Los Angeles, California 90064

On behalf of the South Hills Faculty and Associated Student Body, I would like to thank Maestro Temianka and his distinguished musicians for the concert in April. It was an extremely positive experience which benefitted all in attendance.

Currently, we are attempting to re-establish a humanities history course which incorporates the Fine Arts with the teaching of history. Your concert was utilized as a tool to measure student interest in the area of music appreciation. A student interest survey and evaluation was distributed and collected after the concert. The students reaction suggested a genuine interest in the humanities and a significant number of the students are willing to attempt our challenging course in the near future.

Our students and faculty have made only positive comments about the concert. We feel privileged that our students were exposed to symphonic chamber music and the superb musicians that accompanied Maestro Temianka. There is a definite interest and a need for students to be exposed to the humanities.

Once again, thank you for your help and consideration.

Sincerely,

Karl D. Major
