Gentlemen:

At a meeting of the Architectural Selection Committee held yesterday afternoon, the Committee voted to select your firm to negotiate for the fee for services on the above referenced project. The Committee deliberated at considerable length before making a firm decision.

In order to more fully acquaint you with the project and the state system, I will be forwarding the full program to you along with our Associates Procedural Manual and a copy of the statute stating the maximum fee permissible.

Sometime in the near future I will establish a meeting with the Executive Committee and you should be prepared to return and negotiate the fee for the project with the Committee. If you have any questions about the matter, please feel free to contact me.

Yours truly,

Louis J. Krueger
Director
