What is ProAm Sports?

ProAm Sports is a social media website and networking platform that is dedicated to competitive sports of various kinds for athletes of all ages, skills and abilities. This innovative sports concept allows for various levels of membership, where members sign-up for competitive sports events in tournament formats.

➢ Members develop their own player profiles which will allow them entrance into team and/or individual sports events.
➢ Members are are able to join or build a team from a roster of available player profiles, and engage in networking, scouting, direct messaging and play requests for various sports of their choosing.

Players can filter tournaments based on categories such as men's, women's, coed, etc and more. This allows players to align their own sports interests and goals for a personal experience catered by enhanced sports options.

For more information about ProAm Sports and updates: check out at www.ProAm-Sports.com #makeitreal

Website Overview

*Social Media for Sports; serving amateur and professional athletes alike.*
