Students To Aid Planning

Ruttman Tells ASC Of Union Addition

The primary needs of the Memorial Union are new food service facilities and rooms to bring all student organizations together," Jerry Ruttman told the All-Student Council Tuesday night.

Speaking about the \$1 million-plus addition being planned for the Union, Ruttman urged cooperation between student leaders and Union leaders to plan the addition.

The addition, to be completed in 1967, might include more conference rooms, a larger ballroom, eight to 10 bowling alleys, a bookstore and six to eight hotel rooms for visiting celebrities and guests to be built above the present structure, he said.

He said the Board of Regents has turned to the state architect for drawings of the new wing.

Ruttman said an estimated 650,000 people used the Union last year. Approximately 3,400 students and faculty use it for organized meetings monthly.

Other discussion centered around library hours and the possible opening of more departments in the library. Jim Rock, Abilene senior, said that, "Everyone is concerned with the added expense of keeping the library open longer, but no one considers the expense to the students of not having the facility available to them."

Rock, Phil Aldrich, Garfield senior, and Jean Oborny, Timken sophomore, were named to a committee to discuss the matter

Herron is Ugly Man, Contest Nets \$386

Don Herron, Kinsley junior, was announced winner of Alpha Phi Omega's Ugly Man contest at the halftime of last week's FHS-St. Benedict's basketball game.

Herron won the contest with 19,351 votes, which cost a penny each. Herron's sponsor, Delta Sigma Phi, received a trophy. Second place among the 11 contestants went to Douglas Teel, Russell freshman.

The contest was responsible for a \$4,845 boost in the college's loan program by raising \$386 for the Endowment Assn. for student loans under the United Student Aid Fund matching program.

"Loans in this program average \$250, so the contest probably will provide loans for about 18 students," said Kent Collier, executive secretary of the association.

Cunningham Plans Trip to Pakistan

President M. C. Cunningham is one of 15 educators who will inspect educational facilities in Pakistan in March and April.

The trip is sponsored by the U. S. State Department and the American Assn. of Colleges for Teacher Education to promote international understanding through educational assistance.

Dr. Cunningham is the only educator from Kansas and one of two from the Midwest to make the trip.

Cunningham will leave March 7 and plans to complete a round-the-world tour, visiting educational institutions in New Delhi, India; Hong Kong; Japan and Hawaii before returning home April 16.

The educators will study educational systems on all levels and confer with school administrators. After returning home, they will write reports which will serve as guides for the Pakistani schools.

Five Disciplined For Disturbance By Student Court

Five FHS students were given disciplinary probation rulings for the rest of the semester in recent Student Court action.

The five—Bill Schumacher, Jewell sophomore; James Barlow, Holcomb sophomore; Kenneth Nash, Ulysses freshman; Mark Meng, Ingalls freshman, and Tom Kilgore, Manter freshman—were put on probation following Student Court hearings on charges of destruction of state property and disturbing the peace.

The action came after the group was picked up by Hays police the night of Feb. 13 and charged with disturbing the peace. Each forfeited a \$25 bond.

College officials said they later admitted discharging fireworks at Wiest Residence Hall, Tau Kappa Epsilon and Prometheans fraternity houses and Sigma Sigma Sigma sorority house. M-80 firecrackers taped to wash basins in Wiest Hall caused considerable damage, college officials said.

The students, who all lived at McGrath Residence Hall, put themselves at the mercy of the Student Court.

In addition to the probation, the Student Court ordered the youths to:

1. Pay for the damage.
2. Observe 11 p.m. closing hours.
3. Refrain from drinking.
4. Refrain from having a car on campus or in Hays.
5. Not violate any criminal law.

Breaking any of these stipulations will result in dismissal from school, the court said.

Two other freshmen were also indirectly involved in the incident, but received only an oral reprimand and a warning.

'The Grapes of Wrath' Is Novels Lecture Topic

The fifth in the series of Novels Lectures will be presented by Marion Coulson, associate professor of English, over "The Grapes of Wrath" at 8 p.m. Tuesday in the Memorial Union Black Room.

Coulson will discuss John Steinbeck's famous novel of the Oklahoma farmer during the depression from three angles. He will note the highlights of the author's life, discuss it from a critic's point of view, and over the content of the 1939 production.

with Paul K. Friesner, library director.

Kent Leichter, president of associated students, asked the Council for support in instigating a student fund drive to raise funds for the John F. Kennedy Memorial Library to be built in Boston.

Members of the Council were asked to be registrars and receptionists for the Career Day April 14 on which 631 high school students are expected.

Oborny brought up the matter of signs for the Memorial Union and residence halls which was discussed last school year. He was appointed to a one-man committee to confer with the administration on the matter.

'Poise 'n' Ivy' Aids Wooster Endowment

"Poise 'n' Ivy" netted \$886.90 for the Wooster Endowment Fund, an increase of 74 per cent over last year.

Last year the show added \$510 to the coffers, which provide loans and scholarships for FHS students.

More than 200 students shared the spotlights in the two-night variety program which moved from the Memorial Union to Sheridan Coliseum this year.

A "surprise" duet featuring Mary Maude Moore, director of the show, and Al Dunavan, stage director, in "Baby, It's Cold Outside," brought applause, especially from the student performers who had not been told the secret.

A takeoff on the Beatles and a taped play-back of the closing number, "Say It With Music," contributed to the show.

"Poise 'n' Ivy" is an annual pops program presented by the Men's and Women's Glee Clubs and the Impromptos—all established by Miss Moore, assistant professor of music.

Junior College in Hays?

The FHS chapter of People to People must have made a real hit with its national chartering committee. The charter it recently received was made out in the name of "Fort Hays Junior College."

BIG CARD GETS BIG LAUGH — President M. C. Cunningham obviously enjoys this giant-size birthday card presented to him at his 15th birthday party Saturday in the Memorial Union. Born on Feb. 29 in a leap year, he celebrates a birthday only once every four years, making him without doubt one of the youngest college presidents anywhere.

Funds for McMIndes Get First Approval

If all goes well, construction on the \$1,200,000 addition to McMIndes Hall will begin this summer.

The college received preliminary approval Tuesday of its application for a \$750,000 loan from the Federal Housing and Home Finance Agency, with funds earmarked for the addition to the six-story women's residence.

The \$450,000 difference between the total cost and the loan will be provided by FHS from funds received from the one-quarter mill state school dormitory levy.

Final approval from the federal agency and approval of building plans by the State Architect's office will clear the way for bids to be advertised and contracts awarded.

College officials are hoping these steps can be taken in smooth order so that construction can start by mid-summer.

The addition will house 292 women, according to preliminary plans. The first section, which was completed last fall at a cost of \$1,250,000, houses 315 women.

Opportunities for Negroes Better, Says Miss Anderson

"Opportunities for the Negro in the entertainment world are improving," said Marian Anderson, following a performance Monday night.

However, the famed contralto

believes the reason Negroes are becoming more successful is "because they measure up."

Miss Anderson said that experience and study is of increasing importance for both the Negro and white. With more opportunity for these things the situation is "much better than before for the Negro," she commented.

"There are wonderful opportunities on the stage," said Miss Anderson, a native of Philadelphia who has been internationally famous since 1935.

However, she noted that competition is stronger than when she entered the business and that "contacts" are important.

The recipient of the Freedom Medal, Miss Anderson is planning to begin her final concert tour next October and retire with a final performance in Carnegie Hall on Easter Sunday, 1965.

"We've (I've) been on the stage for a long time," she said. "I'm married and am now looking forward to making a home and doing some of the things other women do."

"It's been a full life," she continued. "It has been a fine experience and I'm grateful."

The Sheridan Coliseum crowd of more than 2,000 was one of the most appreciative and responsive in several years, as one FHS student commented, and gave Miss Anderson a standing ovation following her final encore.

Specific Problems Provide Workshop Subjects

Two new workshops designed to help elementary teachers with specific problems will be offered at FHS this summer.

Lena Knoche, a teacher of mentally retarded children in the Hutchinson public schools, will join the summer faculty to coordinate a three-week session on teaching the mentally retarded.

Dr. Jeanne Kuhn, professor of education, will teach the other workshop, which deals with individualized reading in elementary schools.

Information on the workshops can be obtained from Dr. Kuhn, Rarick Hall, Room 308.

Students Are Responsible For IBM Roster Accuracy

The registrar's office has announced that the only way a student can receive credit for a course is for him to satisfactorily complete the course in the section in which his name appears on the IBM roster.

If a student is attending section A but is on the roster for section D, he will receive a "U" with minus grade points in section D and will receive no grade or recognition for section A.

Greek Chariot Race To Be With Fort Hays Furlough

Interfraternity Council decided to hold the annual chariot race in conjunction with Fort Hays Furlough at 7 p.m. May 1, pending approval by the Furlough planning committee.

IFC president Jerry Patterson announced the Greek Sing would be at 8 p.m. March 23, with Chuck Miles as master of ceremonies.

The Junior Active Banquet has been tentatively set for March 22.

New Play Dates Set

"Light Up the Sky" has been rescheduled for March 25 and 26 in the Memorial Union Gold Room. Two 7:30 evening performances and a 2:30 matinee on the 26th are planned.

Because of the limited available seating, activity tickets will not be accepted at the door, but must be used to obtain play tickets prior to the performance.

Rare Art Opens In Union With Persian Reproductions

"Persian Miniatures," an exhibit of color reproductions, opens March 5-26 in the upstairs gallery of the Memorial Union.

The reproductions include 32 illuminated pages from six rare manuscripts and eight wall paintings dating from the 15th through the 17th centuries.

The manuscripts, from which the

exhibit is reproduced, are among the few of their kind and include some of the best examples of Persian book art.

The wall paintings were frescoes at the Chihil Sutun Palace in Isfahan (1642-1666). Though the originals are beyond repair, the remains are excellent examples of the art done at the time.

Because the Koran forbade figurative representation, paintings such as these which depicted portraits, feats of kings, hunts and tales of love were not accepted by theologians. Thus the images were not objects of devotion, but were created for visual pleasure for the princes and wealthy individuals who commissioned them.

Space Center Trip Part of Workshop

A three-day trip to the United States' new \$250 million space center near Houston Tex., is included in FHS's summer aerospace education workshop.

Sponsored by the college and the Kansas Wing of the Civil Air Patrol, the workshop is designed to help teachers and school administrators develop aerospace materials for use in their classrooms. Enrollment is limited to 30 students and three hours of undergraduate or graduate credit is offered.

Other highlights of the workshop will be a sky diving exhibition, light airplane flight, NASA spacemobile unit visit and visiting lecturers and consultants from various aerospace industries.

Dr. Gordon Price, associate professor of education at FHS, is workshop director.

Memorial Language Scholarship Started

The memory of a language professor who taught for 31 years at FHS is preserved in a new student loan fund set up by his widow.

Mrs. Lida Jacobini has established a memorial fund with the Endowment Assn. to help students enrolled in foreign languages.

The fund honors Modesto Jacobini, a native of Italy, who taught at FHS from 1921 until his retirement in 1952. He died in 1955.

"I hope friends and former students of my husband will add to the loan fund to give financial aid to students at the college where he taught for 31 years," said Mrs. Jacobini.

Area Journalists On Campus Today

Newspaper editors and radio and television news directors from Central and Western Kansas have been invited to attend the first annual "Journalists' Day" today on campus.

The event is intended to extend the college's thanks to news media for helping keep the people of Kansas informed about FHS, according to Robert J. Spangler, director of news and publications.

A reception at 5 p.m. in the Memorial Union and dinner in the Gold Room at 6 will be followed by the St. Louis Symphony Concert at 8 in Sheridan Coliseum.

Dr. Richard E. Burnett, executive assistant to the president, and Spangler will speak to the journalists.

23 FHS Athletes Make Honor Roll Fall Semester

Twenty-three FHS athletes made the dean's honor roll for the first semester.

Leading the list of athlete-scholars is the football squad, with 11 griders on the list. Four men from the basketball and track teams, respectively, acquired the necessary 2. and tennis had two and gymnastics and golf one each.

Receiving a perfect 3. was Palmer Meek, freshman track prospect from Idana. He is a Clay Center High School graduate and a pre-med student.

Other honor students:

Football — 2.5-2.99, Glenn Pettengill, Lawrence; Ken Palmgren, Levant; 2.00-2.49, Joe Oberzan, Lawrence; Cliff Leiker, Hays; Karl Leiker, Hays; Paul Resler, Cherokee, Okla.; Ron Darst, Bucklin; Dave Jones, Dodge City; Richard Wolfe, Norton; Kirk Pope, Selden; Francis Weers, Seward.

Basketball — 2.5-2.99, Dick Schur, Minneapolis; 2.00-2.49, Bill Royer, Haven; Jude Gerstner, Hays; Paul Graber, Hays.

Track — 3.0, Meek; 2.00-2.49, Bob Schmidt, Ellis; Dwight Gillespie, St. John; Harry Walker, Englewood.

Tennis — 2.00-2.49, Buddy Campbell, Ellis; Don Fry, Winfield.

Gymnastics — 2.00-2.49, Johnnye Appleton, Wichita.

Golf — 2.00-2.49, Rod Pekarek, Elkhart.

Bids Due for Hall Aids

Women interested in serving as residents assistants in residence halls next fall should submit an application to the Dean of Students office in Picken Hall, Room 208.

Class in Ground School Aviation Training Open

An organizational meeting for a class in ground school training in aviation will be held at 7:30 p.m. Friday at the Hays Airport.

The establishment of the school carries the possibility of starting a flying club, which would make flying lessons and use of planes considerably cheaper.

The class will cover such areas as pre-flight facts, meteorology, flight computer, navigation and FAA regulations. Cost of the seven sections is \$67 if paid in advance or \$9.75 a section.

Language Study, Travel Offered in AMLEC Plan

Language study and travel abroad is in store for approximately 250 students who will be selected to participate in Michigan State University's American Language and Education Center program.

AMLEC cooperates with a non-profit Swiss foundation to offer college students an inexpensive opportunity to study Spanish, German, French and Italian while living in countries where these languages are spoken.

Further information regarding this program can be obtained by writing American Language and Education Center, Michigan State University in East Lansing. Last summer 243 students representing 64 American colleges and universities participated in the program.

Survey Favorable Toward Lettermen

(ACP) — College athletes who win their letters are better students than those who go out for the team, but don't earn a letter. And the lettermen earn grades equal to those of men who don't participate in athletics.

At least, that's the case at Wisconsin State College, La Crosse, according to a research survey by Robert H. Steuck, Student Union Director.

The POINTER, a campus newspaper at Stevens Point's Wisconsin State College, says a study also found:

Among the athletes, basketball players and golfers get the best grades. Baseball and football players have the lowest grades.

Athletes participate in more religious groups and more campus activities, hold more offices in campus organizations and work at part-time jobs than non-athletes.

Placement Interview Dates

Friday — Abilene, Kansas. McKinley Elementary Schools interviewing all elementary levels.

Tuesday — Food and Drug Administration interviewing chemists (30 hours of chemistry) and inspectors (30 hours of science).

Wednesday — F.S.E.E. test.

DOGPATCH ELITE — Marceilla Brown of Bazine and Bill Rogers of Hays won the Daisy Mae and Bearded Joe contests held on campus last weekend. The project, sponsored by International Relations Club, raised about \$500 for international student scholarships. Miss Brown was sponsored by Sigma Kappa sorority and Rogers by Phi Sigma Epsilon fraternity. She won with \$122.30, only 15 cents more than Avis Morton, Oberlin senior, supported by Wiest Residence Hall.

Discussion Airs Student Teaching

"What you can expect from student teachers..." will be a major discussion topic at a conference of area elementary school administrators and teachers and the elementary education faculty at FHS Saturday.

Elementary school superintendents, principals and cooperating teachers from Hays, Great Bend, Dodge City, Ellis, Hoisington, and Larned will strive to better understand the purposes, aims and responsibilities of the student teaching program.

Preparation, screening and evaluation of student teachers; and what to expect of the student teacher in reading, social studies and mathematics will also be considered.

Forty-three student teachers from FHS will begin an eight-week assignment in these schools March 23.

2 FHS Math Students Land Grants for Study at O-State

Two FHS mathematics majors are among only six undergraduates

master's degree. Participants receive a \$2,400 living allowance, tuition, a book allowance and travel expenses.

Both Miss Horyna and Oborny are honor students at FHS and have been elected to membership in several honorary groups, including Phi Kappa Phi, national scholastic fraternity; Kappa Mu Epsilon for mathematics majors; Delta

Sharon Horyna

Edmund Oborny

who have been selected to participate in a National Science Foundation institute at Oklahoma State University, Stillwater.

Sharon Horyna, Hanston, and Edmund Oborny, Timken, will begin work in the 12-month math institute this June. Both will receive bachelor's degrees in mathematics from FHS this spring.

Designed for prospective teachers, the NSF institute leads to a

Epsilon, science; and Who's Who Among Students in American Colleges and Universities.

New Announcers Boost KFHS Air Time One Hour

Broadcast time for KFHS radio will be increased one hour beginning March 9 as the station goes on the air an hour earlier at 5 and broadcasts until 9 p.m.

Reason for the change is the increase of student announcers to 25 from last semester's 12.

"The Happy Beat," an hour scheduled for student requested music is being presented Monday through Friday evenings, 8 to 9 p.m.

Records on file at the radio studio available for these requests will be announced at intervals during the regularly scheduled broadcasts.

"Spotlight," a taped presentation of campus personalities, visitors and organizations, can be heard at 8:05 Wednesday evenings.

Two FHS students were recently interviewed—Carol Lipp, concerning cheerleading techniques, and Kathy Archibald, sweetheart queen.

The Limelighters, singing trio, are among the famous personalities interviewed over KFHS.

Joe Engel, Ellis sophomore and special events director for KFHS, is interviewer for the show.

Reveille Goes to Press, Expected Ready About May 11

The last pages of copy for the 1963-64 Reveille have gone to press with distribution to students expected early in May, according to Shari Forbes, circulation manager.

An estimated 90 per cent of the full-time students are pictured in the book.

The student publication promises to be different in general appearance and make up, with original art work by Gloria Dizmang, Holyrood junior.

Mac Reed, Ellis senior and editor of the book, said, "With a dark red cover and use of duotone: black, white and another color, the Reveille will compare with a full color annual because of its use of a variety of color."

"Something new that appears in this annual is the use of subdivisions as well as four main divisions. The division pages picture examples of campus life," he added.

Work begins right away on next year's publication with several salaried staff positions open. Applicants can see Mrs. Rogers in Martin Allen, Room 104.

650 Apply For Summer Institute

There's no shortage of applicants for FHS's summer institutes in mathematics and chemistry.

Sponsored by the National Science Foundation, the math institute attracted some 450 applications from junior and senior high school teachers and the chemistry institute for college teachers drew over 200 applicants.

Institute directors and staff members now are busy screening applicants so that stipend holders can be announced by March 15. Forty stipends are available for the math institute, scheduled June 1 to July 31, and 30 for the chemistry institute, scheduled June 22 to July 31.

FHS received NSF grants of \$58,400 and \$31,300 to finance the two projects, with the larger amount going to the nine-week math institute.

Wilmont Toalson, professor of mathematics, and Dr. Harold Chogguill, chairman of the division of physical sciences, will head the two projects.

Nusse Back From New York, D.C.

Judith Nusse, Liberal senior and a representative of the Kansas Methodist Student Movement, recently returned from a Christian seminar in New York City and Washington, D. C.

During her stop in New York City she visited the United Nations to get a better understanding of the Latin American "setting." She had several opportunities to hear discussion on the Cuban situation.

In Washington she visited the Pentagon, the State Department and had an opportunity to talk with her Congressmen.

Highlighting the trip to Washington were talks given by two newspaper editors. Miss Nusse said they presented a socialist view. One editor said he thought Castro is really a humanitarian who is all for the people.

Rotary Offers Year In Foreign Land

A year's expense-paid study in one of 126 foreign lands is available to students attending Fort Hays State College.

Fellowships for International Understanding, sponsored by Rotary International, are awarded to men age 20 to 29 who have, or will have a bachelor's degree before the fellowship begins.

For the Rotary Foundation Fellowship, an applicant must be a single male, fluent in the language, culture and history of his adopted country.

The amount of the fellowship includes costs of transportation, registration and tuition fees, books and room and board plus the cost of educational travel within the country of study.

Students interested in Rotary grants should contact Dr. Richard Burnett, executive assistant to the president.

Safety Measures Needed

The safety of both pedestrians and drivers is endangered by the lack of traffic controls at several hazardous intersections near the campus.

To provide greater safety for pedestrians, The Leader suggests:

1. "Stop for Pedestrians" signs at 6th St. and Park St., directly east of Rarick Hall on Park and at the intersection of US Highway 40 and Park.

2. Traffic lights or a patrolman directing traffic at the intersection of 8th and Elm. This would be especially helpful at 8 a.m. and at the noon hour.

Signs warning eastbound drivers on US 40 of the congested area ahead would also be advantageous.

Another safety aid to the driver would be the removal of the bushes at the southwest corner of the intersection of Park and US 40.

These traffic controls, coupled with consideration for others by both drivers and pedestrians, could eliminate much of the traffic congestion and lessen the danger to FHS students, faculty and staff.

Nurse Education Head To Nebraska Conference

Professor Leora B. Stroup, chairman of the division of nurse education, is attending a three-day conference at Nebraska University Center for Continuing Education.

The topic for the assembly, which concerns nurse education, is entitled, "Philosophical and Psychological Foundations of Teaching."

Miss Stroup is a member of the

conference, comprised of directors and instructors of nursing schools.

Don't Be a Slowpoke!!

The Artists and Lectures Committee is concerned with the large number of people arriving late to concerts. Because of problems in seating people arriving late, the committee asks that everyone arrive early for forthcoming concerts.

Brewings

The Fort Hays Furlough emphasized the rich Western background of Hays and so does a high-ranking administrator on the first floor of Martin Allen Hall.

Swinging doors—with something extra added to make this picture bright—provide an element of privacy and/or secrecy for the official.

It must be admitted the construction raised an eyebrow, and in hopes of discovering a hidden motive, The Leader's picture brightener was assigned to Project 106.

Armed with an empty stein glass and a dry bar rag, this modest young maiden clad in the semi-bunny uniform pushed through the swinging doors and into the realm of the unknown.

While it is against The Leader's better interests to disclose in detail her full report, we can tell one and all that the stein is still empty and the bar rag dry.—Norman Brew.

Spray Enamel a Cure For Sponging Borrowers

(ACP) — DAILY UNIVERSE, Brigham Young University, Provo, Utah, tells of five roommates who finally banded together in unity of funds and purpose and bought a can of spray enamel (clear varnish). A quick change of labels and the sixth girl in the room borrowed the new acquisition, as expected.

That girl has the shiniest hair on campus, and to this day she still doesn't know what she's using.

We're 'Beginning the Boom' Says President Cunningham

Editor's Note — This is the first of three stories written by Arlene Goetz, Leader staff writer, explaining enrollment, faculty and curriculum and building plans.

"We're reasonably sure that our enrollments will grow—in fact, we're already experiencing the beginning of the boom," President M. C. Cunningham said, summarizing the future growth of FHS.

Looking into the next decade, Cunningham said; "Probably the safest statement to make about enrollments in the next ten years is 'They'll go up.' However, some patterns can be traced from birth rates, elementary and secondary school enrollments and college attendance percentages."

"I think it's widely known that Kansas is well above the national average in the percentage of high school students who attend college, and present signs points to an increase in this percentage," the president pointed out.

Recently a group of college officials studied the matter and arrived at estimated future enrollment figures which they think are reasonably realistic. "We tried to take all influencing factors in account," said one member of the group. "We considered the growth of community colleges; possible economic rises and falls, population trends, the school unification plan and increased demands for college-educated people."

The group predicted that fall semester enrollments would increase from 4,275 in 1964 to 6,900 in 1970.

"We didn't go beyond 1970," Cunningham said. "However, we think there'll be a leveling off about that time, and whether the college will grow beyond 7,000 is problematical."

The president noted that a study made last spring by Mrs. Rose King of Hays indicated a strong possibility that the 1970 figure would reach 7,400. Mrs. King used four methods of estimating enrollments, and her lowest figure for 1970 was 5,860. However, she does not consider this method as reliable as the one that produced the 7,400 figure.

No matter what figures you use," Cunningham said, "we're in for a major increase."

While it continues to grow in great leaps, FHS is making plans to accommodate the additional students and instructors.

"We've set up a 10-year projected building plan for the Board of Regents," President M. C. Cunningham said. "This plan doesn't mean that we'll build these buildings on the dates listed, but it does give

us a schedule of goals we hope to achieve."

The buildings planned and their completion dates are: new library, fall 1966; remodeling of present library, fall 1968; addition for mathematics, fall 1968; health, physical education and recreation building, fall 1970; remodeling of Coliseum, fall 1971; classroom building, fall 1972, and addition to library, fall 1973.

A proposed addition to the Memorial Union is not included in this list because financing will not come from state funds. A committee is working on plans, and funds are being accumulated for the addition.

The projected plan for housing units and their completion dates are: addition to McMindes Hall, fall 1965; apartment buildings, fall 1967; men's residence hall, fall 1968; men's residence addition, fall 1971, and addition to Agnew Hall, fall 1973.

Cunningham pointed out that changes in enrollment trends and financing could change this schedule. At present, FHS receives funds for academic buildings from a three-fourths mill levy called the Kansas Educational Building Fund and for housing from a one-quarter mill levy, the Dormitory Fund.

Federal loans for housing are obtained through the Housing and Home Finance Agency. The new Educational Facilities Act will make funds available for certain types of college buildings.

"Housing is our biggest problem," Cunningham said. "If anything can hamper the college's growth, it will be the lack of sufficient housing, both on and off the campus."

100 U. of Hawaii Grants Offered

Scholarships to the University of Hawaii are being offered to students whose major interest is in the social sciences and humanities.

These 100 full scholarships are valued at \$8,500. The scholarships are for 21 months and provide transportation, basic maintenance and tuition at the University of Hawaii.

Certain qualified students in certain fields of science other than social sciences and humanities may be considered.

The Asian field study program is for one semester to a full year depending upon the students' qualifications and objectives.

Further information is available in the graduate office.

LITTLE MAN ON CAMPUS

"SEE HERE COACH PHILLIPS—AM I TO HAVE TROUBLE WITH SOME MEMBER OF YOUR JAVELIN TEAM AGAIN THIS SEASON?"

Open Letter Thanks Parents

(ACP)—THE COURIER, Clarke College, Dubuque, Iowa, addressed this open letter to parents of students:

Dear Mom and Dad,
Tonight I saw two children. They were alone downtown, standing in front of a tavern.

Five of us were walking to Karigan's after an evening movie when we saw them—little blonde children. The girl looked about six. The boy couldn't have been more than four years old.

One of the girls I was with said softly, "Go home kids." The blare

of a jukebox from the tavern muffled the little girl's reply. It sounded like "Please."

As I turned to ask them where they lived, they ran away. The little boy had a shoe shine kit in his hand.

We started to follow them, but they were masters of elusion. The girl cut between two cars, turned the corner and was gone. The little boy disappeared down an alley.

We looked up and down the street, expecting a nearby home, a mother watching. Apparently

there was no one.

Parents' Weekend seems to be a good time to thank you, Mom and Dad for many things. For an education, warm clothes, spaghetti on Saturday nights.

But not right now. Tonight I would like to thank you for the big things. Tonight, Mom and Dad, thank you for being there. Thank you for a few spankings and a million hugs. Thank you for waiting up all those evenings. Thank you for still watching while I run to mail a letter after dark.

State College Leader

One of the oldest student organizations on the Fort Hays State campus; founded in 1906. Recipient of first class rating by the Associated Collegiate Press Critical Service and an A rating by National School Yearbook Association, both during the 1961-62 and 1962-63 college years.

The State College Leader is published weekly (Thursday) during the school year except during college holidays and examination periods, and bi-weekly during June and July. Published at Martin Allen Hall on the campus of Fort Hays Kansas State College, Hays, Kansas. Mail subscription price: \$7.50 per semester or \$1.50 per calendar year. Second-class postage paid at Hays, Kansas.

Foreign Language Enrollment Hits Spring High of 532

FHS Juniors Given Eye-Opener at Schools

A total of 56 FHS juniors are attending classes in various Hays elementary schools.

The students are members of a six-weeks program who observe and, on occasion, participate in parts of the day's activities. Each student attends a designated grade school classroom for two hours twice each week for eight weeks.

The course is the first step toward putting theory into practice and gives the prospective teacher a personal contact with the age level he plans to teach.

Dr. Jeanne, Kuhn, professor of education, is directing the class.

By Arlene Goetz
Leader Staff Writer

Enrollments in foreign languages for the spring semester at FHS hit an all-time high of 532 students, marking the first time in the school's history that figures have exceeded 500.

The number not only exceeded enrollment for the spring semester of last year, but also showed a marked increase over the 1963 fall term. Although FHS had the usual drop in total enrollment from fall to spring, language enrollments were up 14 per cent over last spring and 13 per cent over last fall.

Spanish classes topped all others with 220 students, a 27 per cent increase over last spring, and 20 per cent over the fall semester. German is up 5 per cent with 131 students and French, with 81, is down 25.

Russian has 26 students, maintaining the same level as last fall.

The drop in elementary French is interpreted by the language department as a temporary result of staff changes and the new enrollment procedure. But the prospect for French is obviously improving. Two advanced courses, which were expected to be offered by appointment developed into full classes.

The principle reasons for the language enrollment increase are the teacher shortage, business opportunities and college language facilities.

Because schools are expanding their offerings to six-year sequences at the junior and senior high school levels and more communities are introducing foreign language study as a regular part of the elementary school curriculum, a shortage of teachers exists. Consequently, salaries in this area are higher than in most teaching fields.

Besides teaching opportunities, the language student can find a career combining business and linguistics. Competition for world markets has induced American business to emphasize the importance of the ability to speak

a foreign language.

Teaching aids and other materials supplement the main laboratory at FHS and new teaching techniques make language study more challenging and interesting.

Students learn to speak the language and understand it from the outset. Daily laboratory work and regular recorded tests impel students to work consistently.

The availability of adequate facilities gives rise to experimental

research with new materials and techniques by language faculty members.

Language majors receive intensive training before they are graduated. They usually work at least a semester as laboratory assistants, learning to run the equipment in the laboratory system and mastering almost every kind of audio-visual aid.

Reds Also Have Race Problems

Reader's Digest Release — Chinese college students in Red China receive their education amid a squalid, crowded and dirty atmosphere where space is so tight and equipment so scarce that they cannot study in their rooms, but must go to lecture halls.

If the students happen to be Africans, they also suffer racial discrimination. This is the picture drawn by Emmanuel John Hevi, a Ghanian who went to Peking to study medicine.

The college where he studied had only one bathroom for 5000 students. The dining hall also served as assembly hall, theater and indoor games room. Each 10x12-foot dormitory room housed at least eight students. Windows had to be wedged with paper to keep out the cold.

Although warmly greeted at first, Hevi soon became disenchanted with the stifling living conditions, the attempts to link all academic material to Marxist dogma and the Communist efforts to convince him and his fellow students that the yellow race was superior to the black.

Dances were held occasionally, but the music consisted of Socialist anthems repeated ad nauseum. Chinese students who approached the Africans as friends were discovered to be plants.

"Such girl friends as we found were packed off to prison or to commune farms for hard labor almost immediately," Hevi reports.

Of 118 Africans studying in China when he was there, approximately 90 per cent had either left or were planning to leave by the time he packed his bags, said Hevi.

"For us there was lacking the sustaining hope of reaching the final goal—sound education," he said.

Hevi now teaches at Olu-Iwa College in western Nigeria.

THE SLOW RUSH

Illustrated below is the membership pin of a brand-new national fraternity called Signa Phi Nothing. To join Signa Phi Nothing and get this hideous membership pin absolutely free, simply take a pair of scissors, cut out the illustration, and paste it on your chest.

Let me hasten to state that I do not recommend your joining Signa Phi Nothing. The only thing I recommend in this column is Marlboro Cigarettes, as any honest man would who likes good tobacco and a good filter, whose heart is quickened by a choice of soft pack or Flip-Top Box, and who gets paid every week for writing this column.

I am frankly hard put to think of any reason why you should join Signa Phi Nothing. Some people, of course, are joiners by nature; if you are one such, I am bound to tell you there are any number of better organizations for you to join—the Cisa Nostra, for example, or the Society for the Placing of Water Troughs in Front of Equestrian Statues.

cut it out and paste it on your chest

But if you insist on joining Signa Phi Nothing, let me give you several warnings. First off, it is the only fraternity which admits girls. Second, there is no pledge period; each new member immediately goes active. Perhaps "inactive" is a more accurate word: there are no meetings, no drives, no campaigns, no sports, no games, no dues, no grip, and no house.

The only thing Signa Phi Nothing has in common with other fraternities is a fraternity hymn. In fact, two hymns were submitted to a recent meeting of the national board of directors (none of whom attended). The first hymn goes:

*Signa Phi Nothing,
Shining star,
How we wonder
If you are.*

The second hymn, rather more poetic in content, is to be sung to the tune of *Also Sprach Zarathustra*:

*A Guernsey's a cow,
A road is a lane,
When you're eating chow,
Remember the main.*

Pending the next meeting of the national board of directors (which will never be held) members are authorized to sing either hymn. Or, for that matter, *Frenesi*.

Perhaps you are wondering why there should be such a fraternity as Signa Phi Nothing. I can give you an answer—an answer with which you cannot possibly disagree: *Signa Phi Nothing fills a well-needed gap.*

Are you suffering from mental health? Is logic distorting your thinking? Is ambition encroaching on your native sloth? Is your long-cherished misinformation retreating before a sea of facts? In short, has education caught up with you?

If so, congratulations. But spring is upon us and the sap is rising, and the mind looks back with poignant longing to the days when it was a puddle of unreason.

If—just for a moment—you want to recapture those care-less vaporings, that warm, squishy confusion, then join Signa Phi Nothing and renew your acquaintance with foolishness. We promise nothing, and, by George, we deliver it!

We, the makers of Marlboro Cigarettes, promise smoking enjoyment, and we think you'll think we deliver it—all 50 states of this Union. Marlboro Country is where you are.

Five Sigma Alpha Iota pledges who recently became active members are: Rosella Linenberger, Hays junior; Carol Walker, Cimarron junior; Linda Schledeman, La Crosse sophomore; Diana Freeman, Larned sophomore, and Judith Sillin, Hudson sophomore.

The K-State Girls' Glee Club, directed by Jean Sloop, will give a program at 11 a.m. Tuesday at Hays High School Auditorium.

This performance is open to the public and sponsored by Hays High and the Fort Hays State division of music.

"World Come of Age" is the theme of the Kansas Methodist Student Movement State Conference Friday through Sunday at Rock Springs Ranch near Manhattan.

Guest lecturer for the conference will be Dr. Martin Marty, professor of church history at the University of Chicago Divinity School and associate editor of "The Christian Century."

Dr. Marty will be speaking on "The Secularity of our Religious World," "The Religiousness of our Secular World," and "The Christian Faith in it's Complex Setting."

Carol Smith, St. Mary's sophomore, won the women's intramural table tennis tournament with a 9-1 record.

Second place was taken by Marg Brickey, Arkansas City freshman, with an 8-1 record, with Kathy Nedrow, Kirwin sophomore, third with six wins and one loss.

The final standings of the tournament are as follows:

Carol Smith, 9-1; Marg Brickey, 8-1; Kathy Nedrow, 6-1; Myra Fisher, 7-3; Helen Miles, 6-4; Mickey Wasinger, 4-4; Helen Cooper, 3-4; Jay Hamman, 2-4; Linda Bogenhagen, 2-8; LaVelda Young, 1-7, and Anita Bennett, 0-9.

AWARD FOR SCHOLARSHIP — Kathy Whitley (right), La Crosse senior and member of Sigma Sigma Sigma sorority at Fort Hays State College, accepts two scholarship plaques from Judy Ubert, Hays senior and president of Panhellenic Council. The Tri Sig actives and pledges won both of the Council's awards for the fall semester—the actives with a 1.81 grade average (1. is C and 2. is B) and the pledges with a 1.71. Delta Zeta pledges had 1.68 actives, 1.66; Sigma Kappa pledges had a 1.45 and actives had 1.73; Alpha Gamma Delta pledges had 1.65 and actives a 1.66. Watching the presentation is Jean Stouffer, dean of women.

Fraternity Rush Ends, 48 Pledge

A total of 48 men pledged fraternities in formal pledge service held Monday night. Fraternities and their pledges are:

Alpha Kappa Lambda — Brice

Bueler, Scott City; James Spicer, Phillipsburg; Bobby Leaning, Dodge City; Richard Montgomery, Penokee, and Errol Glaze, Larned.

Phi Sigma Epsilon — John Francis, Hays; Lou Mannino, New Haven, Conn.; William Breer, Solomon; Richard Shogren, Assaria; Alan Johnson, Concordia; David Bauer, Broughton; Dudley Fryman, Rossville; Bob Johnson, Logan; Pat Peterson, Clyde, and George Balch, Formoso.

Sigma Phi Epsilon — Murray Anderson, Jamestown; John Briery, Hays; Morris Deewall, Coldwater; Lester Kdeker, Rozel; Dave Jones, Dodge City; Dennis King, Goodland; Don Pfannenstiel, Hays; Tom Stevens, Winchester; Doug Teel, Russell; Mike Turner, Great Bend; Doug Warren, Hays; Shelly Watking, Wellington, and Danny Westphal, Isabel.

Delta Sigma Phi — Lynn Meenen, Clifton; Bernard Karlin, Hays; Edward Puzig, Hays; Richard Cordey, Clifton; Allen Grigsby, Salina; Gene Downing, Liberal; Rodney Moore, Bazine; Ronald Kruse, Hays; Clement Maurath, Monument; David Miller, Agra, and David Hays, Ellis.

Tau Kappa Epsilon — Gordon Stout, Alden; Neal Kinlund, Tribune; Larry Dean, Tribune; Keith Sexson, Weskan, and Robert Ruda, Atwood.

Promethean — Ron Pizel, Kanorado, and Leo Hayden, Goodland.

Seniors, Students Perform Thursday

Performing in a senior recital at 11 a.m. next Thursday in Picken Hall, Room 304, will be Jim Krentzel, Hudson, tenor; and Carl Bice, Hays, bass.

Also scheduled is a student recital at 8:15 p.m. next Thursday in Sheridan Coliseum. Eleanor Poole, Phillipsburg junior, and Morris Deewall, Coldwater freshman, will perform.

The following persons performed at this morning's recital: Gary Merklein, Prairie View freshman, trombone; Allen Dilley, Hays junior high student, piano; Frank Southard, Oberlin junior, trombone; Judith Sillin, Hudson sophomore, vocal solo; Val Manderscheid, Great Bend freshman, violin; Darlene Knox, Larned sophomore, piano; Richard Ellis, Stockton sophomore, tuba; Peter Fitzgibbons, Goodland sophomore, trumpet; and James Fox, Ulysses senior, French horn.

Music Scholarship Auditions Set Saturday in Coliseum

The first of three auditions for music division scholarships will be held Saturday morning in Sheridan Coliseum, Room 306.

Scholarships awarded on the basis of the audition are available to college freshmen in any area of music.

Last year scholarships varying from \$50 to \$200 were awarded to 15 freshmen and four upperclassmen.

Alpha Lambda Delta Initiation Is Wednesday

Alpha Lambda Delta, freshman honorary sorority, and Phi Eta Sigma, freshman honorary fraternity, will initiate their new members at a banquet Wednesday in the Memorial Union.

Guest speaker will be Alice McFarland, assistant professor of English. Senior women who have maintained their 2.5 grade average will receive special recognition.

IM BASKETBALL CHAMPS — The Newman Club won the school championship for the third year straight by defeating the Dingleberries, 79-49. Team members are, back row from left, Kenneth Haas, Hays senior; Gerald Daniels, Granby, Colo., senior; James Copp, Gorham senior; Brian Ruder,

Hays senior, and Max Zimmer, Downs freshman. Front row, Galen Schmidtberger, Victoria freshman; John Briery, Hays junior; Jerry Brinker, Cawker City junior, and Warren Schmidt, Hays senior.

Wrestlers Down Denver, Ft. Lewis in Dual Wins

Fort Hays State wrestlers Delbert Erickson and Jim Tinkler assured the Tigers their fifth and sixth consecutive dual victories last week over Denver University, 18-13, and Ft. Lewis A&M, 23-13.

The pair scored the clinching victories each night on the two-day Colorado road trip. FHS trailed Denver, 13-10, going into the last two matches, but Erickson won by a forfeit in the 177-pound bracket, and Tinkle scored a decision at heavyweight.

Ed Hanson, Atwood freshman, also won both of his matches at 137 by pins to be undefeated for the two matches.

The two triumphs boosted the season record to 8-3. The FHS grapplers finished their dual season at home with Kansas State University Wednesday night.

Results with Ft. Lewis:
123 — Fleming, FL, pinned Cooley, 2:10.
130 — Eddy, FL, pinned Noel, 5:40.
137 — Hanson, H, pinned Campbell, 6:35.
147 — Hines, FL, decisioned Perkins, 3-1.
157 — Scott, H, pinned Wiening, 6:45.
167 — Ritterhouse, H, decisioned Perino, 3-0.

177 — Erickson, H, pinned Fritchman, 4:10.
Heavyweight — Tinkler, H, pinned Bender, 7:55.

Results with Denver:
123 — Noel, H, and Lubcheno drew, 0-0.
130 — Maness, D, decisioned Cooley, 4-1.
137 — Hanson, H, pinned Jacquot, 4:00.
147 — Perkins, H, decisioned Franco, 3-0.
157 — McHenry, D, decisioned Hupfer, 2-1.
167 — Sqanson, D, pinned Ritterhouse, 4:48.
177 — Erickson, H, won by a forfeit.
Heavyweight — Tinkler, H, decisioned Janota, 5-0.

WRA Sports Day To Be Saturday

A total of six women's volleyball teams will participate in a sports day sponsored by WRA Saturday in the men's gym and Sheridan Coliseum.

It is the first college sports day at FHS in several years, according to Judy Rinker, WRA co-sponsor.

Teams entered are Baker College, Marymount of Salina, Emporia State, College of Emporia, FHS and the Western Kansas faculty team.

Badminton, Ping-Pong Slated for Men's IM

Badminton, table tennis and softball head the men's intramural activities for the months of March and April.

Men interested in badminton and table tennis must sign up in Sheridan Coliseum, Room 207, by 5 p.m. March 13. Ping pong starts at 6 p.m. March 16 in the Coliseum, Room 201 with badminton starting at the same time in the men's gym.

The deadline for softball entries is 5 p.m. March 27 and play starts April 6.

Gymnasts Close Out Season Against Kansas Jayhawks

The FHS gymnastics squad closes its season with a dual meet against Kansas University at 2 p.m. Saturday at Lawrence.

Midway in the season, the Tigers downed the KU Jayhawks, 76-36, in a double dual meet here.

FHS lineup for KU:
Trampoline — Eddie Johnson, Hugoton sophomore; David Blackwell, Larned junior; Jan Kilbourne, Hugoton freshman.
Free exercise — E. Johnson, Gary Cooper, East Alton, Ill., junior; Johnnye Appleton, Wichita

sophomore.
Side horse — Cooper, Bob Wilburn, Cooper.
Parallel bar — Wilburn, Cooper, E. Johnson.
Rings — Wilburn, E. Johnson, Cooper.
Tumbling — Kilbourne, Appleton, Isaac Jackson, Junction City freshman.

The Tigers earned a split in a double dual meet Saturday night in Sheridan Coliseum by dumping Wichita University, 65-47, and losing to Colorado University, 60-52.

Coeds Schedule Badminton Next

Coeds interested in participating in intramural badminton must sign in any of the women residence halls or the women's dressing room in Sheridan Coliseum before Friday noon.

Competition in singles and doubles will run from Monday to spring vacation.

Three women tied for first place intramural table tennis singles with 9-1 records recently. They are Kathy Nedrow, Kirwin sophomore; Carol Smith, St. Mary's sophomore, and Marjorie Brickey, Arkansas City freshman.

Mary Capps, Hoisington, and Helen Miles, Ashland, both sophomores won the doubles tournament.

SOARING SOPHOMORES — Rod Williams (left) and Bob Schmidt, sophomore high jumpers on the Fort Hays State track squad, will bolster the Tigers' bid for the CIC indoor championship at Omaha this weekend. Schmidt, an Ellis product, holds FHS indoor and outdoor high jump records and sailed 6-4½ at Kearney Saturday. Williams, from Plainville, went 6-2 last weekend.

Despite 10-9 Record

Cagers Set Highest Scoring, Shooting Records in History

Despite charting its poorest season record in six years, the 1963-64 Tiger basketball squad have the consolation of being the highest scoring team and best shooting team in FHS basketball history.

The Tigers averaged 87.2 points per game to better the previous mark of 85.5, set last season.

FHS hit 43.5 per cent of its field goal attempts, 1.5 per cent over the old mark of 42 per cent established during the 1958-59 season. They fired in 71.8 per cent from the free throw line, bettering the 69.4 per cent mark set two years ago.

To balance these new records, the Tigers' opponents also established a mark, averaging 84.7 points per contest, higher than the previous 77.3 points set in 1955-56.

McDowell's new records are: most points in one game, 41 vs. Omaha U.; best one-season scoring average, 24.3; all-time career scoring, 1,220 points; most field goals in one game, 17 vs. Omaha U.; most free throws in one game, 19 vs. Central Oklahoma; most free throws in a career, 625.

Ashleman established a new record in rebounding for a single game, collecting 21 against Southern Colorado.

The Tigers ended cage play

Saturday night in Sheridan Coliseum, losing to St. Benedict's, 106-98, despite a rally when the Bengals scored 20 straight points to cut the margin from 100-76 to 100-96.

The Tigers had leads through most of the first 10 minutes of play, but Paul Brungardt's outside shots and Pat Hare's smooth pivot work enabled the Ravens to pull ahead, 56-49, at halftime.

It looked like the Tigers might pull it out of the fire with one of their second half comebacks. Leading the Tigers' 20-point rally in the five-minute period were Gordon Stout with seven points, Dick Schur with six, Larry Phillips with five and Ashleman with two.

The Ravens managed to stay

ahead as Pratt tipped in a missed free shot and Hare hit both ends of a one-and-one free throw situation with 20 seconds left to wrap up the scoring.

Playing his final college game, Phillips, the only Tiger senior in uniform, meshed 10-for-11 from the charity stripe and four fielders for 18 points, his career high.

Ashleman led all Tiger scorers with 29 points, followed by Stout and Phillips with 18 and Schur with 16.

Pratt led the winners with 31 points, supported by Hare with 24, freshman Jack Dugan with 17 and Brungardt, who fouled out with 14 points.

St. Benedict's wound up with a 12-9 record, the Tigers, 10-9.

PLAYER	G	FG	FT	REB.	AVG.	PTS.	AVG.
McDowell	15	119	126	117	7.8	364	24.3

Tiger Thinclads Bid for Top Spot In CIC Championships at Omaha

Some of the top midwest track men will be in action Friday and Saturday at the Central Intercollegiate Conference track and field championships at Omaha.

With a tight finish expected, Emporia State shows the best chance of winning. Emporia's distance men, Ireland Sloan and John Camien are favored in the mile and two-mile. John McDonald, Hornet 880 runner, blazed through a 1:57.6, in a recent meet against Omaha, in which the Indians pulled out with an upset victory by Ken Gould over Ireland Sloan in the mile.

Omaha will be spotlighting the sprints with Roger Sayers and Terry Williams, who will begin making Olympic bids. Williams has run the 60-yard dash in :06 equalling the world record.

Pittsburg will also be expected in the tight finish with Stuart Powell, Arcadia freshman, already having clocked a 9:29.9 two-mile this season, just three seconds off the CIC mark.

Dennis Tague has been clocking time around seven seconds in the low hurdles.

Pittsburg's mile relay team, with a 3:11.4 clocking, which is one of the best in the nation, can be predicted to take that event.

Washburn will also be represented, but is not expected to challenge the leaders.

Outscoring the Fort Hays State thinclads 37-18 in the four field

events, the Kearney State Antelopes again slipped by the Bengals, 83 to 76½, and also downed a South Dakota U. team that had 47½ points, in a triangular indoor meet Saturday.

The Lopers monopolized on the pole vault, capturing the first four places for a 14-point boost.

The Tigers led 58½ to 46 through the track events, but could not stay ahead of KSC when the field results were in.

Sophomore high jumper Bob Schmidt was the only record breaker, establishing an FHS indoor mark and Kearney field house record with a jump of 6-4½, ¼ above the old school mark of 6-4 set four years ago by John Hudson.

Tiger sprinting ace Tom Kindsvater finished in a tie in the 220 while winning the 75-yard dash.

Kearney's outstanding hurdler, Larry Sallinger, was the only double winner, taking the 75-yard high hurdles and 100-yard low hurdles.

Other Tigers capturing firsts were Jack Harms, in the 440; Dave Brookshire, Bellmore, N. Y., freshman, in the 880; Don Lakin, in the two-mile, and the Tiger mile and

two-mile relay teams.

Mile — 1. Peterson, K; 2. Smith, H; 3. Lakin, H; 4. Wiedel, K; 5. Schlicht, D. Time, 4:23.8.

440 — 1. Harms, H; 2. Bong, D; 3. Pickering, H; 4. Jacobson, D; 5. Martin, K. Time, 51.1.

75 — 1. Kindsvater, H; 2. Kliment, D; 3. Smith, K; 4. Randolph, K; 5. Satterly, K. Time, 7.9.

Shotput — 1. Erickson, D, 49-10¼; 2. Kruml, K, 46-11; 3. Flint, H, 46-11; 4. Cherk, K, 46-7¼; 5. Owens, K, 46-6¼.

High jump — 1. Schmidt, H, 6-4½; 2. Williams, H, 6-2; 3. tie among Baxter, Hoins, McGraw, all K, 5-10.

75 high hurdles — 1. Sallinger, K; 2. Backes, K; 3. Bleck, D; 4. Smith, K; Lundblade, H. Time, 9.6.

220 — 1. Tie between Kindsvater, H, and Neuharth, D; 3. Kliment, D; 4. Smith, K; 5. McCarthy, D. Time, 23.0.

Broad jump — 1. Schaefer, K, 22-2¼; 2. Morel, H, 21-1¼; 3. Stuckert, K, 21-1; 4. Porter, K, 20-7½; 5. Lundblade, H, 20-5½.

880 — 1. Brookshire, FHS; 2. Walker, H; 3. Hoy, D; 4. Mannering, H; 5. Gillespie, H. Time, 1:59.3.

Two-mile — 1. Lakin, H; 2. Wiedel, K; 3. Peterson, D; 4. Hertel, H; 5. Kinnaman, K. Time, 9:39.2.

100-yd. low hurdles — 1. Sallinger, K; 2. Backes, K; 3. Neuharth, D; 4. McKown, H; 5. Morel, H. Time, 10.8.

Mile relay — 1. FHS (Mannering, Lundblade, Harms, Pickering); 2. SDU; 3. Kearney. Time, 3:30.0.

Pole vault — 1. Lammers, K, 13-6; 2. Ehlers, K, 13-6; 3. tie between Williams and Hardekolph, both K, 13-0; 5. Maska, H, 12-0.

Two-mile relay — 1. FHS (Smith, Johnson, Walker, Gillespie); 2. SDU; 3. Kearney. Time, 8:17.4.

880 relay — 1. SDU (Kliment, Bong, Culpepper, Neuharth); 2. Kearney; 3. FHS. Time, 1:33.6. FHS runners were Rouse, Horel, McKown, Kindsvater.
