

## **Selected Readings in the Area of Foreign and International Law**

### **Introduction**

With this issue we introduce a new feature, Selected Readings (SR), which has been prepared by Earl Weisbaum, the Foreign Law Librarian of the Los Angeles County Law Library. SR began in 1976 in response to a request of the International Law Section of the Los Angeles County Bar Association to supply the section members with a list of current materials in the Los Angeles County Law Library. The Los Angeles Law Library's collection is one of the finest in the world, and it is our privilege to make this information about current materials available to our readers.

We hope that readers will find this service useful and will tell us how we may be able to make these readings even more useful.
