Scope and Content Note: **This collection consists of Dr. Massey's professional and organizational files and includes biographical data, correspondence, lecture and teaching materials, rough notes and unpublished drafts of Dr. Massey's journal articles and books, speeches, research notes and photo and typescript copies of historical manuscripts from other repositories. Most of the material pertains to Dr. Massey's publishing efforts, her work as a Winthrop faculty member and scholar and her involvement with professional organizations, especially the Southern Historical Association and the Civil War Centennial Commission. While there is material extending from Dr. Massey's student days at Hendrix College (a 1937 graduate), most of the substantive material extends from 1953-1973. To facilitate the use of the collection, three special name and subject indexes have been prepared for certain parts of the collection. These have been included as appendices to the inventory. When a researcher is using one index, he should also consider the other two indexes to the collection.**

Transfer of Items: Numerous publications were transferred to the Acquisitions Department of the library for review. Dr. Massey's book reviews and publications were transferred to the Archives Faculty Publication file.
