S. F. A. R. C. Review

By GEORGE GEIST

S.F.A.R.C., the Student Faculty Administration Relations Committee, opened another year of monthly meetings yesterday with a newly elected student representation group consisting of Judie James, Bob Simon, Liz Puzio and Steve Lange.

The committee, S.F.A.R.C. serves as a forum for discussion of campus issues and in this manner contributes to U.S.G.A. action as an advisory and communications committee open to the entire campus. During the past semester, S.F.A.R.C. in particular was utilized as a tool for direct communication to the administration in regard to dormitory rules and their enforcement. Two sessions in Bomberger Hall, in which several hundred students and several faculty members participated, exemplified S.F.A.R.C.'s role as a forum committee.

In addition to the constitutionally required representation from the faculty, administration, student body, and Board of Directors, S.F. A.R.C. regularly features a repre- calendar year.

sentative from the Financial Aid Office, Mr. Switzer, Mr. Klee, the head of the Maintenance Department, Mr. Broadbent, the chief librarian, and a member from U.S. G.A. With their direct assistance in providing information, S.F.A. R.C. has made public facts pertaining to: the major renovation of Brodbeck Hall, to be undertaken in the summer of '76, as part of the ongoing improvement of dormitories; the membership of Myrin Library to PALINET, a computerbased cataloging system which will replace the old Union Catalog system; the extent of damages incurred in the new men's dorms in the first semester; and the report of the \$400 increase in tuition for 1976-77.

Also discussed during these previous S.F.A.R.C. sessions were: the desire by the students for more communication with members of the administration, the alleged inadequate review of rules and customs with candidates for admission and those who are accepted and decide to come to Ursinus, and the question of change in the academic

Voters Guide to Pa. Primary

By STEPHEN M. LANGE

The Pennsylvania Primary Election is April 27, 1976. Parties will choose candidates for U.S. Senate, U. S. House of Representatives, both houses of the Pennsylvania Legislature and delegates to the 1976 National Conventions. The ballots will be filled to overflowing literally. The Philadelphia Board of Elections speculated earlier this year that it would take two machines just to list all the candidates. Voters may be overwhelmed by the sheer number of candidates, and may feel that they are voting in a vacuum, not having available to them information about each. candidate.

Information is available and here are some of the sources:

1. COUNTY ORGANIZATIONS: Each major political party establishes a County Committee and Headquarters. In Montgomery County the Democratic Committee's headquarters are located at 404 Dekalb Street, Norristown, and the Republicans' at 625 Swede Street, legislative records. Norristown. The Democratic organization has available information about all of the Democratic candidates for President, U. S. Senate, Congress, and Pa. Legislature. Ms. Marie Zangle handles the outflow of information about the Dems.

The Republicans have not yet compiled their information; they expect to have information available by early April.

portunities available to members including input in the formulation of policy.

4. LEAGUE OF WOMEN VOT-ERS: The League is one of the oldest and most effective non-partisan organizations. It publishes, before each election, a "Voter's Guide" which contains information about candidates including biographical data, voting information, and positions on issues both supplied by the candidates themselves and taken from public records. The Pennsylvania Chapter of the League of Women Voters is located at the Gimbel Building in Philadelphia. Their phone number is WA 2-4499.

5. NEWSPAPERS: In addition to news and feature stories about elections and candidates, all of the major Philadelphia dailies publish the voting records of elected officials representing districts in Pennsylvania, Delaware and New Jersey. These are published as the data becomes available through the

6. REGISTRATION: You can not vote unless you are registered. In Pennsylvania there is no mail registration and one must either register at his county courthouse or with a "traveling registrar." Traveling registrars visit local schools, fire houses, and shopping centers before the election. Your local county board of elections can supply you with a list of dates and times you can register near your

ATTENTION! Applications are presently being

accepted toward the selection of an editor-in-chief for The Ursinus Weekly for the year 1976-77. A letter of purpose issuing a statement containing past qualifications and philosophies concerning plans for the newspaper must be submitted to the editor for review by The Weekly Board of Control. The statements should be given to Ruth von Kummer on or before March 16, 1976. Responsibilities for this position include: management and participation in a weekly lay-out, supervision of all submitted copy, proofreading of individual articles and the final copies of The Weekly before printing is undertaken and various other business matters. Any questions will be answered by the editor. Those interested should apply immediately.

Books Donated To Graterford

Ursinus College students and faculty members recently contributed over 500 hundred books to the Graterford Prison Library. This donation increased the library's collection by almost 10%. The book drive on campus was conducted by the Newman Society, an organization of Catholic students.

Mr. Terry Clark, librarian at Graterford, was particularly grateful for the texts on philosophy and psychology. He said that educational programs at the Institution cover subjects from astronomy to zoology and include training programs for dental technicians and mechanics.

Clark said, "The Graterford library has only 6000 books in its collection, fewer than four books for each of the 1600 inmates. A very limited budget forces the library to depend heavily on gifts such as the one received from Ursinus."

Those interested in giving books to the prison library may contact the office of the Superintendent, Box 244, Graterford, PA 19426.

Bloodmobile Results

The Red Cross Bloodmobile on Monday, March 1 confirmed that 97 donors took part in the drive. Our quota for Monday was 150 pints, so unfortunately the college did not fulfill its quota of 250 pints. (100 pints were collected in the fall)

Why the poor turnout? Too many tests? Disinterest? Fear? Too Poor communication? No 76'er tickets?

It's unfortunate that a college of 1100 can not collect 250 pints of blood in two drives to insure the college of full coverage for a year. osti com

Board of Directors Meet

sinus College met last Friday, March 5, 1976. The business transacted consisted of reports offered by various committees that were formed and in the process of conducting their respective functions.

The meeting incorporated the following matters: First was the Report of the President which included the mention of an Advisory Committee on College Priorities, which will be discussed in an article in a later issue. The President also gave a presentation of the salaries of the professors at Ursinus, including the base salary figures and the total annual compensation. No comparison with salaries of other schools was offered; however, such a study was made last fall, Pres. Pettit said.

Also given were the Treasurer's Report detailing college expenses, a report by the Committee on Gov-Dr. Gladfelter (a former Temple University president), the report of the Handbook Committee on their proposal for revision, the report by the Executive and Finance Committee and the statement by the Committee on Buildings and Grounds summarizing various conservation sums, \$20,000 for a reduction in oil costs and \$9,000 for electricity conservation measures.

in meetings with both groups. No been established.

The Board of Directors of Ur- | specific plans for future action were proposed. However, they mentioned that whereas the Committee has come to no terms of "unanimity" in a position concerning the faculty's views, they do experience feelings of "unanimity" in regard to the subjects discussed by the students.

PAID

No. 13

A report of changes which have taken place in Myrin library will be presented in more extensive detail in a future issue. Other topics discussed were a report on the Committee for Honorary Degrees to be offered at Commencement. and the report on Development at the College.

Finally, the Committee on Athletics discussed the decisions made for next year's Athletic Department. Randy Davidson will replace Everett Bailey who is retiring as Director of Athletics. Richard J. Whatley will no longer coach ernment and Instruction given by the Ursinus football team. Next year, the position will be filled by Lawrence Karas, who coaches men's varsity tennis and teaches physical education.

Also, on March 5 at the Board meeting, President William S. Pettit announced his plans for retirement as the president of the college. The decision will be effective on November 1, 1976 and he hopes the successor may be inaugurated The Board Committee formed to at the Founder's Day ceremony. work with faculty and students an-nounced that they had participated selection of the new president has

Scotland Calls

Since 1957 the St. Andrew's Society of Philadelphia has sent eighteen students to the University of St. Andrews, eleven to the University of Aberdeen, and seven to the University of Edinburgh for their junior year. Ten colleges, nine of them in Pennsylvania, are invited to submit the name of one candidate each year. Thus far Ursinus has had eleven winners, the University of Pennsylvania ten, and Bucknell six, and other institutions from one to four. The Scholarship will cover all living expenses during term time, all academic expenses, and transportation to and from Britain.

The Scholarship is open to male American citizens and preference is given to those of Scottish descent and to those who come from the Philadelphia area. The candidate should be in the first quarter of his class, should be active in extracurricular activities, and be highly regarded by his fellow students and his faculty.

Any male sophomore student who is interested in applying for a St. Andrew's Scholarship should see Dean Lloyd Jones in the Office of Admissions before March 15. A candidate from Ursinus will then be interviewed by the Scholarship Committee of the St. Andrew's Society along with candidates from the other colleges and universities. The selection will be made before the end of April.

There are two people on the Ursinus Campus now who have been recipients of the Scholarship. David Liscom, a senior political science major, spent his junior year at the University of St. Andrews and Mr. Ross Doughty, Instructor in History, was also at St. Andrew's for his junior year. George Bause, class of '77, is currently in attendance at the University of Edinburgh as a St. Andrew's Scholar.

Sincerely yours, H. Lloyd Jones, Jr. Associate Dean of Admissions

The ML

CRATIC ACTION: The ADA is an independent organization which is not associated with either party. It annually endorses candidates for office. This year they expect to endorse candidates for all offices except U. S. President. These endorsements will be available from the Philadelphia office on South 13th Street in mid-March.

3. COMMON CAUSE: Common Cause is also a non-partisan organization. They publish a "Guide for Judging Candidates" with 9 points that are important in assessing candidates and a periodical for members which analyzes vital national and local issues. Dr. Robert plete your ballot by the election. V. Cogger is a local representative of Common Cause and can supply information about publications, literature and student membership.

AMERICANS FOR DEMO- home or school. Registration closes 30 days before the election.

7. ABSENTEE BALLOTS: Ursinus will be in session during the Pennsylvania Primary. Voters may cast their ballots by mail if they apply for and receive an absentee ballot from their county courthouse. It is necessary to write your county board of elections to apply for an absentee ballot. You will then receive an application which in turn must be mailed back. This rather clumsy operation, which requires three mailings on your part and the entire two hours, so be sure to two on the county's, takes about three to four weeks. It is important to leave enough time to com-These are just some of the sources of information available to voters. International Dessert **Festival Tomorrow** By NANCY WEATHERWAX One of the highlights of Bicentennial Week at the Union will be the International Dessert Festival, which is to take place from 6 P.M. to 8 P.M. this Friday. The desserts aren't guaranteed to hold out for

arrive early! There are about fifty different dessert entries from France, Ger-

many, Hungary, Israel, Sweden, the Netherlands, the Ukraine, Italy, Ireland, Scotland, Greece, and Latvia. Americans' entries include Pennsylvania Dutch, early American, and Appalachian specialties.

Ursinus as a freshman expects to institutions of higher learning. In graduate four years later. However, each year a significant number of students drop-out or transfer to another college for a variety of reasons. A sizable number of students leave because of academic dismissal due to poor grades. Others enter the service, get married and take on family responsibilities, find a job and postpone further education for one or more years because of financial need or simply to gain practical experience, or choose to withdraw for some other personal reason.

Of particular interest to the college are those who decide to leave Ursinus for some other college. According to Dr. James P. Craft, Jr., Assistant Dean of the College, You can purchase the desserts with 81 students have withdrawn from includes a subscription to the as- are available on campus and can \$.25 and \$.50 tickets, which will Ursinus so far during the 1975-76 (Continued on Page 2, Col. 5) academic year and of these stu-

Just about everyone who enters | dents 12 have transferred to other 1974-75 there were 162 withdrawals of which 57 were transfers and in 1973-74 there was a peak of 202 withdrawals with 73 transfers. According to Dr. Craft the figures for this academic year to date probably represent about 80% of all those who will leave this year. The high point which occurred in 1973-74 is viewed by Dr. Craft as being a normal part of the wave pattern which phenomena such as withdrawals from college often follow. Also, a significant change was made in the women's dormitory regulations in the academic year immediately following the peak year.

When a student leaves Ursinus Dr. Graft asks him or her to come for a personal interview in which the student's reasons for leaving the college are discussed. This is (Continued on Page 2, Col. 2)

THURSDAY, MARCH 11, 1976

FROM AN OUTSIDE OBSERVER

Dear Ursinus.

Upon receiving a recent copy of the Ursinus Weekly in the mail yesterday, my attention was immediately drawn to an article concerning the 2/23 meeting of the Student-Board of Directors Liaison Communications Committee. Needless to say, it was an enlightening and highly amusing article. I was especially delighted to see that the so-called "Ursinus philosophy" remains intact, in spite of its totally outdated and irrational nature. Indeed, Albert Camus would be proud to see absurdity existing in such a pure and unadulterated form, completely untainted by even the slightest degree of realism or maturity on the part of the Ursinus administration. In view of this tremendous achievement, I can say nothing but "congratulations!" to the Ursinus Board of Directors.

For those of you who had the terrible misfortune to miss this stimulating article, allow me to point out some of the highlights for you. First of all, it was noted that the Board Committee completely ignored the "persistent attempts by the student representatives to convey the opposing sentiments of the majority of students on campus" concerning visitation rights, the use of alcoholic beverages, etc. Well, that's not really surprising, as it's apparent that the Committee members do not consider students to be an important part of Ursinus in any respect. So it goes.

Next came the Committee's dismissal of current student dissatisfaction on the grounds that "students for decades at Ursinus have survived under rules even more stringent than those presently in existence." With logic like that, one could easily "justify" virtually anything by referring to a time "when things were worse," such as perhaps the Salem witch-hunts. Ah, those were the good old daysstudents didn't question their administrators then, even if these administrators were wrong! So it goes.

Then came Mr. Guest's assertion that "the forces of alcohol and extra-curricular sexual activity are detrimental to the family unit; consequently Ursinus has a responsibility to prevent such abuses." (Incidentally, my initial reaction to this was to consider suggesting to Mr. Guest that sexual activity be incorporated into the regular curriculum, thereby eliminating the evil "force . . . of extra-curricular sexual activity . . ."). Perhaps, Mr. Guest. But the forces of ignorance, immaturity, and irrationality are immeasurably more damaging to all concerned, and these should be dealt with first-the others will then take care of themselves, if you'll just let them.

You cannot force maturity or morality onto your students, Ursinus. You must allow them the freedom to acquire these traits on their own, while providing a mini-So I came to Ursinus and really mal amount of intelligent and sentried to be Saved. I started asso- sitive guidance-NOT unthinking and irrational repression, as you

Editorial Ruth L. von Kummer LETTERS TO THE EDITOR BESIDES LACKING QUALITY administration has become an in-**Further Censorship!** To the Editor,

The word "censorship" has been spoken in the same breath with The Weekly on several occasions. Allegedly, it has discouraged some people from writing and submitting various opinions. Sadly enough pieces of significant news have not been given to the paper in the event that The Weekly would not publish them.

At times in the past proposed articles have been opposed by some in the interest of better judgment. The Weekly does not print personal comments except in the form of Letters to the Editor, which must be signed. However, all submitted articles and opinions are given consideration, providing they do not violate the principles of responsible journalism.

President William S. Pettit has recently confirmed, in answer to the editor's question, that he will not censor The Weekly in any capacity except in cases of outright slander. which do merit editorial restraint. Those people who wish to actively contribute to the policies of the college should attempt to present their views clearly and without an intention toward libel. But they should present them!

Less Money For Bio-Med!

A recent federal study on hiomedical research was recently submitted to the Presidents' Biomedical Research Panel. Entitled "The Place of Bio-medical Science in Medicine," the paper was interested in the effect of declining federal monies on biomedical research. The focus of the paper was the central issue facing university medical centers and science departments of university schools conducting research-namely frozen budgets for the past two years. The authors feel that this condition will certainly lead to depletion of the next generation of biomedical scientists

"The problem is the next generation of scientists who must be . . at work within the next decade. As things stand, the emergence of this generation is still a matter of doubt . . . budgets have been effectively frozen during the past two or three years due to the general economic problems . . . From the point of view of the youngest people, those just entering scientific careers and those just behind them trying to make up their minds, the future of biomedical more courses. Specifically a desire science looks indeed bleak."

To rectify this situation the panel recommends investing a moderate amount of money into the research system to tide over this broken down into the majors of generation and to assure a continuity in developments in the field.

was that contrary to popular belief, statements about specific changes research funds do not subsidize the that could be made to keep students educational part of the medical at Ursinus. In general the reasons centers; that is, the medical schools given for withdrawal seem to be are self-supporting, independent of characteristic of what would be research funding.

THE URSINUS WEEKLY

Published each week during the academic year by the students

WHY THEY LEAVE (Continued from Page 1, Col. 4)

followed up by a questionnaire in which the student is asked to state reasons for leaving and whether he or she feels that Ursinus has failed in any way. Of the 81 students who have left so far this year only 14 have returned their questionnaires making it difficult to reach any meaningful conclusions based on a quantitative evaluation of the data. It should also be noted that it is usually the people who have the most extreme feelings on both sides who return their questionnaires. Of the 14 questionnaires returned this year one was highly critical and two were moderately critical of Ursinus. The highly critical questionnaire had negative comments about both faculty and students as well as the lack of enforcement of the rules. On the moderately critical questionnaires one student noted the lack of support for athletics and the other had negative comments about the present social regulations of the college. The other 11 questionnaires which were not critical of the college included such reasons for withdrawal as plans to get a job and desire to join the Navy. Other students noted that they were transferring because they wanted to major in fine arts or study nursing was mentioned on some of the questionnaires.

Because the data has not been those leaving and the reasons for transferring have not been quanti-An interesting aside to the report fied it is difficult to make any found at any small private college.

I read with interest the dining hall committee minutes of February 10 in which Mr. Dempsey stated that there was sufficient food available for the Oriental Dinner. My table was told that there would be no seconds on several of the items at the very beginning of the meal. Many of the portions served were hardly adequate for the eight people present. This past Sunday evening we were told that the manicotti had run out. One person at the table had not even been served.

I feel that a situation such as this is totally unacceptable, especially in light of the constantly increasing room and board costs that we are being asked to pay.

Very truly yours,

SAMUEL S. LAUCKS II * * *

A CONCERNED OPINION To the Editor of the Ursinus Weekly:

The recent announcement by President Pettit of his intention to retire next November raises an important question: How is the next President of Ursinus College going to be chosen?

I think that the selection of a new President for this college is a matter so important that the par- drank hard stuff like Manashevitz ticipation of all segments of the college: Board of Directors, stu- stoned listening to devil inspired dents, and faculty, is necessary. I music like Joan Baez. think that the best way of involving all three segments in a united effort to find a successor to President Pettit is to set up a special committee to the Board of Directors with voting representatives from the Board, the faculty, and the student body. Ideally, this committee would report its recommendations directly to the Board, at a Democrats and Hillel. meeting where the representatives of all segments of the college would be invited to attend and partici-

Sincerely. ROBERT SIMON *

THE ACCLAIMED STUDENT-BOARD COMMITTEE THOSE WHO ARE NOT FORTUNATE SOULS! Dear Editors:

When I read the Weekly account of the Board-Student Committee meeting, I was deeply moved, and when I read Mr. Guest's immortal words that Ursinus should be a "force for good" I truly wept, for I have sinned. Mine has been the life of a damned soul.

MEMOIRS OF A DAMNED SOUL Anonymous

I was born to the decadence of the city January 17, 1957 at Mount Sinai Hospital. This connection with heathens was to haunt me the rest of my days. My parents were both immigrants, you can see how I came to be a godless un-American. It wasn't my fault; it was my environment. My parents, after becoming citizens, began to get in with the wrong people. They became Democrats and voted for Adlai Stevenson instead of Eisenhow-

er. Their sins compounded. My earliest memories was of my father beating me with a stick, forcing me to listen to Martin Luther King and read the blasphemy of Jews, Catholics, liberals and other heretics.

We lived in Philadelphia and the godlessness of that metropolis had a severe and lasting effect on me. during the Spanish Inquisition, or I used to take the trolley to the art museum just to look at the nudes by Gaugin. By 13 I was hooked. I stood on street corners on Market Street and gazed at the girls, getting high on thighs. I couldn't help myself. My upbringing was just too much. At fifteen I was on hard stuff, looking at girlie ads in Mc-Calls.

By sixteen my parents became irresponsible, and took leave of their senses, my father got a subscription to Playboy and my mother joined Hadassah. They were beyond hope. I took to liquor and and beer. I used to sit and get

Then when I was a senior in high school I realized I couldn't go on. I had to rise above my decadent upbringing and find Salvation. Ursinus was my only hope. This sun rising in the east was a solitary islet of sanity among a sea of colleges like F&M and Bryn Mawr who had chapters of the Young

ProTheatre Stages Richard

By ALAN K. STETLER Staging one of Shakespeare's plays is a formidable task, even for professional actors; but ProTheatre, under the direction of Joyce week and did an admirable, and at times outstanding job.

A number of things went into making the production as good as it was. The set, designed by Herb Moskovitz, was the best that has been seen in the Bearpit in recent years. It was functional enough to be used throughout the play, but with a few minor prop additions was able to provide the proper mood for each scene.

Music from Mahler's Second Symphony was used at appropriate moments to heighten the mood, (this is a first for the Bearpit since the installation of a sound system a few weeks ago) and was a welcome addition except that at a few points it was too loud-at times it was difficult to hear the actors.

The show was done in modern dress, with the costumes being in There was no color (except for Richard) which created an effective mood while also helping to bring a great job of making the characthe actors closer to the audience.

act to act with a short intermission after the dramatic scene in Act III characterizations. where Richard dooms Lord Hastings to death. Pacing was very quick during the first thirty minutes of the play when characters and situations were being set up, but then the pace slowed considerably; perhaps it was for contrast, problem was that some actors put but it seemed to be almost too slow after the intermission and stayed from caricature. that way until the end of the show. and devastating.

great advantage in furthering the the subtlety and slyness that it idea of a modern setting. Unfor- called for. He maintained the dig-

working order. The opening scene that night lacked Richard watching the acceptance speech of Edward without being maudlin. Henry, tackled Richard III last IV on television, as a result when a telephone was used later on in the play it came as a shock and seemed totally out of place. With everything working, however, the desired effect is very impressive.

Act Five with all of its problems was handled extremely well, in fact in many ways it was the most outstanding act of the whole play. Within the limitations of the Bearpit the battle scene was very believable and realistic (especially the blood!). The procession of ghosts was accomplished by having slides of those killed by Richard flashed on a screen while the actors voiced over their lines. This play. also was not working quite properly on Tuesday night, but still it was effective.

A great deal of the impact of the play depends on the ability of production. the actors, and in this case a comshades of gray, black and blue. petent group was assembled to carry it off. Dr. Henry along with assistant director Dan Caccia did ters move closer to the audience The action moved quickly from and bringing out every nuance hidden in the many sly and subtle

Among the minor characters a few problems were noted. One difficulty was that Shakespeare's much for them; they didn't get the words out clearly enough. Another merly of "Ben & Eric" fame. language seemed to be a little too much for them; they didn't get the more into their roles than was necfor it tended to make the audience essary in effect crossing that fine restless. Patti Williams as Queen Elizabeth and Rae Blake as Lady Anne were exceptionally good also. In their difficult scenes with Richard they each handled the transformation from hatred for him to meek acceptance in a very realistic way.

Mention must also be made of Steve Prociv as Catesby who did a fine job, and Bob Brancatelli who juggled three roles and made it seem easy. Dr. Henry as Queen Margaret must not be forgotten. Her bone-chilling curses were fantastic-she played it for all it was worth and it was one of the best moments in the early part of the

The list of characters is too long to go over individually, but thanks should go to all members of the cast and crew for putting on a fine

Union Boosts Bicen Blast By BRIAN FEGLEY

Monday, March 8th, the College Union initiated a week of festivities saluting our nation's two-hundredth birthday with a coffeehouse featuring American folk music. The program started at 8:30 p.m.

Tuesday the Union ran the Walt Disney movie "Son of Flubber" which has a somewhat tenuous Bicentennial tie-in.

Wednesday evening the Women's Hockey Field was the scene of a most spectacular fireworks display.

On Thursday, the Union played crafts and artifacts including early flintlock weapons, smithing and such.

Friday (tomorrow) the Union will be the site of the most unusual event of all: the International Dessert Festival! Fifteen countries, including Israel, Greece, the Ukraine, Latvia, Germany, Hungary, Britain, Italy and France will be represented by those on campus who have an ethnic background (everybody's got an ethnic background). Each country (representatives dressed in national costumes) will supply a morsel of some national dessert (grand total of 50 dishes) for a quarter. Tracey Degenberg will provide live music, and the night will be topped off by the Ursinus National Birthday Cake. Enjoy.

Saturday will climax the festivities with a dance by the rock group "Springfield." To gain admittance to the Helfferich Hall dance, you must wear a HAT! That's International Lid Night. Happy Birthday U.S.A.!

BEAUTIFUL CAPE COD

Are you interested in experiencing a summer on Cape Cod as so many college students do? We have available up-dated information on the following: THE TYPES OF JOBS AVAILABLE, HELPFUL HINTS IN SEEK-ING A JOB ON CAPE COD, WHERE THE BEST AND MOST REASONABLE PLACES TO LIVE CAN BE FOUND, AVERAGE COSTS OF LODGING, SALARY RANGES, THE COLLEGE NIGHT LIFE, TENNIS, SWIMMING CLUBS, ETC. For information and publication please send \$1.00 and a self-addressed stamped envelope to CAPE COD PUBLICATIONS, Box 834, Hyannis, Massachusetts 02601.

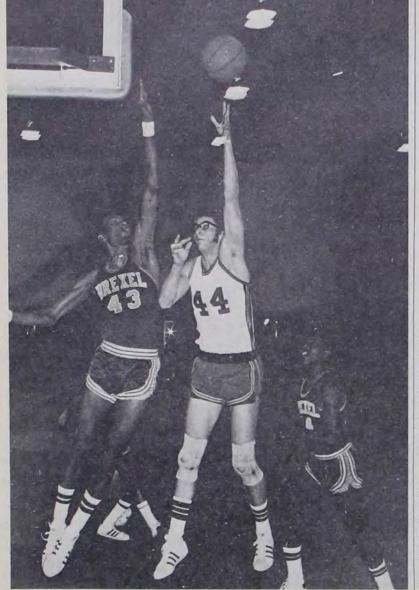

won the 100 yard individual medley and broke the Ursinus record in the 100 yard backstroke with a winning time of 2:05.7. Early, Van Pelt, Stettner, and Markley took the medley relay, while the team of Devlin, Geier, Stettner, and Markley equalled the school record in recapturing the freestyle relay. Kern, Markley, Stettner, and Van Pelt finished first in individual events.

An 8-3 record with a second place in the MAC made it a successful season for Ursinus women's swimming. There are only two seniors on the squad, Linda Hebda and Donna Loeffler. Their enthusiasm and leadership will be missed, but next season promises to be even more exciting and successful.

THE URSINUS WEEKLY

THURSDAY, MARCH 11, 1976

No, this is not an issue of Sports Illustrated. With reviews of the MAC swimming championships, the men's basketball season and women's gymnastics, this analysis by the Sports' Staff of the Ursinus Weekly with the coverage of men's winter intramurals and women's basketball in the next issue concludes this portion of the '75-'76 Ursinus sports schedule.

Future features on this page of prominence will include interviews with Bob Sieracki (Ursinus' top point scorer in the recent MAC Swimming Championships), Chuck Reese, Coach Karas, (Ursinus' new football coach) and a discussion of the future plans of Coach Warren Fry.

Women's **Gymnastics**

finished their best season ever with nagel. They came to Ursinus Coleight wins and four losses. This is lege with high school experience a new record in the history of Wo- and have provided a strong nucleus men's Gymnastics at Ursinus College.

The team improved their team score by twenty points. The previous highest team score was 49.60. This year's highest score was 69.72.

Perhaps the greatest victory of the season was against Franklin and Marshall College, 61.8 to 58.9. We lost to them last year by twenty-two points! Another such win was against Frostburg State College, Md.

The team's dramatic improvement is attributed to three outstanding freshmen, Marion Bittin- that none of the girls are seniors!

The Women's Gymnastics Team | ger, Jan Galen, and Ginger Rossto the team.

Consistently strong performance from the Co-Captains, Nancy Catalano and Jean Johnson helped to develop the winning season.

Another freshman, Chris Burke, trained very hard and worked into being one of the top four scorers in the floor exercise event.

The other gymnasts who competed during the season and are developing into strong competitors are: Sandy Loeffler, Barb O'Neill, Karen Parenti, and Barb Walcott.

Another happy note to report is

MAC Swimming Finals!

By JOE SARACO

The Ursinus women's and men's swim teams climaxed outstanding seasons by finishing second and third respectively in the Middle Atlantic Conference championship meet Saturday, Feb. 28 at Johns Hopkins. The men's 163 points were good enough to place them ahead of Widener and Franklin and Marshall, both of whom were favored for Ursinus was Sieracki. He was two conference marks. Amy Early over Ursinus. Host Hopkins won third in the 50 yard freestyle and (Jr.) had record-setting victories in

The women trailed finish with a victory in the 100 (2:24.0 and 1:06.0), plus a third in yard freestyle. This was one of the 200 yard individual medley and just three events not captured by a hand in the school record-breaking 400 yard medley relay team's second place. Cindy Markley (Fr.) finished second in the 50 yard backstroke, 200 yard butterfly, 100 yard freestyle, and 100 yard butterfly. She swam for the 400 yard freestyle relay team which placed third, and the 400 yd. medley relay team. Debbie Van Pelt (Fr.) and Nina Geier (So.) composed the rest of the medley team, and along with Terry Steltner (So.), the freestyle team. Geier had a third place finish and two sixths. Stettner had two fifths and a sixth, and Van Pelt had one sixth. Nancy Kern (So.) placed second, third, and fourth in her events, while Gretchen Devlin (So.) had two sixth places, and Linda Manney (Jr.) one. Beth Salamanca (Jr.) finished third in the one meter diving.

Review of Hoopla!

By GEORGE GEIST

The basketball Bears of Ursinus concluded their season with a convincing 84-59 victory over tournament bound Eastern College. Posting an overall record of 10-10 and a M.A.C. log of 5-5, a .500 season in a "roller-coaster" year was a great success.

In a season filled with off the court problems and experimental play with on the court fives, the bouncing Bears alternated wins and losses during the twenty game schedule as particularly evidenced by the final seven games.

Ursinus 67, Drew 63; Jim Mc-Laughlin scored 21 points in 20 minutes of playing time in his best performance.

Drexel 103, Ursinus 52-No comment!

Ursinus 81, Washington 75-Junior Jim McLaughlin again scored 21 in a return to the winning way.

Lebanon Valley 92, Ursinus 75-The Flying Dutchmen were not cordial hosts except for their marching halftime show as Curt Kemmerer demonstrated his rare scoring ability with 12-16 FGs, 6-7 FTs-30 points. Greg "The Winger" Weigard added 17 counters for his senior season's highlight game.

Ursinus 80, Swarthmore 73-Senior captain Randy Stubits' domination of the backboards and his scoring punch helped post another win for Coach Fry.

Spring Garden 66, Ursinus 56-Mike Soroka, a member of Spring returning with experienced letter-Garden's 1000 Point Club, directed the SG attack to an upset over UC.

Ursinus 84, Eastern 59-The Bears played their finest forty minutes of basketball in the season's finale as UC's run and gun offense outran the Eagles of Eastern on "one of those nights." Junior Bruce Piker picked a good time be counted upon to contribute Haverford and center Randy Stuheavily to the scoring and rebound- bits of Ursinus. League MVP: ing categories next year after the Randy Stubits-Ursinus College.

graduation of Stubits and Weigard. Randy Stubits ended his UC career with another consistent contest-16 rebounds and 15 points. Greg Thren contributed 16 counters to the Bears' winning effort.

In the M.A.C. Southern Division East Section, Ursinus' overall record was second only to Widener. In league competition alone, UC tied for third with Haverford at 5-5 behind Widener and Johns Hopkins. Ursinus also rated second in scoring (75.6 p.p.g.) behind power-house Widener (82.8 p.p.g.).

Statistically, Greg Thren (19.0 scoring average) placed third after Haverford's Dick Voith and Widener's Dennis James with Randy Stubits placing fourth in the competition for individual scoring honors in the M.A.C. Southern, East section.

Randy was the only M.A.C. Southern Division to place among the top 10 leaders in four categories-Field Goal Percentage, 4th (56%), Free Throw Shooting Percentage, 2nd (81.9%) and Rebounding, 1st (15.5 r.p.g. average). Randy led the entire M.A.C., both Northern and Southern Divisions, in the latter category.

Individually, the top six Ursinus scorers, in order of average, were: Stubits (17.4), Thren (15.3), Mc-Laughlin (12.2), Weigard (7.7), Bruce Piker (6.1), and Pete Sovia (4.4).

Next year, with a strong nucleus men Greg Thren, Jim McLaughlin, Bruce Piker, Pete Sovia, Mike Piotrowicz, Mike Ruskey, Andy Budko and Steve Pearson, along with developing sophomores from Coach Handwerk's 9-9 JV club, the bouncing Bears will be back!

This year my choices for the M.A.C. Southern Division All-Star for his seasonal high. Shooting an Team include two Bears-guards amazing 10 for 15 from the floor Dick Voith of Haverford, Greg and 5-5 from the line, Bruce dem- Thren of Ursinus, forwards Dennis onstrated his potential. Piker will James of Widener, Dave Stubbs of

Hopkins by just five points.

This was only Ursinus' second season of men's varsity swim competition. Last year, the Bears tied Gettysburg for sixth place. The improvement was a result of a supreme effort by a dedicated squad coached by Randy Davidson. Ursinus broke five team records Saturday. Bill Knerr (Fr.) accounted for three. He finished seventh in the 100 yard butterfly (57.6) and 200 yard backstroke (2:15.0, four seconds off his best previous time), and eighth in the 200 yard butterfly (2:12, seven seconds off his best previous time). style and set a team record. Haus-

a Johns Hopkins' swimmer.

In the diving competition, Chuck Reese (Sr.) was eighth and Chip Weisel (Jr.) twelfth for Ursinus. Sieracki's 41 points paced the Bears' individual scoring. The others: Sloate 31, Hausner 30, Knerr 25, Lavell 24, Reese 5, 400 yard medley relay team 4, Jim O'-Day (So.) 2, and Weisel 1.

The squad's regular season record ended at six wins, three losses, one tie. Davidson praised each swimmer for his hard work. He pointed out that the two vacations Dave Hausner's (Sr.) 1:53.4 placed interrupting the season hampered him eighth in the 200 yard free the conditioning of each member. "The schedule is not conducive to a ner anchored the 400 yard freestyle sport where conditioning is so imrelay team whose time of 3:22.0 portant, such as swimming," he broke the school mark by better said.
