What happened to the high hopes, interest, fellowship, and just plain fun generated by the organization of the Home Owners?

Somewhere along the line we got side-tracked. Instead of wondering how we could help one another, we started to wonder "What do I get out of this?" Instead of working with the men we elected to our board, we asked ourselves, "What are they getting out of this?" Instead of talking out our problems, we started to limit discussion and get fouled up in the red tape of "Robert's Rules". Our new neighbors came to meet their fellow homeowners and went away confused by undercurrents of hostilities and not knowing anyone new.

We'd like to answer the questions. Members of the Association got out of it, just what they put into it. For most of us, that was precious little. We paid one-half the cost of the Inhalator for our Fire Department. It has been used three times. What is the value of one-half interest in three lives?

What did the Board Members get out of serving us? Two nights a month away from their families, at least eight hours, besides the regular meetings; weekends spent fixing a ball diamond for our kids, cleaning the Community Building for our meetins, working on the picnic, and climaxed by a kick in the teeth by a "no confidence vote" by a quorum of the membership in November. At that time we had nine men working hard for the community, now we have none. Is it any wonder that they are now asking themselves, "Was it worth it?"

Wednesday, eight o'clock, at the Community Building we must decide whether the Home Owners Association is to be buried, or have new life breathed into it. It is time to select a nomination committee to interview and present nominees for officers and board. There is little we can accomplish individually. There is nothing we can accomplish by "letting George do it". If there is no truth in the old "in union there is strength", at least the Home Owners Association could be a fine place to meet the newcomers of Wood Hill every month.

According to a long range survey conducted for School Dist. 201-U ( of which Wood Hill is a part) the unit can conceivably have 25 elementary and 5 High Schools. With in ten years from now, it is thought that the unit will have an additional 37 rooms for 1st-6th grades, 27 for 7 to 9; 24 for the 10th-12th. And, they'll have to be paid for. As population grows in the District, the assessed valuation is steadily decreasing. In 1952 it was \$20,000/pupil; in 1962 -- \$14,500; in 1972, \$11,000. This means, according to the Board President, that we will be asked every year for the next five, to approve increased expenditures for schools, and this just to maintain the plant at its present level.

These predictions were made as a part of the "Founders' Day" program at the Monee PTA meeting in February. The program "looked ahead" and "looked behind". Case Timmer, Circle Drive, acted as Moderator for the question/answer sessions that followed each speaker.

## WHAT OF WOOD HILL?

Wood Hill will probably have its first public school in the Fall of 1965. This is based on estimates made by the Board of the expansion of not only the development, but also of the entire district.

Expansion plans for School District 201-U are shown on this map. During the Monee PTA meeting-history of the School District was sketched and future plans outlined. From right to left, Case Timmer; Mary Gorman, Pres. of Monee PTA; Lynn Wiley, Supt. of 201-U Schools; Allan Hamilton, President of the 201-U School Board.

Lynn Wiley, Supt. of Schools for 201-U, explained how this area came to have a Unit District.

It came about as an outgrowth of inadequate schools in Illinois. In 1945 a law was passed making possible the consolidation of many of the smaller districts in to 12 grade school systems. Before 201-U there were 11 1-room schools, 2 village elementary, and 1 community High School in this area. Had the Unit System not been established here, one of the old one-room districts would have had to absorb all of the Will Co. part of Park Forest (for school purposes)--about 500 pupils. With the Unit system, the financial responsibility for education is spread over a much broader base.

Other advantages of course include better "plant", better teachers, broader range planning for a larger community.

# Bowling

The Silent Five have hung on to, and moved ahead in their League lead. They now show 50 wins and 16 losses. The former Wonders from Hickok have 45 and 21 with the Beavers showing a 33 - 33.

The Wonders still show the three high game title with a 2719-Silent Five with 2708 and the Beavers a 2696. The Beavers have the High Single with 995; Handi-Cappers 983; Silent Five, 947.

Jim Barilow has third place in high 3 games with a 580; Tom Harrington has 595; Gene Narcisi leads with a 629.

And---A DIRTY TRICK---Girl Scout Cookie Week is coming up and our gals can start selling them on this Friday. However, members of another council can (and did) begin earlier. Two made the circuit here on Saturday, even after they were reminded that we have a Girl Scout Troop. If you did not get caught then, and if our gals should miss you, call any of Girl Scouts or Arlene Erakovich at 534-6507.

We take pride in announcing the opening of our new, up-to-date pharmacy, which we hope to make a real asset to the community. The store is completely equipped and modern in every detail. Our entire effort is devoted to giving you the best possible service. Experienced registered pharmacists are in charge of the prescription department, which is well stocked with antibiotics, pharmaceuticals, chemicals, and special products. No matter what your physician orders, we can fill your prescription. For your convenience, we also maintain a large selection of prescription accessories and sickroom supplies.

You are invited to stop in and get acquainted. We are eager to demonstrate our service and greatly esteem the privilege of assisting you.
