THE LANTERN,

PUBLISHED TUESDAYS AND FRIDAYS. J. T. BIGHAM, Editor and Proprietor.

TUESDAY, OCT. 16, 1906.

Keep the water and the milk pure. Keep the water and the milk pure. Yes, and keep them apart.

We continue to see in some of our exchanges announcements about "re-mo-ving the statute in Columbia, and it seems as if it will be done.

The election of Mr. Toole senator from Allen county, to fill the unexpired term of Senator Johnson, deceased, gives a majority of one against the state dispensary in the senate, according to the figures of those who have studied the situation.

The Lancaster county grand jury had time to say in its report on the subject of roads.

Since the abolition of the chain gang the convicts of the county have been sent to Chester county to work on the chain gang at six dollars per month per convict.

"Equities" writes to The States: "Several times I have heard some of the young men of Columbia, address their female companions as 'Lady'."

Last Friday night a colored college in Seneca was blown up with dynamite. It is said that the good people of Seneca, who witnessed the occurrence, whether the work of whites or blacks.

The Southern railway will no doubt pay dearly for the loss of the wreck at Adgers, and there is a lesson in it which the management of the Southern, as well as other corporations and individuals should study.

What are the immediate results? In the twinning of an eye, \$100,000—perhaps twice as much, would be sent out of the company's hands, in damage to persons and property.

Coroner Leecke was at Great Falls yesterday holding an inquest over the body of Allen McLaughlin, who was killed the night before over a game of cards by John Jeter, alias Jim Jeter.

The Observer offered the daily one year, to the person who sold the largest Mecklenburg raised watermelon on the Charlotte market this morning on an east bound Rock Island train at Berry, Ark.

Sam Jones' Day. The late Rev. Sam Jones, the noted evangelist of Carter'sville, Ga., died of heart disease this morning on an east bound Rock Island train at Berry, Ark.

A Large Member. The Observer offered the daily one year, to the person who sold the largest Mecklenburg raised watermelon on the Charlotte market this morning on an east bound Rock Island train at Berry, Ark.

Mr. W. L. Clark of Berryhill township, Blomington Ridge, who by bringing in one that weighed 91 pounds. This was not a good year for large melons, shows was the most successful.

DAVID DIXON KILLED.

Charlie Weir Injured—Head-on Collision of Engine and Freight Train on Winnsboro, Oct. 15. Three men were killed, one fatally injured, and two less seriously hurt in a head-on collision between northbound freight engine No. 74 and freight No. 64, on the tracks at Winnsboro, Columbia.

The dead are David M. Dixon of Blackstock, conductor on light engine; Henry Piles, until recently of Manufacturing Va., engineer on freight; and James T. McPherson, Jr., engineer on light engine. The injured are Henry Gates, colored fireman on freight, who will die; James C. Price, engineer on freight; and Charlie D. Weir, white brakeman on freight.

The colored fireman, Gates, had his leg so badly crushed that amputation was necessary and he was seriously injured internally and about the neck. Engineer Price suffered a sprained ankle and his arm was cut off in the hand. Brakeman Weir was less seriously hurt than any of the injured, spraining his ankle in jumping.

The injured and the bodies of the dead were brought to Columbia late yesterday afternoon on a special train. Gates was taken to the C. & A. hospital at Winnsboro, Price and Weir to the Columbia hospital. Two of the dead men were taken to an undertaking establishment and prepared for burial. Dixon's body was left with relatives at Winnsboro.

CAUSE OF ACCIDENT. The accident is said to be due to the failure of operator B. B. Bollock to deliver to Conductor Murphy and Engineer Price of the freight train an order giving to the extra engine conductor and engineer to go to Winnsboro. As a result of this failure freight did not take the sidings at Winnsboro to await the arrival of the light engine, but left there without the side track at Winnsboro, the extra engine was running without receiving any signal.

It is understood that Operator Bollock has been given a crew of the freight, which included the engine, following them of the movement of the light engine. Without knowing it until a lawyer's best this paper set out, one of a number of papers on his desk had destroyed them all together.

The place where the trains crashed together is a few rods from the freight, which included the engine, following them of the movement of the light engine. Without knowing it until a lawyer's best this paper set out, one of a number of papers on his desk had destroyed them all together.

Death. Mrs. Anna Owens Coleman, wife of Mr. H. C. Coleman, of the Pennerville neighborhood, died Sabbath and was buried at Antioch yesterday afternoon. The funeral services were conducted by Rev. J. H. Nolan. She had been unwell since Wednesday evening but her condition was not thought to be serious and her death was unexpected. She leaves her husband and several children. Dr. D. A. Coleman, of Blackstock, is a son. She was about 49 years old.

Home-icide at the Falls. Coroner Leecke was at Great Falls yesterday holding an inquest over the body of Allen McLaughlin, who was killed the night before over a game of cards by John Jeter, alias Jim Jeter.

South Fought the World. Col. W. B. Brooks, of Columbia who is now writing a history of Butler's Brigade, says that during the Civil War "the south fought the world, the best and the devil," the latter states that there were only 600,000 Confederates against a total enlistment of the federal army of 2,778,204, which was composed of the following:

- Whites from the north 1,777,433
Whites from the south 316,424
Foreigners 494,900
Negroes 186,017
Indians 3,590
Col. Brooks is also authority for the statement that "South Carolina was the only state that did not send an organized body of men to the Union Army—Edgeline Advertiser."

Asa D. Darby.  
The death of Enquire A. D. Darby removes another link that connected the present generation with the past. He was a good man and a good citizen and one of the most widely known men in the western part of the country. See notice elsewhere.

Mr. John Dickerson Dead.  
Mr. John Dickerson, aged 68 years, died at his home in the Crosbyville neighborhood, Wednesday, Oct. 10, 1906, and was buried at Cook Branch church, of which he was a member, Thursday afternoon. The funeral services were conducted by the pastor, Rev. E. D. Wells. Mr. Dickerson was an old Confederate veteran and the immediate cause of his death was a wound received in the war.

David Dixon.  
Mr. David M. Dixon, who was killed in the wreck near Adgers, was a son of Mr. Wm. B. Dixon, who lives near Alliance on the Camden road. The remains were to be buried at Nelson Presbyterian church yesterday. Mr. Dixon had constantly worked his way up until he reached a few months ago, the position of conductor. His parents and their family, who are in deep distress, have the sympathy of a host of people.

tured tobacco of made, you would dis-sensions for the big difference between **SCHNAPPS** and its imitators.

**SCHNAPPS** is clean! The Reynolds factories are as clean as the cleanest kitchen—the tobacco in manufacture is scarcely touched by human hands—with special machinery to cleanse the leaf and produce clean chewing tobacco.

When such scrupulous care is taken with the choicest selections of tobacco from America's finest chewing tobacco districts, can you wonder that **SCHNAPPS** is so satisfying, so pure, so appetizing and wholesome—so different from chews that pretend to be as good? Expert tests prove that this superior tobacco requires and takes a smaller amount of sweetening than any other kind—and has a wholesome, stimulating and satisfying effect on chewers.

Be sure the letters on the tag and under the tag spell **Schnapps**. The Reynolds Company is under the direction of the same men who have managed it since 1878, and who have made the chewing tobacco business a life study.

There are plenty of plugs that look like Schnapps, without the same satisfying chewing qualities.

**TWO HISTORICAL WEDDING.**

Marriage of John Laydon and Anne Burras—Re-nance of John Smith and Pocahontas.  
(By Silas E. Snyder.)

Norfolk, Va.—The eternal feminine delighting in the account of things matrimonial will lay aside reports of social doings at the summer resorts and advertisements of new fangled fruit-cakes to read about a wedding event if it did occur eight or to three hundred years ago.

In this case there are two and it is these matters that are being brought up at the present time. It is not that they have to do indirectly with the Jamestown Exposition which is to be held next year at a point near far from the scene of both these early social events. F. F. V.'s were not held on in those days, but for real, solid pure F. F. V. is the first of these matters that is being brought up at the present time. It is not that they have to do indirectly with the Jamestown Exposition which is to be held next year at a point near far from the scene of both these early social events. F. F. V.'s were not held on in those days, but for real, solid pure F. F. V. is the first of these matters that is being brought up at the present time.

The first installment of Jamestown settlers was a stag out with such noble old founders as Captain John Smith in the bunch, but never a petticoat, and no wonder things didn't go just right. In the absence of this gentle influence one can fancy the Douglas Chaptain and old apocryphal pitching horsehoses for tobacco (Powhatan's tobacco) under Powhatan's Oak and getting tipsy on Diamond Swamp water.

But when the second contingent of settlers arrived there were two ladies among them, or rather one lady, Mistress Forest, and her maid, Anne Burras. Imagine the robbing that took place when the flags of their femininity were seen to flutter on the docks of Jamestown. There was one citizen of the town that wasn't lost. This was John Laydon. At least making he must have been a regular Corsair. He assailed the gentle Anne with horns, foot and dragons, sabred her corsair, rode over her objections, broke down her defenses, forcibly seized her corsair and bore her away to the alter before she had begun to feel at home. Just two months after she landed in America this fourteen year old maid had changed her name from Burras to Laydon. It is conjectured that Captain Smith gave away the bride. All this happened in December 1608 and the next year John and Anne presented to the worthy Council of Virginia the first child born of English parents in the colony. "It" was a girl and she was called Virginia. In 1632 when Virginia was 21 the Virginia Court officially recognized this important event by presenting to the distinguished young lady five acres of land in Elizabeth City County, Va., which lies just across Hampton Roads from Jamestown Exposition. It may be interesting to note that three other daughters came to bless the Laydon Cathedral, Alice and Margaret.

The other wedding was the little hunting affair. It seems that John Rolfe, Secretary of the Colony of Virginia, succeeded in convincing the royal maiden, Pocahontas, that Captain John Smith was dead, and believing him dead, she yielded to the importunities of Rolfe and married him. That she loved Smith first and always is the conclusion of men who are familiar with the annals of the colony. When after her marriage she met him in London she exclaimed: "I did not die always that you were dead." Those words told of the tragedy of a heart.

**An Awful Cough Cured.**

"Two years ago our little girl had a touch of pneumonia, which left her with an awful cough. She has since coughed just like one with the whooping cough and some thoughts she would not get well at all. We got a bottle of Chamberlain's Cough Remedy, which acted like a charm. She stopped coughing and got strong and fat." Writes Mrs. O. Bussard, Brockton, Mass. This remedy is for sale by all druggists.

**Refreshments for Company**

On sultry evenings will be appreciated best if they consist largely of iced creams and water less of the quality of ours. **ELECTRICITY IS THE PROPER POWER TO USE.**

Probably you are satisfied with your present power equipment. Probably you are not. Would you welcome a proposition from us to equip your plant for using electric power?

Would you, if we could prove that such power would be cheaper, and have you real hard dollars and cents?

Would you, if we could prove to you that such power would have you worry, bother, insurance, danger, dirt, coal, etc.?

Would you, if we could show you that electric power would reduce the chances of breakdowns and loss of time?

Would you, if we could show you that it would mean more and better work from your employes?

If this kind of money-saving proposition will interest you, just write us. We can wire your place for using electric power from an outside source, or we can install a complete plant for you that will generate your own power—and make you independent for power and light.

We are waiting for your invitation to show you—send it today.
