Hobbs, James A., Six Sonates pour une Flute et Basse ou Hautbois et Basse by Ernst Eichner: A Performing Edition With Critical Commentary, A Lecture Recital, Together With Three Other Recitals. Doctor of Musical Arts (Oboe Performance), August, 1991, 91 pp., 3 tables, 9 examples, appendix containing the musical score, bibliography, 22 titles.

Ernst Eichner (1740-1777), the German bassoonist and composer, produced a surprisingly large number of musical works during his short lifetime while building an impressive reputation for himself as a performer.

Included among Ernst Eichner's keyboard works is a set of six sonatas which was issued by different publishers under various titles. These sonatas were first published as Six Sonatas for the Harpsichord or Piano Forte by Robert Wornum in London about 1773. Later they were reissued by the German publisher Wolfgang N. Haueisen of Frankfurt am Main in 1776 as Six Sonatines pour le clavecin, Op. VII. This set of sonatas was published after Eichner's death under the title Six Sonates pour une Flute et Basse ou Hautbois et Basse by Madame Bérault in Paris about 1780.

From the sources published by R. Wornum and Mme. Bérault a performing edition of the Six Sonates pour Flute et Basse, ou Hautbois et Basse was produced. The music was adopted to twentieth-century notation and supplied with suggestions for articulations and the performance of

ornamental figures. A comparison between the first edition of the keyboard sonatas and the woodwind sonatas was made to reveal the editorial processes Eichner used in creating the flute/oboe sonatas. Since these sonatas were written for a melodic instrument and basso continuo, a keyboard realization of the bass line based upon both sources was provided. In addition, an overview of the harmonic and formal features of the set of six sonatas was given, as well as their historical background. The problem of establishing a publication date for Bérault's edition was also approached.

CHAPTER I

INTRODUCTION

Today the works of Ernst Eichner (1740-1777) are hardly known. Originally Eichner was associated with the Mannheim School of composers, an association later disproved.¹ Eichner was a respected composer and concertmaster at the court of Platz-Zweibrücken. He also enjoyed considerable fame as a bassoonist in London and Europe. Though Eichner died at the early age of thirty-seven he produced a significant body of works. Of these, his thirty-one symphonies are the most historically significant.²

Included among Ernst Eichner's keyboard works is a set of six sonatas which was issued by different publishers under various titles. These sonatas were first published as Six Sonatas for the Harpsichord or Piano Forte by Robert Wornum in London about 1773. Later they were reissued by the German publisher Wolfgang N. Haueisen of Frankfurt am Main in 1776 as Six Sonatines pour le clavecin, Op. VII. This set of sonatas was published after Eichner's death

under the title Six Sonates pour une Flute et Basse où Hautbois et Basse by Madame Bérault in Paris about 1780.

The only oboe work of Eichner available in a twentieth-century edition is his Concerto for Oboe and Strings. The revival of these sonatas expands the oboe repertoire for this period and increases the limited number of available works by Eichner.

CHAPTER II

ERNST EICHNER, PERFORMER AND COMPOSER

Recent evaluations of Eichner's symphonies have prompted scholars to assign him a more important role in the development of that genre. Praise of Eichner's work flies in the face of the criticism levied against him by Hugo Riemann who ranked him as an "inferior student of the original genius of Stamitz."¹ Jan LaRue has written that Eichner's symphonies "are among the most clearly articulated, formally the best balanced, and the most sensitively orchestrated of those of the second [Mannheim] generation."² According to Marianne Reissinger "Eichner's compositions are the work of a solid craftsman and--half a generation before Mozart--an ingenious eclectic."³ His reputation as a performer and as a composer was well

established in his day. Ernst Gerber, in his Lexikon in the early 1790s, wrote that Eichner was

a bassoonist of the first class, bound with the most perfect dexterity on his instrument, all characteristics of an excellent composer, he was not only extraordinarily fruitful, yet especially to be noticed, was pure in composition.⁴

Ernst Dieterich Adolph Eichner was born in Arolsen, Germany, on February 9, 1740. Eichner's birthplace has, until recent years, been cited as Mannheim,⁵ and the primary source for the error appears to have been Gerber.⁶ Furthermore this misattribution, which was uncorrected until the early 1970s, caused Eichner to be classified as a "Mannheimer" and his works to be inappropriately compared with those by composers of that school. The baptismal record, which incontrovertibly establishes Eichner's birthplace, is found in the Evangelical Lutheran parish register, which is housed in the neighboring town of Helsen, and reads

Feb. 15th., the little son of M. Chamber Musician Eichner baptized at Arolsen. Godfathers were M. von Spiegel and M. Studiosus Leonard, named the

child Ernst Dieterich Adolph."⁷

Ernst's father, Johann Andreas Eichner (1694-1768), was a musician at the neighboring Waldeck court from 1720, where he served principally as a bassoonist.⁸ Ernst was the fourth of nine children. No records of Eichner's childhood education exist, but it is assumed that his general education was the same as the other children of Arolsen who traveled to the neighboring town of Helsen to receive instruction from the cantor and schoolmaster Johann Joachim Roth.⁹ It has been conjectured that Eichner received musical instruction from court orchestra members, based upon his ability in counterpoint and composition as demonstrated in his later compositions.¹⁰ Eichner's training on the bassoon can be traced directly to his father.¹¹

Eichner's first orchestral appointment, September 1, 1762, was in the court orchestra of Duke Christian IV of Zweibrücken.¹² At first Eichner was designated as court musician and served primarily as a violinist in the seventeen-member Platz-Zweibrücken group. Though only

twenty-two years old, Eichner excelled in his new position, and in a citation in the court attendant's book it was noted that he was the "zenith of the court musicians." Indeed, Eichner's excellence did not go unrewarded by his employer, for in 1768 his salary was increased to 600 florin, a respectable sum for a court musician.¹³ In 1769 Eichner was promoted to the position of concertmaster where he was the leader of fifteen other orchestra members.¹⁴

With his increased status at court, Eichner was allowed to accompany Christian IV on his annual trip to Paris. It was during this trip in May, 1770, that the Mercure de France reported that Eichner appeared in concert with the oboist Besozzi in a concerto for oboe and bassoon.¹⁵ Eichner continued to compose during his stay in Paris as is evidenced by the inscription on the autograph score of his eleventh symphony, 'Paris, May 2, 1770,' which was later published as opus V, number 1.¹⁶ At this time the Duke also assumed the printing costs for Eichner's first set of six symphonies, opus I, which were published by Mme. Bérault.¹⁷

14. Reissinger, Die Sinfonien, 20.

15. Ibid, 21.

16. Komma, op. cit., 1186.

17. Reissinger, Die Sinfonien, 21.

It is uncertain how long he remained in Paris, but it is known that Eichner appeared as a bassoon soloist on February 28, 1771 in Frankfurt am Main, where he was featured as the princely concertmaster of Platz-Zweibrücken. Eichner later returned to Paris where the Duke allowed him to enter the Foire de Saint-Germain symphony contest in April, 1772. His entry placed second to that of Christian Cannabich.¹⁸

Eichner's journey to Paris was important not only for the fact that the publication of his musical compositions began but also because he was introduced to and established ties with influential members of Parisian society.¹⁹ It is also through Eichner's concert appearances outside Zweibrücken that his fame as a performer was spread.

As a composer Eichner was active for only thirteen years, from 1763 to 1776. During this time he managed to produce a significant number of musical compositions, most of which are instrumental.²⁰ All of Eichner's solo concerti were written during his early years in Zweibrücken before his appointment as concertmaster, and his symphonic and chamber works came after his promotion.²¹ Eichner's

18. Komma, op. cit.

19. Reissinger, Die Sinfonien, 23.

20. Reissinger, New Grove, 80.

21. Ibid, 81.

concerti include two for harp or harpsichord, five for oboe, one of which also serves as his clarinet concerto, six for bassoon, and one each for violin, flute and violoncello. While in the service of Christian IV he composed twenty-four of his thirty-one symphonies. His chamber works from this period include twelve two-movement keyboard trios--really accompanied keyboard sonatas--in which the keyboard part serves as solo instrument while the violin accompanies and the cello doubles the bass line. Also, there are six quartets, opus 4, 1772, for flute, violin, viola and bass. Two of his chamber works are arrangements of arias from operas. The first, a sextet for flute, oboe, violin, violetta, bassoon and bass (1769) utilizes ariettas by Grétry; the second, a quintet for flute and strings (1771), is based on ariettas by Trial. Eichner's only other chamber work from this time is a set of two quintets for flute and strings from about 1773.

On November 18, 1772, Eichner left the Zweibrücken court. The details of his departure are uncertain but it is known that Eichner had requested to be dismissed from the court numerous times. The Duke refused each of his requests and apparently out of desperation, Eichner chose to flee from the Zweibrücken court to Paris.²² His departure so enraged Christian IV that a warrant was issued for his

22. Gerber, op. cit., 376.

arrest and the city records document that

the Oberamt has decided as per the 23rd that the former concertmaster Eichner's personal belongings are to be confiscated . . . and brought to the town hall as restitution.²³

Eichner's belongings served as restitution for a thirty-seven gulden bar bill. He escaped alone, leaving his wife and daughter behind in Zweibrücken.²⁴

All that is known of Eichner's activities in Paris is the publication of a set of piano trios (Op. VIII) by Mme. Bérault. It is uncertain whether he appeared in any public concerts. Since Duke Christian IV was scheduled to return to Paris in January of 1773, Eichner chose this time to leave for London.²⁵

In London, Eichner appeared in a series of ten concerts sponsored by Johann Christian Bach. These concerts were performed by various vocal and instrumental soloists with the proceeds of each night going to one or two of the soloists.²⁶ The program for which Eichner received payment was listed in The Morning Chronicle and London Advertiser, Tuesday, April 13, 1773 "At the Theatre Royal in the Hay-Market. For the Benefit of Mess. Punto and Eichner on

23. Stadräthliches Raths-Protocoll de Anno 1773, p. 768, quoted in Reissinger, Die Sinfonien, 33.

25. Ibid, 34.

26. Ibid, 35.

Monday, next, the 19th Inst. will be performed A Grand Concert of Vocal and Instrumental [Music]."²⁷ For this concert Eichner performed a bassoon concerto, accompanied a vocalist, and one of his symphonies was played.²⁸ Eichner seems to have met with success for Gerber states that while in London he "obtained all the praise and rewards that his services could obtain for him."²⁹ It is not known for sure whether Eichner continued to compose here, but Charles Burney speaks of keyboard works published in London about this time, and it is possible that these works could have been Eichner's set of six keyboard sonatas which were later reissued by several different publishers.³⁰ From London Eichner entered the orchestra of the Crown Prince of Prussia, later known as Friedrich Wilhelm II. Friedrich Wilhelm II, the nephew of Friedrich the Great, maintained an orchestra of twenty-three at his court in Potsdam. Eichner could have left London for Potsdam early in the summer of 1773, after his duties with the Bach-sponsored concerts were completed.³¹ It is certain that he was in Potsdam in late August for his twenty-fifth symphony is inscribed, "Potsdam,

30. Reissinger, Die Sinfonien, 57.

31. Komma, op. cit., 1186.

25th of August, 1773."³²

In Potsdam, Eichner was known primarily as a bassoonist. As a result of his not being saddled with the duties of concertmaster, there are few compositions remaining from this period. Eichner was well received in Friedrich Wilhelm's court just as he was in Zweibrücken. While at the Potsdam court Johann Reichardt noted of Eichner:

His tone is full and pleasant, and he is willing to attempt great difficulties on his instrument, and yet remain mainly with the singable and pleasing qualities most suitable to it. How seldom do we find such cleverness and ability with today's virtuosi . . . The consideration of the nature of the bassoon by Herr Eichner is especially marvelous, and I have often believed that I heard a beautiful tenor voice when he played; he did not fail to include a blend of technical difficulties in order to demonstrate his proficiency, though he performed them with taste and proper feeling in a singing manner.³³

As Charles Burney reports, these qualities no doubt caused Eichner to be considered among the "jewels of the crown prince's orchestra."³⁴ Eichner remained in the prince's service until his early death in 1777.

The works dating from the Potsdam years include two

CHAPTER III

ERNST EICHNER'S SIX SONATES POUR UNE FLUTE ET BASSE, OU HAUTOIS ET BASSE

Historical Background

Eichner's sonatas first appeared as Six Sonatas for the Harpsichord or Piano Forte published by Robert Wornum in London about 1773. Later they were reissued by the German publisher Wolfgang N. Haueisen of Frankfurt am Main in 1776 as Six Sonatines pour le clavecin, Op. VII. After revision the sonatas were republished after Eichner's death under the title Six Sonates pour une Flute et Basse où Hautbois et Basse by Françoise Bérault in Paris about 1780.

The first set, Six Sonatas for the Harpsichord or Piano Forte published by R. Wornum is found in the British Library in Great Britain, in the Library of Congress and at the Music Library of the University of Illinois at Urbana-Champaign. The publication date of this set of sonatas is uncertain. It is believed that it could be the keyboard sonatas which Charles Burney maintains were published in London after Eichner fled from Zweibrücken.¹ The title page

1. Charles Burney, Tagebuch einer musikalischen Reise, 3 vols., trans. by C. D. Ebeling (Hamburg, 1773); cited in Reissinger, Die Sinfonien, 57.

(Example 1) for Wornum's edition of Eichner's sonatas lists "Glasshouse Street, Burlington Gardens." as the publisher's address.² The Wornum business, which included musical instrument making, music selling and publishing, operated from this address from about 1772 to 1777.³ Burney's statement may be referring to these sonatas since Eichner was in London at this time performing in a concert series sponsored by J. C. Bach.⁴ If Eichner's sonatas were composed in London, they would be his only works to originate from this time and may have come under the influence of J. C. Bach.⁵

Three copies of the second set of sonatas, Six Sonatines pour le clavecin, published by Haueisen in Frankfurt a/M, are extant in the libraries, of the Kloster Einsiedeln in Einsiedeln, Switzerland; the Schleswig-Holsteinische Landesbibliothek in Kiel, Germany; and in the Kungliga Musikaliska Akademiens Bibliotek in Stockholm, Sweden. According to records surviving from the shop of

Haueisen, this set of sonatas was published in 1776.⁶

Eichner had made his association with Haueisen when they appeared in a concert together in Frankfurt on February 28, 1771.⁷

A copy of the Six Sonates pour une Flute et Basse ou Hautbois et Basse, published by Madame Bérault, can be traced to Det Kongelige Bibliotek in Copenhagen, Denmark. The publication date for this edition is unknown. The most recent attempt to date this set appears in Marianne Reissinger's entry on Eichner in The New Grove Dictionary of Music and Musicians. Reissinger suggests that the Bérault edition of the sonatas date from c. 1788, but several clues lead us to assume an earlier date.

Re-evaluating Bérault's Publication Date

The practice of French music publishers during the last half of the eighteenth century was to issue their works without publication dates. Bérault's edition of the Eichner sonatas was no exception. While an exact date is impossible to ascertain, the period of publication can be narrowed by using records of the publishers' addresses, advertisements in the contemporary press, and catalogues printed as part of

6. Wolfgang Matthäus, "Der Musikverlag von Wolfgang Nicolaus Haueisen zu Frankfurt am Main 1771-789," Die Musikforschung (October/December 1969), XXII/4, 432.

7. Ibid, 422.

newly published works.⁸

Mme. Bérault was active as an engraver and publisher from 1759 to 1784. On October 28, 1784 she and her husband, Jean-Baptiste Bérault, an oboist in the *chambre du Roi*, ceased publishing music and sold the business to Jean-Georges Sieber.⁹ The title page for the flute or oboe sonatas (Example 2) lists the location of the publishing house as "rue de la Comédie française / fauxbourg St. Germain."¹⁰ Table I shows the address listings and dates known to exist for the publisher. Bérault's title pages listed the street address for her publishing business as "Comédie française" from 1765 onward. Since the exact wording of the street address is not listed on the address chart it is possible only to narrow the period of publication to between 1769 and 1784. The earlier date, 1769, represents the earliest known date for title pages of Bérault's editions to bare the inscription "rue de la Comédie française," while the upper date represents the year the business was sold to Sieber.

sortes de Musique Français et Italienne.¹¹

The dictionary of publishers by Devriés and Lesure contains twelve Bérault catalogue facsimiles.¹² By comparing these facsimiles with the catalogue contained in the Eichner sonatas, one can narrow the publication date further. The last five Bérault catalogues in the Devriés/Lesure dictionary appear to be printed from the same plate with the heading quoted above. The plate was updated as the publisher increased the number of works she carried. The catalogue found in the Eichner sonatas comes chronologically between catalogues number fifteen and sixteen in the dictionary. Catalogue fifteen, dated c. 1780-1783, does not contain the concerto by Prati on column four of the catalogue found in the Eichner sonatas. The catalogue contained in the Eichner sonatas is missing items from catalogue number sixteen. The first of these is a *Sinphonie En Oeuvre*, by the composer Lachnith, and the remainder are works under the heading *Due, De Flute*, two by the composer Chartrain and one by Chiapparelli.¹³ The Devriés/Lesure dictionary lists the dates for catalogue fifteen c. 1780-1783 and those for number sixteen c. 1783-1784. that Mme. Bérault included the catalogue in the Eichner sonatas at its time of publication, one can narrow the publication date further to no earlier than 1780 and no later than 1784.

Marianne Reissinger speculates that the Bérault edition of Eichner's flute or oboe sonatas appeared as late as 1788.¹⁴ Reissinger bases her date upon a facsimile of the publishers' catalogue of George Sieber, numbered 115, that appears in Cari Johansson's French Music Publishers' Catalogues.¹⁵ On examination it is unclear whether Eichner's flute or oboe sonatas even appear in this catalogue. The only references to works by Eichner are found under the headings *Concerto pour Flute* and *Solo et Airs Variés pour Flute*. The work appearing in this latter category could be the work to which Reissinger is referring. This particular work is also found on an earlier facsimile, number 113 (1786), lending little credibility to her claim. Also discounting 1788 as a choice for the publication date is the fact that the Bérault business had been sold to Seiber four years earlier. In addition, the title page of the flute or oboe sonatas clearly lists Mme. Bérault as the publisher and it seems unlikely that Seiber would not have replaced it with one of his own.

14. Reissinger, Die Sinfonien, 56.

15. Johansson, op. cit., vol. 2, facsimile 115.

Other references to the Bérault edition place its publication in the early 1780s. Karl Komma quotes the music publications' catalogue (1780) of J. M. Goetz in Mannheim which lists *6 Sonata. p. Flut. & Bas. ou Obois & Bass.* published in Paris.¹⁶ Yet another reference appearing later than the Goetz catalogue is J. Fr. Cramer's *Magazin der Musik* of 1783 which records "Eichner, E. Soli für Fleut oder Oboe, Paris."¹⁷ Judging from Komma's reference the sonatas were published no later than 1780.

Breitkopf Catalogue

The incipits of Eichner's sonatas also appear in The Breitkopf Thematic Catalogue: The Six Parts and Sixteen Supplements; 1762-1787, edited by Barry S. Brook. Breitkopf's catalogue and supplements were issued over a period of twenty-five years and contain nearly fifteen-thousand incipits, representing over one-thousand composers.¹⁸ Most of the music represented in the catalogue was available through the Breitkopf firm in manuscript form. Some printed editions were available and these were indicated along with their incipits. The woodwind version

of the Eichner sonatas appear in Breitkopf's fourteenth supplement (1781), titled

Supplemento XIV. / Dei / Catalogi / Delle /
Sinfonie, Partite, / Overture, Soli, / Duetti, Trii,
Quattri / E / Concerti / Per Il / Violino, Flauto
Traverso, / Cembalo / Ed Altri Stromenti, / Che /
Si Trovano in Manuscritto / Nella Officina Musica
Di Breitkopf / In Lipsia. / 1781.¹⁹

Copies of Eichner's sonatas were offered in manuscript form under the title *VI. Soli da Eichner. a Oboe solo con Basso.*²⁰ The Haueisen edition of Eichner's sonatas were also available through Breitkopf. The keyboard sonatas here entitled *VI. Sonatines da Ernest Eichner Op. VII. Franck. sur le Mein* appear in *Supplemento XI*, of 1776 and 1777.²¹

Analysis

Each of Eichner's Six Sonates pour une Flute et Basse ou Hautbois et Basse has two movements. These sonatas follow the Italian plan of a slow or moderate first movement and a fast or moderate, minuet/trio, rondo or "scherzando" final movement. In general these sonatas contain only diatonic harmonies with simple modulations involving closely related keys, homophonic texture, and a slow harmonic rhythm. The flute or oboe sonatas differ from his other

19. Ibid, 701.

20. Ibid, 729.

21. Ibid, 728.

sonatas in that little thematic development occurs in the development section. Eichner's development sections usually begin with new thematic material or the second theme from the exposition which is then developed by modulation.²²

The character of the flute or oboe sonatas is a "freer, more easy-going, decorative" chamber style which was prominent in many of the works of the early classical period.²³ As these sonatas were written early in Eichner's career they hold strongly to the style of works which served as incidental pieces utilized for private and public performance at court.

Table II lists the movement headings and form for each movement of Eichner's sonatas. Eichner uses five formal patterns in his set of sonatas. The most prevalent plan is that of the sonata form. An examination of the harmonic features of *Sonata II* will help to clarify the distinguishing features for Eichner's sonata form. These

Table II. Forms used in Ernst Eichner's *Six Sonates pour une Flute et Basse ou Hautbois et Basse*

<u>Sonata</u>	<u>Movement Heading</u>	<u>Form</u>
I	Adagio	Sonatina
	Allegro	Sonata
II	Allegro Moderato	Sonata
	Scherzando	Ternary
III	Allegro	Sonata
	Tempo di Minuetto poco Moderato	Rounded Binary
IV	Andante poco Adagio	Sonata
	Rondeau poco Moderato	Rondo
V	Allegro	Sonata
	Scherzando	Rondo
VI	Allegro	Sonata
	Tempo di Minuetto	Ternary

features meet the requirements stated by Charles Rosen for distinguishing sonata from ternary form.²⁴ In the exposition the harmony modulates from the tonic key of C major to the dominant in which new thematic material is introduced. The development section, using new thematic material with no thematic development, has a more varied harmonic range which adds to the harmonic tension. The recapitulation returns with some thematic embellishment, restates the exposition almost exactly in the tonic key.

A closer examination of the first movement of *Sonata II* reveals the procedures used by Eichner in setting sonata form in the other movements of the set of sonatas. The opening theme of the exposition is six measures in length and establishes the home key of C major, closing on an

24. Charles Rosen, Sonata Forms (New York: W. W. Norton & Co., 1988) 17.

authentic cadence in measure six (Example 3). The transition to the second key area, G major, is established by a series of V/V to V progressions over the next

Example 3. Ernst Eichner, *Sonata II*, movement 1, measures 1-6.

twelve-bar phrase group and closes with a half cadence on V of V, D major. The remainder of the exposition, eighteen measures in all, is in the dominant key area and organizes its new thematic material (Example 4) into eight- and ten-bar groups. The harmonic progressions for this section are almost exclusively V to I in C major. The exposition,

Example 4. Ernst Eichner, *Sonata II*, movement 1, measures 19-26.

enclosed in repeat signs, ends with a perfect authentic cadence on the dominant.

The development, which is twenty-two measures in length, introduces more new thematic material in the dominant (Example 5). The introduction of new material or a new theme at this point is a feature used by Eichner in all

but one (*Sonata IV*) of the movements set in sonata form.

Example 5. Ernst Eichner, *Sonata II*, movement 1,
measures 37-41.

In sonatas one, two, five and six he introduces new thematic material at the beginning of the development, and in the third sonata he combines the new material with bits of the first theme. The last three measures of the opening phrase of the development section of the second sonata moves to a cadence on the submediant. The remainder of the development continues with V/vi to vi and V/V to V progressions. The end of this section comes to a full close on the dominant.

The recapitulation opens with an exact repeat of the initial phrase of the piece. Except for some thematic embellishment and transposition the exposition in the second sonata is restated in toto. In all the other movements set in sonata form the transition is either embellished or entirely omitted in the recapitulation.

Closely following the above format is the form used by Eichner in the first movement of the first sonata. Here a sonata plan without a development section, or sonatina form is used. In the recapitulation of this movement the A theme is restated in an embellished form and the transition to the

B theme is left intact.

The second movement of the second sonata is marked "Scherzando," a name that denotes the nature of the music rather than its form. The form of this movement is that of a strict A B A pattern. In the original keyboard version, this movement appears with a *da capo* repeat after the B section. Bérault's edition has omitted the D.C. in favor of writing out the repeat even though no changes were introduced. Harmonically this movement is simpler than the first, remaining in the tonic key area throughout. The A section, only eight-bars in length, utilizes only diatonic harmonies and comes to a full close on the tonic. The following B section uses similar thematic material and harmonic progressions and ends on a half cadence at bar twenty-seven. At this point the A section is repeated without change. These same features are followed closely in the other movement using ternary form.

Eichner used rondo form in two movements of the sonatas. The second movement of *Sonata IV* displays the most effective use of the form, though both movements are weakened by the strong similarity in the thematic material from one section to another. The movement opens with the rondo theme for this movement (Example 6) which is always stated in the tonic key of C. This theme is organized as an antecedent and consequent phrase group with the first half moving from tonic to dominant followed by a return to tonic

in the next half. After the initial statement of the theme

Example 6. Ernst Eichner, *Sonata IV*, movement 2, measures 1-8.

it is restated in a slightly embellished form. The B section is stated in two parts and begins with the theme seen in Example 7. The first twelve bars of this section closes on a half cadence articulated from the second

Example 7. Ernst Eichner, *Sonata IV*, movement 2, measures 17-20.

half by a fermata. Example 8 shows the contrasting thematic material which closes this section on a half cadence on the dominant. This is followed by the return of the initial eight-bar rondo theme. The C section changes the mode from major to minor. The theme for this section is derived from

Example 8. Ernst Eichner, *Sonata IV*, movement 2,
measures 33-36.

the rondo theme (Example 9). Contrast is provided more by the mode change than by thematic content. To achieve this

Example 9. Ernst Eichner, *Sonata IV*, movement 2,
measures 73-76.

contrast Eichner modulates from c minor to A flat which is the flat VI key area. This section returns to c minor and closes on an authentic cadence. The remainder of the movement is again in C major and consists of a double restatement of the rondo theme without a return to the B material.

The second movement of *Sonata III* is set in a rounded binary form. The initial A section consists of sixteen measures enclosed by repeat signs. This section is in the tonic key of F major and ends with a half cadence. The B section which follows, modulates first to g minor then d

minor before closing with another half cadence. The return of the A section now moves from tonic to dominant and back to the tonic key to end the movement.

CHAPTER IV
EDITORIAL PROCEDURES USED IN ARRANGING
THE KEYBOARD SONATAS FOR
WOODWIND INSTRUMENTS

A comparison of the Wornum and Bérault editions of the Eichner sonatas shows that few changes were made in arranging the keyboard version for flute or oboe. The most obvious change was the transposition of the key of some of the sonatas to accommodate the range of the woodwind instruments used in Eichner's time. Table three compares the keys of each edition. It was necessary to transpose these movements because the eighteenth-century oboe, characterized by six finger holes and three or two keys, was limited in its range of idiomatic keys. As Philip Bate explains,

Though a great advance on any former reed instrument, the oboe was still really fluent in a few keys only. The demand for 12 notes in the octave with no more than 8 holes available resulted in a fingering technique which became more difficult with every remove from the natural key of the instrument, three sharps and three flats being the practical limit.¹

The discovery of certain errors lead us to assume that Wornum's edition of the keyboard sonatas originated first and the woodwind version was a spin-off of the original.

1. Philip Bate, The Oboe, 3rd ed. (New York: W. W. Norton, 1974), 46.

The most serious of these occurs in the first movement of

Table III. Comparison of keys between the Wornum and Bérault editions of Eichner's sonatas

<u>SONATA</u>	<u>WORNUM EDITION</u>	<u>KEY</u>	<u>BÉRAULT EDITION</u>
I	A		G
II	Bb		C
III	F		F
IV	D		C
V	G		G
VI	F		F

the third sonata in which measure forty-nine of the keyboard version was completely left out of the woodwind sonatas.

Here the melody is repeated exactly from the previous measure and it was apparently overlooked in the process of copying or engraving. Another similar error can be seen in the bass line of the second movement of the first sonata (measures eighteen and twenty). According to Wornum's edition as well as the restatement of this phrase later in the movement, the note occurring on beat three should read as an E, not a D.

With few exceptions Wornum's edition of the Eichner sonatas is in a two-part texture. The most common exception to this is seen as full chords occurring at the close of a section. In the flute/oboe sonatas these chords are always reduced to the root of the chord set forth in octaves. Other exceptions to the two-voice texture occur when the melody is paralleled in thirds. In the woodwind sonatas the

parallel thirds were discarded and the bass line retained. One exception to this is found in *Sonata I*, movement two, where the bass line was omitted and the melody mirrored a tenth below by the basso continuo.

Occasionally the melody line has been written an octave higher. This was done where the original melody or bass line extended below the range of the instruments. The transposed portion is usually brief, often lasting only for a phrase before it returns to the original range.

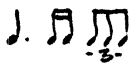

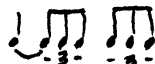

The most frequent difference found in the keyboard and woodwind sonatas is in articulation patterns. Existing articulations are many times altered to be more consistent with established patterns which were not continued. In sixteenth-note passages, patterns more appropriate to wind instruments were added, often slurring two notes then tonguing the remaining two.

Many of the dynamic markings originally found in the keyboard sonatas were omitted in their woodwind counterparts. It is difficult to tell whether these omissions were intentional or simply an oversight. Some omissions are obviously due to carelessness, such as measure fifteen of movement one of the second sonata where the omitted dynamic marking appears at the recapitulation of this phrase. Similar omissions can be found throughout the woodwind sonatas.

Trills have been freely altered in the wind sonatas.

Some were omitted because of the difficulties encountered in the fingering systems of the woodwind instruments. The numerous appoggiaturas, however, were mostly left intact, with only a few additions and omissions made to the original.

Accidentals obviously omitted in the keyboard sonatas were included in the woodwind versions. One example may be seen in *Sonata VI*, first movement, measure fifty-five, beat four, in which the note e' has been changed to an e flat in Bérault's edition.

Some of the discrepancies between the two versions of Eichner's sonatas are a result of rewriting. A few of these changes involve alterations of the rhythmic figures. For example in the first measure of movement two of *Sonata III*, changes the pattern , to  in order to match the triplet pattern which follows. A more important change can be seen in *Sonata IV*, in the second movement. Here Eichner has inserted a restatement of the opening phrase prior to the *Minore* section. In doing this Eichner also expanded the formal implications of this rondo movement.

CHAPTER V

AN EDITION OF EICHNER'S SIX SONATAS POUR UNE FLUTE ET BASSE, OU HAUTOIS ET BASSE

The procedures used in the preparation of this score are intended to facilitate the performance of these sonatas as well as to aid the performer and the music historian in their study. Bérault's edition of the Eichner sonatas contains rhythmic and ornamental figures not easily read by today's performer. Therefore, these sonatas have been adapted to twentieth-century notation. Suggestions for articulations and for the performance of ornamental figures have been provided, errors in the score are corrected and the basso continuo line has been realized to facilitate performance with keyboard accompaniment.

Emendations of the notation of Eichner's Six Sonatas pour une Flute et Basse, ou Hautbois et Basse have been made and a reference to the original made in footnotes in the score. The correction of errors was determined by comparing the Wornum and Bérault editions and by differences noted in reiterated phrases. The notation of editorial suggestions follows the guidelines prescribed by John

Caldwell in Editing Early Music.¹ Additions and changes involving sharp, flat or natural signs appear in small print above or below the note head or they are enclosed in brackets. Corrected pitches in the score are enclosed in brackets and the original described in a footnote. Missing or added dynamic markings are enclosed in brackets. Indications for staccato which were added to the score are also bracketed. Since the rewriting of rhythmic notation does not involve a textual change, this was done without reference. Editorial slurs added to the score are marked with a vertical line through the slur sign.

The greatest problem in the interpretation of Eichner's sonatas is the realization of appoggiaturas. These ornaments are left intact in the score with performance suggestions written in the staff above the melody line. The interpretation of the appoggiaturas is based upon Leopold Mozart's violin treatise.² Editorial suggestions are meant to serve as a guide to the performer and other solutions to their interpretation may exist.

The realization of the basso continuo line is based both upon the Six Sonatas for the Harpsichord or Piano Forte

and the Six Sonates pour Flute et Basse, ou Hautbois et Basse according to the historical conventions compiled by F. T. Arnold in his survey of thoroughbass accompaniment practices in the eighteenth-century.³ The realization was made according to the suggestions offered by Howard M. Brown, who wrote that "a very simple accompaniment, indicating the correct harmonies, arranged in a way to facilitate a more elaborate version by an inventive performer" be offered.⁴

CHAPTER VI

SUMMARY AND CONCLUSIONS

Eichner was a highly respected and valued composer and performer during his day. Eichner's works were written just as the classic style had become firmly established. Today his works and reputation have passed into obscurity.

His Six Sonatas for the Harpsichord or Piano Forte probably originated just after Eichner chose to abandon his court appointment in Zweibrücken, about 1773. This set of sonatas was commercially exploited by a number of different music publishers. The final version of these sonatas appeared as Six Sonates pour une Flute et Basse ou Hautbois et Basse, published by Madame Bérault. Though recent research sets the date of publication as c. 1788, there is a body of evidence which casts doubt on the accuracy of this date. Earlier research found in the German music dictionary Die Musik in Geschichte und Gegenwart and various accounts of the sonatas in contemporary publications seem to point to a more accurate date of 1780.

Though these sonatas are formally and harmonically simple, they none the less possess elegance and charm, providing a welcome addition by a little known and under

rated composer to the oboist's repertoire.

APPENDIX

SIX SONATES POUR UNE FLUTE ET BASSE OU HAUTBOIS ET BASSE

BY ERNST EICHNER: A PERFORMING EDITION

SONATA I

Adagio

Flute or Oboe

Basso Continuo

4

8

Musical notation for measures 11-13. The system consists of three staves. The top staff contains a melodic line with various ornaments and slurs. The middle staff is a treble clef staff with chords and some melodic fragments. The bottom staff is a bass clef staff with a steady bass line. Measure numbers 11, 12, and 13 are indicated at the beginning of their respective staves.

Musical notation for measures 14-16. The system consists of three staves. The top staff features a complex melodic line with many sixteenth notes and slurs. The middle staff has chords and some melodic lines. The bottom staff has a bass line. Measure numbers 14, 15, and 16 are indicated at the beginning of their respective staves.

Musical notation for measures 17-19. The system consists of three staves. The top staff has a melodic line with slurs. The middle staff has chords and some melodic lines. The bottom staff has a bass line. Measure numbers 17, 18, and 19 are indicated at the beginning of their respective staves.

Musical notation for measures 20-22. The system consists of three staves. The top staff has a melodic line with slurs. The middle staff has chords and some melodic lines. The bottom staff has a bass line. Measure numbers 20, 21, and 22 are indicated at the beginning of their respective staves.

Musical score system 1, measures 23-25. The system consists of four staves. The top staff has a treble clef and a key signature of one sharp (F#). Measures 23-25 contain a melodic line with eighth and sixteenth notes. The second staff has a treble clef and contains a harmonic accompaniment with chords and single notes. The third staff has a bass clef and contains a bass line with eighth and sixteenth notes. The fourth staff is empty.

Musical score system 2, measures 26-28. The system consists of four staves. The top staff has a treble clef and a key signature of one sharp (F#). Measures 26-28 contain a melodic line with eighth and sixteenth notes. The second staff has a treble clef and contains a harmonic accompaniment with chords and single notes. The third staff has a bass clef and contains a bass line with eighth and sixteenth notes. The fourth staff is empty.

Musical score system 3, measures 29-31. The system consists of four staves. The top staff has a treble clef and a key signature of one sharp (F#). Measures 29-31 contain a melodic line with eighth and sixteenth notes. The second staff has a treble clef and contains a harmonic accompaniment with chords and single notes. The third staff has a bass clef and contains a bass line with eighth and sixteenth notes. The fourth staff is empty.

Musical score system 4, measures 32-34. The system consists of four staves. The top staff has a treble clef and a key signature of one sharp (F#). Measures 32-34 contain a melodic line with eighth and sixteenth notes. The second staff has a treble clef and contains a harmonic accompaniment with chords and single notes. The third staff has a bass clef and contains a bass line with eighth and sixteenth notes. The fourth staff is empty.

34

Musical score for measures 34-35. The system consists of four staves. The top two staves are treble clefs with a key signature of one sharp (F#). The bottom two staves are grand staff notation (treble and bass clefs). The music features a complex melodic line in the upper staves with many slurs and ties, and a more rhythmic accompaniment in the lower staves.

36

Musical score for measures 36-38. The system consists of four staves. The top two staves are treble clefs with a key signature of one sharp (F#). The bottom two staves are grand staff notation. The music continues with intricate melodic patterns and accompaniment.

39

Musical score for measures 39-40. The system consists of four staves. The top two staves are treble clefs with a key signature of one sharp (F#). The bottom two staves are grand staff notation. The music concludes with a double bar line and repeat signs.

Allegro

Musical score for measures 41-44. The system consists of four staves. The top two staves are treble clefs with a key signature of one sharp (F#). The bottom two staves are grand staff notation. The tempo marking "Allegro" is placed above the first staff. The music begins with a new melodic phrase and accompaniment.

Musical notation for measures 5-8. The system includes a vocal line at the top and a piano accompaniment with treble and bass staves. Measure 5 is marked with a '5'. The piano part features a steady eighth-note bass line and chords in the treble.

Musical notation for measures 9-12. The system includes a vocal line at the top and a piano accompaniment with treble and bass staves. Measure 9 is marked with a '9'. The piano part continues with a consistent eighth-note bass line and harmonic support in the treble.

Musical notation for measures 13-16. The system includes a vocal line at the top and a piano accompaniment with treble and bass staves. Measure 13 is marked with a '13'. The piano part maintains the eighth-note bass line and chordal accompaniment.

Musical notation for measures 17-20. The system includes a vocal line at the top and a piano accompaniment with treble and bass staves. Measure 17 is marked with a '17'. The piano part features a more complex bass line with some triplets and chords in the treble.

21

Musical notation for measures 21-24. The system includes a grand staff with treble and bass clefs. Measure 21 features a complex melodic line in the treble with many beamed notes and a bass line with a steady eighth-note pattern. Measures 22-24 continue the melodic development with various articulations like accents and slurs.

25

Musical notation for measures 25-28. The treble staff shows a melodic line with some rests and slurs. The bass staff continues with a rhythmic accompaniment. Measure 28 ends with a double bar line and repeat dots.

29

Musical notation for measures 29-32. The treble staff has a melodic line with some slurs and accents. The bass staff has a rhythmic accompaniment. Measure 32 ends with a double bar line and repeat dots.

34

Musical notation for measures 34-37. The treble staff features a melodic line with many beamed notes and slurs. The bass staff has a rhythmic accompaniment. Measure 37 ends with a double bar line and repeat dots.

39

Musical notation for measures 39-42. The system consists of three staves: a top staff with a treble clef and a key signature of one sharp (F#), a middle staff with a treble clef and a key signature of one sharp, and a bottom staff with a bass clef. Measures 39-42 are shown. Measure 39 has a first ending bracket over the first two measures. Measure 40 has a second ending bracket over the last two measures. Vertical dashed lines indicate the start of the first and second endings.

43

Musical notation for measures 43-46. The system consists of three staves: a top staff with a treble clef and a key signature of one sharp, a middle staff with a treble clef and a key signature of one sharp, and a bottom staff with a bass clef. Measures 43-46 are shown. Measure 43 has a first ending bracket over the first two measures. Measure 44 has a second ending bracket over the last two measures. Vertical dashed lines indicate the start of the first and second endings.

47

Musical notation for measures 47-50. The system consists of three staves: a top staff with a treble clef and a key signature of one sharp, a middle staff with a treble clef and a key signature of one sharp, and a bottom staff with a bass clef. Measures 47-50 are shown. Measure 47 has a first ending bracket over the first two measures. Measure 48 has a second ending bracket over the last two measures. Vertical dashed lines indicate the start of the first and second endings.

51

Musical notation for measures 51-54. The system consists of three staves: a top staff with a treble clef and a key signature of one sharp, a middle staff with a treble clef and a key signature of one sharp, and a bottom staff with a bass clef. Measures 51-54 are shown. Measure 51 has a first ending bracket over the first two measures. Measure 52 has a second ending bracket over the last two measures. Vertical dashed lines indicate the start of the first and second endings. The letters 'F' and 'P' are written below the first and second measures of measure 51, respectively.

Musical notation for measures 55-58. The system consists of a grand staff with a treble clef and a bass clef. Measure 55 begins with a treble clef and a key signature of one sharp (F#). The melody in the treble clef features quarter notes and eighth notes, with two measures marked with a cross symbol (+). The bass clef part provides a steady accompaniment of eighth notes. A double bar line is present at the end of measure 58.

Musical notation for measures 59-62. The system consists of a grand staff with a treble clef and a bass clef. Measure 59 begins with a treble clef and a key signature of one sharp (F#). The melody in the treble clef is highly rhythmic, featuring sixteenth and thirty-second notes, with some measures marked with a cross symbol (+) and bracketed numbers [3]. The bass clef part provides a steady accompaniment of eighth notes. A double bar line is present at the end of measure 62.

Musical notation for measures 63-66. The system consists of a grand staff with a treble clef and a bass clef. Measure 63 begins with a treble clef and a key signature of one sharp (F#). The melody in the treble clef is highly rhythmic, featuring sixteenth and thirty-second notes. The bass clef part provides a steady accompaniment of eighth notes. A double bar line is present at the end of measure 66.

Musical notation for measures 67-70. The system consists of a grand staff with a treble clef and a bass clef. Measure 67 begins with a treble clef and a key signature of one sharp (F#). The melody in the treble clef is highly rhythmic, featuring sixteenth and thirty-second notes. The bass clef part provides a steady accompaniment of eighth notes. A double bar line is present at the end of measure 70.

72

Musical score for measures 72-75. The score is written on three staves. The top staff is in treble clef with a key signature of one sharp (F#). The middle staff is in treble clef with a key signature of one flat (Bb). The bottom staff is in bass clef with a key signature of one flat (Bb). The music includes various rhythmic patterns, including eighth and sixteenth notes, and rests. A double bar line with repeat dots is at the end of measure 75.

A series of 12 empty musical staves, each consisting of five horizontal lines, arranged vertically on the page.

SONATA II

Allegro Moderato

5

12

p f p

18

Musical notation for measures 18-23. The system consists of a grand staff with a treble and bass clef. The melody in the treble clef starts with a piano (p) dynamic and becomes forte (f) by measure 21. The bass clef provides harmonic support with chords and moving lines.

24

Musical notation for measures 24-28. The system consists of a grand staff. The melody in the treble clef begins with a piano (p) dynamic. The bass clef continues with harmonic accompaniment.

29

Musical notation for measures 29-33. The system consists of a grand staff. The melody in the treble clef features a series of sixteenth-note patterns. The bass clef provides harmonic accompaniment.

34

Musical notation for measures 34-38. The system consists of a grand staff. The melody in the treble clef starts with a forte (f) dynamic. The bass clef provides harmonic accompaniment.

89

94

Scherzando

The image displays a handwritten musical score for a 16-stave instrument, organized into six systems. Each system consists of two staves: a top staff with a treble clef and a bottom staff with a bass clef. The notation includes various rhythmic values such as eighth and sixteenth notes, often beamed together, and rests. There are several instances of accidentals, including sharps and naturals. Vertical dashed lines are used to indicate phrasing or measure groupings across the systems. The handwriting is clear and legible, typical of a composer's manuscript.

21

Musical notation for measures 21-26. The system consists of three staves. The top staff is a treble clef with a melodic line featuring a triplet of eighth notes in measure 21, marked with a '3' in a box. The middle staff is a treble clef with a harmonic accompaniment of chords. The bottom staff is a bass clef with a bass line. The key signature has one sharp (F#).

27

Musical notation for measures 27-31. The system consists of three staves. The top staff continues the melodic line with various ornaments and slurs. The middle staff continues the harmonic accompaniment. The bottom staff continues the bass line. The key signature has one sharp (F#).

32

Musical notation for measures 32-36. The system consists of three staves. The top staff continues the melodic line, ending with a double bar line and repeat dots. The middle staff continues the harmonic accompaniment, also ending with a double bar line and repeat dots. The bottom staff continues the bass line, ending with a double bar line and repeat dots. The key signature has one sharp (F#).

Musical notation for measures 62-65. Measure 62 features a treble clef with a whole note chord. Measure 63 has a treble clef with a melodic line and a bass clef with a steady eighth-note accompaniment. Measure 64 continues the melodic and accompanimental lines. Measure 65 shows a treble clef with a melodic line and a bass clef with a steady eighth-note accompaniment.

Musical notation for measures 66-69. Measure 66 has a treble clef with a melodic line and a bass clef with a steady eighth-note accompaniment. Measure 67 continues the melodic and accompanimental lines. Measure 68 shows a treble clef with a melodic line and a bass clef with a steady eighth-note accompaniment. Measure 69 has a treble clef with a melodic line and a bass clef with a steady eighth-note accompaniment.

Musical notation for measures 70-73. Measure 70 has a treble clef with a melodic line and a bass clef with a steady eighth-note accompaniment. Measure 71 continues the melodic and accompanimental lines. Measure 72 shows a treble clef with a melodic line and a bass clef with a steady eighth-note accompaniment. Measure 73 has a treble clef with a melodic line and a bass clef with a steady eighth-note accompaniment.

Musical notation for measures 74-77. Measure 74 has a treble clef with a melodic line and a bass clef with a steady eighth-note accompaniment. Measure 75 continues the melodic and accompanimental lines. Measure 76 shows a treble clef with a melodic line and a bass clef with a steady eighth-note accompaniment. Measure 77 has a treble clef with a melodic line and a bass clef with a steady eighth-note accompaniment.

Tempo di Minuetto poco Moderato

The musical score is presented in a standard format with a treble and bass clef system. The key signature is two flats (B-flat and E-flat), and the time signature is 3/4. The piece is marked 'Tempo di Minuetto poco Moderato'. The score is divided into measures, with measure numbers 5, 10, and 14 indicated on the left. The melody is primarily in the treble clef, featuring triplet figures and a chromatic descending line. The accompaniment is in the bass clef, providing a harmonic foundation with chords and a simple rhythmic pattern.

Musical notation for measures 19-23. The system includes a grand staff with treble and bass clefs. Measure 19 is marked with a '19'. The notation features a complex melodic line in the treble clef with many beamed notes and a supporting bass line. A large bracketed chord is shown above the staff at the end of measure 23.

Musical notation for measures 24-28. The system includes a grand staff with treble and bass clefs. Measure 24 is marked with a '24'. The notation features a complex melodic line in the treble clef with many beamed notes and a supporting bass line. A large bracketed chord is shown above the staff at the end of measure 28.

Musical notation for measures 29-34. The system includes a grand staff with treble and bass clefs. Measure 29 is marked with a '29'. The notation features a complex melodic line in the treble clef with many beamed notes and a supporting bass line. A large bracketed chord is shown above the staff at the end of measure 34.

Musical notation for measures 35-39. The system includes a grand staff with treble and bass clefs. Measure 35 is marked with a '35'. The notation features a complex melodic line in the treble clef with many beamed notes and a supporting bass line. A large bracketed chord is shown above the staff at the end of measure 39.

Musical score for measures 40-44. The score consists of three systems of staves. The first system has a treble clef and a key signature of one flat. It contains a melodic line with eighth and sixteenth notes, some with slurs and accents. The second system continues the melodic line and includes a bass clef staff with a simple harmonic accompaniment. The third system shows the continuation of the accompaniment. The piece concludes with a double bar line and repeat dots.

A series of ten empty musical staves, each consisting of five horizontal lines, arranged vertically on the page.

SONATA IV

Andante poco Adagio

The first system of music (measures 1-4) is written in 3/4 time. It consists of a treble staff with a single melodic line and a piano accompaniment consisting of a treble and bass staff. The tempo is marked 'Andante poco Adagio'. The key signature has one sharp (F#).

5

The second system of music (measures 5-8) continues the piece. It features a treble staff with a single melodic line and a piano accompaniment consisting of a treble and bass staff. The tempo remains 'Andante poco Adagio'.

11

The third system of music (measures 9-12) continues the piece. It features a treble staff with a single melodic line and a piano accompaniment consisting of a treble and bass staff. The tempo remains 'Andante poco Adagio'.

16

Musical notation for measures 16-19. The top staff is a single melodic line with various ornaments and trills. The bottom two staves are a piano accompaniment with chords and moving lines. Measure 19 has trill ornaments above the notes.

20

Musical notation for measures 20-24. Similar to the previous system, with a melodic line and piano accompaniment. Measure 24 has a trill ornament above the final note.

25

F P F P F P F

Musical notation for measures 25-29. The top staff features a complex rhythmic pattern with many sixteenth notes. The piano accompaniment consists of chords. Measure 29 has a trill ornament above the final note.

30

Musical notation for measures 30-34. Similar to the previous systems, with a melodic line and piano accompaniment. Measure 34 has a trill ornament above the final note.

The first system of music consists of four staves. The top staff is a treble clef with a key signature of one sharp (F#) and a common time signature (C). It contains several measures of music, including a triplet of eighth notes. The second staff is a treble clef with a key signature of one sharp and a common time signature, containing a melodic line with various note values and rests. The third and fourth staves are a grand staff (treble and bass clefs) with a common time signature, showing a bass line and chordal accompaniment.

Rondeau poco Moderato

The second system of music consists of four staves. The top staff is a treble clef with a key signature of one sharp and a 4/4 time signature. It contains several measures of music, including a triplet of eighth notes. The second staff is a treble clef with a key signature of one sharp and a 4/4 time signature, containing a melodic line. The third and fourth staves are a grand staff with a 4/4 time signature, showing a bass line and chordal accompaniment.

The third system of music consists of four staves. The top staff is a treble clef with a key signature of one sharp and a 4/4 time signature, containing a melodic line with various note values and rests. The second staff is a treble clef with a key signature of one sharp and a 4/4 time signature, containing a melodic line. The third and fourth staves are a grand staff with a 4/4 time signature, showing a bass line and chordal accompaniment.

The fourth system of music consists of four staves. The top staff is a treble clef with a key signature of one sharp and a 4/4 time signature, containing a melodic line with various note values and rests. The second staff is a treble clef with a key signature of one sharp and a 4/4 time signature, containing a melodic line. The third and fourth staves are a grand staff with a 4/4 time signature, showing a bass line and chordal accompaniment.

Musical notation for measures 19-23. The system consists of a single treble clef staff at the top and a grand staff (treble and bass clefs) below. Measure 19 is marked with a '19' on the left. The music features a complex melodic line with many beamed notes and slurs, and a supporting bass line with chords and moving lines.

Musical notation for measures 24-28. The system consists of a single treble clef staff at the top and a grand staff below. Measure 24 is marked with a '24' on the left. The music continues with intricate melodic patterns and harmonic support.

Musical notation for measures 29-33. The system consists of a single treble clef staff at the top and a grand staff below. Measure 29 is marked with a '29' on the left. This system is characterized by frequent triplets, indicated by '3' and '[3]' above the notes.

Musical notation for measures 34-38. The system consists of a single treble clef staff at the top and a grand staff below. Measure 34 is marked with a '34' on the left. The music concludes with a final melodic flourish and a steady bass line.

Musical score system 1, measures 41-46. It features a vocal line with a melodic line and a piano accompaniment with chords and bass lines. A dynamic marking 'f' is present in measure 45.

Musical score system 2, measures 47-53. It continues the vocal and piano parts from the previous system.

Musical score system 3, measures 54-60. It continues the vocal and piano parts from the previous system.

Musical score system 4, measures 61-66. It continues the vocal and piano parts from the previous system.

SONATA V

Allegro

5

10

[p] [f] [p] [f]

Detailed description: This is a page of musical notation for 'SONATA V'. The tempo is marked 'Allegro'. The score consists of two staves, treble and bass clef. The first system (measures 1-4) shows the beginning of the piece. The second system (measures 5-8) continues the melody and accompaniment. The third system (measures 9-10) features a more active melodic line with slurs and accents, and dynamic markings of piano (p) and forte (f) alternating. The bass line provides harmonic support with chords and moving lines.

Musical notation for measures 15-19. The system includes a vocal line at the top and a piano accompaniment below. The piano part consists of a right-hand staff with chords and a left-hand staff with a bass line. Measure 15 starts with a vocal line and a piano accompaniment. The piano accompaniment features a steady bass line and chords in the right hand.

Musical notation for measures 20-24. The system includes a vocal line at the top and a piano accompaniment below. The piano part consists of a right-hand staff with chords and a left-hand staff with a bass line. Measure 20 starts with a vocal line and a piano accompaniment. The piano accompaniment features a steady bass line and chords in the right hand.

Musical notation for measures 25-29. The system includes a vocal line at the top and a piano accompaniment below. The piano part consists of a right-hand staff with chords and a left-hand staff with a bass line. Measure 25 starts with a vocal line and a piano accompaniment. The piano accompaniment features a steady bass line and chords in the right hand.

Musical notation for measures 30-34. The system includes a vocal line at the top and a piano accompaniment below. The piano part consists of a right-hand staff with chords and a left-hand staff with a bass line. Measure 30 starts with a vocal line and a piano accompaniment. The piano accompaniment features a steady bass line and chords in the right hand.

Musical score system 1, measures 35-38. The system includes a grand staff with treble and bass clefs. Measure 35 is marked with a '35' and contains a melodic line in the treble clef. Measures 36-38 show the continuation of the melody and accompaniment in the bass clef.

Musical score system 2, measures 39-43. The system includes a grand staff with treble and bass clefs. Measure 39 is marked with a '39'. The melody in the treble clef features various rhythmic patterns and accidentals. The bass clef provides harmonic support with chords and moving lines.

Musical score system 3, measures 44-47. The system includes a grand staff with treble and bass clefs. Measure 44 is marked with a '44'. The melody in the treble clef is marked with 'P' (piano) and 'F' (forte) dynamics. The bass clef accompaniment consists of chords and rhythmic patterns.

Musical score system 4, measures 48-51. The system includes a grand staff with treble and bass clefs. Measure 48 is marked with a '48'. The melody in the treble clef is marked with 'P' and 'F' dynamics. The bass clef accompaniment continues with chords and rhythmic patterns.

Musical notation for measures 53-57. The system includes a vocal line at the top and a piano accompaniment below. The piano part consists of two staves (treble and bass clef). The key signature has one sharp (F#) and the time signature is 4/4. Measure 53 is marked with a '53' at the beginning. The piano accompaniment features chords and moving lines in both hands.

Musical notation for measures 58-62. The system includes a vocal line at the top and a piano accompaniment below. The piano part consists of two staves (treble and bass clef). The key signature has one sharp (F#) and the time signature is 4/4. Measure 58 is marked with a '58' at the beginning. The piano accompaniment features chords and moving lines in both hands.

Musical notation for measures 63-67. The system includes a vocal line at the top and a piano accompaniment below. The piano part consists of two staves (treble and bass clef). The key signature has one sharp (F#) and the time signature is 4/4. Measure 63 is marked with a '63' at the beginning. Dynamic markings 'p' and 'f' are present in the piano part. The piano accompaniment features chords and moving lines in both hands.

Musical notation for measures 68-72. The system includes a vocal line at the top and a piano accompaniment below. The piano part consists of two staves (treble and bass clef). The key signature has one sharp (F#) and the time signature is 4/4. Measure 68 is marked with a '68' at the beginning. Dynamic markings 'p' and 'f' are present in the piano part. The piano accompaniment features chords and moving lines in both hands.

Musical score for measures 73-77. The system consists of three staves. The top staff is a single melodic line. The middle and bottom staves are a grand staff with treble and bass clefs. Measure 73 is marked with a '73' and a fermata. The music is in a key with one sharp (F#) and a 2/4 time signature.

Musical score for measures 78-82. The system consists of three staves. The top staff is a single melodic line. The middle and bottom staves are a grand staff with treble and bass clefs. Measure 78 is marked with a '78'. The music continues in the same key and time signature.

Musical score for measures 83-87. The system consists of three staves. The top staff is a single melodic line. The middle and bottom staves are a grand staff with treble and bass clefs. Measure 83 is marked with an '83'. The music continues in the same key and time signature.

Musical score for the 'Cherzante' section. The system consists of three staves. The top staff is a single melodic line. The middle and bottom staves are a grand staff with treble and bass clefs. The section is marked 'Cherzante' and begins with a 2/4 time signature. The music is in the same key as the previous sections.

Musical notation for measures 7-13. The system includes a vocal line and a piano accompaniment. The piano part features a steady eighth-note bass line and chords in the right hand. Measure 7 is marked with a '7' at the beginning.

Musical notation for measures 14-20. The system includes a vocal line and a piano accompaniment. The piano part continues with the eighth-note bass line and chords. Measure 14 is marked with a '14' at the beginning.

Musical notation for measures 21-27. The system includes a vocal line and a piano accompaniment. The piano part continues with the eighth-note bass line and chords. Measure 21 is marked with a '21' at the beginning.

Musical notation for measures 28-34. The system includes a vocal line and a piano accompaniment. The piano part continues with the eighth-note bass line and chords. Measure 28 is marked with a '28' at the beginning. The word *Miaore* is written above the vocal line in measure 30.

36

System 1: Measures 36-42. The system consists of a single melodic line at the top and a grand staff (treble and bass clefs) below. The melodic line features a series of eighth-note patterns. The grand staff provides harmonic accompaniment with chords and moving lines in both hands.

43

System 2: Measures 43-49. Similar to the first system, it features a single melodic line and a grand staff accompaniment. The melodic line continues with eighth-note patterns, and the accompaniment provides harmonic support.

51

System 3: Measures 50-56. This system continues the musical piece with a single melodic line and a grand staff accompaniment. The melodic line shows some variation in rhythm, including sixteenth-note passages.

59

System 4: Measures 57-63. The final system on the page, featuring a single melodic line and a grand staff accompaniment. The melodic line concludes with a series of eighth notes.

67

Musical notation for measures 67-73. The system consists of two staves. The upper staff is in treble clef with a key signature of one flat and a common time signature. It contains a melodic line with eighth and sixteenth notes, including a triplet in measure 70. The lower staff is in bass clef and contains a bass line with eighth and sixteenth notes. Vertical dashed lines connect the two staves at measures 67, 68, 70, and 71.

74

Musical notation for measures 74-79. The system consists of two staves. The upper staff is in treble clef and contains a melodic line with eighth and sixteenth notes, including a triplet in measure 76. The lower staff is in bass clef and contains a bass line with eighth and sixteenth notes. Vertical dashed lines connect the two staves at measures 74, 75, 76, and 77.

80

Musical notation for measures 80-85. The system consists of two staves. The upper staff is in treble clef and contains a melodic line with eighth and sixteenth notes, including a triplet in measure 81. The lower staff is in bass clef and contains a bass line with eighth and sixteenth notes. Vertical dashed lines connect the two staves at measures 80, 81, 82, and 83.

Four sets of empty musical staves, each consisting of a treble clef staff and a bass clef staff, arranged vertically.
