EDITORIALS

Suggestions Are Welcome, But —

The publication of the first Weekly by the new staff met with many comments which ran the gamut of opinion from a word of congratulation to utterance of complaint. Being well aware of the fact that there is much room for improvement in the Weekly, we welcomed these suggestions. One complaint, however caused us some embarrassment and we make mention of it here with the purpose in mind of publicly setting

During the past week an organization on campus attempted to convince the editor that its Weekly article deserved a position on the first page. Apparently it has been a part of the Ursinus tradition to reserve space on page one every week for the particular article and a few representatives of this organization spoke to us with the purpose of seeing that their traditional right was not abused.

The argument they presented was completely incongruous with our conception of the principle and policies of any newspaper, not just the Ursinus Weekly. It is our belief that the purpose of the Weekly is primarily to serve the needs of the student body and we are determined to design the paper with the student interests in mind. Therefore, we can make no hard and fast guarantees to any organization as to the position of its article in the paper. If we made such a guarantee, the paper would be nothing but a puppet dangling from the fingers of the presidents of every organization on campus.

LETTER TO THE EDITOR LETTER TO THE EDITOR

Since this college is dedicated to tion, I question seriously the attitude of many of our undergrads as to the liberalness of their own personalities. Previous to the recent Progressive Jazz Seminar, asked various students whether or not they were going to attend. These were some of the replies:

1. "I hate jazz."

3. "I wouldn't go to hear anything except classical music."

None of these answers could have come from intelligent students, I'm sure. If someone had said, "no, I don't have time" or "no, I appreciate jazz, but I'm not particularly interested in P.J." I would have moved on happily.

However, to completely rule out a field of music of such tremendous depth and versatility as was done in "1" by making such an idiotic statement is a sign of the uneducated person. I have yet to meet anyone who dislikes all music and there is no field of which jazz. and there is no field of which jazz is not a part.

In "2" we have the uninformed youth who reveals his total ignor-ance of a recognized American art form. Because of the huge scope him indigestion.

The narrowness of "3" is merely another way of saying, "Jazz is degrading, I can't take a chance on being exposed". Aside from debat-ing the merits of P.J., is their any excuse for this attitude?

Apathy can be tolerated, but can an attitude of ignorant, dogmatic narrowness?

Why do more college men and women smoke **VICEROYS** than any other filter cigarette?

BECAUSE ONLY VICEROY GIVES YOU A PURE, NON-MINERAL, NON-TOXIC FILTER WITH 20,000 FILTER TRAPS IN EVERY FILTER TIP!

- Yes, only Viceroy has this filter composed of 20,000 tiny filter traps. You cannot obtain the same filtering action in any other cigarette.
- Besides being non-mineral and non-toxic, this cellulose-acetate filter never shreds or crumbles.
- The Viceroy filter wasn't just whipped up and rushed to market to meet the new and skyrocketing demand for filtered cigarettes. Viceroy pioneered. Started research more than 20 years ago to create the pure and perfect filter.
- Smokers en masse report that filtered Viceroys have a finer flavor even than cigarettes without filters. Rich, satisfying, yet pleasantly mild.
- Viceroy draws so easily that you wouldn't know, without looking, that it even had a filter tip . . . and Viceroys cost only a penny or two more than cigarettes without filters!

That's why more college men and women smoke VICEROYS than any other filter cigarette . . . that's why VICEROY is the largest-selling filter cigarette in the world!

Meistersingers Back | Career Conference From Spring Tour

by Roland Dedekind '55

Last Wednesday evening at 11:15, bus-load of forty-one Meistersingers arrived back of the boiler house of the Ursinus campus, after completing a 300-mile tour through southeastern Pennsylvania and northern New Jersey.

The Meistersingers opened their eight-concert tour at Salem E. and R. Church in Allentown on Sunday night and concluded the trip with a program at Ascension E. and R. Church in Norristown Wednesday evening. The group sang before 3,400 persons during the course of the tour, including 800 students at Parkland High School; 900 at Westfield High, N. J.; 600 at Grover Cleveland High, Caldwell, N. J.; and 680 at Ewing Township High, N. J. The repertoire of the Meistersing-

ers consisted of secular numbers, ballads by George Aucott '55, solos by John Guarnieri '58, and numbers by the male quartet—Francis Scheirer '55, Roland Dedekind '55, George Aucott, and Tom Kerr '56at the high school performances; and sacred songs, solos by Guarnieri and Lois Wehmeyer '56, and renditions by the male quartet in the

church services.

The tour was highlighted by many interesting incidents. Mr. Guarnieri dropped his music twice and lost his glasses once before packed audiences. George Aucott was bombarded with pennies from the back row of bases at the last performance (and picked them up as an encore!) Dick Albright and Dave Heyser nearly missed the bus on numerous occasions, Charley Moehs climbed in a church window to look for Emma Jane Hulton Smith's glasses.

As if the concert were not effort enough, the Meistersingers occupied their spare time on the bus ride by singing. Several groups played bridge and pinochle, littering the aisle with suit-case card-tables.

During the course of the tour, ac companist Ethel Lutz '55, who did a fine job under trying conditions acquired the nickname of "thumbs" Francis Scheirer's jokes (?) kept the bus in a constant uproar.

The tour was a complete success and the climax to the trip will be the Spring Concert this Thursday night.

For Placement

Although a large percentage of each year's graduating class is placed by the Ursinus Placement Bureau, there still exists the need for a long range employment program. Such a program would have service in the musical activities of its beginning in a student's freshman year and carry over into his senior year. Representatives of the delegates from the National various companies would be invited headquarters in Chicago, the delegates from the National to conferences to outline their firm's policies and explain the duties of their own positions with their respective companies.

Such a conference would, of necessity, have its inception in a joint effort by students and faculty members. Several attempts have ended in failure, but only because there was little or no interest shown by either students or faculty. There is good reason to believe that with proper planning and conscientious interest a career conference can be put to good use on the Ursinus 339 Main St., Collegeville ph. 5171 campus.

The companies of the United States are as interested in securing good personnel as the graduates are in finding a good firm to work for. This persistence in seeking the best personnel available compels most companies throughout the country to make it a part of their policy to interview and test likely candidates even before this comes a policy of advertising the positions available to the graduate and what better way to advertise than a career conference. Such a conference at Ursinus would, without a doubt, have a wealth of speakers and visual aids, such as motion pictures, from which to choose.
