Fernbrook Site Of Spring YM-YW Retreat, May 2-4

Camp Fernbrook will be the site of the annual spring Y Retreat to be held from May 2-4.

The retreat's topic is **Conscience on Campus**, taken from the book of the same title. These books will be available for students to read before the retreat. The discussion will deal with the problems which confront students every day—practical problems which the student has to face from a Christian viewpoint. The theme will be highlighted with an opening address on Friday evening by Mr. Larry Jones of the Student Christian Movement.

As usual there will be ample opportunity for discussion, worship, recreation square dancing. There will be the usual "Walk With Your Thoughts" and more opportunity for talking over problems which the retreat hopes to bring out in the open. Mary Johnson will again cook for the group and there will be the traditional doggie roast on Friday evening. At Saturday evening Vespers, Mr. Rafetto will address the group. There will be a Sunday morning worship service out of doors.

Because of the increase in the cost of the camp, the price for the entire week-end is \$2.25 per person; if you are unable to stay the entire week-end, the cost will be \$1.50 per meal.

The groups will leave for Fernbrook on Friday, May 2 after dinner and will return on Sunday, May 4, after the noon meal.

Along with serious discussion and planning, there is also the traditional spring fun of dousing the newly-elected presidents.

A representative from the Y will call at each dormitory to sign up the people who wish to go to the retreat and will arrange for their transportation. Freshmen and exchange students are especially invited to attend.

Women's Club Invites Senior Women to Dessert

Senior Women on Monday, April 14 were entertained at an after dinner dessert given by the Ursinus Women's Club at the home of Dr. and Mrs. Wagner. The purpose of the dessert was to acquaint the women with the activities of the club and to give them each a free membership in it for one year.

The membership is composed of women who need not be graduates of Ursinus, but must be interested in Ursinus. The club has payed for the women's hockey field, bought Duryea Hall, and has just recently furnished the recreation room in the new women's dormitories. The group has an annual reunion in December. The dues are two dollars per year. On Saturday, April 12, the group sponsored a card party in the recreation room of Paisley Hall. The purpose was to raise money to furnish the new dormitories.

The officers of the club are: President, Miss Edwardine Tyson; Vice President, Mrs. John Lentz; Secretary, Miss Elmina Brown; Treasurer, Mrs. J. Harold Brownback; Directors, Mrs. Richard Ballantyne, Mrs. James Voss, Mrs. Joseph Beardwood, and Mrs. Dorothy Schellhase.

MSGA Petitions Begin Circulation Today Till May 4

Beginning Monday, April 21, petitions for nomination for the MSGA may be circulated. Each candidate must have a petition of fifteen different signatures of male members of his class plus his own. Petitions must be given to Fred Glauser no later than midnight Sunday, May 4. Names of candidates will be posted and announced in class meetings. Elections will be held Wednesday, May 7. No one may sign more petitions than there are representatives for his class.

Petitions for nomination of class officers may be circulated from April 28 through May 11. The MSGA met on April 17 for the purpose of trying a student charged with violating Rule 5 of the MSGA which states: "The possession or use of firecrackers anywhere on campus is prohibited." The defendant was found guilty and given 14½ demerits and a letter home.

The MSGA met on March 25, 1958, at which time two trials were conducted. The first offender was accused of violating Rule 12 of the MSGA, which states: "Any act committed by a student which shall constitute nuisance or disturbance or which shall constitute objectionable conducts to others is subject to punishment."

Offender two was charged with violating Rule 12, in addition to Rule 4, which states: "Water throwing is prohibited." The defendant was found guilty and sentenced to four work hours in Brodbeck and Curtis.

It was then brought to the attention of the Council that the cleanliness of Brodbeck was below that of other dorms. Dr. Matern and Dr. Pancoast were approached to check on the conditions. Dr. Pancoast will also be asked if the maintenance department can collect trash in the men's dorms more often.

The Disciplinary Board and the MSGA held a joint meeting (Continued on page 4)

"She Stoops to Conquer" Given By Curtain Club, May 8, 9, 10th

This year the Curtain Club has chosen Goldsmith's **She Stoops to Conquer** as its spring production. This five-act farce is the old story "the course of true love never did run smooth."

Phil Rowe, portraying "Tony Lumpkin", step-brother of the heroine, "Kate Hardcastle" played by Sally McSparran, sends his sister's suitor, "Marlow" played by Irvin Moore, to the Hardcastle home, telling Marlow that the house is an inn. The complications which this causes are the basis for much of the humor. Carol Robacker plays the delightful shrew "Mrs. Hardcastle" who tries to convince "Mr. Hardcastle", Bill Montgomery, that her darling Tony can do no wrong. Bruce Heller as "Hastings" tries to elope with his lady-love "Miss Constance Neville", Kate's cousin, played by Cindy Buchanan, but Tony succeeds in confusing their plans as he has those of his sister. This meet promises to be full of thrills and surprises and beside the regular track and field events, there will be a special "Fat Man's Race" for all men over 200 pounds. Last year Zeta Chi won the meet by a slim margin. For a good time and some hearty laughs, everyone is urged to come and watch the event.

Outdoor fun and relaxation will be the keynote of the picnic to be held Sunday, April 27 on the banks of the Perkiomen. Fraternity men, their dates, and guests, will join in the fun and frolic. Refreshments and entertainment will be supplied by the IFC.

The Inter-Fraternity Council, through the **Weekly**, would like to invite the entire student body and their friends to the Friday Night Ball to be held in the Maria Assunta Club in Pottstown. All girls have been granted 12:45's and admission is four dollars per couple.

Final Forum On Art Given April 14

"The Language of Art" was discussed by Mr. Schilli Maier at the third and final art forum presented by the Ursinus YM-YWCA.

Mr. Maier, who has trained under the French contemporary artist, Amandio Ozensant, has a current exhibition at the Teraine Gallery in New York City.

In his presentation, Mr. Maier illustrated how all shapes and forms of objects arouse in us certain distinct emotional responses. He illustrated the influence of hedonistic shapes (which are restful and pleasing to the viewer) and antagonistic forms (which arouse intense emotional responses of a not so pleasing variety). Mr. Maier showed a selected group of slides and illustrated how the artist goes about rousing a specific emotion in a person. The vitality of Mr. Maier in illustrating his program further enhanced his presentation.

When questioned as to his views on Picasso, Mr. Maier replied that he felt Picasso was trying to be humorous by combining opposites — Picasso uses soft, calm colors with violently antagonistic shapes and thus produces a painting which is more to arouse humor than any other emotional response.

Alpha Phi Omega

Alpha Phi Omega held its regularly scheduled meeting Wednesday evening. Nominations were made for the various offices in the fraternity for 1958-59. Elections will be held Thursday, April 24. Members of the fraternity received their new spring jackets which were purchased for the first time in the chapter's history.

Saturday the fraternity brothers conducted two service projects. In the morning they planted 200 young trees at SGF Boy Scout Camp. In the afternoon the members journeyed to a nearby farm of an elderly couple. They helped the owner repair a barn roof which had collapsed during the recent snow-storm.

Alpha Phi Omega will also help run the elections for the YMCA tomorrow. A table will be set up in front of Freeland where all men students are expected and urged to vote.

"Cadaverism"

Why did you come to College? Some will say because they needed a diploma for a job. Others will say it leads to graduate or medical school. Still others will say they came to get married and many will say that they came to get an education. But what type of an education? One in which all you learn is from the professor's lectures and the courses you are taking? In this way the pre-medical student can overwhelm you with material concerning the mesonephric tubules and the economics major can leave you agape with the knowledge he has acquired concerning hedging and the International Bank. But ask them a question concerning another field . . . whether it is music or foreign affairs most students can't answer you. They know nothing of the subject. Specialization and "cadaverization" seems to be the keynote.

"Cadaverization" is the term applied to a person who knows only about his specialty and nothing else. Far to many students around here, and at other centers of higher learning, have acquired this disease. The excuses for not possessing any information concerning varied fields run from "I don't have the time" to "What do I have to learn about that stuff for I'll never use it in my business". Both these answers are extreme rationalizations. A person can easily make the time for these outside interests and one should learn for the sake of learning and enjoyment rather than to use it for a business advantage all the time.

It's amazing what one can learn from opening up his eyes and peering around. He'll find things he's never tried before . . . from classical music and jazz to waterskiing, and from reading and art to hunting. Try them. Take extra courses, not because the professor is easy, but to learn. Stop at the library and pick up a book. It's amazing how painless it is to take one out. Look in the papers for the new plays, the ball-games, the music events appearing in the city. Instead of reading "Playboy" all the time, spend five minutes of your precious time in leafing through TIME or POST. It's absolutely amazing what you can discover. And you might even enjoy yourself in the process.

THE ROAD TO WAR

by Jay Salwen

Time. 1938
Scene: A Polish Tavern
Characters: An Agnostic, A somewhat more religious passer-by.

Believer: Non - intervention, appeasement, and pacifism in the face of a war threat can be treated only as a denial of morality and of the very basis of life itself.

Agnostic: But, Sir, you apparently lack any sort of comprehension of the situation. You fail to see the choices involved and several consequences of the wrong choice.

B: I see but two choices: Fight now, or giving in to Hitler's demands now and being forced to fight later. There can be no compromise whatsoever when dealing with aggression because one success feeds its appetite instead of satiating it.

A: Again, sir, you overlook the consequences of your choice. To call the aggressors bluff is to throw the world into a war with the sacrifice of millions of lives. Life and peace must be preserved, even at the cost of a few acres of land. Even at the cost of all Europe.

B: There are things more precious than life itself—Freedom, Integrity . . .

A: Now we are differing on a basic belief which has nothing to do with the political situation. I believe that when you die you are dead, and that not even your precious morality is able to survive your last breath.

B: To give up eternal life is to lose your "raison d'etre".

A: To give up eternal life, sir, is to find your "raison d'etre". But that has nothing to do with the question at hand. We are worried about solving problems which must be faced here on earth and not escaping them by hiding in your proverbial Paradise. I talk believing that death is the end of everything and ask myself if there are not situations in which death is preferable to continued life. You face death as the beginning and seem to be looking for a noble way to die. And the sooner you start your trip to Paradise the better. For me' life is the end and not the means. How could I, if I were in the position to make the decision, throw away millions of lives while there is still the faintest glimmer of hope for peace left.

B: I can understand your view in the general picture where you are responsible for other people's lives. But on a more personal level I feel that in your deifying life you lose its meaning.

A: I don't understand.

B: Life in and of itself has no meaning. There are things on this world which transcend life itself. Situations which make even the prospect of death appear to be of secondary importance. The protection of one's family if not one's neighbor's. Love of the pure, simple, unselfish kind. Freedom. Death to insure their preservations. Sacrifice for future generations. Life without these things is but a living death.

A: I will follow your reasoning this far, BUT . . . AND AS THEY TALKED, CHAMBERLAIN MET WITH HITLER AT MUNICH.

A Baseball Prayer

I'm not asking you to let up on me. You can throw me curves or fast ones anytime, I won't say a word. I want to get on base, but not by someone's errors. And please don't favor me with walks too often, I have to learn to make first some other way as well. I don't care about the batting order, I'll bat first or last, I'll even pinch-hit if I'm needed. And as to hits, I don't really have to have them. I'll try to take the strikeouts in my stride, and not brood over them, or feel sorry for myself.

All these I'll do. The only thing I ask (and this is very simple) is that you give me my chance at bat. Then let them know I tried. Please put underneath my name, in the Record Book, the number or "at bats" I had—and I'll be more than satisfied.

Amen

"Educationalistic Personnel"

by Phil Lewis

There are many reasons for throwing out the self-styled and uncontrolled NEA educators. Among these are their marking systems, curricula, dogma in general, discipline and their end product—the current graduate who neither wants to work nor feels any obligation to serve his country in the Armed Services or in politics.

I direct my current criticism to curricula. What has happened in the last few years? The separate public secondary educational schools of our country used to produce graduates who could spell, read and write, and had a good foundation in the Classics. They no longer do so.

What sort of changes have been made in our curricula? The "graduate", if we may call him such; I prefer to call him an attendee; now has had music appreciation, shop, physical education, dancing, driving, art, etc., ad nauseum. He has "put in time". He has had no classes in Religion, Latin, or high calibre English Grammar. He can't read coherently and his writing is a scrawl. Why? Because we have been Dewey-ized. The system was "barbaric", National Education Association would have you believe, so they "humanized" it.

Replacing the ideal of imparting to students a level of knowledge clearly measurable and worth attaining, the new ideal is the permissive one of "teach him what he wants to know". And don't mark him, for that would give him an inferiority complex if he should get a lower grade than his classmates.

I feel that this way of thinking went out with Lamarke, who in an analogous theory, stated that if organisms needed new organs, the organs would appear (it didn't happen that way). That is to say that Johnny (who has had no physics) instinctively

knows whether or not he wants to take physics. Johnny will, generally, under the influence of immaturity, take the easy way out. He will take art for physics and driving instead of history because "he likes it more".

Fine.
When he gets to college, he will receive the sad news that he doesn't have the courses required for entrance.

Now he is being marked for performance. Who is inferior, the student or the system? The latter, of course.

The next question is "Who is responsible?" NEA—the anathema of all who think, has made these changes by pressure in Teachers Colleges to spread their dogma of permissive education through classes in "methodology".

The taxpayer didn't ask for this and if he cares he will have to order his school board to revise the curriculum in his local high school to include the things the school should teach instead of these frills to the exclusion of basic courses.

SPORTS TALK

Those of you who have been ducking miniature flying saucers for the past week realize that all spring sports are not being played down on the athletic fields, unless the steps of Freeland Hall can be considered an athletic field.

If the lead taken by a lone Biology professor is taken, the Frizby will even invade the vital curriculum of the college. Cats will be deserted on Tuesdays and Thursdays in favor of less intellectual pursuits on the Frizby Fields of Freeland.

It has been rumored that the Frizby has even started taking over the Debating Club and that its next target is The Kaffee Klatsch. There is no limit to its power and sphere of influence. Ursinites must unite now to stop this force. Fight Frizby.

Men's Tennis Team Opens Season; F. & M. Opponent

A spirited and well-practiced Ursinus tennis squad will be facing Franklin and Marshall today, Swarthmore on Wednesday and Haverford on Saturday. Coach Sid Quinn has had the boys working hard all week.

Number one man, Art Martella, will be hard for anyone in the East to beat when his game is steady. A combination of speed, hard hitting, court savvy and a great desire to win, makes Art a more than adequate number one man.

Haverford Humiliates UC As Cindermen Lose Meet

On Saturday, April 19, injured Captain Ken Buggeln watched his teammates endure a crushing defeat by the Haverford Fords. The Bears, who usually took seven first places in last year's track meets, were able to obtain one first place and a tie for another first place.

Although Coach Gurzynski's crew took a terrible thumping, an optimist would probably make the following observations: (1) more than half the track team consists of freshman and sophomores; (2) when Vern Morgan, who dropped out of the 880 because of a hip ailment, and Ken Buggeln overcome their disabilities, the track meets should become more interesting; (3) although Cal Fox did not place in the 100, he was only two tenths of a second over the winning time; (4) Jerry Crossley, who is known to steadily improve,

three positions higher. Right behind Hapgood and keeping numbers three to six from taking things too easy are Mike Blewett, Phil Rowe, Ed Clisby and Richie Levitt.

Lacrosse Squad Smashes Garnet

The lacrosse team opened its season successfully April 15 by trouncing Swarthmore 13-4 on the home field. Swarthmore started off well and scored the first goal. This was quickly followed up by a goal by Captain Alice Irwin.

In the second half Ursinus caught fire, scoring seven goals to Swarthmore's one. Luey Magness, Judy Brinton, and Erna Trauger tallied once, and Alice Irwin and Nancy Kromboltz, twice. The score at the final whistle was Ursinus 13—Swarthmore 4.

The team also displayed their skill at the Playday held at West Chester on April 9. There they defeated West Chester 4-3, Beaver 4-1, and Bryn Mawr 3-1. The next game is against West Chester on April 22 at home.

Bear Nine Blast Drexel; Walks Lead To Defeat by Hens

On Monday, April 14, Ursinus suffered its first baseball defeat. The team lost to the University of Delaware at Newark. Southpaw Jerry Bacher of the Blue Hens handcuffed the Bears with three hit pitching.

the mound and allowed two hits in 2 1/3 innings; wildness forced his departure. He was relieved by Lin Drummond and Jeck Hag who pitched fine relief ball until the game was called because of darkness after 7 1/2 innings.

The Bears brought their record to 2 wins and 1 loss on Wednesday, April 16, when they defeated Drexel 8-1 on their home diamond. Dick Chern and Larry Powell held Drexel to 1 run on 2 hits, Chern being credited with the win.

Ursinus scored 3 runs in the second inning on 2 hits, 2 walks, a Drexel error and a hit batter. Two more runs came across the plate in the 5th inning on a walk to Williams, singles by Wenhold and Famous, and a sacrifice by Cauffman.

Southern Opposition Succumbs to Ursinus

Baseball Team Scores 30 Runs in Two Games; Pitchers Allow Only 4 Hits to Opponents

At Westminster, Maryland, on Friday, April 18, Ursinus trounced Western Maryland 16-3 behind the three hit pitching of Lin Drummond (1-0). The Bears had 19 hits off six Western Maryland pitchers and scored in every inning except the fourth and fifth.

Middle Atlantic Conf. Announces Football Setup

The Middle Atlantic States Collegiate Conference, enthused over its successful title competition in eight sports during the past year, has suddenly decided to extend its championship activity to football next fall.

Champions will be crowned in a University Division of eight teams, and in a College Division of 20 teams, 11 of which will compete in a Northern section and nine in a Southern section. Drexel, Haverford, PMC and West Chester are in the Southern section along with F & M, Johns Hopkins and Western Maryland.

Ursinus meets three schools in our Southern Division (need only meet two to be eligible for league competition), Swarthmore, Haverford and Johns Hopkins. UC's other five games are all with teams in the Northern Division, which gives UC a three game edge over the required five games teams. UC's Northern Division opponents are Dickinson, Lebanon Valley, Susquehanna, Wagner and Wilkes.

The championship of each division will be determined on a percentage basis, using one point for a victory and a half-point for a tie and the total points being divided by the number of games played.

Ursinus were doubles by Jim Wenhold and Wally Christ. Lin Drummond also contributed two singles driving in two runs in gaining his first win.

Saturday, April 19, the Bears traveled to Baltimore, Maryland, to play Johns Hopkins University and gained their third straight victory by the score of 14-1. This second win in two days brought their record to 4-1 for the season.

Larry Powell and Elmer Haigh combined to pitch one hit ball, while their teammates hit safely 17 times; Powel was the winner (2-0). Shortstop Inky Wagner led the Bear attack getting four hits, scoring four runs, and batting across two more. Bob Famous and Jim Wenhold were the run producers, batting across nine runs between them.

This week's action has Ursinus at Haverford Wednesday, Lehigh at Ursinus Thursday, and Rutgers of South Jersey at Ursinus Saturday.

Ursinus May Not Enter Penn Relays This Weekend

For the first time in many years Ursinus may not be represented in the Penn Relays, which will be held on April 25 and 26. It had been planned to enter a 440 relay team consisting of Buggeln, Fox, Brumfiel, and Dickerson on Friday, and a one mile relay team composed of Buggeln, Fox, Brumfiel, and Crossley on Saturday.

Classroom Jazz Albums Released

“Jazz in the Classroom”, a new 12” LP just released, will receive ready response from jazz enthusiasts, who will derive much listening pleasure in addition to gaining further appreciation and understanding of jazz.

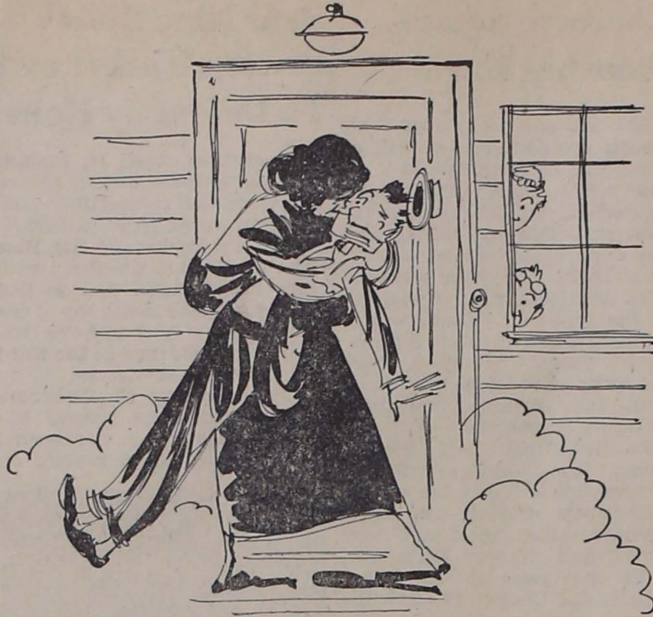

This recording is an exciting first in the field of jazz education. It is made up entirely of original compositions in the modern jazz idiom, and was conceived, created, arranged and performed by students at the Berklee School of Music in Boston, Mass. The LP is available with full scores of all arrangements for study and analysis.

In addition to the listening pleasure it affords, “Jazz in the Classroom” offers a rare opportunity for musicians, teachers and music students to develop an understanding of contemporary compositional and arranging techniques. The techniques clearly outlined on the scores include combo and big band scoring, improvisation, polytonal voicings, thematic development and compositional form in jazz.

Parts may be copied from scores for rehearsal and performance purposes and groups using the material in this manner are invited to send tape recordings of their performance to Berklee for professional evaluation and comment. Communications should be sent to Berklee Records, Berklee School of Music, 284 Newbury St., Boston 15, Mass.

This innovation represents an important milestone to the study of jazz in that it evidences the existence of an organized educational approach.

SPRING IS HERE!

SPRING

Yes, Spring is here. And with it comes birds, flowers, showers, and the awakening of the dormant mating drive. Men are looking for women and women on the prowl for men (as can be readily seen in the above cartoon). Many couples are happily walking arm in arm across the green campus. Not till summer will they realize what they are doing, and by then it's too late. Along with this old game new ones have invaded UC. Frizby is all the rage with the elite.

O CHI

The sisters of O Chi would like to congratulate Letty Achey on her recent pinning to Elmer Haigh. The sisters have also planned a swimming party with Alpha Pi Epsilon on April 28 at the “Bubble Pool”.

Easter Party

Saturday morning, April 12, a group of underprivileged children from Pottstown were feted at an Easter party given by Tau Sigma Gamma sorority and Zeta Chi fraternity. In the student union and rec center, the children hunted for eggs, were treated to refreshments, and played games. The Easter Bunny, played by Lulu Moock, brought the children Easter baskets.

KDK

Kappa Delta Kappa extends its best wishes to Carol Davis on her pinning to Bob Bond. The Sorority held its orphan's party with the brothers of Demas on April 12. On April 15, Kappa Delta Kappa held their informal initiation for Carol Davis and Jane Gilling in the Student Union.

MSGA . . .

(Continued from page 1)
on Wednesday, March 26, 1958. Fred Glauser explained to the Disciplinary Committee that the Men's Student Government rules have been revised and revamped with a minimum penalty established for each. The list of rules were then discussed, each rule considered individually.

In summary, the Disciplinary Board stated that no decisions of the MSGA would be overruled if they were reasonable ones.

Another joint meeting was held April 7, 1958, to clear up all business.

MATH CLUB

A math club has been organized recently on campus for all interested students, not necessarily limited to students in that major. Under the chairmanship of Bill Whitehead, the three meetings thus far have included talks by both students and members of the faculty on the history of the computer and on nomography or alignment charting. Plans for future sessions are now centered about a study of number concepts and a discussion of minimal surfaces. The club meets every other Wednesday evening at 7:30 in Pfahler.

Mental Health Wk. April 27 to May 5

The tenth annual Mental Health Week will be observed throughout the country from April 27 through May 3.

An all-out educational campaign, designed to promote public understanding of America's number one health problem, will be conducted in this area by the Mental Health Association of Southeastern Pennsylvania.

The Association, covering Philadelphia, Chester, Delaware and Montgomery Counties, will enlist the aid of schools, libraries, business organizations, health and welfare agencies, hospitals, religious and civic groups to tell its story during that period.

Emphasis will be placed on the turning tide and more hopeful aspects of mental illness. Theme for the week will be, “With Your Help, the Mentally Ill Can Come Back.”

Efforts will be made to show how improved care, treatment and facilities are vital to the recovery of mental patients. Research in the field will be described. The importance of public understanding also will be outlined in detail.

The Association, financially supported by United Fund in Philadelphia, Chester and West Chester, will define its role in the comeback of mental patients.

Volunteers have been recruited to help with the project. Posters will be displayed throughout the area. Pertinent literature will be distributed. Open houses will be conducted in mental hospitals. Tribute will be paid to outstanding hospital personnel. These and other activities are planned to focus attention of the public on problems of mental illness and the vital need for sound mental health.

The educational drive will be conducted for all age groups in all communities of the four counties.
