Submission Guidelines

S&G publishes refereed articles addressing all aspects of communication theory and practice. Authors should submit three copies of their manuscript prepared according to the latest edition of MLA or APA guidelines. Use minimal endnotes only for exposition or explanation, not as bibliographic citations. Include a cover letter identifying author(s) and affiliation(s). Remove all references in the manuscript to author and affiliation to facilitate blind review. S&G encourages and promotes undergraduate and graduate research. Submissions from undergraduate and graduate students should be identified as such on the cover letter. Enclose a computer disk with an accurate copy of your manuscript. Clearly label the the disk with OS platform (e.g., Macintosh, Windows) and word processing software.
