BECAUSE SHE

ALL THAT IS BEST IN OUR
MEMORIES OF URSINUS, WE
DEDICATE THIS ISSUE TO . . .

MARTHA FRANKLIN—This is the highest tribute we can give; and we give it gratefully to Martha, who has so endeared herself by her un-failing good nature, generosity, and affection to the hearts of Ursinus students, that she has come to mean “Ursinus” to us who are now about to be graduated.

We could hardly list the things she has done for us during the twenty-three years in which her official job was to clean the dorms. We could never count the cakes she has baked, the students she has fed, the clothing she has washed and mended, the little gifts she has given to “her boys and girls”. Perhaps the four hundred Christmas cards she received this year, the 125 Ursinus men with whom she corresponded regularly during the war, or the Good Neighbor Orchid she received in 1944 can tell the story better than we. Some of “her boys” are prominent doctors, business men, and military officers now; but they have not forgotten her, as we will not. Since 1924, when her husband, the Rev. Daniel B. Franklin, Ursinus '20, became seriously ill and subsequently died, she has given unstintingly of herself, to become a second mother to us all.

SYMBOLIZES

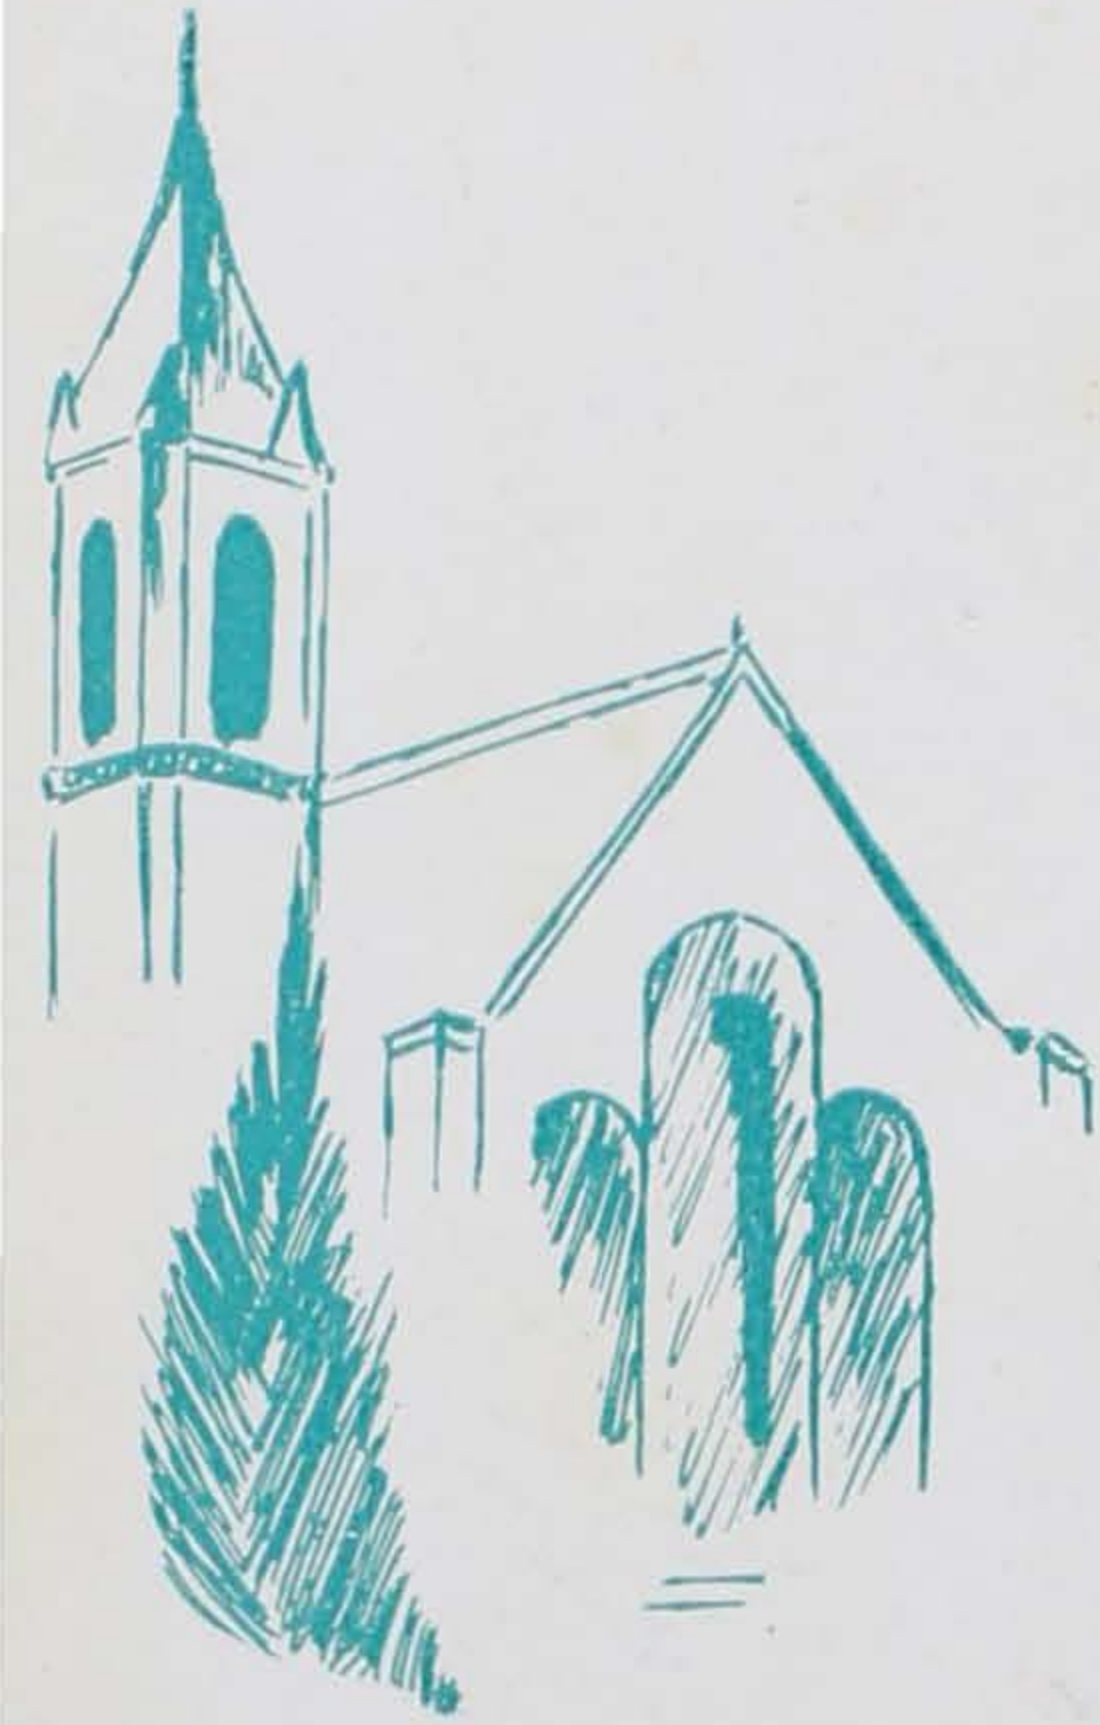

Our four years of college are over, but before we leave we want to pay tribute to those who played such an important part in our life at Ursinus—our faculty.

We are leaving Ursinus not only with the memory of four glorious years, but with a better understanding and appreciation of life, a firm determination to make the most of the life ahead of us, and an inner confidence that we can succeed.

Dr. McClure served us not only as a president and a teacher but as an understanding friend, whose home and library were always open to all who desired to partake of his hospitality. To Mr. Helfferich we owe gratitude for his capable direction of the Curtain Club, his invaluable suggestions for making our projects pay, and also for his continual "open-house."

It is with deep regret that we, the seniors, are the first class to be graduated without Dean Kline. His death brought an abrupt end to one of our most cherished traditions. Always ready to answer questions, to describe every stick and stone on the campus, in which he held an affectionate pride, our white-haired dean will always be remembered by our class.

Dr. Miller was acting dean of men last year and is now on leave of absence, compiling a survey on Canadian, Mexican and United

States relations for a book, under the sponsorship of the University of Pennsylvania. Dean Pancoast, Dean of Men, has just returned to this position, after two years as a Lieutenant in the Navy, and has lent his wise direction and co-operation to the Men's Student Council to provide a common meeting ground for the Administration and the students to settle their complaints and to maintain smooth working enforcement of college rules.

To these men and to the other members of our faculty we wish to express our appreciation for their unfailing guidance and friendship, and although many of us in the future will lose personal contact with our former professors, we shall, nevertheless, often think back and remember their counsel and advice.

FIRST MET THE FACULTY

Dr. Norman Egbert McClure, Ph.D., Litt.D., LL.D., has been president of Ursinus College since June 6, 1936. Graduated from Ursinus in 1915, he has served as Professor of the English Language and Literature since 1928. He is treasurer of the Association of College Presidents of Pennsylvania and is a member of its Executive Committee.

NORMAN E. McCLURE, Ph.D., Litt.D., LL.D.

Mr. Donald L. Helfferich, Esq., A.B., LL.B., was graduated from Ursinus in 1921 and was named Vice-President on July 2, 1936.

Along with his duties as Vice-President, he supervises the income and expenditures of the funds of Ursinus, is the competent director of the Curtain Club plays, and sponsors the Legal Society.

DONALD L. HELFFERICH, ESQ. A.B., LL.B.

WHORTEN A. KLINE, A.M., B.D., Litt.D., LL.D., was graduated from Ursinus College in 1893 and served on the faculty as a Professor of Latin and Greek from that time until his death on November 20, 1946. In 1909 he became Dean of the college, which duty he filled faithfully for the remainder of his life. He will always be remembered by Ursinus students as a great nature lover.

MISS CAMILLA B. STAHR, A.B., became Dean of Women in 1938, having been Acting Dean the preceding year. As a member of the Senate Advisory Committee Miss Stahr has assisted with problems arising on the campus and in the women's dormitories, and has shown understanding and diplomacy in dealing with women's discipline.

Miss Stahr was graduated from Wilson College in 1911 and has studied at Oxford University.

G. SIEBER PANCOAST, A.M., Assistant Professor of Political Science and Dean of Men, was graduated from Ursinus College in 1937. He has also studied at the University of Pennsylvania. Since 1942, with the exception of two years during which he was on military leave, he has been Dean of Men. In this position Mr. Pancoast works with the Men's Student Council in an effort to maintain discipline.

PRECEPTRESSES

We have seen Brodbeck and Glenwood open and close as dormitories for women. We have seen Sprankle and Rimby's added for girls, just as Hobson, Stine, Freeland, and Derr had been. These changes have meant changes in our preceptresses as well, although there are some who have spent four years with us.

Among these are Dean Stahr as preceptress of Shreiner, and Mrs. William Helfferich and Mrs. Pancoast of Hobson and "612" respectively. Mrs. Schlaybach and Mrs. Dennis have watched over Clamer and Fircroft, while Miss Lappin of Maples and Mrs. Shryock of Stine are the other two who have been with us throughout our college days.

Sprankle's preceptress, Miss Beck, Lynnewood's Mrs. Haller, and Freeland's Miss Morris are among the new ones who have arrived with the changes at Ursinus. Mrs. Zingraff came to Derr and Mrs. Jacobson to "944" while Mrs. Jackson took over the duties at South and Miss Keller, those at Glenwood.

To these women who have been helpful throughout our stay at Ursinus we owe a sincere debt of gratitude for their patience and endeavors to make our dormitory life a pleasure.

Standing, left to right: Mrs. Zingraff, Mrs. Pancoast, Miss Morris, Mrs. Schlaybach, Mrs. Jackson, Miss Keller, Miss Beck, Mrs. Jacobson. Sitting, left to right: Mrs. William Helfferich, Mrs. Shryock, Dean Stahr, Mrs. Haller, Miss Lappin.

A NEW EXPERIENCE

MEMORIES!

*"I am a lowly old freshman.
All freshmen are lowly and old,
But I am the lowliest, moldiest, and oldest of
all freshmen.*

*Oh that I were a sophomore!
Honorable, distinguished, and brilliant, like
all sophomores.*

*Oh cruel, cruel fate that I was born a year too
late!*

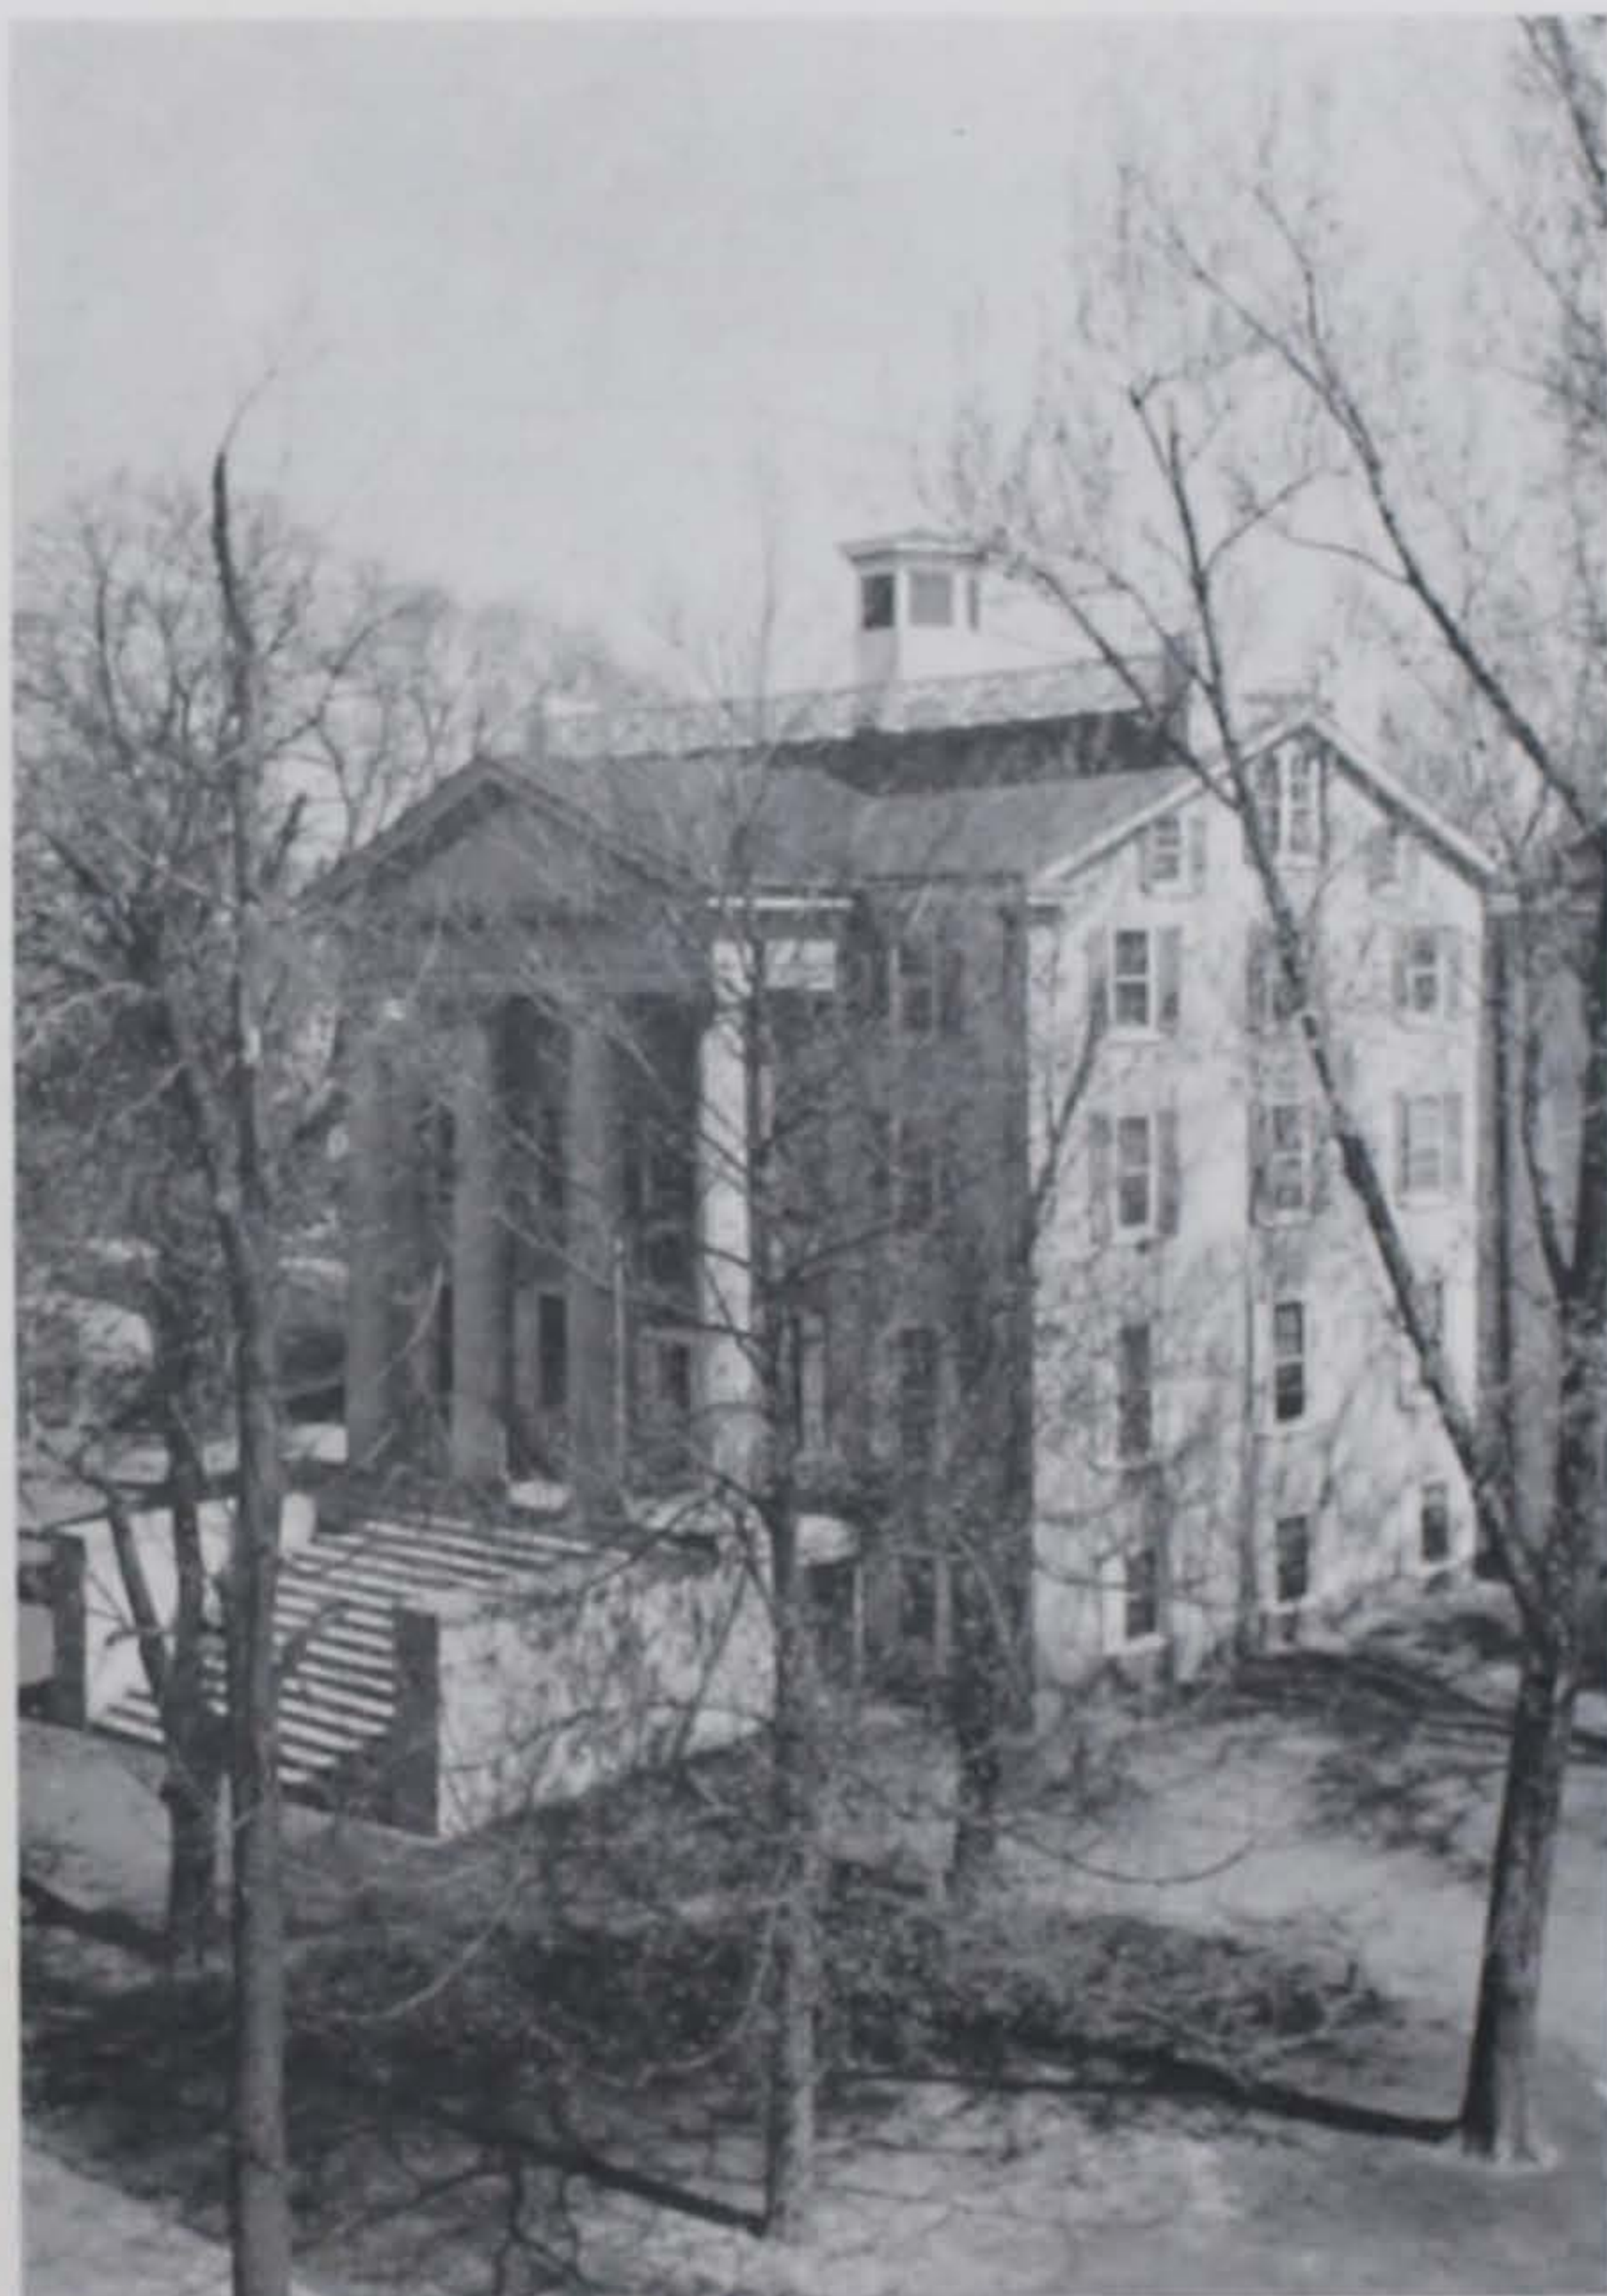

*Oh, cruel, cruel, cruel fate, that I am just a
lowly freshman!!"*

This, along with green bands, red, old gold, and black socks, and dinks for the boys, was our introduction to Ursinus. Our first week here was an eventful and, at times, a bewildering one. The bright note of the week was the

Freshman Reception where the Navy (200 strong), upper classmen, and freshmen got to know each other.

It wasn't long before we discovered Brad's peanut butter cake and sandwiches and the "Crossroads of the Campus", the Supply Store. Aided by the Juniors we secretly elected Don Wickerham president, only to have him kidnapped and returned just in time for our Freshman Banquet.

Millie Wilson, Jackie Landis, and Phyl Palacio's impersonation of the Andrew Sisters brought more laurels to the freshman class when they won first prize on Amateur night. We looked forward to our first Christmas week activities, but the flu epidemic decided

THE FOUR HAPPIEST YEARS

otherwise. History 1 was our chief headache in a week of "exam blues", but we managed to pull through.

Second semester brought sorority rushing, and the girls added another link to their growing chain of never-to-be-forgotten experiences. In the spring Ursinus was at its best with Navy Retreat, tennis, twilight softball games, and canoeing on the Perk.

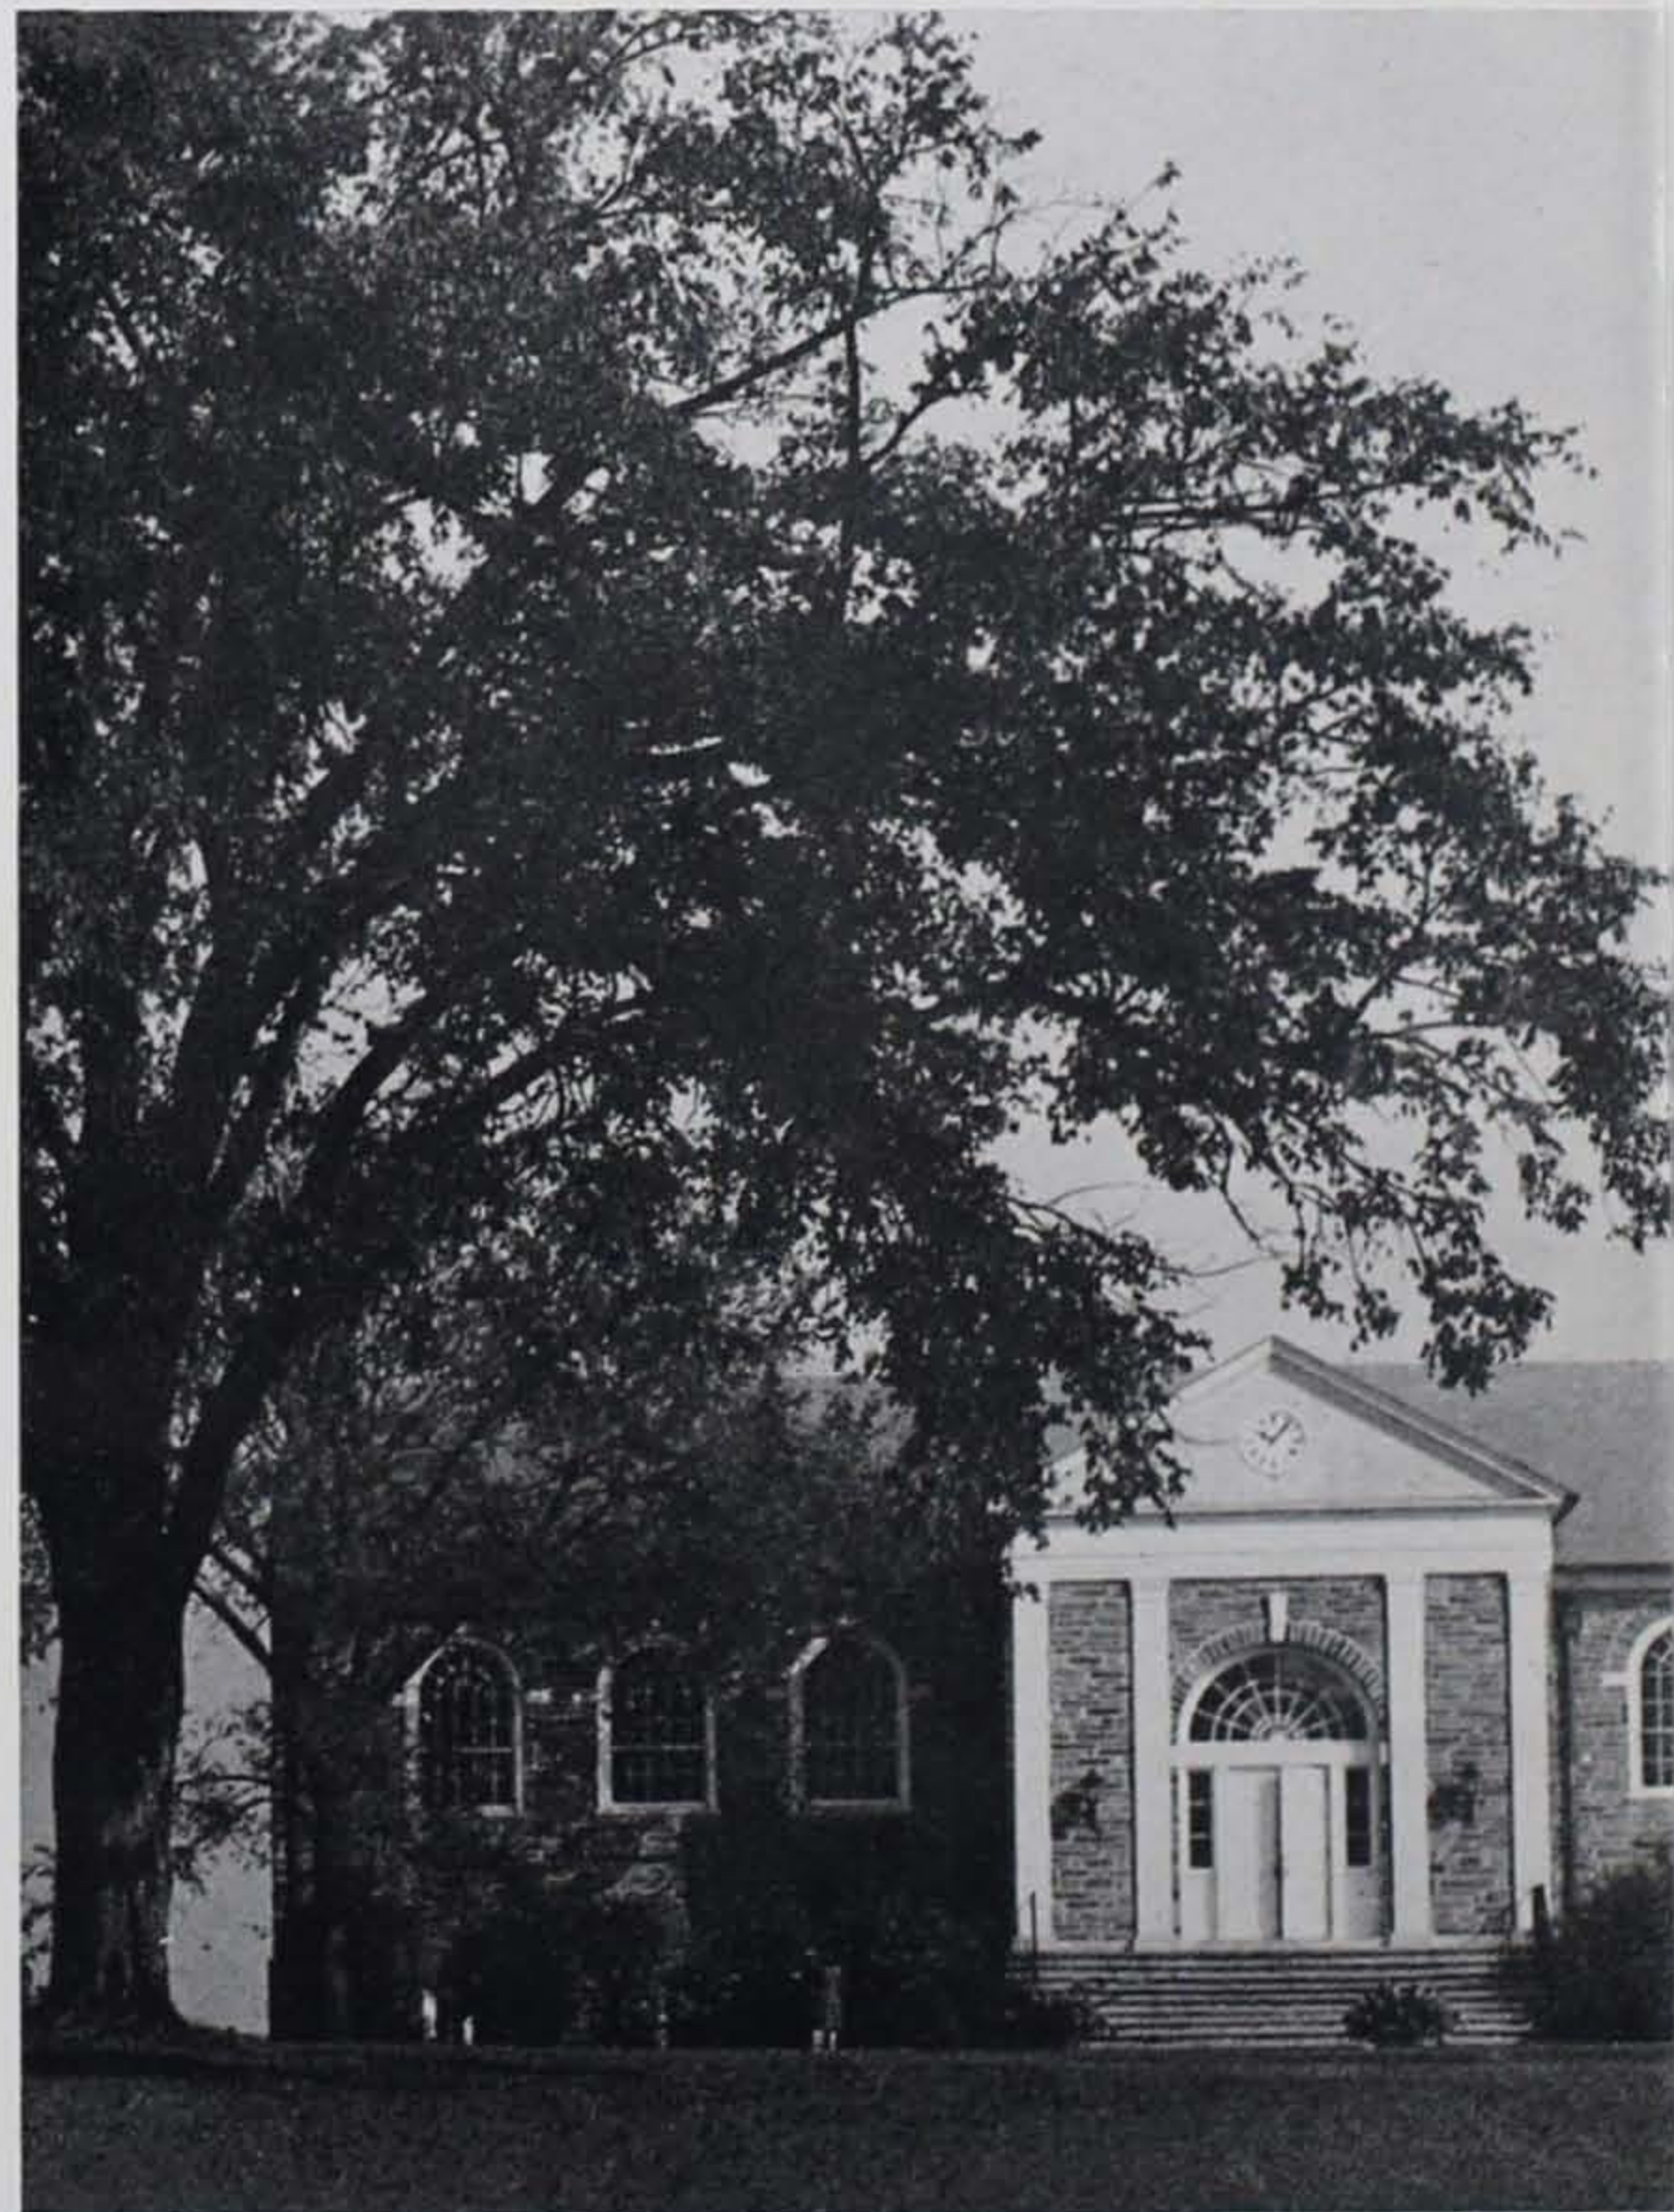

Returning for our sophomore year, distinctive, as always, we elected the first woman class president in the history of the college, Lois Wilson. Also among the "firsts", girls were now occupying Freeland, Stine, and Derr,—a sacrilege to the men, some of whom were settled, to their disgust, in Glenwood and Duhring.

Brad closed his shop (we lost weight), and Keyes' Kingdom of Sophomores initiated the frosh into the Ursinus way of life and soon had them toeing the line. Phys-Edders set off Friday the thirteenth, sporting signs "Philly or bust", on a memorable canoe trip—seems they could only manage the 20 mile (as the canoe flies) jaunt to Norristown.

Two hundred couples found a gaily decorated gymnasium, symbolizing April Showers, the scene of the Soph Hop which featured Jimmy Ray's band. It was a great success, with us Sophomores paying for it ourselves.

Esther White and Millie Wilson were sophomore attendants of Peg Hudson, May Queen, in "A Midsummer Nights' Dream", while George MacNeal was the current choice among the men for their "queen" in the traditional pageant "take-off". MMMM—remember that Navy Ball on June 2? The gym was momentarily transformed into an officer's club of Navy blue and white, and as the revolving mirror in the center cast its moving reflections over the crowd, we danced in the dimmed light to the slow, sweet strains of "Goodnight Sweetheart".

Came the fall of 1945 and again something new to get used to. The Navy had packed up its various ditty bags and withdrawn, leaving only memories behind. We returned to find ourselves missing the gob uniforms and the Navy lingo, though we had sometimes com-

OF OUR LIVES

plained about them while they were here. Things were a little strained at first. People didn't know one another, and it was something new to us, who had known only the navy, to have unrestricted civilian men. But we soon began to make friends with the veterans, many of whom had, after all, known Ursinus when we were but high school teenagers.

By spring, the fraternities were reorganized, and we had our first Intersorority-Interfraternity Ball in three years. Yes, Ursinus was getting back to normal. The men, many of whom had known each other well at Ursinus before, were beginning to take the lead in campus activities, which the girls, saddled those responsibilities for two years, gratefully surrendered. Messikomer's basketball team captured the Middle Atlantic Southern Division crown, winning all but one conference game.

The supply store, almost deserted the first semester, began once again to draw its bridge fans—to resume its position as the center of Ursinus life, and spring fever exerted her age-old grip. Marjorie Coy and Lois Wilson reigned as queens at our Junior Prom, the scene of which was an old southern plantation.

Summer vacation over, we began to wend our way back to school, many of us tanned from jobs at camps and shore resorts, hardly believing that this was our last year to undergo the confusion of making up our rosters. Still, we thought we were fairly used to it by then and hardly expected any more changes to become acclimated to—after all, we were seniors!!

What a shock to find ourselves, seniors who should by this time know everyone, only a minority among the 900 students now attending Ursinus. This was 400 more than we had ever known, and new faces were more predominant than old ones. Where were they all rooming? The Annex, formerly a Jewish Home, was one answer housing 100 frosh and veterans.

Things began to shape up slowly. Dining room tables sat eight instead of six, and an amplifying system was installed. New fireplaces, built in the College Woods, provided ample facilities for outdoor picnics and doggie roasts. New clubs were formed and old ones reorganized. A music room and several reading rooms were set aside in the library to accommodate the overflow of the men day-students.

Yes, Ursinus was changing alright, and we Seniors were not to be outdone, with our senior week-end and bang-up ball at Sunnybrook. Eleven of our class were elected to the Who's Who Among Students of American Colleges and Universities. Commencement announcements were ordered as the grand finale approached.

Spring again, and now, as these four years flash before our minds, we are about to be graduated. Some of us have been together for four years. Many started out in other classes and returned to graduate in the Class of '47. Ahead of us lies we know not what, but wherever our lives may lead, whatever we may be doing in the future, Ursinus will remain a myriad of happy memories, great and small, important and insignificant, to return to us in unguarded moments and remind us of the four happiest years of our lives.

ORGANIZATIONS

Where students met and worked
together to develop their talents
by association with others of sim-
ilar interests.

MEN'S STUDENT COUNCIL

The Men's Student Council is made up of representatives from each class elected at large by the men students. At present the council consists of ten members—eight upper classmen, one of whom is a day student, and two freshmen.

The purpose of the council is to serve as the governing body of the men students and to bring about a plan of closer co-operation between the administration and the men students. The council enacts its own laws and regulations and inflicts penalties when these are broken.

With the large increase in the male student body this year, the council returned to the level on which it operated before the war. The membership was raised from seven to

ten men and when Mr. Seiber Pancoast returned from the service as Dean of Men, he was present at all meetings and helped bring the council and administration closer together.

The increase in the size of the student body brought about a parking problem which the council helped to solve by the issuance of regulations and the registration of all motor vehicles.

Regular meetings are scheduled for once a month; but because of the great increase in activities, many special meetings had to be called. Lewis Ross as president, Seth Bakes as vice-president, and Sheridan Much as secretary-treasurer were the officers for this year.

Top, left to right: Much, Ross, Barker. Middle: McKenzie, Bain, Bakes, Detwiler. Bottom: Dipple, Wilson.

WOMEN'S STUDENT COUNCIL

Under the capable leadership of Marjorie Coy, president, the Women's Student Government Association carried on this year its function of self-government by student representatives with great success. Organized into three divisions, Executive, Legislative, and Judicial, the WSGA has endeavored to promote whole-hearted co-operation and interest in this policy of self-government.

The responsibilities of the Executive Branch are many, for it directs the Women's Dormitory Committee, the Central Nominating Committee, the Booster Committee, Sophomore Rules, and the Junior Advisory Board. The women are directly represented in the Senate, which comprises the Legislative Branch, while the Judicial Branch enforces

the rules and tries offenders.

An active part in campus life on the part of each woman student is encouraged by Council sponsorship of several important social events during the year. The annual Christmas Banquet and dance, sponsored jointly with the Men's Student Council; the May Pageant and other activities of the traditional May Day; and the Lorelei, a turn-about dance, are events promoted and directed by the council but worked on by all the women students.

WSGA officers for this year were Marjorie Coy, president; Florence Cherry, vice-president; Floy Lewis, secretary; and Betsy Greene, treasurer. Representatives are elected annually from each class.

WOMEN'S SENATE

Top, left to right: Stringfield, Ruskie, Derr, Blauch. Middle: Stolze, Wenkenbach, Coy, Cherry. Bottom: Marple, Muffley, Helms.

One of the most democratic student organizations on the campus is the Senate, the legislative branch of the Women's Student Government. The Student Council acts only in an advisory capacity to this group.

The members include one representative from each women's dormitory, the girls' Day Study, and the "Weekly"; the president of both the Women's Athletic Association and the YWCA; and the chairmen of the Booster Committee and the Women's Dormitory Committee.

This group of students acts upon current problems arising in the dormitories or on campus, presents the requests of women students to the administration of the College, and revises Student Government rules when-

ever the need is felt to be urgent.

They maintain close contact with the individual students and the student body as a whole through the particular dormitory representatives, and in so doing, contribute toward a better understanding between the student body, student government, and the administration.

The meetings of the Senate are held at least once a month in combination with the Senate Advisory Committee, which includes the Dean of Women and three preceptresses. This Advisory Committee may enter into the discussions of the group but may not vote. In this manner students have full control over their problems.

SOPHOMORE RULES COMMITTEE

The Girls' Soph Rules Committee, headed by Nancy Pharr, put the freshmen through their paces by having them wear such niceties as green bands, name cards, and different colored socks. Social events were held at noon about twice a week, and all Frosh girls graciously accepted the invitations of their guardians to attend.

One of the freshmen accomplishments was the formation of a band for the Swarthmore football game with Pat Pattison as drum majorette with a mop for her baton. Although Soph Rules lasted only three weeks, it will long remain in the memories of the freshman girls.

The sophomore men eagerly launched a

campaign to indoctrinate the new men students. While the lowly frosh were learning the Campus Song, they were frequently heard serenading on Freeland steps, seen sporting fancy hair-dos, and hiding from the "Master Race" under the command of E. J. Helmbrech. The scalping season was highlighted by the "Pajama Parade," making its first appearance on the campus since its banishment in 1941. Many wet, ragged, scarred individuals, and one de-trousered figure, stood out among the throng that evening in October. The climax came when the Frosh Banquet was interrupted because the gathering lacked both silverware and their newly elected president.

THE
1947
RUBY

That an editor, or even co-editors, could not publish a yearbook unassisted goes without saying; and it is for the wholehearted assistance and cooperation of the 1947 *Ruby* staff that we, the editors, wish to express our sincere thanks.

We have tried to capture in the *Ruby* the spirit of Ursinus in a panorama of the four years we have spent here; and it is only through the diligence of our editorial staff in helping us with copy, candid photography, and art work, and our business staff, which, under the leadership of Jane Estabrook, business manager, made it possible for us to pay for them, that we have been able to carry our ideas to completion.

The *Ruby* is published by a staff elected by the senior class, and this staff carries the complete editorial and financial responsibilities on its own shoulders. Credit is due, therefore, not to one person, nor to two, but to the entire staff for giving to you a book which we hope will be a collection of happy memories.

THE URSINUS WEEKLY

Since the inception of the *Weekly* on September 20, 1902, it has continually progressed from a four column, four page paper, which was much shorter than the one published today, to the present five column paper, which covers the news of a college that has more than doubled the enrollment of that year. The initial issue—that of making the paper the voice of the students of Ursinus—has been the foremost aim of the succeeding editors. For, at its best, the college paper should be a true picture of campus life, embodying its best traditions, records, and hopes.

This year we have endeavored to maintain the high standards established by the *Weekly* staffs of former years. In realizing that the

paper is one of the most important means of contact which the students, especially the great number of day students, have with the college activities, we have made an effort to present a complete cross-section of events when covering the general news events. Our editorial column has been used to comment on situations, events, and proposals concerning those activities which have had some relation to the majority of students. Those who have written the articles which appeared in the IRC column have presented discussions on national and international questions which they felt should be of vital concern to the future leaders of the country.

Top row, left to right: Warner, Haimbach, Koenig, Schoeppe, Loomis, White, Much, Day, Anderson, Cain, Dulin. Middle: Reynolds, Bruschi, Ruskie, Wilmot, Rathgeb, Fischer, Coy, Lewis. Bottom: Brown, Taylor, Haller, Marple.

As a member of the Associated Collegiate Press connected with the University of Minnesota, the *Weekly* is entitled to a critical service and rating made by a competent board of judges. The ratings are based on the size of the college and the frequency of publication. The honor ratings are classified as All-American, first, second, third, and fourth class. Last year the *Weekly* received a second class rating with an excellent grading in news coverage and content, organization and make-up, and sports writing.

In June of 1943 the first woman editor accepted the responsibilities of this publication. During the war years and those immediately following, the editorial staff and business staffs have remained largely in the hands of the women. Next year some of these positions will be filled by the men as was the custom in former years. The editor, business and circulation managers, and the managing editor are nominated by the retiring editor and ap-

proved by the *Weekly* Board of Control. This board is composed of Dr. Norman E. McClure, president of the college and chairman of this group, Dr. Calvin D. Yost, Jr., Mr. Maurice Bone, Dr. Charles Mattern, and Dr. Harold Brownback. Dr. Yost serves as the advisor to the editor and staff.

This year Jeanne Loomis was managing editor, while Sheridan Much headed the sports department, aided by Jane Day, sports assistant. Marjorie Coy was business manager for the fourth year, attaining that position in her freshman year, and Betts Ruskie was head of circulation.

And so, after editing the *Weekly* for two years, it is my duty to extend my sincere wish for success to the new editor and staff. As Ursinus continues to expand, the potential force and importance of the paper will grow. The editors must meet this challenge and strive to maintain a publication which will be of interest to all students and alumni.

Y.M.C.A.—Y.W.C.A.

The student YMCA-YWCA is affiliated with the national "Y" organizations, but has its own local autonomy. Each student here has his choice of being an associate or active member. Active membership is determined by accepting the statement of purpose and participation in all functions of the "Y"; all other students are considered associate members.

The central organization of the combined "Y" is the cabinet composed of the eight elected officers and committee and commission co-chairmen, plus the cabinet advisors.

The first and third Wednesday of each month is "Y" night. At this time the committees and commissions hold their meetings followed by an "open" cabinet meeting where the work of the "Y" is coordinated.

Students at Ursinus are first introduced to the College and the "Y" through the Freshman Handbook which acquaints the student with the activities on campus. A Big Sister or Brother is given each new student to aid in his orientation to this new environment.

The activities of the "Y" during the past year were numerous; the Hallowe'en party, the Pancoast-Boswell debate on "Inflation", the candlelight communion service climaxing Christmas week, the Valentine's Day Dance opening the World Student Service Fund drive, Interdenominational Night, the Easter Musical, and "Y" Week.

The YMCA-YWCA has contributed through its programs to the growth and development of the character and personality of the students.

Top, left to right: Johnson, Nikel, Wentz, Bell, Kromka, Warner, Brill. Middle: Barr, Pirazini, Derr, Derwianka, Newlin, Idler.

This year the Student YMCA-YWCA has been active intercollegiately. It is a participating member of the National Student Christian Movement, in that it contributes financially and attends regional meetings and conferences of this group. Because of this active participation, Jean Anne Schultz is Area Chairman and Barbara Deitz is on the Regional Council.

During the Christmas vacation, a kaleidoscopic view of the "Y" activities at Ursinus was on display, and a delegation of six representatives took an active part in the National Student Assembly at Urbana, Illinois.

ROSICRUCIANS

In order that an outstanding record of scholarship among women students at Ursinus may be recognized and encouraged, the Rosicrucian Society was founded in 1939 by Dr. Elizabeth B. White; and under her sponsorship it continues to be an organization whose purpose it is to foster academic endeavor on the Ursinus campus.

Each semester women students who have attained an average of 87.5 or better become temporary members of the organization; and when this average has been maintained for four semesters, not necessarily consecutively, full-fledged and permanent membership is automatically bestowed.

The society also acts as an advisory board, whose individual members may be called upon for assistance whenever possible in various.

As an incentive to freshman women for more careful and thorough study, the Rosicrucians award each year at Commencement a prize to the freshman who has attained the highest average for that year.

Janice Wenkenbach was president of the society for this year while Flora McCaughin handled the duties of the vice-president. Katherine Esterly and Dorothy Marple were the secretary and treasurer.

Marjorie Coy, Norma Gregory, Dorothy Kleppinger, Jacqueline Landis, Barbara Manning, Betty Walton, and Joan Wilmot are the other senior girls who are Rosicrucians, while Constance Bartholomew, Florence Cherry, Marjorie Djourup, Helen Gorson, Anna Ivins, and Marylee Sturgis are the junior representatives in various major fields.

CUB AND KEY

Cub and Key has served as the honor society of the men of Ursinus since 1939. It has continually sought to tap into membership those men of the College who excell in character, scholarship, and participation in activities. The organization fulfills a twofold purpose, acting as an incentive to the men of Ursinus by spurring them on to greater endeavor and contributing to the welfare of the College as a whole by the activity of individuals.

A self-perpetuating group, membership in Cub and Key depends upon the approbation of one's fellow students. The Constitution of the Society lays down the qualifications and sets up a system of evaluating prospective members. But the campus members them-

selves have the last word on whether or not John Smith shall receive the red, old gold, and black ribbon and wear the prized pin. The Junior Prom is the traditional occasion for the tapping ceremony, but this year the memorable Senior Ball was the scene of an additional ceremony.

While Cub and Key is not an ostentatious organization, the Society, unlike most campus organizations, continues to function as an alumni body after graduation. Among its activities is the creation of a scholarship fund. Several meetings are held annually which serve to effect a grand reunion and to direct once again the interest of these outstanding graduates to their alma mater.

DEBATING CLUB

This year a new chapter in the history of Ursinus debating was inaugurated. The separate men's and women's clubs were consolidated into one society under the able sponsorship of Dr. Maurice W. Armstrong. A workshop for debate in the form of Public Speaking 5-6 was set up in which most of the club members were enrolled.

The Debate Club offers its members an opportunity to engage in verbal battles with representatives of other colleges on issues of the day. Invaluable experience and training in public speaking is a concomitant benefit.

Ursinus is a member of the Benjamin Franklin Debate Conference, the forensic league including ten colleges of the Philadelphia area, and sent debaters to Princeton to

compete in the annual tournament in which Ursinus tied for second place last year.

Our debaters held forth affirmatively and negatively, in judged and non-decision debates, at home and abroad. Several trips or "swings" were planned to include distant colleges. The chief topic was the controversial labor-management question—"Resolved, that labor should be given a direct share in the management of industry". Other questions argued ranged from the United Nations question to the resolution that co-education should be abolished.

The position of manager, entailing arrangement and scheduling of debates, was held by Bob Wilson and Dean Evans.

JAMES M. ANDERS PRE-MEDICAL SOCIETY

The J. M. Anders Pre-Medical Society, founded in June, 1932, is now the largest it has ever been in its fifteen years of existence. The society was named for Dr. James M. Anders, a member of the board of trustees and an outstanding medical figure in Philadelphia.

The purpose of the society is to acquaint the pre-medical students of Ursinus with the requirements of various medical colleges, and also to bring their attention to some of the outstanding advances in the medical world.

Throughout the year, speakers have addressed the group on various topics such as modern surgery, plastic surgery, venereal diseases, and the human blood. Our speakers included several former students of Ursinus who

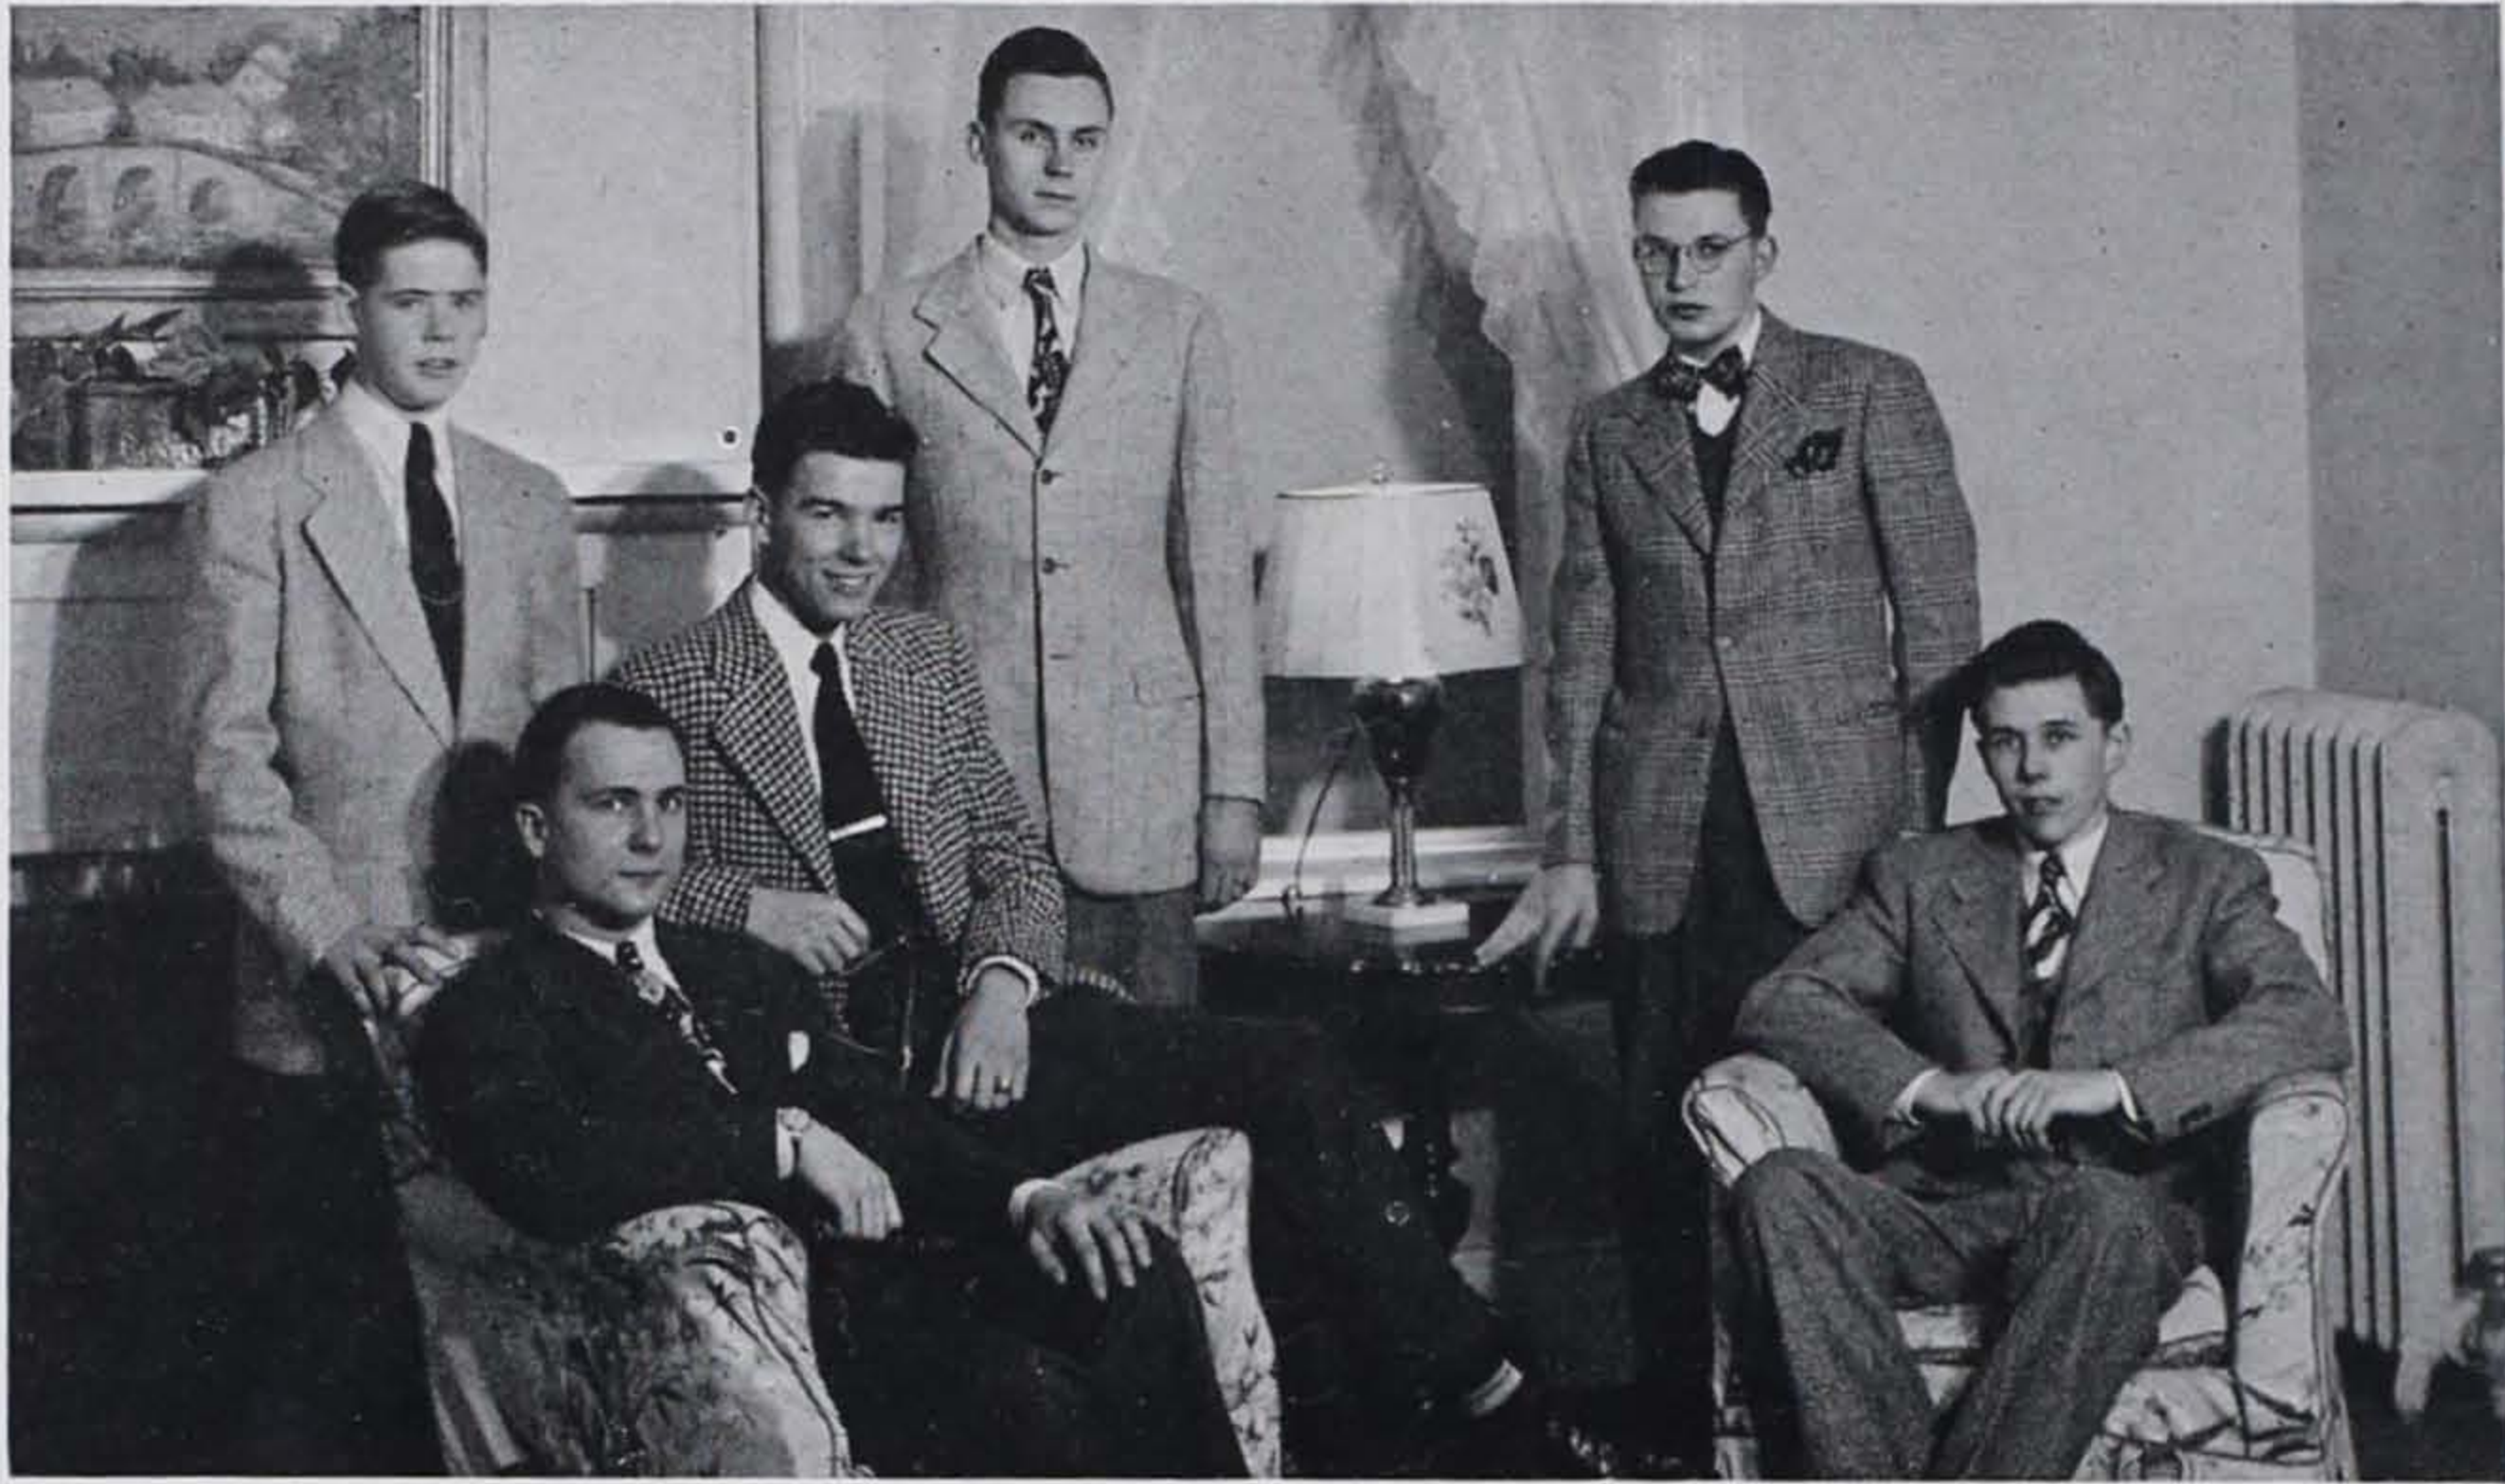

are now well known in the medical field. Dr. William Clifford Thorogood, and Dr. Clarence Livingood, both '32, were two of our speakers this year. Dr. Leland Brown, an eminent haematologist of Philadelphia, was another.

Included in the Pre-Medical Society are students interested in allied fields. This included pre-veterinary and pre-dental students, as well as those who intend to study nursing, occupational or physical therapy, medical technology, and students primarily interested in various aspects of biology.

Dr. J. H. Brownback, head of the department of Biology, is the advisor of the society and has done much for the pre-medical students by his guidance and assistance.

INTERNATIONAL RELATIONS CLUB

As the United States increases its participation in world affairs, new significance is attached to groups such as the International Relations Club. The public must be well-informed on questions of world-shaking import. To cause the student-public to be aware of these problems and to provide a center for intelligent, informed discussion of them is the purpose and function of the International Relations Club.

I.R.C. clubs are located on nearly every campus in the country, through the beneficence of Andrew Carnegie's endowment for international peace. Books are supplied to the clubs which enable our I.R.C. to maintain its section of the library. The organization is also encouraged by the Foreign Policy Asso-

ciation.

This year Mr. Douglas Davis of the History Department was chosen sponsor of the group, and Bob Wilson and Jack Harsch planned fortnightly programs which stressed discussion and encouraged the members to express their views. Outside speakers as well as members of the faculty were invited to appear before the club.

The I.R.C. sent delegates to a number of intercollegiate conferences and the tradition of a joint meeting with the I.R.C. of Albright College was continued. In the I.R.C. column of *The Weekly*, club members editorialize on the changing aspects of the world situation.

New members are chosen from a list of students who have made formal application.

ALPHA SIGMA NU

Alpha Sigma Nu, which was founded in 1929 by Miss Rebecca Price, celebrates its eighteenth birthday this year. Miss Price, the first president, established its purpose of promoting social life and cooperative spirit, and it has been followed ever since.

Weekly meetings have been planned so that the first meeting each month is a business discussion, and the other meetings are social gatherings. Different girls plan the activities for each get-together, and the friendly feeling which grows out of such opportunities to relax together is the tie that binds Sigma Nu together.

Sigma Nu is always busy planning some

novel, social event; just as this semester they chose a hayride theme complete with a clear, moonlit night. Of course Old Timers' Day always calls for a luncheon date with sorority alumnae, but perhaps the biggest event in each year is their semi-formal dinner dance in the Spring. Ideas pop, telephones buzz, paint brushes swish; an enthusiastic hum is everywhere. The dance is held at a country club somewhere in the Philadelphia vicinity, and to everyone it is a pleasant memory. A sorority picnic is their last farewell to each other for the summer, but they know that autumn will bring them together again as sisters in Alpha Sigma Nu.

KAPPA DELTA KAPPA

In 1938 a group of girls formed a sorority which they felt would embody their ideals. It was the fifth sorority to be organized on the Ursinus campus, and it was called Kappa Delta Kappa. The Greek letters were to represent to this group Purity, Justice, and Beauty. Their purpose was to form a social organization which would create a bond between the alumnae and the undergraduates, and to form a group to work for the advancement of the College.

Although the main function of a sorority is for social benefits, KDK also contributes to college activities, in that each year it presents a subscription of the New Yorker magazine to

the Library. In addition, if any plea is made by charitable organizations for financial aid, the sorority makes a contribution.

Along social lines the sorority activities are highlighted by weekends at Arcola and the seashore. During exam week their sponsors, Dr. and Mrs. Eugene Miller and Mr. and Mrs. Everett Bailey, always prepare a delicious breakfast for all, in farewell to senior members of the sorority. Naturally the climax of social events is the dinner dance which every sister attends with enthusiasm.

The meetings of KDK are held weekly, but only the meetings on the first and third Thursday of each month are compulsory.

OMEGA CHI

"True worth is being, not seeming." With this principle in mind, a group of young women in 1926 organized the society of Alpha Chi Lambda. Each felt that as a result of their similar ideals, a true sisterhood based on lasting friendships could be formed. After this organization developed a constitution and chose its colors, membership was increased, and it continued as an active participant in campus life. In 1935 it became known as Omega Chi, still maintaining the same spirit which has predominated for the past two decades.

During the school year Omega Chi includes in its social program various informal gatherings, the theater-party, and the annual dinner

dance—the most anticipated event of the year. In the interest of scholarship this organization also offers the Ellen Schlaybach Memorial Prize to the woman of the Senior Class having the highest average. It was established in memory of Ellen Schlaybach, president of Omega Chi in 1938. Through the years Omega Chi will be remembered as the basis for new friendships and the continuation of old ones.

This year's president was Bonnie McCrane, while Shirley Friday was vice-president. Marion McFeters, Marjorie Kirkpatrick, Edith Hess, and Edith Neely held the other offices.

PHI ALPHA PSI

In 1907, three girls decided to organize a sorority. They consulted Dean Kline for a Greek name and motto. Truth, Friendship, and Sisterhood, was the motto, Phi Alpha Psi, the name.

Although the purpose of the sorority was largely social, the members invited into membership only those with high standards. Fearing the formation of cliques, the College authorities discontinued all organizations in 1913 and Phi Psi was therefore disbanded.

In the fall of '29, a group of girls agreed to organize a sorority. The first regular meeting of Alpha Phi Lambda was held in October. In composing their rites, the girls attempted to impart into words the spirit of sisterhood;

the arrangement of the letters spells PALS—Personality, Ambition, Loyalty, and Scholarship.

The idea of joining Alpha Phi Lambda to Phi Alpha Psi came in 1930. It was concluded that the two sororities should be combined and named Phi Alpha Psi. A glance at the record shows that Phi Psi fulfills its original goal of aiding the College by supporting the Women's Dormitory Fund, contributing "Friends of the Library", and a student loan fund for its sisters. The social page is a list of traditions—annual dinner dance, reunion of alumnae, Arcola trip, Old Timers' Day luncheon, and a trip to the shore following commencement.

TAU SIGMA GAMMA

Tau Sigma Gamma originated in 1929 with a group of girls from Maples who cherished high ideals and had a desire to create a close bond of friendship which would exist not only while they were at Ursinus but would continue to bind them together after they left these closer realms of College.

The pine tree and star are the symbols of Tau Sigma Gamma and the girls have as their aim to be "Treelike, Starlike, and Godlike". Treelike, in that they desire to be straight, true, and upright like the pine; starlike, in that they wish their loyalty to be as radiant as the stars; Godlike, in that they wish to reflect the spirit of God in their acts and words.

Tau Sigs try to make Ursinus mean more to all the students by actively participating in and supporting the activities of the College.

Friendships and oneness are fostered by the doggie roast held early in the fall, a gala luncheon on Old Timers' Day with the alumnae back, and Christmas vacation, which finds students and alumnae together again for luncheon and a show. The spring semester brings another party, a weekend at Fernbrook, and a hilarious sun-baked weekend at Stone Harbor. The dinner dance at Llanerch Country Club proves a fitting climax for a wonderful year chuck full of memories.

ALPHA PHI EPSILON

The Alpha Phi Epsilon Fraternity was founded back in the days when many of us were just learning to walk. In 1925 a group of young men joined together for the purpose of creating a fraternity to forward college activities and maintain the Christian principles connected therewith. The log of APE members, past and present, together with their accomplishments in all fields, clearly shows that through the years the above aims have been fulfilled.

During the war years the APE's activities were somewhat limited. However, with the advent of peace and the return of veteran members, the fraternity is once more playing an active part in the college community.

At the beginning of the college year, a banquet and stag party did much to renew old friendships and solidify the organization. During the ensuing semester the numerous activities aided greatly in returning the fraternity to its pre-war heights. The outstanding event on the fraternity social calendar was, of course, the annual dinner dance, which will long be remembered as a most gala evening.

It is with great reluctance that the faternity bids "adieu" to those members who will graduate this year. For their contributions to this—our 23rd successful year—we extend to them our heartfelt thanks and with them an abundance of health, wealth, and happiness in the future.

BETA SIGMA LAMBDA

The Beta Sigma Lambda fraternity was founded in 1926 "in order to perpetuate comradeship to last among the future sons of Ursinus." A formal organization of the body took place three years later when it was officially recognized by the college. In the following years the fraternity grew and became a leading campus organization. Active work began in 1929 with just a few members, who wrote a constitution and by-laws for the fraternity. In the same year an alumni organization was started. It expanded along with the campus group to such an extent that today Beta Sigma Lambda has one of the best alumni organizations on campus. The campus

group remained active throughout the 30's, reaching, at one time, a membership of 67 men. During these years various activities were started, the biggest affair being the annual dinner dance held in late spring. This dance is to be resumed after the discontinuance during the war. A fraternity paper, the *Beta Sig Slants*, was published three times a year during that time, as well.

From 1943 to 1946 there was no active organization on campus, due, of course, to the members who were in the service. In the spring of 1946, however, three former members reorganized the fraternity and it became active once more.

DEMÁS

The Demas Fraternity of Ursinus College was formed originally by and for the athletes of the college. Derr Hall at that time was having little trouble capturing all the honors in the intramural contests, so the name "Demas" was agreed upon to stand for "Derr, Ever Mighty and Strong"; and in that manner the fraternity was organized in 1924. The Delta Mu Sigma coat of arms was officially adopted by the fraternity.

The present constitution was drawn up and ratified in 1935. This fraternity has as its main purpose the desire to engender a spirit of brotherhood and friendship and to develop a greater feeling of social unity among its members.

Delta Mu Sigma reached its greatest peak just before the war years; but during the war Demas members were one hundred per cent in the armed forces, and the activities of the fraternity were suspended.

When several old members came back to the Ursinus campus in the fall, the fraternity was reformed and reorganized. It is the hope of the former members to have Demas regain its standing as one of the strongest fraternities on campus. These returning veterans are David Ziegler, president; Elwood Shropshire, vice-president; Peter Tenewitz, secretary-treasurer; Richard Eckenroth, John Dahlman, and Herbert Dahlman.

SIGMA RHO LAMBDA

To link together in a bond of fraternity, men with like ideals and common interests and to further friendship and fellowship, Sigma Rho Lambda Fraternity was conceived and organized on the Ursinus campus in the fall of 1928.

The fraternity prospered and expanded from that date until the spring of 1944. At that time, because of a scarcity of men students brought about by conscription, the few remaining members voted to dissolve the organization for the remainder of the war. At an informal party in Rec Center, alumni and members watched the preceding president turn over to Martha Franklin, mother of the fraternity, the credentials, the minutes, and the banner of Sigma Rho.

With the termination of the war and with the influx to the campus of many former members, the fraternity resumed activities in the spring of 1946.

Sigma Rho Lambda holds regular meetings once a month and these scheduled meetings are supplemented by additional meetings when and if the urgency of business demands them. During the school year various activities are enjoyed, among which are stags and informal get-togethers. In addition, on Old Timers' Day, a dinner is held for the undergraduate members and for the alumni, while the spring brings the climax of fraternity activities, the formal dinner dance, held at a nearby country club.

ZETA CHI

At the regular meeting of Rho Delta Rho on March 29, 1933, the members voted to change the name of their fraternity. Thus, on that date, Zeta Chi was born. George Longacker, of Pottstown, rapped his president's gavel to close the meeting in September, 1933, that had given light to a newly composed song which was to be adopted by the fraternity.

Since those days ZX has seen many members pass through the portals of its brotherhood, among whom are many who were prominent in Ursinus athletics. Al Tkacz captained the varsity football team which routed Delaware 25-0 in 1940; Max Zeski excelled on the wrestling mat as well as on the gridiron; Al Hutchinson and Howard Mac-

Mahon, hoop-twins in the early war days, starred on local courts; "Toy" Dawson was the leading slugger on the 1940 team that copped the Eastern Pennsylvania Collegiate Baseball League title.

The past two years have seen another parade of good athletes. Bob Geist captained a scrappy quintet to a Middle Atlantic States Championship; Elliot Parks, co-captain, was one of the nine from ZX who won varsity letters in football in 1946; and George Moore led the 1947 basketball team to success.

Zeta Chi is proud of these men and other members, graduated and matriculating, who share the only real wealth—that of camaraderie—and who treasure a bank of happy memories.

MAY DAY

Millie Wilson
May Queen

In spring an Ursinus girl's heart fondly turns to thoughts of—the May Pageant. Each year the May Queen and her court hold sway over the traditional revelry, as parents, guests, and students assemble on East Campus. Millie Wilson wore the coveted crown of flowers this year; and her attendants were Marjorie Coy and Esther White, seniors; Anne Moister and Helen Derewianka, juniors; Jane Nagel and Jeanne Waltz, sophomores; and Doris Neill and Norma Young, freshmen—a group which was a fitting comple-

ment to the bright spring day set aside for the festivities.

The pageant is chosen from several submitted, and is directed by the prize-winning student author; a student manager, this year Ruth Reese; and some members of the faculty. The Women's Student Council plans the entire day, which includes a father-daughter softball game and a supper; and the Curtain Club produces a play in the evening, to make the day a gala one for all.

Attendants, left to right: Coy, Young, Neill, Waltz, Nagel, Wilson, Moister, White, Derewianka.

Shortly after the classic May Pageant given by the girls, the Ursinus men crown their queen of the May. They write their own version of the girls' pageant and, at the end of it, pay homage to their veiled queen. Last year George Kennedy was unveiled amid the array of masculine attendants gowned in multi-colored silks.

For an audience of the students, as well as a few townspeople, the men enacted their take-off on the girls' pageant, "The Candy Shop". The author of the original may have

been somewhat surprised at the new version of her work of art, but everyone thoroughly enjoyed a riotous evening.

The erstwhile pageanteers sold programs for two cents. These were also in comic imitation of the girls' and were a combination of coined nicknames and wisecracks. As the last attendant marched off East Campus, every heart was lighter for having seen the burlesque performance that ended the traditional May Day revelry.

SCENES FROM THE 1946 PAGEANT

CURTAIN CLUB

Our campus is full of potential actors, producers, directors, stage managers, wardrobe mistresses, make-up artists, and other theater workers, which it is the Curtain Club's duty to discover and develop. For this purpose each year there are two major play productions, several minor ones, entertainment along other lines, and an operetta for those musically inclined. These are entirely in the hands of the students with helpful guidance for the major plays from Mr. and Mrs. Donald Helfferich and for the operetta from Dr. William Philip.

When first joining the Club, we were automatically given the status of "extra" on the present rating system. When we had proved our willingness and ability to work, we were moved to the position of "understudy". To become a "player" required even more work; and once a "star", we felt we were well acquainted with the different aspects of stage production. But still the top had not been reached for with a "star" rating comes the

opportunity to be voted into the National Dramatic Fraternity, Alpha Psi Omega, of which Ursinus has the Delta Tau chapter.

From this lofty position we can look back over many years of fun, achievement, and self-satisfaction in such attainment. Remember the wonder with which we viewed the transformation of the stage into a hotel room, an English summer house, or a New York mansion! How astonishing to see the people we met each day on the campus changed to murderers, aged parents, detectives, wealthy playboys, and ardent lovers! What fun to watch new people emerge under the competent hand of the make-up artist! How hard the prop and costume committees worked to find just the right apparel and knick knacks to fit the setting and suit the parts! How many were the friends we made when meeting our fellow students on grounds of mutual interest!

Yes, the Curtain Club is one of the most treasured memories with which we leave the Ursinus campus.

Cast of "Ten Little Indians".

Scenes from "Spring Again".

Attempting to give a rounded repertoire, the Curtain Club terminated the '45-'46 term by the production of *Spring Again*. This light comedy portrayed a dotting wife who took things into her own hands and straightened out a family set topsy-turvy by a husband who allowed his interest in promoting the name of his father, a deceased Civil War general, to become an obsession.

With the '46-'47 term came a different type of play—the production of *Ten Little Indians* by Agatha Christie. Quite successful was this hair-raiser interjected with many shrieks, shots, and murders. Will we ever forget the

bloody corpse propped on the stage eliminating the chief suspect? And the astonishment with which we realized that his death had been a well-planned ruse?

Each of these productions had added new actors to the Ursinus boards and reestablished those already well acquainted with our stage. But the final production completing a grand '47 May Day boasted one of the largest casts to be handled in a Curtain Club production. With generous applause and much laughter the Ursinus rendition of *The Man Who Came To Dinner* was received; thus completing another season of successful theatricals.

BOOSTER COMMITTEE

Have you noticed all those clever posters which have publicized the various campus activities for weeks in advance throughout the year, and have you often wondered just who was responsible for them? Well, seven girls, the Booster Committee, have been responsible for them.

It is their job to try to create and foster college spirit and to gain the support of Ursinus students for all activities sponsored by recognized organizations. Any campus group needing assistance with the publicity for some special event merely supplies the materials or wherewithal, and the Booster Committee supplies the ideas, the talent, and the labor. This year the group has publicized

such things as the Senior Ball, Junior-Frosh Breakfast, football games, "Y" projects, the *Ruby*, the Junior Prom, and important Breakfast, football games, "Y" projects, the

The chairman of the committee is appointed by the Student Council and automatically becomes a member of the Senate. She, in turn, appoints six other girls, two from each of the three upper classes, as committee members.

Mary Jane Schoeppe had charge of these poster-makers this year. Millie Wilson and Barbara Parkinson represented the seniors; Carol Schoeppe and Nancy Twining, the juniors; while Faith Taylor and Kay Mehserle were the sophomore class members.

GLENWOOD QUARTET

The Glenwood Quartet is practically a tradition after only four years. They have entertained us at "Y" parties, formal dances, and May Day with renditions of "Mammy", "Stormy Weather", "When You're Smilin'", and many others, always with an enthusiastic group of listeners close by.

This quartet today has only two of the original members of the "good old Glenwood" days of 1944 when it was first originated. Bob Delheim, Bud Bartholomew, Ken Schroeder, and Herb Deen were the original four to harmonize together. During that year the quartet had gained its reputation and in turn found themselves singing over radio station WFIL and entertaining the veterans at Valley

Forge General Hospital.

In the autumn of 1945, a new bass, Dwight Morss, joined them when the Army called Bob Delheim to its fold. They began to sing at banquets and dances in this vicinity. A new tenor to replace Herb Deen, namely Michael Zingraff, was added too. This, our last year, found the boys back with the quartet as strong as ever, in spite of the fact that Dwight Morss had graduated to medical school. In his place we found Ian Smith, and the quartet never sounded better.

To these boys we wish to express our thanks for the excellent music they have supplied us with over the past four years.

FOOTBALL

The 1946 gridiron Grizzlies compiled one of the most peculiar records in the annals of Ursinus athletics. While winning but two games of a seven-game card, the Bears outplayed virtually every foe, but found the going tough when at the opponents gates. Coach Pete Stevens abandoned the former Ursinus single wing in favor of the T-formation, in order to realize better the potentialities of a light, fast squad. In five of the seven contests the Bear T-party functioned amazingly well, but seemed to lack a badly needed goal line punch. The starting eleven was juggled from time to time during the season, but the Bruins failed to show any real scoring capabilities in any games save the Juniata and Pennsylvania Military College scraps.

DREXEL 18—URSINUS 6

The year's initial encounter found the Bears in Philadelphia to exchange pigskin pranks with the Drexel Dragons. With Roncace, Olweiler, Detwiler and Much running wild, the Bruins outgained the Drexel club, made more first downs, and generally out-fought their hosts. Still, although they spent much of the balmy afternoon in the refreshing shadows of the foe's goal posts, the Grizzlies could tally but once. Olweiler skipped through a yawning gap in the Drexel forward wall early in the second chapter and raced unhandled, forty yards to the lone Bear tally. Drexel scored

its three markers on quick-breaking plays from its own fifteen, our forty and our thirty yard-lines. In the line Reid, Landes, Green and Parks were the Bruin stand-outs.

HAVERFORD 7—URSINUS 0

Playing on a foreign gridiron, and battling a stiff gale that hampered the passing efforts of both clubs, the Bears held a heavy and more experienced Haverford aggregation to a standstill until the last three minutes of a grueling fracas. It was only after the interception of a frantic Bear aerial coupled with a seventy yard touchdown jaunt by Captain Bob White of the Fords that the Grizzlies were squelched. With the wind at their backs in the third stanza the Fords pushed to the Bear ten yard line, only to be driven back by a doggedly furious Bruin defense. Late in the fourth period the Bears, sparked by Olweiler's sprints and Bakes' pass-grabbing, drove to the Haverford six-inch line, but were held there just two minutes before Saurman's fatal toss. In the line Blydenburgh, Dougherty and Drobek were outstanding on defense.

MORAVIAN 12—URSINUS 0

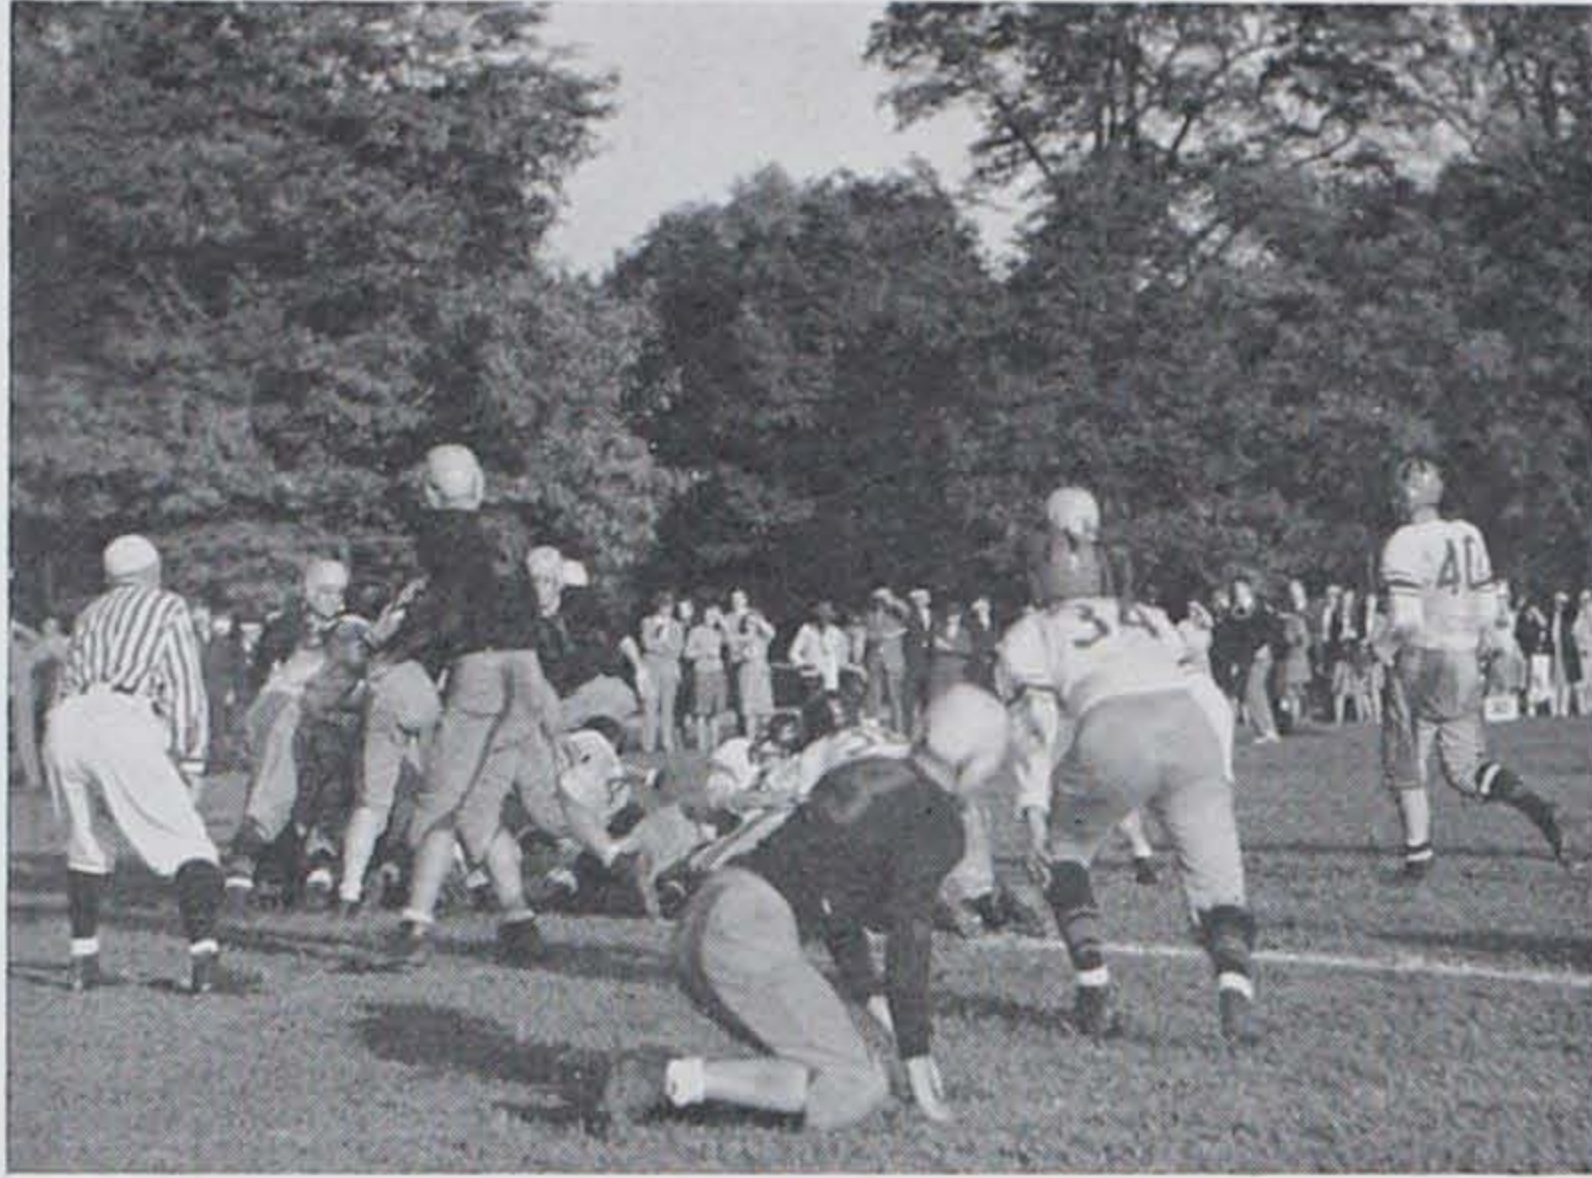

In the opening game on Patterson Field the Bears were decisively routed by an inspired Moravian juggernaut. The Greyhounds, sporting an unimpressive three defeat record, found everything to their liking in the fray, and rose to completely subdue each Bruin bid. Coach Stevens substituted freely in an effort to stymie the marching Moravian backs, but the visitors found their mark with touchdowns in the first and third periods and the Greyhounds had victory number one on ice.

SWARTHMORE 19—URSINUS 12

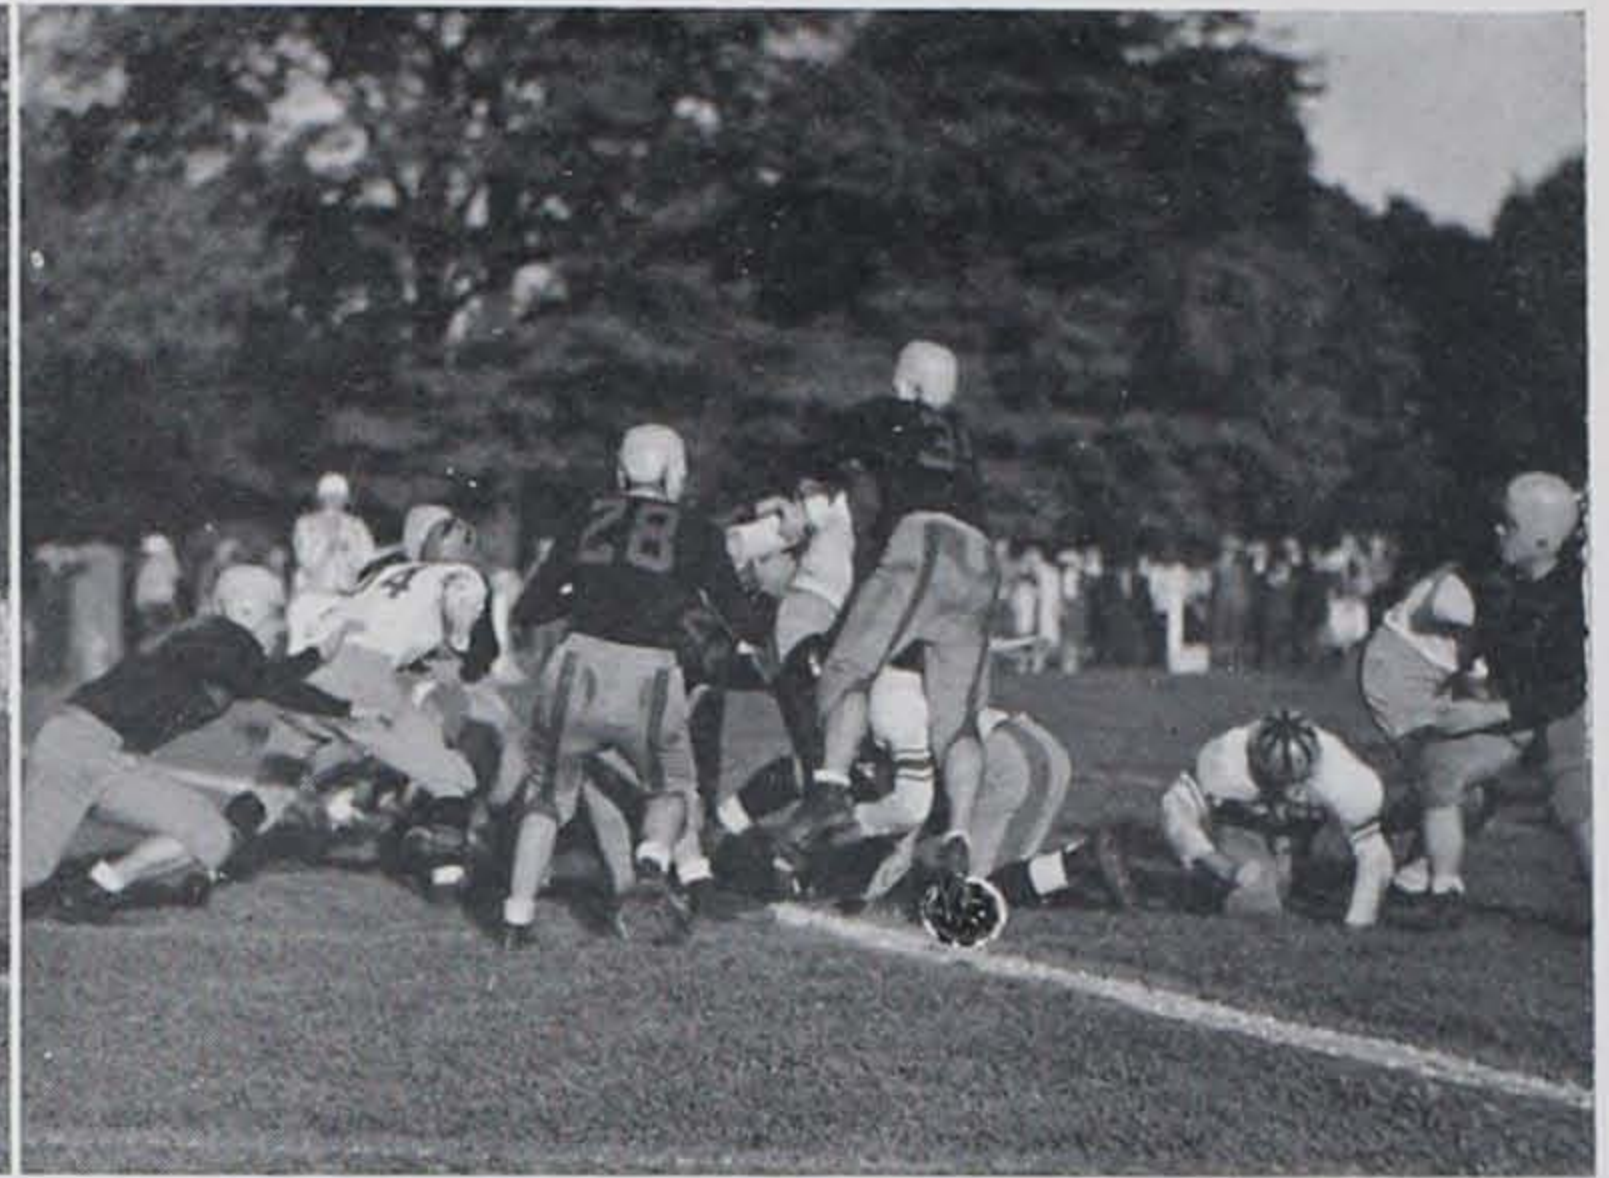

Cavorting before a large Old Timers' Day throng on the home field, the Bears displayed a blistering offensive game but were unable to halt three lightning Swarthmore thrusts and were submerged for the fourth consecutive week. Coach Lew Elverson of the Garnets removed the wraps from his prize scat-back, Bill Black, and that shifty son of Swarthmore promptly reeled off payoff scampers of ninety and forty-five yards respectively. Ursinus retaliated with a former bench dweller, Eddie Miller, who rose to glorious heights and slithered through tackle for one counter, but was unable to offset the brilliant work of the Garnet ace. The Bruins maintained the consolation of winning a moral victory, as they once again outgained their foe, and led by the heads-up generalship of Wally Ort, managed two scintillating touchdown drives. Miksch, Green, Parks and Landes performed nobly in a line that showed more offensive blocking and all-around power than ever before during the schedule.

PMC 0—URSINUS 13

Driving to two quick touchdowns in the second quarter, the Bruins nailed down their initial triumph on the PMC gridiron in Chester. Sports scribes had billed the tilt a brother versus brother battle, as Eddie Miller was facing brother Frank, performing in alien PMC togs; but neither of these worthies entered vitally into the afternoon's proceedings. Ed Stefanowicz pilfered the spotlight from the brother act when in the early minutes of the second canto, he embraced a misdirected

Cadet aerial and tiptoed down the sidelines to the Cadet five. Three plays later he completed his trip, circling end and driving into the cadet end zone. Later in the same period Ort slipped into pay territory on a quarterback sneak. Collier drop-kicked the point to wind up the Bear scoring efforts for the day. During the last half the Bear line, led by wingman Fred Tomafsky, exhibited fine defensive patterns to hurl back several assaults by a rejuvenated Cadet club. Bain set up the second Bruin marker by intercepting a PMC toss on the cadet twenty and racing it to the foe ten yard line.

JUNIATA 3—URSINUS 20

After having mastered the maneuverings of successful T-formation football the Bears were primed to take the scalps of the Juniata Indians. After a slow start the Bruins suddenly caught fire at the close of the first period when Blydenburgh broke through to blast a foe punt back into the end zone, where John Kajmo cornered the sputtering oval for a Bear tally. After yielding a Juniata field goal, the Grizzlies drove the length of the field in the second quarter to score on Roncace's twenty yard scamper. In the final quarter Tenewitz, speedy reserve back, scored from the two, after

having set up his own touchdown with a neat pass interception. Much converted two placements in two attempts, while Landes, Blydenburgh, Miksch, Parks, Clark and Kajmo sparkled in the line.

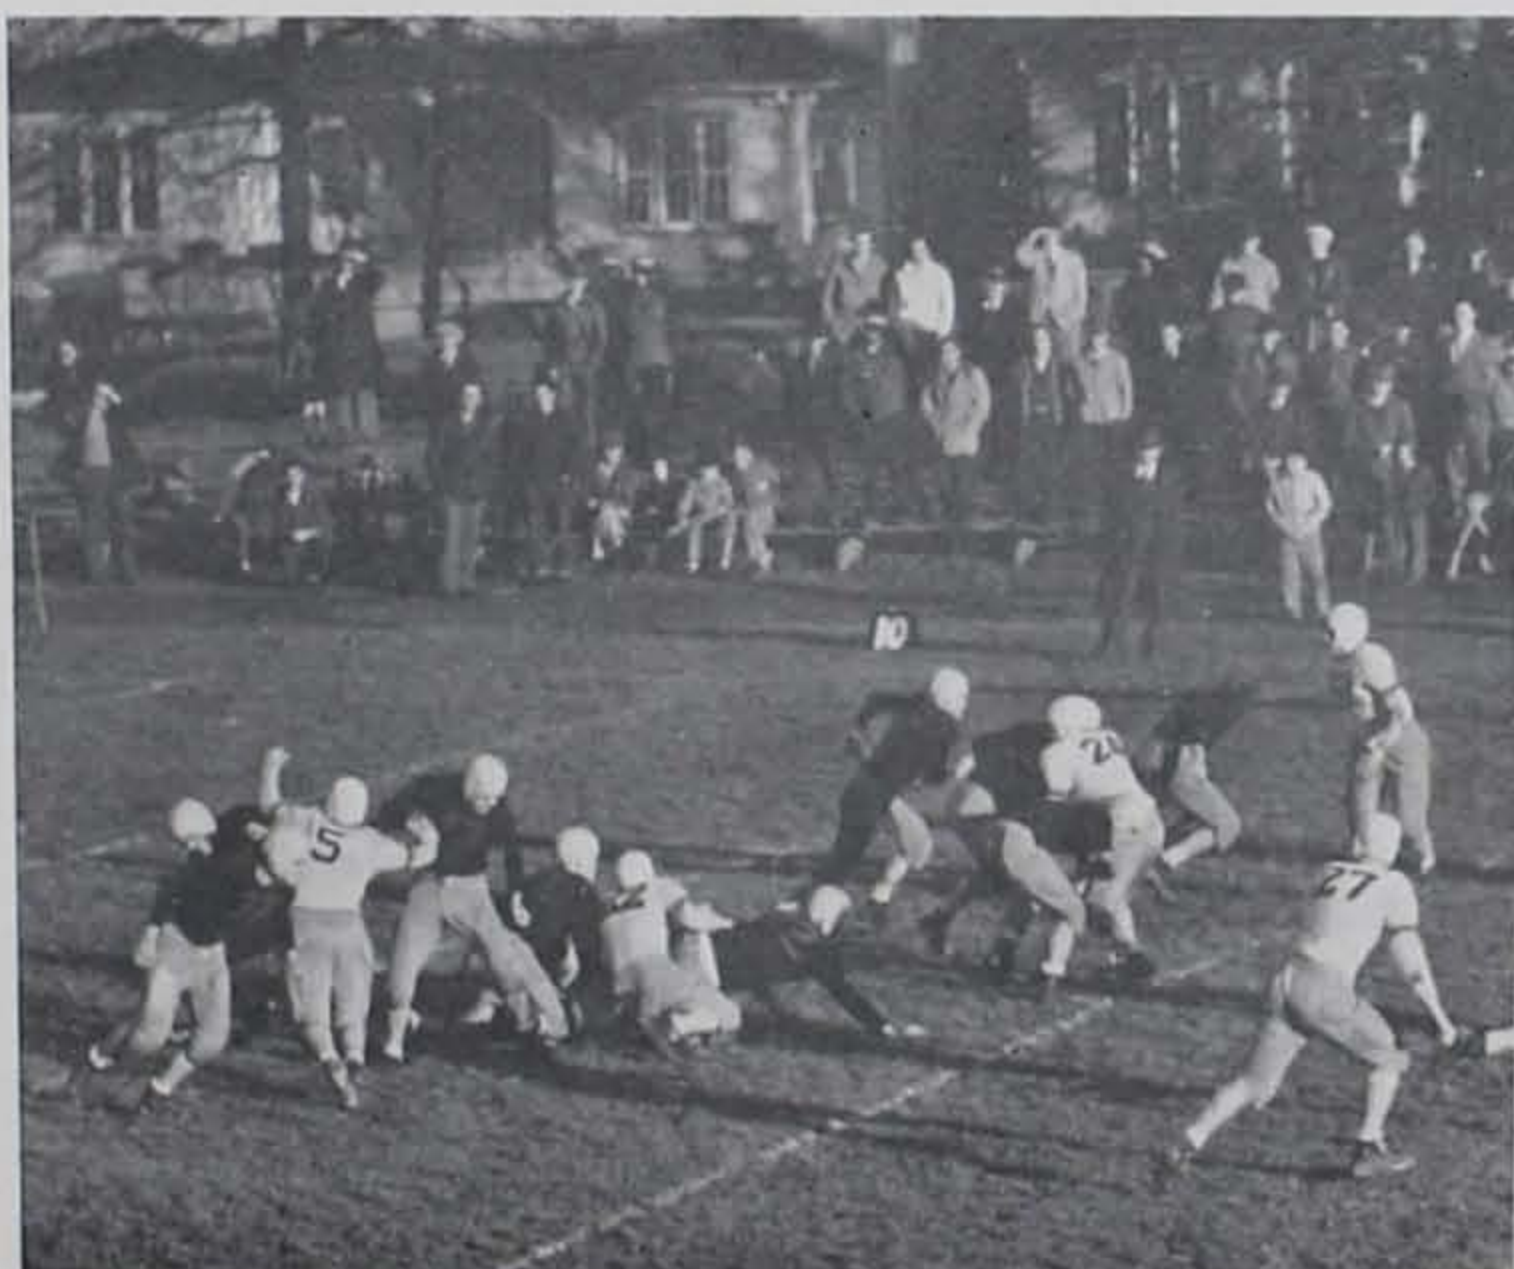

F. & M. 28—URSINUS 7

On Thanksgiving Day an injury-riddled Bear eleven took on a powerful F & M aggregation in the annual Lancaster classic. Two minutes after the initial whistle the Bears had managed a touchdown, but the Diplomats proved the eventual masters of the situation, handing the Bears their worst defeat of the year. Early in the game, after an exchange of

fumbles, Miksch rushed through a surprised Diplomat line to smash an attempted punt into the end zone where Bakes recovered for an Ursinus marker. Much booted the extra point and the Bears were through for the day and for the season in the scoring department. A methodical F & M eleven drove immediately to a tying touchdown, added three more with conversions, and extended their edge in a series dating back to the beginning of the century. Detwiler and Gradwohl were impressive in the backfield, while Bain, Green, Parks, Landes, Miksch, Dougherty and Blydenburgh shone in the line.

BASKETBALL

The 1947 season proved a record year in several and varied departments for the Bear basketball team. In two tilts against PMC the locals set and then reset the team scoring record for all time as they rolled to 78 and 80 points in the two games. Similarly Dave Ziegler, the team's sparkplug and runner-up for scoring average honors in the Philadelphia area with 16 per game, set the individual scoring record with 28 against Moravian and then shattered his own mark with 30 in the final PMC joust. The same Moravian tilt saw the Ursinus defensive record erased as the Bruins yielded 81 points.

A nine won and five lost record does not do justice to the fine performance of the boys who battled Ursinus to a second place tie in conference standings but typifies the in-and-out nature of mid-season Bear play after a flashing seasonal start and before a gala closing rush.

VARSITY TEAM

L. to r., first row—Forsyth, Myers, Ziegler, Moore, Brandt, Much. Second row, l. to r.—Dillinger, Coach Seeders, Jaffe, Snyder, Kennedy, Dougherty, Simons, Johnson, trainer.

DREXEL 50—URSINUS 60

In the season's curtain raiser in the gymnasium the Bruins clicked on all cylinders to crush a highly rated Drexel crew. Led by Snyder and Moore, a pair of seniors, the home club rushed to an early lead and were never threatened as the game progressed. Coach Seeders substituted freely in the final stanza as the whole club contributed to the victory. Snyder's 16 and Moore's 14 led the Bears.

HAVERFORD 46—URSINUS 48

The Haverford five met the Ursinus aggregation on the Main Line court and came within a whisker of applying a damper to the defending champions' title aspirations. Taking a 26-23 halftime edge, the Fords quickly swelled their margin to a twelve point lead when the third period was but four minutes old. Coach Seeders removed his starting five and his reserves managed to stem the tide, but were unable to do much scoring. A refreshed and chastened first five returned to the fray in the final chapter and led by the fine shooting of Moore, Ziegler, and Snyder, clinched the contest a lone minute before the final gun.

PMC 42—URSINUS 78

Fully recovered from the Haverford scare, the rejuvenated Bruins made it three straight by thoroughly thrashing a hapless PMC five on the Ursinus floor. For the second straight

time the starting combine found first half trouble and had to be rescued by the subs. The seconds took complete charge of the affair, however, and after achieving a 32-20 first half lead, rollicked to a jarring win. Forsyth found the irons for 20 points while Moore paced with 15.

SWARTHMORE 55—URSINUS 51

The Bears suffered their first defeat of the season in the Swarthmore Field House before a two-team onslaught applied by the eventual league champs. Bruin basket twins Moore and Ziegler led an Ursinus attack that almost toppled the Garnets, but bogged in the final frame, netting but two points while the hometowners were hustling to a twelve point period. Moore's 14 and Ziegler's 16 paced the Grizzlies.

F. & M. 51—URSINUS 52

In the last contest before mid-year exams the locals managed to slip by an under-rated Franklin and Marshall team on a last minute set-shot by Ziegler. Trailing by ten points going into the final period, the Bruins staged a fine uphill battle to ice their fourth win against a lone set-back.

DELAWARE 34—URSINUS 35

A fourth conference tilt found the Bruins, minus the services of high scoring Moore, turning in an unimpressive victory over a scrappy Blue Hen brigade in Newark. Once

again a last minute effort saved the day. Jaffe's foul heave in the waning seconds clinched the win, while Ziegler led the scorers with 11.

DICKINSON 69—URSINUS 41

Opening a two game road trip on the Carlisle floor, the Bears' winning ways came to an abrupt halt against a sparkling Dickinson club. After a nip-and-tuck first half the Red Devils produced a fast-breaking attack that left the Bruins floundering in its wake.

SUSQUEHANNA 51—URSINUS 53

The Ursinus team eked out a slender win over Susquehanna to break even on the road trip. Despite the stellar performance of the loser's Bill Zlock, the Bears were able to come from behind to win by virtue of the fine firing of Ziegler and frosh Billy Myers.

DREXEL 70—URSINUS 61

A fast moving Drexel five spoiling for revenge found things to their liking in their own diminutive gym and soiled the Bruins' conference escutcheon for the second trip.

Ziegler, Snyder, and Myers kept Ursinus in the ball game until the final whistle, but in an extra period the Dragons took complete command.

SWARTHMORE 58—URSINUS 49

In a fracas ticketed by fans to virtually decide the league flag race the Swarthmoriens administered their second straight shellacking to the Ursinus hardwooders. After trailing by nine points at intermission, the Bears battled gamely to a 39-37 third quarter deficit, only to see their efforts go for naught as the clicking Garnets hit for nineteen points in the closing canto. Although stymied from the floor in the first half, Ziegler came through with 17 in the final half to lead the locals.

DELAWARE 45—URSINUS 46

Proving a thorn in the Ursinus side for the season the Blue Hens for the second consecutive time came within a single point of toppling the Grizzlies. A definitely inferior Delaware team displayed spirited play throughout and although never able to assume the lead

remained within striking distance from the opening whistle. Ziegler, as usual, paced the scoring, but it was Snyder's charity conversion that proved the margin of victory.

MORAVIAN 81—URSINUS 61

The Bethlehem fray saw the shattering of two Ursinus records. Moravian's 81 erased an 80 point mark against Ursinus by Albright in 1942, while Ziegler's 28 for a lost cause established a new individual Bear scoring mark. After a close half that found the Greyhounds out front 32-31, the injury-riddled Bears disintegrated and could not halt the final half Moravian basket parade.

HAVERFORD 38—URSINUS 71

An early season Haverford thriller proved motive for the late season barrage on the Collegeville court. Displaying a lazy first half attack that found them ahead 31-20 at rest time, the Bears blazed to forty tallies in the last two periods to hand the Fords their most disastrous defeat of the year. Ziegler, Jaffe, Snyder, and Much paced the Ursinus attack.

PMC 52—URSINUS 80

Dave Ziegler's last minute field heave shattered another pair of records for the '47 hoopsters. Big Dave once again erased the individual scoring mark with 30 markers, while 80 marked a new high for team scoring. The Cadets were able to make a contest of the show for the first twenty minutes matching the blistering Bruins bucket for bucket, but during the final chapters a steady stream of Bear counters turned the game into an Ursinus race for records. All hands entered into the record performance with Ziegler, Jaffe, Snyder, and Much all collecting for double digits.

The Jayvee season was not too successful from the percentage angle but some sterling play by several of the Cub hoopsters gave Ursinus rooters hopes for bigger and better varsity activities next year. Tenewitz, Miller, Davidson, and Randall all figured heavily in the scoring department while late-comer Kennedy and Sanders performed creditably beneath the boards. The passing prowess of Wienmann also contributed greatly to the Cubs' five victories.

JAYVEE SQUAD

First row, l. to r.—Miller, Davidson, Wilt, Weinmann, Tenewitz, Randall. Second row, l. to r.—Dillinger, Coach Seeders, Doobinin, Sanders, Schiesser, Dougherty, Simons, Johnson, trainer.

SOCCER

The outlook for the soccer season appeared hopeful when the Bears tangled with Johns Hopkins in the opening game, and lost a 4-3 heartbreaker in an overtime period. Fate quickly turned the tables, however, as the in-

jury plague hit full stride. Eckert, Zingraff, and Bahney were shelved early in the season with leg injuries, and former All-American Archie Simons suffered a badly wrenched ankle to completely stymie all Coach Baker's plans. This forced the squad to play with very few experienced men throughout the major part of the season, and the going grew tougher with each contest.

After holding West Chester to a 2-2 deadlock, and taking a 6-2 hammering at the hands of Haverford, the Bear booters met the traditional rivals, the Swarthmore Garnets. This game proved the highlight of the season. The score was tied until, with one minute to play, the Garnets iced the fray with an indirect free kick. By the time the telling tally was shoved into the mesh, darkness had settled over the field and Snyder, Bear goalie, had no chance to stop the flying sphere.

Although the won and lost column is not impressive, good soccer was evident in every contest. Massey and Wentzel were outstanding all season long, along with the Bears' sparkplug, Archie Simons.

Top, left to right: Meinhardt, Fink, Wentzel, Weidman, Laning, Dr. Baker. Bottom: Bahney, Eney, Fordham, Berry, Grassin, Knepper, Massey, Simons, Madara.

Late in March, 1946, some twenty candidates reported to Coach Emil Messikomer for the Bears' first peacetime baseball season in four years. Prospects appeared good as returned veterans with former experience were on hand to form the nucleus of a team rich in talent.

However, Dame Fortune refused to smile on the Ursinus nine, and of the twelve games played, only three were tabulated on the victory side of the ledger. Sore arms, a shaky pitching staff, and "off days" seemed to hover over the Messikomer club.

Highlight of the season, from the standpoint of the home fans, came in the Swarthmore game when "Hap" Hallinger collected a round tripper with the sacks jammed, and Captain Bobby Geist made a mound appearance in the ninth inning to subdue the Garnets and give the Bruins an 8-7 triumph.

TRACK

Coach Stevens initiated the first post-war track season with a small but experienced squad composed mostly of returning veterans. Hampered by the lack of adequate equipment and a short training period, the boys, nevertheless, rounded into a fairly efficient team and managed to place men in three of the four meets entered.

Jack Brill, George Glisson, Ray Olweiler, and Bob Poole were entered in the Penn Relays and participated in two mile relays. They were unable to place.

In the Middle Atlantic Championships held at Lancaster, George Glisson took second in the 220 low hurdles, while Bob Poole finished third in the broad jump. Rutgers University won the meet.

The Bear scanty-clads next entered a triangular meet at West Chester with the host school and Cheyney State Teachers College. The Rams outscored the Bears, but Ursinus

in turn defeated Cheyney to garner second slot in the affair. Bruin scoring was handled by Ray Warner, George Glisson, who once again placed in the hurdles, Paul Detwiler, an erstwhile Ursinus trackster returning after three years in the Army, Jack Brill in the half mile, and Ken Reinhart in the pole vault.

In a fitting climax for the on-and-off season the Bears placed third in a Neighborhood Meet at Swarthmore College. St. Josephs and Swarthmore finished in one-two order ahead of the Grizzlies. Drexel and LaSalle completed a five-cornered gathering. Jack Brill once again came through with needed points by placing in his familiar half mile jaunt, while Glisson, Payne, and Poole also placed on the cinder paths. In the field events no one save Harlan Durfee was successful. Durfee managed to place in the shot put event to round out the Ursinus scoring for the day.

Jackie Landis was this year's president of the Women's Athletic Association, a campus organization which serves to promote and encourage participation in various sport activities. Points which are obtained by participation in varsity sports, intramurals, May Day pageants, and hiking are the basis for membership, and a total of fifty points is required.

Within the club a council composed of the officers, managers of all varsity sports, and a representative from each class acts as the official governing body and also sponsors seasonal intramurals of hockey, basketball, and softball for women who enjoy playing the sport but aren't varsity material.

At the annual W.A.A. banquet in the spring letters are presented not only to those girls who have participated in at least two-thirds of the varsity, junior varsity, or third team games, but also to the managers and the assistant managers of the varsity squads.

The most coveted award and also the high-

est honor attainable for girls in athletics is the red blazer, which is presented to a Junior girl who has been outstanding in the qualities of leadership, sportsmanship, and ability. Since students rarely qualify for this award, it serves as an incentive toward which the Ursinus women may strive.

Besides the medal awarded annually to the Junior girl or girls who have demonstrated all-round athletic ability, miniature gold and silver hockey sticks, basketballs, softballs, and tennis racquets are presented for three years and two years membership respectively on varsity teams.

Lois Cain served as vice-president of the association and Lida Miersch was the secretary-treasurer. Erma Keyes, Hilda Anderson, and Mary Arrison as class representatives and Jane Day, Edna Daniels, Doris Sponaugle, Betts Ruskie and Jeanne Loomis, as managers of the varsity teams, were the other Council members.

HOCKEY

Teamwork and finesse were the outstanding factors contributing to the success of the hockey team this season. In spite of a tough schedule, the team, coached by Miss Eleanor Snell and captained by center halfback Doris Jane Hobensack, managed to remain until its last game, the only undefeated team in the Philadelphia area.

Upsetting Albright in the opening game of the season to the tune of 8-0, the Bears journeyed to Bryn Mawr College for their next game, where they chalked up another victory.

A week end in the South proved exhilarating as the girls won a decisive victory of 4-1 over the Southern gals of Westhampton in Richmond, Virginia. Then, East Stroudsburg and Beaver yielded to the strength of the Collegeville combine to give the coeds their fourth and fifth triumphs.

Temple proved to be a blocking force. The Owlettes, inspired for the contest, held the Ursinus girls to a 2-2 tie. Chestnut Hill and Swarthmore fell in rapid succession and the team was still undefeated. Then came Penn, and Ursinus suffered its first setback. Both teams battled hard to the finish, but Ursinus was on the short end of a 4-1 score.

Recognition came to the veteran eleven the day of the All-College Team tryouts, when Ursinus out-placed all the other schools. Erma Keyes and Ann Harting made All-College left and right wings respectively, while Hilda Anderson captured the left inner post. Winnie Mutchler, who played a consistently outstanding game the entire season, represented Ursinus at right fullback. Doris Jane Hobensack and Ginny Dulin made the second All-College team, and Marion Bosler received honorable mention as goalie.

The Jayvee hockeyettes, coached by Miss Natalie Hogeland and captained by Jeanne Loomis, battled their way to an undefeated season.

The coeds had to be satisfied with a 2-2 tie in the opening game with Bryn Mawr largely because that game was the first that the Ursinus girls had played together as a team.

They really started the ball rolling against Beaver, walloping them 4-0 in a game that was all Ursinus. They continued to show their strength by defeating Temple 3-0.

Itching for revenge after Penn had handed the varsity a 4-1 setback, the girls played a fast and furious game in the waning light only to settle for a tie, since the game had to be called on account of darkness. Besides their regular schedule, the junior varsity replaced the varsity eleven for half of the Albright and Chestnut Hill games.

The forward line will lose only Jeanne Loomis who, as right wing, played a speedy offensive game the entire season. Left and right inners, Anita Frick and Phyl Ziegler, were the leading scorers of the team while Ruthie Pettit, center forward, and Emily Anne Smith, left wing, helped set up the scoring plays.

Left halfback, Anne Moister, and right fullback, Manny Ballantyne, were the only two juniors on the squad and helped hold the team together with their steady playing and fine stickwork. A sophomore aggregation, Edith Calhoun, Floy Lewis, Lynn Warren, composed the rest of the backfield with Polly Mathers as goalie. Covering well, these defensive players made it difficult for opponents to even get within scoring range, and those few that did, Polly ably cared for with nice saves.

GIRLS' VARSITY BASKETBALL

Captained by Jane Brusch, the Ursinus varsity sextet played through a nine game schedule, winning six and dropping three. In the initial fracas of the season, the team, coached by Miss Eleanor Snell, trimmed the coeds from Albright by the score of 36-15. Encountering Bryn Mawr next, the Ursinus team proved to be too strong and chalked up a 28-21 victory. Penn and Rosemont fell in succession by scores of 24-13 and 42-23 extending the winning streak to four games.

Immaculata's fast moving team brought all hopes for an undefeated season tumbling to the ground as the Ursinus coeds were on the wrong end of a 33-29 decision in a nip and tuck battle. Ginny Dulin and Winnie Mutchler shared the scoring spotlight with twelve apiece.

A 20-14 triumph over the Swarthmore aggregation followed by the 34-26 defeat of Beaver put the courtsters back in their win-

ning ways. Then Chestnut Hill came along and proved to be another fly in the ointment nosing out the home clubbers by 2 points, 37-35. The Ursinus combine played top-notch ball, and Janie Brusch cut the cords for 23 markers.

The final game with Temple brought a 16-34 defeat. The Temple scoring machine clicked on all cylinders and after the opening canto, the Ursinus forwards could not penetrate the victor's defense.

Seniors Janie Brusch, Ginnie Dulin, and Erma Keyes, sophomore Winnie Mutchler, and freshman Anita Frick composed the Ursinus scoring power which racked up 273 points to the opponents 216.

Peg Hunter, Floy Lewis, Mary Evans, and Evie Moyer handled the defensive assignments ably throughout the season. Their fast shifting defense played havoc with the opponents' scoring plays.

JUNIOR VARSITY BASKETBALL

Coached by Miss Natalie Hogeland, the girl's junior varsity chalked up six wins in their ten game schedule and tallied 270 points to the opponents' 198.

Opening the season with Albright, the sextet blasted its way to a 36-15 victory. Then Bryn Mawr fell easy prey to the inspired team to the tune of 40-25, with captain Ballantyne tallying 21 of the 40 points.

Penn gave the team its initial loss by a one point margin 20-19. Revenging the Penn loss, the team set Rosemont back 25-18. The defense played their best of the season with the Bunny Baum, Anne Moister, and Lynn Warren combination holding the Rosemont coeds scoreless, except for the two awarded foul shots, the entire first half.

Seething from the varsity defeat, the clicking combo of Jackie Landis, Jeanne Loomis, and Manny Ballantyne bounced to a 42-22 triumph over Immaculata junior varsity, smashing the winning streak of the Immacu-

lata sextet.

The team then journeyed to Valley Forge General Hospital where it defeated a WAC aggregation 21-18 in a closely fought contest. Manny's last minute field goal and foul shot clinched the game. Swarthmore, towering over the Ursinus team handed it a second loss by a 19-17 score. The team never trailed by more than two points in any period except at half-time, when the score was 12-6. With the forwards pushing up shots fast and furious and the guards intercepting passes consistently, the team overpowered a Beaver aggregation 26-12.

The last two games saw the Ursinus girls come out on the short end of the scores. First Chestnut Hill upset the team 21-17 and then Temple 30-29.

Forwards Emily Smith, Ruth Pettit, Joanne Duncan and guards Phyl Riegler, Doris Stierly, Jane McWilliams, Millie Wilson and D. J. Hobensack were the substitutes.

SWIMMING

Coached by Mrs. Dorothy Porter, the Ursinus mermaids found their way to five wins against two losses. Starting off the season by edging out Swarthmore 29-28, the tank team continued along their merry path of victory as Bryn Mawr, Penn, and Beaver all fell before them.

However, the Middle Atlantic Intercollegiate Meet took them out of the undefeated ranks when they lost their 1946 crown to Swarthmore College by a one and a half point margin. The victors accumulated $29\frac{1}{2}$ points to the Ursinus 28. The event that decided the outcome of this grueling nine college meet was the 75 yard medley in which Swarthmore nosed out by six tenths of a second the previously unbeaten combination of Rita Lieb, Doris Sponaugle, and Marion Bosler.

Sid Sponaugle copped a first in breaststroke in that meet while Pat Ellis garnered a third in the 100 yard freestyle, and Sis Bosler took a fifth in the 50 yard freestyle.

A Temple powerhouse dealt the girls their second loss by the close 29-28 score. This was a heartbreaker for Ursinus, but they came back in the final meet to take Chestnut Hill.

The freestyle relay team composed of Sid Sponaugle, Pat Ellis, Rita Lieb, and Sis Bosler remained undefeated after three years of intercollegiate competition. These four are beautiful to watch as they continue to pull away from each opponent in every lap.

Breaststroke star Sid Sponaugle was one of the senior mainstays of the team who could always be counted on for a first. Betty Walton, backstroker, was the other senior member. She was forced to stop swimming in the middle of the sesason because of an ear infection.

Marion Bosler, Pat Ellis, Maggie Schafnacker, Rita Lieb, Anne Eysenbach, and Pat Patterson remain to form the nucleus of the '48 team.

SOFTBALL

Led by captain Courtenay Richardson, the 1946 softball team played through a regular five game schedule and lost only one game. This 5-2 defeat received at the hands of Temple was the first set-back for Ursinus coeds since softball began here in 1941.

Under the fine coaching of Miss Eleanor Snell, the softball squad started the season by out-hitting and out-playing Albright 32-1. Continuing their winning streak, they beat Swarthmore 4-1 and swamped Bryn Mawr 24-6. Next came the trip to Temple and a 5-2 loss.

Smouldering under defeat, the girls came out with fire in their eyes and outclassed Penn to the tune of 18-0 in the final game of the season. The victory was highlighted by the no-hit no-run performance of hurler Erma Keyes. Erma also chalked up four hits for herself, one of which was a home-run.

Besides the regular schedule, the girls held their annual Father-Daughter classic on May Day, and, amid much glee, the Belles emerged the victors 5-3. A tilt was also arranged with Curtis, winners of the men's intramural crown, but the power of the Marauders proved to be too great, and the girls were upset by a 6-2 score.

Shortstop Courtenay Richardson and second baseman Sallie Secor were the only senior members on the team. Janie Brusch at first, Ginny Dulin as shortfielder, Gracie Nesbitt at third, and Erma Keyes on the mound represented the Juniors. Sophomores Hilda Anderson, catcher, Lois Cain, Evie Moyer, and Anne Eysenbach in the field, plus Sis Bosler and freshman Betty Jean Moyer were the rest of the varsity. Erma Keyes was elected captain for the 1947 season.

TENNIS

The women's tennis team, captained by Jan Shoemaker, and managed by Sallie Secor, had a comparatively successful season, scoring victories over Albright, East Stroudsburg, Chestnut Hill, and Rosemont against defeats at the hands of Swarthmore and Penn. Tink Harmer, Jan Shoemaker, and Jackie Landis played their usual steady games at singles, while Court Richardson and Em Fischer along with Edith Calhoun and Doris Greenwood, and D. J. Hobensack and Jane Brusck showed up admirably in the doubles.

In the first match of the season, the Ursinus girls came through to a 4-1 victory over Albright College and in their second match, defeated Chestnut Hill by the same score. The number one singles, Tink Harmer, lost to Anne Reilly, one of the best players in the district. Continuing the winning streak, Snell's Belles whitewashed Rosemont College by a 5-0 score.

Travelling to Swarthmore, the girls tennis team lost its first match to a strong Garnet group by 5-0. The match was played on the Swarthmore courts in the field house, and although several of the Ursinus girls gave their opponents a hard battle, they were unable to top any of the victors.

Perhaps the best remembered match of the season was that with East Stroudsburg which was played in the pouring rain. The team "splashed" through to a 5-0 victory.

Ursinus, on its home court, took its second loss of the season from a powerful Penn squad by a 5-0 count. The Penn team was led by Jane Austin, winner of the Intercollegiate Tournament.

The regulars who returned to the courts for this season were Emily Fischer, D. J. Hobensack, Jane Brusck, Edith Calhoun, and Doris Greenwood, led by captain-elect Jackie Landis.

In February of this year the Ursinus Varsity Club became active once more after having been discontinued as a functioning organization since 1942.

The Varsity Club is composed of men of Ursinus who have participated in varsity athletics and have earned at least one award in any recognized intercollegiate sport. Men from the football, basketball, baseball, track, soccer, tennis, and wrestling squads make up the organization. This year's club is one of the largest in history because of the large number of returning veterans on campus who have earned letters in years past.

For the most part the Varsity Club is a social organization in which a spirit of athletic fraternity is fostered. In years past the Varsity Club handled the publishing of the Grizzly Gridder, the official football program for home games. It is expected that this function will be resumed soon. The club further at-

tempts to encourage among the athletes at Ursinus an endeavor for better scholastic achievements, and to foster a spirit of cooperation among all the wearers of the "U".

of the evening.

From Pennsylvania, New Jersey, Connecticut, New York, and even Iraq, from near and far, we came together and assumed the title, "Class of 1950". We donned our green ribbons, red dinks, and black bow ties and tried to look the part. We were shy and we felt awkward in our new surroundings; but we soon became acquainted and settled down, for this was to be our home for the next four years. We learned that the back of the "Drug" was for lordly upperclassmen only, and also that if you wanted to make friends you had to play bridge. In our pajamas we crawled across the campus, and to this day the sophs can't figure out who humiliated whom. We were foreigners at first; however, it did not take us long to become full-fledged natives of Ursinus.

In the way of outside activities we have accomplished a great deal. Many of our number have gained posts on the varsity teams and have filled their positions well. In the latter part of the fall the females of our class were challenged by the sophomore women in a game of touch-football. Beneath a bleak autumn sky the two teams met, and though we fought hard, the sophs gained the victory. That was our first participation as a class, and our representatives made a fine showing, for it was only by a stroke of luck that we were defeated.

This same fighting spirit was exhibited when men from the Annex invaded Brodbeck and Curtis prior to the Freshman Banquet. Evidently the upperclassmen knew what we were looking for; because when we arrived, the sophomore class president and the silverware were gone, and were not seen until after the banquet. So far we have only been good participators, but our time will soon come to be good sponsors as well, and at this we will do our best.

Under the capable administration of our class officers and the backing of all the men and women in the class, we have taken our first step. There will be many more to follow. Our president, Dick Davidson, has filled his office well, and has been a fine representative on the junior varsity basketball team. Dale White, vice-president, has been a mainstay in

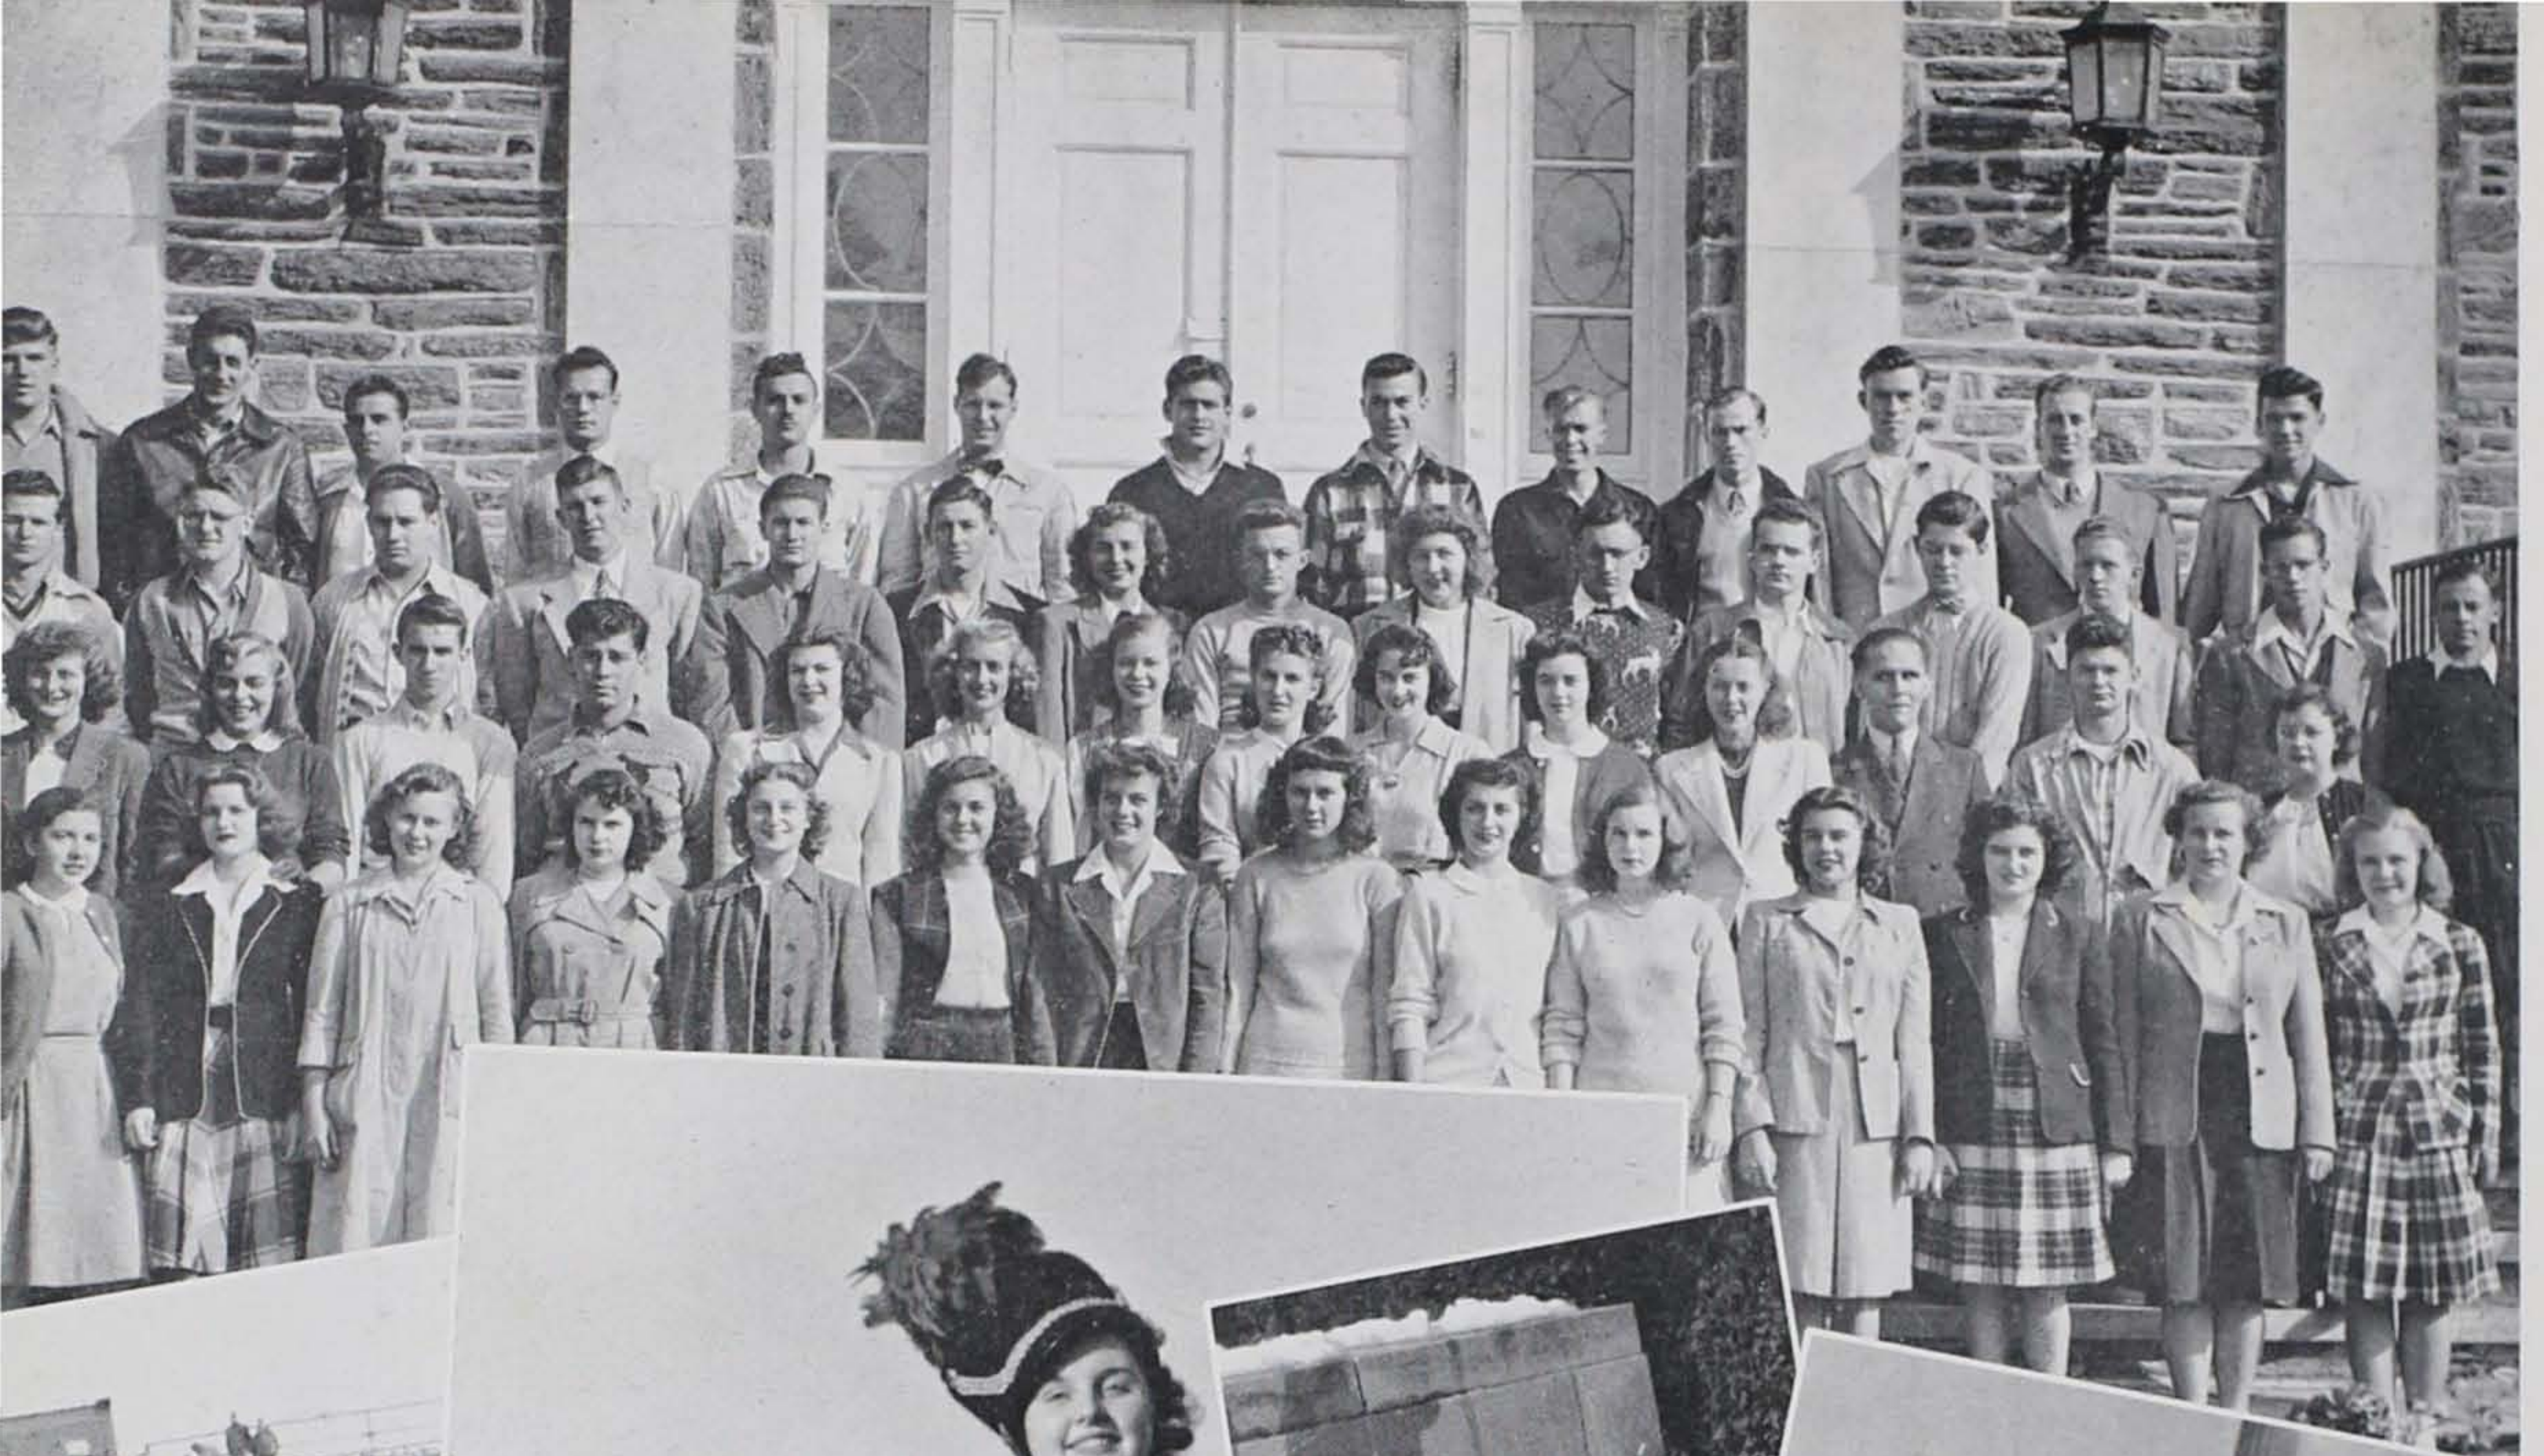

the smooth operation of the class, as have Louis Stefan and Doris Neill, treasurer and secretary, respectively. From that first day in October of 1946 to our last day in June of 1950 we will keep on moving forward, setting new, high standards as we go—of that we are confident.

SOPHOMORES

Sophomores! With a surge of pride and anticipation we entered Eger Gateway knowing that we really belonged. We joyfully greeted old friends and made new ones. The beauty of the campus became even more meaningful as we looked forward to changing seasons. Behind us were green bands and dinks; before us an opportunity to make the freshmen bow humbly before our might.

Having lost Hap Hallinger and Bob Poole as president and vice-president, to the armed forces, our newly elected officers became Jim Kromka as president; Lee Grabenstein, vice-president; John Kajmo, treasurer, and Cyd Lill, secretary. Under their able leadership we planned for a very active year—ever to be remembered.

E. J. Helmbrech and "mother" Nancy Pharr led Soph Rules with one astonishing event after another. The men's pajama parade, which came to a climax in a minor riot, was an attraction which monopolized table conversation for days. The frosh girls' parade at the Ursinus-Swarthmore football game and the victory of the soph women in the football game between the "Green Terrors" and the "Forty-Niners" were occasions all to be added to our memories of days gone by.

However, our main attraction of the year proved to be the Bunny Hop. This was our dance and we worked cheerfully together, making it a successful one. Our social activi-

ties extended once again to include a gala carnival with strange fantasies.

Now we have nearly finished our second year at Ursinus. We have learned to participate in various organizations, assume responsibility, and to respect traditions. With deep regret we bid you, the class of '47, farewell! May success and happiness be yours.

JUNIORS

As we look back in this, our junior year, those "lowly frosh" days of 1944 seem but a dream of the distant past. Steering us through the beginning of our college career as class prexy was Lou Monaco, until he entered the service, and then Bob Delheim took over the job. We'll always remember that year for the Booby Dance and our prize-winning table at the Christmas Banquet.

Our sophomore year brought us Ken Schroeder on the podium, with Jane Henry, Jean Anne Schultz, and Jack Borman as willing and able cohorts. We really pulled together to make the Soph Carnival a success, both socially and financially; and remember the Easter Ball, with the little crepe paper flowers in the garden which seemed to diminish rapidly as each couple danced by?

—But there seemed to be a certain empti-

ness that year. Could it be that the V-12's had, in leaving, reduced feminine morale? The missing link was soon aptly filled, however, by the return of the veterans and those "remember when" conversations.

Juniors! We could hardly believe that we had reached the half-way mark already. But here we were, plunging into a new year of activities, always with an eye to the future.

Ken Schroeder was elected for a repeat performance as president for the first semester, with Archie Simons holding top position for the rest of the year. Dottie Helms, Mary Flad, and Millard Leute proved a successful triangle of co-workers.

The event we'll remember above all this year was the Junior Prom at Sunnybrook, with soft lights and softer music. It was really worth the work, wasn't it?

...**TEAMWORK** are as necessary in the building of a fine yearbook as they are in the construction of a skyscraper. Here at Campus we have gathered, over the years, an organization of skilled artists and idea men . . . experienced printing, engraving and production men . . . all welded into a team that is ready to work *with* you and *for* you, to help build your yearbook into a better and finer publication.

Campus *complete* service enables you to get from a single source everything needed to produce your book, all under a single budget control that insures you against unexpected "extras." This service includes every phase of the job from planning and layout to cover-making and final printing and binding.

Campus has helped hundreds of staffs build annuals that will be memorable for a lifetime. Each year several Campus-produced annuals take top honors in National competition.

It is customary for the editor of a yearbook, before "putting his baby to bed", in the vernacular of the publishing world, to bequeath orchids to those who have helped him make it a success.

Now, at the zero hour, we, the editors of the 1947 *Ruby*, with high hopes and a few anticipatory tremors for the success of our book, wish to express our sincere appreciation to those without whose aid we could never have accomplished it.

To the SENIOR CLASS, and especially to the GIRLS' DORMITORY PRESIDENTS, we give our thanks, not only for their moral support, but for their actual aid, which have made us do our best to produce a book of which they can be proud.

MR. JOHN URSPRUNG, JR. and his staff at Campus Publishing Co. with their encouraging suggestions and service gave us a confidence in our ideas, indispensable in publishing our *Ruby*.

We also extend our thanks to the MERIN STUDIOS for their efficient cooperation and fine photography, so necessary in the type of book we wanted for our class.

To MR. WILMER TRINKLE many thanks for supplying us with action shots of the football games.

We are deeply indebted also to MISS MORRIS and the GIRLS OF FREELAND HALL for graciously giving up their reception room to the confusion of group and individual photography.

And, finally, our gratitude goes to our PATRONS, parents of seniors, who generously contributed to help make our year book possible.
