## Dean Pettit Explains Makeup Of Dean's List, Ineligibility

Dean Wm. Pettit last Wednesday evening in the "Y" General Association meeting sponsored by Campus Affairs Commission. Larry Zartman moderated.

Dean Pettit first gave the rules concerning ineligibility. The gen-eral rule arose some years ago when there was quite a bit of controversy among the various colleges as to who should play in athletic contests, especially football: the problem was that many sports players were either not students of a college or else had continued to play for several years after graduation.

It was finally decided that for a student to be eligible at Ursinus, he would have to have an average of 70 percent. It was further decided that any student with an average below 70 percent would be forbidden to have the distinction of being able to participate in any activities in which he would appear before the public as a representative of the college. The faculty believed that such a restriction of activities would aid a student to

forbids ineligible women to join sororities. Dean Pettit explained that the rule concerning this setup goes back to 1940-41 when some shoes after lunch for 25 or 35 cents of the sororities had that rule. At a shine. APO, recently organized that time a group of seniors wanted to abolish sororities entirely. A controversy arose over the abol-ishment of them, and the lack of uniformity of rules was used as an argument by those people who been contributed to Campus Chest. It was decided to maintain sor-orities and to establish an Inter-

#### **Ursinus Host to** S.E. District FTA

On Saturday, March 12, Ursinus acted as host for the third annual convention of the Southeastern District of the Future Teachers of Records to Dr. Wm. Phi America. The convention was filled with various activities highlighted by the election of next year's officers and addressed by Mrs. Henry Henzel, Dr. Robert Clark, and Mr. Allen C. Harmon, all well-known

local educators.

Priscilla Shinehouse '55, this year's president, presided over the convention. The theme of the conference, "What's Right With The Schools", was discussed in several small buzz groups and also elabor-ated by the speakers.

At the general business meeting the following officers were elected to next year's executive committee: President, Thomas Harper, P.M.C.; Vice-President. Shirley Galambos, West Chester S.T.C.; Second Vice-President, Becky Smith, Central Bucks H. S.; Secretary, Pat Repash, West Chester; Members at Large (High School), Lee Wells, Royersford, and Rosemary Stoler, Plymouth-Whitemarsh; Members-at-Large (College), Chuck Beck, P. M.

C. and Ann Wertz, Ursinus. Attending were delegates from Pennsylvania Military College, West Chester State Teachers College, Chestnut Hill, Temple, several local high schools, and Ursinus.

The problems of ineligibility and sorority Council and uniform rules. the Dean's List were discussed by Included in the standardization of rules were those concerning the ban against rushing of ineligible women and freshmen women.

Dean Pettit also discussed the Dean's List. In answer to a question, he told the group that the restrictions permitting only juniors and seniors on the list were set up some time ago since it was thought that freshmen and, to some extent, sophomores were merely on probation. However, Dean Pettit thought that the suggestion from the audience of giving freshmen and sophs some sort of recognition was good idea. He said he would bring the suggestion up at the next meeting of the academic council. In answer to the question of using (Continued on page 4)

## Records to Dr. Wm. Philip

Last Thursday evening at Meistersingers rehearsal, Dr. William F. Philip was presented with a set of records from this year's Messiah performance. The gift was a token of appreciation for his inspirational leadership which helped make this year's presentation one of the most cutstanding in Ursinus' history.

In addition, the Messiah chorus presented a set of the records to the music room of the Library.

Any students interested in purchasing a set of the records should contact Dr. Philip or Francis Scheirer.

## MOVIE 'SYMPHONIE PASTORALE' TO BE PRESENTED MAR. 17, 18

Symphonie Pastorale, prize-winning novel by Andre Gide and a winner of three awards at the Cannes International Film Fes tival, is a moving story of faith told through the experiences of a pastor who adopts a blind girl. The pastor's kindly devotion turns to selfish love, and Pierre Blanch-ar's skillful acting shows the conflict which is carried on in his

The acting of Miss Morgan and Pierre Blanchar, both of whom are acutely sensitive to the somber

mood of the story, is exceptional.

The movie will be presented in S-12 on March 17 at 4:00 p.m., and March 18 at 8:00 p.m.

There will be a donation of \$.50 to cover the cost of rental.

#### RECORDS AVAILABLE

Dr. William Philip has announced that there were 15 sets of Messiah records made in addition to the ones ordered by members of the music organizations. Anyone interested in purchasing a set should contact Dr. Philip as soon as possible. These records have the highest rating (20-20) that the company which made these records can

#### **Gerald Hottenstein** Lists 10 "Musts" For FTA Group

Superintendent of Schools of Montgomery County, Mr. Gerald Hottenstein, spoke at the Future Teachers of America meeting Tuesday evening, March 8, at 7:00 o'clock in Room 7. Mr. Hottenstein's talk concerned the profession of teaching today.

President Dwight D. Eisenhower

in his report to Congress several weeks ago stated two problems in education facing us today—1) providing school buildings for our vast number of school children, and 2) filling these schools with qualified, well-educated teachers. President Eisenhower feels that the shortage of teachers is by far the more important problem.

Mr. Hottenstein made a list of reasons why people choose the teaching profession: 1) teachers are the formers and molders of children's personalities; 2) teaching prepares one for almost any

over the grave of his father in the stirring play, "Death of A Sales-man". From this point, Dr. Spurgeon English developed his talk last Wednesday evening at the Forum in Bomberger Chapel. What does this bitter, sad statement have to do with Life's Second Vocation? It has everything to do with it for those who heard this Forum.

How many of us really know who we are? How many of us have developed self-awareness, goals, an adequate responsibility and worthy appreciation of the positive and important things in life?

"He never knew who he was", people are not being prepared to said Willy Loman's son as he stood become efficient social units, then over the grave of his father in the we realize the need for some honest planning and a change in family and school education.

Dr. English would have us prepared for life along with training for some specific profession. Unfortunately, higher learning alone does not insure us against these ills because people are very reluctant to study themselves. We are willing to study anything—so long as we don't study and get to know ourselves.

Dr. English gave four principles which should be accepted and incorporated into daily thinking:

1. Men have a special and unique role to play in relation to women as husbands, lovers and fathers of children.

2. Women have a special and unique role to play in relation to men as wives, lovers, homemakers and mothers.

3. A married couple has a primary role to play in rearing, teaching, strengthening and preparing the young for the future.

4. There is such a thing as leadership responsibility that everyone will be called upon to accept in some way at various times during

Young people today are being protected so that they are not permitted to mature; when they are forced to meet life's problems, they are inadequately equipped. Dr. English deplores the misconception of "Love" which entails a complete deprivation of a chance to mature. Too prevalent is the misconception that when the psychologist emphasizes the importance of love to the emotional development of a child he is advocating no discipline, duties or responsibilities. This is not the psychologists meaning of love. Parental love must entail discipline

## How I See It

by George W. Pauff '55

ARE TRAINING TABLES NECESSARY?

This question has long been debated by many people, both in the world of sports and in everyday life. Those who are actively engaged in sports argue that a training table constitutes an important part of the athlete's conditioning. Proper food, they say is ditioning. Proper food, they say, is necessary, but the mental attitude brought about by a group activity is much more important.

is much more important.

Consider, for just a moment, our training table facilities at Ursinus. Our athletes usually receive the same food as the student body although they may get more of it though they may get more of it and sometimes special meals are served. Training table meals are also served at hours either earlier or later than the regular hours. The main benefit reaped from the Ursinus training table is the build-

ing of morale.

There are those who point out that training table privileges for athletes can be of value only if the other phases of training are adhered to. There can be no re-buttal to this argument. No ath-lete can ever hope to condition himself for any type of strenuous activity if he does not live up to the rules of training. A training table cannot be expected to work miracles.

pride and lack of material the "Whispering Ivy" column presents its annual academy awards. Instead of "Oscars", we give "Chippers", in loving memory of Chipper Stage titude towards sports. If this attitude can be attained, then the small disadvantage of the added expense of a training table would most certainly be balanced by the presence of a winning team.

# Why do more college men and women smoke **VICEROYS** than any other filter cigarette?

BECAUSE ONLY VICEROY GIVES YOU A PURE, NON-MINERAL, NON-TOXIC FILTER WITH 20,000 FILTER TRAPS IN EVERY FILTER TIP!

- Yes, only Viceroy has this filter composed of 20,000 tiny filter traps. You cannot obtain the same filtering action in any other cigarette.
- Besides being non-mineral and non-toxic, this cellulose-acetate filter never shreds or crumbles.
- The Viceroy filter wasn't just whipped up and rushed to market to meet the new and skyrocketing demand for filtered cigarettes. Viceroy pioneered. Started research more than 20 years ago to create the pure and perfect filter.
- Smokers en masse report that filtered Viceroys have a finer flavor even than cigarettes without filters. Rich, satisfying, yet pleasantly mild.
- Viceroy draws so easily that you wouldn't know, without looking, that it even had a filter tip ... and Viceroys cost only a penny or two more than cigarettes without filters!

That's why more college men and women smoke VICEROYS than any other filter cigarette . . . that's why VICEROY is the largest-selling filter cigarette in the world!

## Bird Belles Score 3-2 Win At Bryn Mawr

The Varsity Badminton team narrowly defeated Bryn Mawr 3-2 last Thursday to remain undefeated in five contests with one match left to play. The three singles players, Captain Connie Cross, Ricky Bauser, and Ruth Heller captured the points for the Belles after difficult struggles and remained un-beaten in their individual records. The first doubles team of Vonnie Gros and Irene Rawcliffe lost a close three game match to Bryn Mawr, and Jo Kuhn and Rebel Mason, playing second doubles, lost their match.

## Ted Sholl Tallies 24 Points as Curtis I Cops Intramural Title

Curtis I defeated Curtis II for the intra-mural basketball championship in two straight games by the scores of 64-60 and 64-54. Ted Sholl, leading scorer during the regular season, again lead the way with a two game total of 51 points. Sholl tallied 27 and 24 points in two games, working well from the pivot, where he employed a deadly jump shot. Jack McNeil, rebounder extraordinary, was second high scorer in the title-clinching game with 14 points. Ken Walker was a standout on assists and added 6 points, while Bob Slotter tallied 8. In the final game Al Sare paced the losers with

a numerical grade to determine MONDAY-Dean's List, he replied that it was not unreasonable to expect a student who is to be so honored to have at least one A and no C's. When it was brought up that there is a possibility of there being an eleven-point descrepancy between a dean's lister and a non-dean's lister who could have the higher average (with a C), the Dean brought out the fact that since the college average is 80 percent, it is not unreasonable to expect a dean's lister to have no marks below the college average. He agreed with the rule allowing a dean's lister to attend class upon his own responsibility. He also said that a chief reason for not permitting freshmen and sophs more cuts is to instill in them the habit of attending class

In answer to another question, the Dean showed the group the method of determining grades

profession; 3) one is almost sure to acquire a job upon graduation from college; 4) good salaries—in Montgomery County the minimum salary is \$3,000.00; 5) tremendous shortage of teachers-in Pennsylvania alone, next year 3,500 ele-mentary teachers and 3,000 sec-ondary teachers are needed; 6) security of tenure in holding jobs; 7) in teaching there are many opportunities—for men, school administration, and for women—specialized services offered in schools today (such as guidance counsellors, psychologists, and speech therapists). One who wants to be a teacher

should analyze his former teachers and retain satisfactory traits in his own teaching. Mr. Hottenstein list-ed ten "musts" for future teachers: teachers must 1) love children; 2) be interested in new things and be interested in new things and ideas; 3) have great ability to get along with other people; 4) have self-control; 5) have a mastery of his subject matter; 6) have good physical health; 7) enter energetically in community activities; 8) honor and respect his profession; 9) remember that each of his stu-9) remember that each of his students is an individual; and 10) consider teaching as a challenge and work diligently to get the most out of his experiences.
