelyn Evans, Assistant Treasurer. When your application is accepted, you are an official member of the Blue Cross Credit Union.

You may save or borrow money through your Credit Union. You may arrange with Mrs. Godwin deductions for your Share (savings) Account (from \$1.00 up per payday). You may also arrange a loan to suit your needs. All loans are approved by the Credit Committee. All Credit Union business is strictly confidential. The members of the Credit Committee are: John L. Bentley, Chairman; Audrey Pendley and Amelia Kelly. It usually takes only 24 hours for a loan application to be approved and processed. Loans have been granted for; furniture, Christmas expenses, vacations, school expenses, consolidation of bills and many, many things that have helped employees fulfill their needs or wants.

There is also a Supervisory Committee consisting of: Jimmy Williams, Chairman; Mary Bell and Mildred Braddock. This Committee attests the report the treasurer submits each month and audits the Credit Union books monthly.

The annual meeting of the members of the Blue Cross Credit Union (those persons who have purchased one or more shares) is held in January. At this time there are reports from the Board of Directors, the Treasurer, and both the Credit and Supervisory committees. At this meeting the members learn what the declared dividend will be.

Credit unions are international in scope and October 17, 1963 is International Credit Union Day. There will be information concerning this event on our bulletin board.....credit union information appears there regularly.

The advantages of Blue Cross Credit Union membership are available for you. Are YOU a member?

Personality of the Month . . .

Connie Goodwin

The Goodwin family (except for Judy who had left for a football game... her picture appeared in the June issue of the "News of the Blues" as a June graduate), left to right: Armond, Connie, Barbara Goodwin Cooper and her husband Kemp Hall Cooper.

Connie shows us one of her favorite decorating pieces; a lovely Hummel porcelain that she purchased in Europe.

Five years before she went to England, plus five years after she returned, is how long Connie Goodwin, our Personality of the Month, has worked for Blue Cross-Blue Shield. She is now Supervisor of the Key Punch Section of the Automated Data Processing Department.

In Connie's family are her husband, Armond, and their two daughters; Barbara, who is 19 years old, and Judy who is 17. Armond is employed by the Colonial Stores for whom he installs air-conditioning and refrigerator systems. Barbara is married to Kemp Hall Cooper and works for the Federal Bureau of Investigation as a secretary. Judy graduated from Forrest High School this past June and she works for an insurance company as a private secretary.

Connie and Armond's special interest is their "Travel Trailer." It is 26 feet long and has a fully-equipped kitchen, bath, and very adequate sleeping and living space. Most of the equipment in the trailer can operate on gas, electricity, or battery power and the trailer also carries its own water supply. The Goodwin's have taken many short trips "all around Florida" in the trailer and Armond

BACK TO STAY ?

The recipe section of the "News of the Blues" is back by popular demand. The suggestion to reopen this section has come from a number of employees.

In order for this column to be a success, it must consist of recipes that working girls, wives, and mothers, will like because they are easy to prepare, different, nourishing, appealing and economical and oh yes...good to eat. Wait! you have just described the perfect recipe and there are not many of those around. You're right, but, I have found that everyone who likes to cook has at least one recipe that she considers her "perfect" recipe. If you are willing to share yours with us than this column is here to stay.

If there is a recipe you want but can't find we could run a "want-ad" for it and surely someone will have the recipe you want and give it to you. All employees are invited to contribute; men, women in all of our offices throughout the state. Please put each recipe, either printed or typed, along with your name and department, on a separate sheet. Submit all recipes, requests and whatever other suggestions you may have to: Editor, "News of the Blues", Public Relations Department.

Mrs. Arlene Johnson, R.N. the Federal Department has submitted this recipe to get the column rolling. The members of Arlene's

family are : Jim, her husband their two daughters, Jerrie an 18-year old who graduated from Forrest this past June and Jackie a 16-year old who is a junior at Forrest this year; and their son, Jim, Jr. a 14-year old who is in the ninth grade at Jefferson Davis.

The recipe is a special favorite of Jim's and Arlene says that this dish has been served successfully at family reunions and is a good standby for quick and hardy company fare. Just include the things needed on your next weekly shopping list and you are set to fix a good and tempting dish.

TAMALE PIE

- 1 can chilli with beans
- 1 can chilli without beans
- 1 can tomato sauce
- 2 cans tamales
- 1 pkg. fritos
- 1½ cup grated sharp cheese

Mix 1st 3 ingredients together
Put ½ in casserole

Add the tamales in layer form with cheese and fritos and remainder of 1st 3 ingredients.

Save some cheese and fritos for topping.

Bake in 350° oven for 30 minutes or until bubbly hot.

Serve with chopped onions and more grated cheese, and the rest of the fritos.

This recipe will serve 6 people nicely and takes very little time to prepare.

Variations can be made in both the quantity prepared and the variety of the ingredients used. For example, Arlene remarked that many kinds of beans and tomatoe pastes could be used.

Good Cooking Everyone!
