This Book is brought to you for free and open access by the Government Documents Display Clearinghouse at Cornerstone: A Collection of Scholarly and Creative Works for Minnesota State University, Mankato. It has been accepted for inclusion in Travel/Recreation/Parks by an authorized administrator of Cornerstone: A Collection of Scholarly and Creative Works for Minnesota State University, Mankato.

National Parks

Sources

This display was about lesser-known national parks in the upper Midwest region. The important thing about this display was the use of props to enliven the documents. Thus, there are kerosene lanterns and bug spray and so forth. However, this display also demonstrated how careful one must be in the choice of props. The (initial) use of a pipestone pipe garnered a vehement response from a patron because this was an inappropriate use of a sacred object.

props - Assorted maps and print outs from the National Park Service website
