# Snake Oile

Flora Iste

Hello, may i speak with judas iscariot?  
I'm a senior at Waste Management University and wanted to talk to you about your past experiences with the school.

"Describe the exotic desert  
you descried each sunday  
Out of the corner of your public corner  
Eying the parking lot you'd be someday.

A jazzer with your nose up  
But below a long-hair  
But above a rocker  
The fun one who doesn't care.

The real kisser  
Was the one, is the one  
With cares like flies  
Fiendish bug skittish.

Faffing with godot  
Choking chickens and bluffing muffins  
Chewing mutton, my kitty is a glutton  
Flip the bird, doh!

I see in 144p  
I kiss in stereo  
Beethoven in 144p  
What's most fun is below.

The sheets are unnecessary  
Keep the lights on  
Nasty women are the best  
I cheat on every test.

Facts are real  
If they're truth.  
But invention is a kiss between two  
That ignites a little death that makes you wanna live.

I hate the enemy

Jk, i don't hate evil.  
I watch it with envy  
Wishing i could care about something that much.

I thought hippies had the answer  
Until I thought punks had the answer  
Until I thought hipsters had the answer  
Until i thought jazzers had the answer  
Until i thought samba had the answer  
Until i thought dada had the answer  
Until i thought the great masters had the answer  
Until i thought blacks had the answer  
Until i thought women had the answer  
Until i thought queers had the answer  
Until i thought sjws had the answer  
Until i thought the alright had the answer  
Until i thought that logic had the answer  
Until i thought emotion had the answer  
Until i thought positivity had the answer  
Until i realized that you're all a bunch of fucking idiots  
And i'd rather jerk off than listen to one more motherfucker tell me "the way it is"

I was about to catcall a woman when i realized i was looking at a fire hydrant

I confused someone taking a selfie on a couch with a flamingo

I thought your tuba sounded like a grunge bass

The jungle i'm in is actually the london underground

Neil young is actually a vaporwave shoegaze pioneer

The turk punching me in the face forgot that we are in the same city amelie was filmed in

But i didnt forget to make my new haircut and natural blush an album cover

I'm short on time eric, \*listens to all 13 beatles albums at once

One person's trash is another person's doctoral thesis

I watch lifetime unironically

Creativity is like love, if you have a restraining order against you, maybe you are in love  
butts are really cute
