University Archives, Winthrop University

Winthrop University Archives
 Preliminary Descriptive Inventory

Unit: Business Office
 Sub-Group: Winthrop Marketplace
 Series: Correspondence and Memoranda

Record Group no: W408
 Sub-group no: 4D
 Series no: 1

Description of series and its contents: **This series consists of the correspondence and memoranda related to Winthrop Marketplace which is currently under the Division of Finance and Business Affairs (the successor of the Business Office and the Bursar before that). Winthrop University Marketplace provides campus departments and organizations with an online tool to organize, operate and manage payments for events, products, and general payments. Marketplace is available to academic departments, as well as all faculty, staff, and student functions and organizations. Marketplace is the e-commerce solution for Winthrop departments and organizations. This secure, online e-commerce environment is a cornerstone module of the TouchNet Commerce Management System that helps colleges and universities automate, manage, and secure campus-wide payments and related business transactions. TouchNet has been a partner with Winthrop for years as they currently process our students online payments through Wingspan. This series is organized by calendar year and chronologically thereunder.**
