## May Festival Is Marred By Pelting Rain

**'The Kingdom of Happiness' Produced Up to the Third Act**

The annual May Day celebration which took place last Friday was short-lived, due to the rain storm which began in the middle of the afternoon. Fortunately, the crowning of the May Queen, Gertrude Walton, took place before the storm broke. The pageant, "The Kingdom of Happiness," arranged by Miss Blanche Burrows, had to be given up before the third act was finished. In spite of the threatening clouds which appeared all during the forenoon, a large crowd came out for the event.

The Women's Athletic Association awards were presented, as scheduled, in the morning. Frances Gates of Two Rivers was awarded the cup which is given each year to the senior girl who is most outstanding in athletics and leadership. Miss Gates also received an L. sweater, since she is the only girl who has the necessary five hundred W. A. A. points to her credit.

The open air May Day dance, which was scheduled for the evening, was necessarily given up, and a dance at the gym was substituted. About sixty couples were present. Lee Homan's orchestra of Oshkosh, furnished the music.

## Lewis, '10, Made Professor to Italy

Howard Thompson Lewis, '10, former Lawrentian and present dean of the College of Business Administration of the University of Washington, has been appointed Westinghouse Exchange Professor to Italy for the next year.

Dean Lewis is particularly well fitted for this important task. Long a student of international affairs and commercial problems, he has given particular attention to the field of foreign trade and of economic theory. As an evidence of appreciation for his work he was presented with the decoration of Chevalier of the Crown of Italy a year ago just on the eve of his departure for the Orient as chairman of the Seattle Commercial Commission. He has recently been made a member of the board of directors of the Marine State Bank and is president of the Seattle Kiwanis Club.

Dean Lewis expects to sail from New York about the last of August. His wife and two children, Marjorie and Howard, Jr., will accompany him.

(Continued on Page 3)

## German Students Carry On International Correspondence

Correspondence between students of German at Lawrence and students in preparatory schools in Germany is one of the most interesting features in the study of the German language here this year, and during the past two weeks many entertaining letters have gone to and fro between these enthusiasts of the German language on both sides of the Atlantic.

This international correspondence is being carried out under the auspices of Dr. Martin Hartmann of Leipzig, Germany, who sends names and addresses of students in Germany to Prof. G. C. Cast who, in turn, assigns a German correspondent to a Lawrence student. The initial letter is written by a Lawrentian, partly in German and partly in English. Then the German student corrects the German message and replies in both languages also.

Several students have already received three or four letters and a

## Gallagher Collapses After Swim in Y Tank

While leaving the tank room at the Y.M.C.A. late Saturday afternoon, Robert Gallagher, '28, fell unconscious to the floor near the pool, and remained in a semi-conscious state until early Sunday morning. Attending physicians declined to give any cause for his condition.

Apparently Mr. Gallagher had been in good health throughout the day because he had not complained of any ailment. The first indication that he was not feeling well came while he was getting out of the tank at the Y.M.C.A., when he remarked to a friend that his head ached. A few minutes later he collapsed.

It is believed that Mr. Gallagher's illness is not very serious, since he has been improving since Sunday morning.

## Waterman Students To Appear In Voice Recital Tonight

**Excerpts From Song Cycle Will Feature Second Half of Program**

Students from the studio of Dean Waterman will appear in a voice recital at Peabody Hall tonight at 8:00 o'clock. The program follows:

- PART I**
- Song of the Blackbird - Sanderson
  - Eyes of Blue - Orth
  - A Birthday - Cowen
  - Marion Campbell
  - The Zephyr - La Forge
  - Come and Trip It - Handel
  - Mary Reeves
  - Since you Went Away - Johnson
  - Pleading - Elgar
  - Lolita - Buzzi Peccia
  - James Archie
  - Crying of Water - Tipton
  - The Bird - Pike
  - Time, the Gypsy - Besly
  - Madge Helmer
  - Spanish Gold - Fisher
  - The Mirror - Ferrari
  - Until You Came - Metcalf
  - Marshall Hulbert
  - Mimi's Song
  - "La Boheme" - Puccini
  - Visi d'Arte "La Tosca" - Puccini
  - Marion Hutchinson McCreedy

**PART II**

- Excerpts from The Song Cycle
- "In a Persian Garden"
- The words selected from the Rubaiyat of Omar Khayyam. The music composed by Liza Lehmann
- Isabel Wilcox, Soprano, Eleanor McKibben, Contralto, Marshall Hulbert, Baritone, Carl Waterman, Tenor.
- Maxine Helmer at the piano
- Quartet "Wake! for the sun who scatter'd light."
- Solo Tenor "Before the phantom of false morning died."

(Continued on Page 3)

## Teachers Of English And Gym Chosen

**Miss Wisner Will Teach Gym; Warren Beck English Rhetoric**

Two new additions have been made to the Lawrence faculty, it was announced by President H. M. Wriston today.

Miss Katherine Wisner, a graduate of the physical education department of Columbia university, will take Miss Blanche Burrows' place as instructor of physical education for women. This department will be reorganized and developed to a great degree, and the staff will probably include two additional instructors within the next two years.

Mr. Warren Beck has been given the position of professor in the department of English rhetoric. He is a graduate of Earlham College, Richmond, Ind., and will receive his master's degree from Columbia this June.

Mr. Beck has had a wealth of experience in teaching, and has written a volume of one-act plays for use in junior high schools. He succeeds Robert H. Hannum, who will do graduate study at the University of Chicago.

## Eleven More Seniors Sign Up For Positions

Slowly but surely the seniors are getting positions for next year. Eleven more of them can stop writing application letters now and rest in peace. They are Helena Storzbach, who will teach English at Shorewood High School, Milwaukee; John Taras, history and economics, at Rio; Mildred Lyda, English, at Mellon; Veda Blakeman, mathematics and biology, at Menominee, Mich.; Ruth Bowman, English, at Oconto Falls; Clifton Cooper, chemistry, at Rhineland; Merle Dameran, English, at Sturgeon Bay; Helen Gettelman, English, at New Republic, Mich.; Emilia Greunke, science, at Sturgeon Bay; Monica Jones, French, at Manistique, Mich.; and Orlando Nelson, science, at Janesville.

Several alumni have also secured positions or transfers. Edith Gray, '24, music instructor, will transfer from Florence to Tomah; Marjorie Nickel, '24, English, will go from Shawano to Sparta; Florence Fell, '15, mathematics, from Tenafly, N. J., to Green Bay; Theodora Taras, '24, German, from Chetek to Kiel; and Olga Keller, '25, English, at Ladysmith.

According to Anders P. Anderson, there are more calls for instructors in science, especially physics, than can be filled. There is a superfluity of teachers in English. Positions are pending for about twenty-five more graduates.

## Speech By Wriston Printed in Proceedings

A speech which President Henry M. Wriston gave at the Second Conference of Teachers of International Law in Washington in April, 1925, has just been published in conjunction with the proceedings of the affair. The title of his address was "The Relative Emphasis in Instruction in International Law upon Theory, Historical Development, and International Law as a System of Rules and Principles, and the Defects and Possible Improvement of the System."

"Make the organization systematic, the method historical, the point of view social, and the spirit critical," he recommended.

**Distribution of Ariels**  
The 1927 Ariels will be distributed this afternoon beginning at 1:30 from the Ariel office in the basement of Main Hall.

## Baker Explains French Educational System

In France, the term university means a graduate school; in America, it means a glorified college," said Dr. Louis C. Baker, head of the French department, in chapel Monday.

To enter a French university, Dr. Baker continued, one must have a baccalaureate degree from the Lycee, an institution which corresponds to part of our grammar school, all of our high school, and part of our college. Upon graduation from the Lycee at the age of about eighteen, the French student knows about as much as the American college graduate.

Education to the French student is a very serious business, since competition for careers is keen and only the most outstanding candidates secure them. Necessarily, this high intellectual standard is maintained only at great cost to social life.

## Lawrence Professors Judges of Contest

Professors Albert Franzke and Frank W. Clippinger were judges in the annual Inter-Academic Oratorical League Contest which was held at Wayland Academy, Beaver Dam, on Friday evening, May 21.

Professor Franzke, along with Professor W. R. Woodmansee of Ripon College, and Superintendent W. R. Bussewitz, Horicon, judged the delivery of the orations, while Professor E. T. Ingles, of the University of Wisconsin, Professor G. C. Clancey, Beloit College, and Professor Clippinger judged the thought and composition.

The schools which were entered in the contest were Elgin Academy, St. Alban's School, Wheaton Academy, Northwestern Military and Naval Academy, Morgan Park Military Academy, and Wayland Academy.

## Two Con Students Obtain Positions

Two students graduating from the department of Public School Music have received positions for the coming year. Miss Henrietta Ralph will be assistant supervisor of Junior High School music at Green Bay and Miss Katherine Jones, who has been assisting Dr. E. L. Baker during the past year, has accepted the position of Music Supervisor at Neenah.

As yet no others have been definitely placed, but it is expected that there will be more placements within a short time.

## Downer Girl Wins Latin League Prize

Latin League prizes, based on a competitive examination held on April 30, have recently been awarded. The first prize of \$250 was won by Leola George of Milwaukee-Downer, the second award of \$75 went to Beatrice Nielsen, also of Milwaukee-Downer, while Ruth Bitz, Ripon College, won the third prize of \$25.

Representatives from Lawrence who participated in the examination are Mary Morton, '28, Viola Beckman, '29, and Irene Espeseth, '28.

## Mary Holdsworth Wins Women's Tennis Singles

Mary Holdsworth, '29, won the college women's singles tennis championship in the finals Thursday, May 20. She and Frances Gates, '26, will play doubles against a faculty team in the annual faculty-student meet this week.

**Miles To Speak**  
Herbert E. Miles, ex-'22, will be the speaker at a joint meeting of Y.M.C.A. and Y.W.C.A. next Thursday night at the Hamar House. Mr. Miles received his M.A. degree from Lawrence in 1882, and after that spent a year at Harvard. He has travelled extensively in both Europe and the United States.

## Frosh Must Arrive Early Next Fall

Next fall freshmen will arrive at Lawrence a week earlier than usual, according to a new arrangement which provides for a meeting in the chapel Wednesday morning, September 15. Addresses will be given by President Henry Wriston, Dean R. C. Mullenix, and Professor F. W. Ingler.

The purpose of this arrangement is to orient the freshmen to their new surroundings before upperclassmen arrive. Heretofore freshmen have been overwhelmed with too many things at the beginning of the year, a condition which made it difficult for the student to adjust himself to his new environment.

Parties, social gatherings and conferences will be a part of the program for the week. Professors will have an opportunity to outline courses to the new students, and at the same time have a better opportunity to become acquainted with the new freshmen. Among the large universities which use this method are the University of Indiana, and the University of Illinois.

## Helena Koletzke And James Ford Win Theta Sig Awards

**Works of Kelley, Telfer, Vincent and Webster Get Honorable Mention**

Congratulations are in order for James Ford, '28, Fochow, China, and Helena Koletzke, '27, Appleton, the winners of the Theta Sig Supplement prose and poetry prizes respectively. Mr. Dix Harwood judged "The Gray Life," by Mr. Ford, the better of the two stories published.

"Within the Forbidden City," by Miss Koletzke was awarded first place by Dr. Frances Foster. She praised its color, phrasing, and rhythm.

Dr. Foster gave honorable mention to authors of three other poems. She thought "Life," by John Kelley, '25, was worthy of second place because of the directness of its observation. She placed "Heartbreak," by Jeanette Telfer, '29, third, and "Thus Dies Petronious Arbiter," by James Vincent, '27, and Herbert Webster, '27, fourth.

Mr. Ford and Miss Koletzke will each select a book they would like as a prize.

## All-College Play Combines Good Acting And Clever Plot

Good acting, good directing, good make-up, clever situations and lines made "The Admirable Crichton," annual all-college play presented last night at the Appleton Theatre, an admirable presentation.

Kenneth Greaves, '28, did excellent work in the name part, that of a perfect butler in an English household whom a shipwreck gives a chance to become a king of a desert island. He was never out of the character of his subtle and restrained role. Lucille Smith, '27, was attractive as the haughty Lady Mary who lives to bow down and love the butler who rules the island.

Harry Snyder, '27, again proved his histrionic ability when he made the most of a meaty comedy role, and was the biggest laugh producer of the entertainment. He was the Hon. Ernest Woolley, very conceited, selfish, and cowardly. However, on the island he courts Tweeny, a bourgeois maid, portrayed by Helen Moore, '27. But Tweeny loves Crichton, who has "cast an eye upon her." Miss Moore caught the spirit of this character, and got it across to the audience.

Two envious sisters of Lady Mary, played by Rebecca Benyas, '26, and Marian Boedecker, '28, are also forced back to nature. Miss Benyas had just the right amount of haughti-

## All-College Club Caucus To Be Tonight

**Nominations For Offices Should Be Filed With Helen Norris**

The nominating committee for the All-College club elections is to meet tonight, in the Literature room in Main Hall at seven o'clock for its caucus meeting.

The membership of this committee, through whose hands the nominations must pass, is composed, according to the constitution of the All-College club, of two faculty members appointed by the president of the college, of one representative from each Greek-letter sorority and fraternity on the campus, excluding the honorary organizations, and of a number proportional to their membership in the All-College club, of non-Greek students.

The primary elections for the class officers and the officers of the All-College club are to be held on Wednesday, which, as the fourth Wednesday of the month of May, is the date designated by the constitution of the club.

Nominations for any of these offices may be filed with Helen Norris, '27, secretary of All-College club by any student, but must be in by Tuesday night at 6:00 p.m. in order to be in the hands of the nominating committee at its meeting later in the evening. The offices for which nominations are to be made are as follows: president, vice-president, secretary, and treasurer of the All-College club; presidents of the forensics board and of the athletic board, with football, basketball, and track representatives to the latter; president, vice-president, secretary, and treasurer of next year's senior, junior, and sophomore classes; and a student senate and a forensics board representative from each of the classes.

At least four nominations must be made for each office, and if fewer than four are filed, the nominating committee has the right to increase the nominations to that number.

The two nominees receiving the highest number of votes in the preliminary elections will be considered as candidates in the finals. Faculty men will act as tellers, and the results will not be announced until they are final.

## All-College Play Combines Good Acting And Clever Plot

ness, while Miss Boedecker was an adequate companion for her. Other castaways were the father of the girls, who believed in social equality and later changed his mind and minister who was almost used. The part of the father was well-taken by Howard Menzner, '28, and Theodore Clausen, '28, was ministerial as the minister.

When the party is rescued and taken back to England, a careful mother is desirous of wedding her son to Lady Mary—if nothing out of the way has happened on the island—and she proceeds to find out if anything has. Arda Knickerbocker, '28, interpreted this stunning and aristocratic person perfectly. Richard Nelson, '27, was a typical English dude.

Shifts from an English mansion to a desert island, from peership to servanthood, and from gowns to skins were entertaining. With the exception of a few minor details, the play was carefully worked-out, and there were several dramatic moments that would have done credit to a cast of professionals.

Miss Florence Lutz, director, should be acclaimed for choosing a play so suitable for presentation before a college audience, and for producing it in a sympathetic manner.

### On This and That

Last night the annual all-college play was presented at Fischers Appleton Theatre. Although the settings and costumes were well worked out and were very much better than those of the average college play, still the production did not represent fully the work which went into it. A one night presentation hardly could.

A production of this sort represents practically a year of work by a group of individuals. Some, enrolled in the class, are given credit for their work. Others take part mainly because of pure dramatic urge.

In either case the glory is of one night's duration, and then their efforts are largely forgotten. There should be greater recognition of the work necessary to such an enterprise.

The Weather Man was unruly on May Day, but even as short-lived as the festivities were, they gave ample evidence that this year the affair would have been carried off in better style than ever before. The bleachers, fence, and other properties were all ready before the program began, an accomplishment rather unique on the Lawrence campus. And strange to say, after the program was over, the wire fence was not left around for days afterward. By Monday afternoon the last vestige of material had been cleared away, with the exception of the belated May Pole.

To secure the necessary help has been the annual bug-bear of those in charge of the day. The manner in which this work was handled this year proves that cooperation was a little better than it has been in former years.

### The BILLBOARD

- May 25—Biology Club, Science Hall, 7 p.m.
- May 27—Philosophy Club, steak fry at Dr. Farley's home.
- May 28—Delta Gamma informal.
- Sigma Alpha Iota formal.
- Athena Literary society, 4:30 at Library.
- May 29—Phi Kappa Tau informal.
- Theta Phi informal.
- June 4—Beta Sigma Phi informal.
- Business meeting Phi Beta Kappa. Room 14, M. H. 5:00 p.m.
- Sorority and fraternity reunions, evening.
- Conservatory of music commencement, chapel, 8:00 p.m.
- June 5—Class Day exercises, chapel, 9:00 a.m.
- Public meeting Phi Beta Kappa, small auditorium, chapel, 10:30 a.m.

### William Roock's Barber Shop

211 East College Ave.

Hairbobbing a Specialty

Two doors east of the Fair Store.

Now that everything is all over, including the track meet and the speaking contest, and, we might add, the writing contest, and all the copy for the Lawrentian (except that which is late) has been written, we can use this typewriter to dash off another Dustpan. Here goes!

Extracted from a co-ed's letter home. "Yes, I know daddy, that you wrote and said I mustn't write any more checks, because my account was overdrawn. But you must be mistaken, daddy, because I still have almost half a book of blank checks. That's why I wrote some more."

Frosh: I think I'll get a date with Helen tonight.  
 Senior: She wouldn't go out with you.

Frosh: Well, can't I think about it anyway?

"He should talk about other fellows' morals. Why he lives in a glass house himself."

"Naturally. His father is a florist."

First Senior: Did you go to the May Fete?

Second Senior: Say, don't I look as if I had sense enough to come in out of the rain!"

**Luke says: There are formals and informals, and then again there are dances that are both.**

Who's going to Waupaca?  
 Why?  
 Where?  
 What for?  
 Well!

First Student: "Why so blue this bright and sunny A.M.?"

Second Student: "I just went through the last fifty the old man sent me, and I had to write for more money last night."

F. S.: "But you'll get it, won't you?"

S. S.: "I'm afraid not. I had to put the thing subtly, you see, so that he'd have to read between the lines to see I needed money. And then I forgot to double-space the letter."

Occasionally we hear that old wheeze about out of the frying pan into the fire. When we are faced with a choice between the fire and the Dustpan, we choose the latter, because the Dustpan is

LUKE WAM.

### Voice Students In Recital Tonight

(Continued from Page 1)

- Solo Tenor "Iram indeed is gone with all his rose."
- Quartet "Come, fill the cup, and in the fire of Spring."
- Solo Bass "Whether at Naishapur or Babylon."
- Contralto Recitative "Ah, not a drop that from our cups we throw."
- Contralto Solo "I sometimes think that never blows so red."
- Duet Soprano and Tenor "A book of verses underneath the bough."
- Bass Solo "Myself when young did eagerly frequent."
- Soprano, Recitative "But if the soul can fling the dust aside."
- Soprano Solo "I sent my soul through the invisible."

### Article In Magazine About 1927 Ariel

Although the Shakespearean theme is not infrequently used in the compilation of college annuals, the unique art theme of the 1927 Ariel is drawing the attention of many outsiders. "The Art Crafts Review," a magazine interested in the development of school publications, has devoted an entire article to the Ariel's Shakespearean treatment. This fact in itself is a tribute to the book, since it is very seldom that the magazine reviews a single publication.

The name of the annual is suggestive of the spirit portrayed by the fairy sprite Ariel in Shakespeare's "The Tempest," and realizing this, the Ariel Board based the theme of this year's book entirely on the theme in this comedy of Shakespeare's.

The art work in the 1927 Ariel will be an innovation. Appropriate division pages, developing the applicable ideas from "The Tempest" will make the book stand out as something new in art work. Other changes are being made which will materially improve the book. A color running-head is to be run on every page, and color is to be added wherever it will aid in developing the theme.

"The Art Crafts Review" says of it: "From cover to cover the 1927 Ariel is going to be Shakespearean in a way new and different. Everything from faculty to humor is going to be touched with the wand of Shakespeare's Ariel sprite and be made to express the carefree, yet purposeful, life of a wide-awake student body."

The Ariel is to be entered in the Art Crafts Guild Contest, the biggest national contest of its kind, which is open to the publications of every class from colleges, universities, and high schools all over the United States. It will also be entered in the Central Intercollegiate Press Association contest in which last year's book rated second in all-American rating.

The Ariel went to press the last of March, and will be in the hands of the student body about the middle of this month.

### Fractures Shoulder

Gertrude Walton, '26, seriously fractured her shoulder while at the track meet at Whiting field Saturday. She fell and was struck by a plank when a section of the bleachers collapsed.

Katherine Wolfe, '25, Racine, spent the week-end with Phi Mu sisters.

### Lucille Meusel Wins Chicago Contest

Again Miss Lucille Meusel, a former student in voice and a graduate from the Lawrence Conservatory, has won distinction. In a recent contest held at Orchestra Hall, Chicago, Miss Meusel was awarded first place upon her presentation of the aria "Qui la voce" from Il Puritani by Bellini. She was accompanied by the Chicago Symphony Orchestra.

As winner of the contest Miss Meusel received a grand piano and was granted the privilege of appearing as soloist with the Chicago Symphony in concert next month at Orchestra Hall. Miss Meusel was the only pupil of Herbert Witherspoon to enter the contest.

Judges in the contest were men of outstanding musical distinction: Harry Hadley, director of the Chicago Symphony, Leopold Auer, instructor of Heifetz and Mischa Elman, and George Ferguson.

Besides possessing a beautiful soprano voice, Miss Meusel is an accomplished pianist and a national champion in marksmanship. She is a member of Mu Phi Epsilon.

Visitors at the Delta Sigma Tau house over the week-end were Carl Hennig, ex '26, Oshkosh, Philip Smith, '25, Evansville, William Tubbs, ex '28, Madison, Mr. Stanley Buchanan, Viola, Mr. Stair, Mineral Point, Tom Hood and Louis Nolan, Chicago.

Leslie Johnson, ex '28, Racine, and Albert Hansen, Racine, visited at the Sigma Phi Epsilon house over the week-end.

# Ripon Wins Track Title By 12 Points

Lawrence Is Second With 60 1/2; Hipke Breaks Record in Shot Put

Before the largest crowd that has ever turned out to see a track and field meet here, Coach Doehling's Redmen won the Wisconsin-Illinois Inter-collegiate championship last Saturday by winning firsts in nine of the fifteen events on the afternoon's program.

The Ripon tracksters garnered 72 1/2 points in all while Coach Denney's Blues succeeded in piling up a total of 60 1/2 points. Carroll and Lake Forest won 16 1/2 and 13 points respectively.

Hipke furnished the big thrill of the afternoon when he succeeded in leaving the shot 41 feet 3 3/4 inches for a new Conference record, bettering by several feet the old record of 37 feet 9 inches made in 1924 by Vandolah of Beloit.

Meyer of Ripon was the individual high point man of the meet winning firsts in the 100 yard dash, 220 yard dash, and broad jump besides running on the winning relay quartet. Hope, also of Ripon, was second with ten points; Searing, of Lake Forest, was third with nine points; while Kingsbury and Hipke, of Lawrence, were fourth with eight points each.

Competition in each event was very keen, and some of the finishes were so close that only a few inches separated the men when they struck the tape. More records would undoubtedly have been broken if the track had been in better condition, since some neat performances had been turned in by competing athletes in practice prior to the meet.

The summary:  
120 yard high hurdles: Hope (R), Loomas (C), Lamotte (R), and Coble (LF).

Pole vault: Hope (R), Johnson (C), Ure (R), and Nason (L).

Shot put: Hipke (L), Schneider (R), Artz (L), and Johnson (C).

100 yard dash: Meyer (R), Stair (L), Murry (R), and D. Hyde (L).

One mile run: Searing (LF), Kingsbury (L), Reed (R), and Pitner (L).

440 yard dash: D. Hyde (L), Blahnik (C), Rude (R), and Stewart (R).

High jump: McConnell (L), Dugan (C), Williams (R), and Stair (L).

Discus: Schneider (R), Lavallo (R), Hipke (L), and Dugan (C).

220 yard dash: Meyer (R), Murry (R), D. Hyde (L), and Stair (L).

220 yard low hurdles: D. Hyde (L), Lamotte (R), Don Hyde (L), and Cobles (LF).

880 yard run: Searing (LF), and Martin (R), tied for first, Menning (L), and Reed (R).

Broad jump: Meyer (R), McConnell (L), Nason (L), Murry (R).

Javelin: Rose (R), Ollman (R), Artz (L), Hipke (L).

Two mile run: Kingsbury (L), Purvis (L), Presta (LF), and Jones (R).

Relay: Ripon, Lawrence, Carroll, Time 1:34.4.

## D. I.'s and Betas Win Tennis Matches

The D. I.'s entered the finals in the inter-fraternity tennis race by beating the Theta Phi's in the semi-finals. The matches were very close, but the Clapp-Hales combination proved too much for Woekner and Halverson. The score was 6-4, 4-6, 6-4. The games were played on May Day on the campus courts, and a large crowd witnessed them.

The game between the Betas and the Phi Taus had to be played over and after a hard struggle the Betas reversed the previous decision and won the match. The games were very close as is shown by the fact that the Phi Taus forced the Betas to the utmost to win. The second set went to 14-12.

The Betas then started to play the Phi Kaps in the semi finals but rain interfered with the match and it had to be postponed. They were still on the first set, the score being 10-11, when they were forced to call off the match.

The winner of the Beta-Phi Kap game will meet the D.I.'s for the championship in this event. The games will be played early this week.

## Frances Gates Is Awarded W.A.A. Cup

Frances Gates, '26, was awarded a silver loving cup by the women's athletic association at the annual athletic meet Friday morning, May 21. The cup is given each year to a senior girl who has shown excellence in athletic activities, scholarship, and co-operation.

"L" pins for particular distinction in athletic activities were awarded to the following girls: for making the basketball team, Claire Ryan, '26, Gertrude Lanzer, '27, Norma Kitch, '27, Dorothy Stark, '29, Marjorie Lockard, '29, Mildred Christman, '29, Helen Fredrickson, '29, Irene Greunke, '29, Mathilda Egger, '28, Esther Ziegler, '28, Gladys Jarrett, '26, Frances Gates, '26; for consistently high scores in bowling, Florinel Peebles, '28, Marie Buritz, '29; for excellence in volley ball, Katherine Livingston, '29, Dorothy Stark, '29, Marjorie Lockard, '29; Frances Gates, '26, received an L sweater for earning 500 points in approved athletics.

Pins for the highest scores in rifle, championship in tennis doubles, and for places in track will be awarded later.

Preceding the presentation of awards groups of girls interested in athletics put on a program of take-offs on various departments of women's athletics.

Mr. C. W. Reynolds of Chicago arrived Friday to spend the week-end with his cousin, Dr. D. O. Kinsman.

President Henry M. Wriston spoke on the United States Foreign Policy before the Ministerial Association of Milwaukee last night.

Jack Walter, ex '28, Green Bay, visited at the Beta Sigma Phi house last week-end. He is now a reporter on the Green Bay Gazette.

Mary Kanouse, '26, and Iola Langner, '29, were guests of Murna Wickert, ex '27, at Oshkosh Normal, Wednesday, May 10, and while there attended the Philathea formal.

## Two Baseball Games Played Last Week

In the only two inter-Greek baseball games of last week the Sig Eps split even and the Delta Iotas added another win to their column, while the Delta Sigs secured a stronger hold on cellar position.

On Tuesday the Sig Eps met the Delta Sigs and had little difficulty in copping a 14-5 win. A good many of the Sigma runs were garnered off errors but they were successful in connecting with Welch's slants for about seven hits. Portz, Asdahl and Strassenreuther counted for most of the Sigma hits, while Welch and Babcock turned in the best work for the losers. Batteries: Sig Eps—Holmes, Portz and Schlaghauf. Delta Sigs—Welch and Webb.

Thursday the D. I. crew handed the Sigma men a 10-5 beating in a game that was featured by home runs and close fielding. In the first inning the Union Street sluggers sent three runs home by virtue of two home runs and an error. Nobles connected with one of Portz's offerings and sent it over the fence for the first circuit clout of the day. Hipke followed suit in a few minutes and sent the apple sailing over the left field barrier and sent home his teammate, Ansoorge, who had got on base on an error. The rest of the game was close until the sixth inning when the Sigmas cracked and the D. I.'s sent enough runs home to put the game away. Batteries: D. I.—Weinkauff and Courtney. Sig Eps—Portz and Brian.

Gerald Van Austin, '25, has accepted a position with the Kimberly-Clark paper company as an accountant. He was formerly employed at Ashland, Wisconsin.

**NOTICE**  
All entries for the all campus horse shoe tournament must be turned in to Gebhardt at the Gym by Wednesday noon.

**Notice**

## Phi Kaps Amex Horse Shoe Title

The Phi Kaps beat the Sig Eps for the inter-fraternity horseshoe championship in the finals held last Saturday morning. The matches were very close throughout, and the Phi Kaps won two out of the three matches. Points were evenly divided among all the contestants. The Phi Kaps receive thirty points toward the total for the large cup to be given for supremacy in inter-fraternity sports.

Earlier in the morning the D. I.'s beat the Psi Chi Omegas for the consolation championship in two out of three matches. This gives the D. I.'s third place in the race. Kiel was by far the star of the day and of the whole race when he made 17 ringers for his team, he was closely followed by Counsell who made 11.

The final standing then gives the Phi Kaps first, the Sig Eps second, and the D. I.'s third.

## Lewis, '10, Made Professor to Italy

(Continued from Page 1)

After the completion of his work in Italy they will spend several months in other parts of Europe, returning to Seattle before the opening of the University in the fall of 1927.

The Westinghouse Professorship was established three years ago. Under its terms an eminent American professor is sent each year to the University of Rome where he lectures on American economic and business problems. Addresses are also given before the various other schools of commerce and before chambers of commerce in the large cities such as Milan, Turin, and Naples. These lectures have an informative character and are a semi-public affair. The Italy-America Society, upon whose recommendation the appointment was made, suggest that especial attention be given in the lectures to problems of the Pacific Coast.

## SOCIETY

### Phi Kappa Alpha Spring Formal

Forty couples attended the Phi Kappa Alpha formal dancing party which was held in the Crystal room of the Conway hotel Saturday, May 22. Ben Stolzman's orchestra of Sioux Falls, South Dakota, furnished music for dancing. There were electric candlesticks with the fraternity crest on the parchment shade.

Chaperones were Mr. and Mrs. Fred Tresize and Dr. and Mrs. E. F. Mielke. Guests included Judson Clarke, '24, Chicago, Mr. and Mrs. Collins, '21, Milwaukee, Marvin Keil, '25, Beaver Dam, Raymond Westphal, '25, Randolph, Warren Kreuner, '23, Milwaukee, Hobart Burch, ex '26, Madison, Harris Johnson, ex '28, Brandon, Norton Masterson, '23, Stevens Point, Evan Terp, '23, Green Bay, Miss Vandenberg, Green Bay, Miss Vera Creely, Oshkosh, Miss Frances Byer, Beaver Dam, Miss McDermott, Kenosha, Miss Katherine Wolfe, Racine, Miss Florence Gaiser, '24, Kilbourn, Mr. Spande, Milwaukee, and Mr. Taylor, Racine.

### Kappa Alpha Theta Spring Formal

Kappa Alpha Theta's spring formal was held in the Grill Room of the Hotel Menasha Saturday, May 22. Roy Nelson's orchestra of Oshkosh furnished music for dancing, and chaperones were Miss Mary Bennett and Mr. and Mrs. Elmer Jennings.

Guests included Miss Dorothy Schink, Green Bay, Miss Catherine Greubel, Fort Atkinson, Mary Werner, ex '27, New London, Dorothy Tipler, '26, Tipler, Katherine Corbett, Appleton, and Carol Bro, Appleton. Forty couples were present.

### Mortar Board Initiation

Mortar Board had a sunrise initiation service on the campus at six o'clock Monday morning, for Mary Reeve, Appleton, Anna Marie Woodward, DePere, Bernice Johnson, Fond du Lac, Helen Diderich, Appleton, Helen Norris, Manitowoc, and Helen Duncan, Kenosha. All of the women are juniors.

An informal initiation banquet was held in the French room of the Conway hotel at 5:30 o'clock. Covers were laid for twenty-four. Guests were Mrs. William E. McPheeters, Miss Evelyn Broderick, Miss Charlotte Lorenz, Miss Twila Lytton, Miss Ruth Saecker, Miss Adela Klumb, Miss Mary Bennett, Miss Hilda Eiler, Mrs. A. S. Kletzein, Miss Ruth Mielke, and Mrs. Richard White, all of Appleton.

### Psi Chi Omega Father-Son Banquet

Psi Chi Omega entertained forty-two men at a father and son banquet Saturday, May 22, at the Hotel Appleton. Alex Hunter, '28, was toast master and Dr. Henry Merritt Wriston was the principal speaker of the evening. The address of welcome was given by Forest Muck, '27, and the

response by Mr. S. E. Platz, Neenah. A toast to sons was given by Mr. James Wood, Appleton, and a toast to fathers by Edgar Spanagel, '28, Bryce Ozanne, '29, played a violin solo and Wilbert Nix, '26, a piano solo.

### Phi Mu Entertains For Inspector

Actives and alumni of Phi Mu entertained at tea Saturday afternoon, May 22, for Miss Zenobia Wooten Keller, of the Phi Mu Executive Office, Chicago, who inspected the local chapter last week-end. Tea was served at the home of Mrs. O. P. Fairfield, 804 E. South street. Representatives of other sororities, patronesses, and city panhellenic officers were guests. About thirty five persons called.

Alumni of Phi Mu entertained at bridge for Miss Keller Saturday evening at the home of Mrs. Robert Connelly, Bellair Court.

Actives entertained at breakfast Sunday morning in the French room of the Conway hotel. Covers were laid for twenty five.

### Adelphi's Annual May Day Banquet

Adelphi's entertained at its annual May Day banquet Friday, May 21, in the French room of the Conway hotel. Maude Lindquist, '26, acted as toast-mistress, and the toasts were given by the seniors members of the organization, Irene Sullivan, Irene Parsons, and Anna Johnson. The scholarship cup for the second quarter was awarded to Nellie Stowe, '27, Menasha, and a violin solo was presented by Ruth Siewert, '27.

Miss Florence Moore was a guest of honor at the banquet and other guests were Charlotte Ollman and Mildred Frankberg. Patronesses present were Mrs. W. F. Rauey, Mrs. G. C. Cast, and Mrs. J. H. Griffiths. Covers were laid for twenty-five.

### Sigma Alpha Iota Entertains at Tea

Sigma Alpha Iota entertained at tea Saturday afternoon at the home of Mrs. A. K. Ellis, 205 W. Prospect street, for Mu Phi Epsilon sorority, representatives of other sororities and the faculty members of the college and the conservatory.

### Delta Sigma Tau, Phi Mu Pledging

Delta Sigma Tau announces the pledging of Milton Leadholm, '29, Eau Claire, on Wednesday, May 19.

Phi Mu announces the pledging of Bernita Danielson, '29, Stevens Point; Adeline Lang, '28, Sanborn, North Dakota; Margaret Raduchel, '29, Houghton, Mich.

### Zeta Tau Alpha Initiation

Zeta Tau Alpha announces the initiation on Saturday, May 22, of Gerda Bank, '29, Milltown; Audrey

Handeyside, Appleton; Vaughn Kroll, '28, New London; Mildred Livingston, '27, Livingston; Katherine Sanders, '29, Wausau; and Faye Sweet, '29, Merrill. A formal dinner at the Candle Glow Tea Room followed the initiation. Covers were laid for twenty-five.

### Geological Engineers Entertained

Members of the Geological Engineers' Club were entertained at twelve o'clock dinner at the home of Dr. R. M. Bagg last Friday. Plans had been made for a banquet at Green Bay, but inclement weather prevented the trip. Guests at the banquet were Mr. and Mrs. E. C. Brignon of Sheridan, Illinois, whose son, Russell Brignon, '28, is secretary-treasurer of the club.

### On The Screen

Watch out for "The Bat!" The most diabolical criminal of all time is at large at the Elite theatre today and tomorrow as title character in a great mystery photoplay.

Roland West's all-star feature was adapted from the Mary Roberts Rhinehart and Avery Hopwood melodrama.

A powerful love theme runs through the story of murders, robberies, haunted houses, and a terror reign launched by a seemingly super-human law breaker.

The sets and photography in "The Bat" stamp the production as one of the most lavish ever made.

### Special Meeting

A special meeting of the trustee committee of fifteen was called for today. They will draft reports and draw up a program of activity for next year. It probably will be the final meeting of the season.

William Sharret of the Omega chapter of Phi Kappa Tau at Madison spent the week-end at the Phi Kappa Tau house.

## Baccalaureate Address By Bishop Locke

Dean Knudson of Boston Will Give Address Saturday Morning

Bishop Charles Edward Locke, D.D., LL.D., of St. Paul, has been obtained as the speaker for the baccalaureate service for commencement. Bishop Locke has had a most interesting life as a clergyman and author and is a very able speaker.

He has served as pastor of Methodist churches in Pittsburg, Portland, Oregon, Buffalo, Brooklyn, and Los Angeles, and during his service in Buffalo, conducted the funeral of President William McKinley. He was made a bishop of the Methodist church in 1920, and during the past few years has been located in the Philippine Islands.

The other outside speaker for commencement is Dean Albert Cornelius Knudson, D.D., of the Boston University School of Theology, who will give the address at the public meeting of the Phi Beta Kappa society on Saturday morning. Dr. Knudson is also reported to be a very able speaker.

The commencement exercises will begin on Friday, June 4, with the meeting of the joint board of trustees and visitors in the morning. The other events of the day include the annual business meeting of the Phi Beta Kappa society, the fraternity and sorority reunions, and the commencement concert of the Conservatory of Music. One evening is left open for the Greek reunions in order to avoid the crowding of engagements.

The Class Day exercises, which in former years were given on May Day, are to be given on the college campus on Saturday morning. On the same day there will be the alumni luncheon at Brokaw, the president's reception, and the alumni banquet in the evening at the Methodist church.

Sunday morning will be given over to the senior and alumni devotional services followed by the baccalaureate service in the chapel, at which Bishop Locke is to be the speaker.

The commencement exercises will be held on Monday at the chapel, with the commencement address given by President Wriston, followed by the commencement dinner at Russell Sage.

This program embraces several changes over the schedule of last year.

## Students At Brokaw Eat Twice As Much As Co-eds

Did you know that it costs about \$112,000 annually to provide room and board for the students who room in the college dormitories? And that is only one of the interesting facts about this phase of college life.

Figures relating to the amounts of food used were obtained from the matrons of the dormitories, and a little computation resulted in the following: it takes 210 quarts of milk, 150 pounds of meat, 70 loaves of bread, and 5 bushels of potatoes every day to satisfy the 440 hungry students who troop into the dining halls. The average boy at Ormsby eats twice as much bread and potatoes, almost twice as much meat, and drinks half again as much milk as a girl at Ormsby or Sage.

It is interesting to note that only about two-thirds of the students come down to breakfast, and on Saturday and Sunday the number decreases to about one-fourth. No wonder Sniders' and the Coffe Cup do such a flourishing business!

The fact that about forty people are kept busy at the dormitories satisfying the needs and comfort of the

## 600 Copies of Ariel Released to Students

Yes, the Ariels are out—at last! Approximately 600 have been distributed to the students. Thirty-five collegians have not yet called for their copies, and warning has been given that these Ariels will be held only until Saturday afternoon, and will be sold if not called for by that time.

The college has sent 350 copies to high schools on the North Central Accredited School list.

Twenty copies have been sent to old Lawrentians and others. One was ordered by a California woman who became interested in the Ariel through reading the article in the Arterafits Review concerning the theme and art work of the book.

## Final Election Of All-College Club Officers Today

Snyder, Clapp, Sund and Bachman Nominees For All-College President

Final elections of next year's All-College Club officers and sophomore, junior and senior class officers were held today at chapel time. The two candidates for each office who received the highest number of votes in the primary election held Wednesday were voted on at the finals. Results will be known not later than Saturday morning.

Harry Snyder, Gordon Clapp, Vernon Grove, and Harold Bachman, all '27, were candidates in the primaries for the presidency of the club. Votes were taken also for vice-president, secretary, and treasurer of the All-College Club; presidents of the forensic board and of the athletic board, members of the athletic board; president, vice president, secretary, and treasurer of next year's senior, junior, and sophomore classes; and a student senate and a forensic board representative from each of the classes.

Almost the entire student body was present at both elections.

## Beiser Appointed Assistant Instructor

Wilbur Beiser, '26, has received the honor of being appointed to a position of assistant instructor in the geological laboratories at Northwestern University.

Mr. Beiser will do part-time teaching and will work for his Master's degree there.

## Greek Grades Higher During Third Quarter

Alpha Delta Pi Leads Sororities; Theta Phi Heads Fraternity List

Alpha Beta Pi, with an average of 85.7 of the sororities and Theta Phi with 84.49, of the fraternities carry Greek scholastic honors for the second quarter, according to the averages of Olin A. Mead, registrar.

The biggest surprise was the reversal of Theta Phi from last place of the list in the first quarter, with 74.8, to a very safe and undisputed first place among the fraternities. Kappa Delta was shoved from the top of the sorority list by one-tenth of one percent.

Lawrentians were evidently more studious last quarter than the first, for the general fraternity average was increased from 77.9 to 80.35, while the sorority increased from 82.4 to 84.2.

Fraternities	
Theta Phi	84.49
Beta Sigma Phi	81.88
Sigma Phi Epsilon	81.6
Delta Iota	80.52
Psi Chi Omega	79.61
Phi Kappa Alpha	79.44
Delta Sigma Tau	77.77
Phi Kappa Tau	77.45
Sororities	
Alpha Delta Pi	85.7
Kappa Delta	85.6
Delta Gamma	85.2
Zeta Tau Alpha	84.5
Beta Phi Alpha	84.1
Kappa Alpha Theta	84
Phi Mu	82.6
Alpha Gamma Phi	81.9
Rho Beta Phi	80.3

## Thirty Girls Initiated Into Y. W. Last Night

Thirty girls were initiated into membership in the college Y.W.C.A. at a special Candle Light Service held at the Olive Hamar House at 6:45 o'clock last night. Mary Reeve, '27, president of the organization, was in charge of the ceremony.

Edith Lees, '28, was installed as chairman of the social committee for next year.

The joint meeting of Y.M.-Y.W. at which Herbert E. Miles, alumnus of the class of '82, was to speak, was cancelled after the receipt of a telegram from Mr. Miles saying that he would not be able to be present.

The Y.M. did not meet last night for this reason.

## Norma Kitch Elected Philosophy Club Head

Norma Kitch, '27, was elected head of the Trinity Philosophy Club for the coming year at a meeting last night at the home of Dr. J. H. Farley.

Gertrude Lanzer, '28, will be first vice-president of the group, and Dorothy Von Berg, '27, second vice-president. Other officers elected were Albert Dubois, '28, secretary, Randall Penhale, '28, treasurer, and William Verhage, '28, black rod.

A steak fry took place after the business session.

## Warner To Accompany Grant on Summer Trip

James Warner, '26, will accompany Professor U. S. Grant, head of the department of geology, Northwestern University, on the geological excursion this summer in northwestern Minnesota and Canada.

The group of students going on the excursion will obtain their required field training in the construction of geological maps and in deciphering complex pre-cambrian formations in the iron region of Lake Superior.

## Modern Youth Is Discussed by Hall

"Some Abstractions of Modern Youth" was the subject of a talk by Everett G. Hall, instructor in philosophy and psychology, in chapel Thursday.

Youth, said Mr. Hall, grows weary of being told that the destiny of the world is upon its shoulders; it resents being reminded of its imperfections and its possibilities, and classifies all truths advocated by its elders as useless "abstractions."

The error of youth lies in confusion of the term abstraction with the terms obscurity, general, important, and ideal. It does not realize that the term refers to an "aspect which has been torn from its total situation."

Youth sees some truths and denies others. For instance, it believes in rights without duties, freedom without restraint, and doubt without insight into that which is doubted.

What we need, said Mr. Hall, is a more appreciative grasp of experience and life and a revelation of ourselves to ourselves through those who know us best.

## Two Student Recitals Given at Conservatory

Two student recitals were given at the Conservatory this week. Wednesday evening, May 26, students from the voice studio of Carl McKee and the piano studio of Irma Sherman presented a program at 7:30 o'clock. Those participating were: Ernest Gribble, Helen Dutcher, Hannah Rosenthal, Bernice Schmiege, Viola Foster, Romona Huesemann, William Preecor, Gertrude Lanzer, Katherine Jones, and Marguerite Gonde.

Thursday evening, May 27, Helen Haerli, Eleanor Jacobson, and Henrietta Ralph, representing the piano studio of Miss Gladys Brainard, played their senior recital.

## Saturday Last Day For Registrations

Only one day left in which to register for next year. The catalogue says that registrations are due Tuesday, June 1, but just the same Saturday is the last day. That's because Monday, being Memorial day, is a legal holiday, Sunday as usual is a holiday, and so it all comes back to one day left.

Professors have been swamped with registrations during the last few days just because students, true to their nature, have postponed getting their programs out. Some pros have as many as thirty students to register tomorrow, only twenty four hours in which to do it, and the average registration requiring one hour.

All members of the classes of '27, '28, and '29 are required to register. Students who will not be back next fall need not outline a program of courses, but just the same must state their intentions in writing, secure their advisor's signature, and leave the blank with Mr. Mead at the college office.

The usual fee of \$3.00 for late registration will be charged all students who fail to register or turn in the necessary statement of intentions, and \$1.00 will be charged for each change in course made after September 1.

Freshmen coming in next year will register during the week beginning September 15.

## Offered Fellowship

Miss Veda Blakeman, '26, has received notice of an appointment to a teaching fellowship in zoology in the University of Idaho. She has declined, however, having accepted a teaching position in the high school at Menominee, Michigan, for next year.

## Announcement

There will be no more chapels this year, Dean Wilson S. Naylor announced this morning.

## Violet Christensen Is Theta Sig President

Violet Christensen, '28, will lead Lawrence's women journalists during the coming year. At the last meeting of the group she was elected to the presidency of Theta Sigma Phi, national honorary and professional fraternity for women in journalism. Others elected to office at the same time are, Grace Hannagan, '27, vice-president; Helena Koletzke, '27, secretary; and Mary Gregory, '28, treasurer.

Tuesday night Theta Sigma Phi will initiate Helen Gettleman, '26, and Mary Gregory, '28. Election to Theta Sigma Phi is based upon superiority in journalism and an active interest in the general field of writing, and Miss Gettleman and Miss Gregory were the only two girls who were able to meet requirements this year.

Theta Sig's first activity for this year was the publication of "The Spider." Its next venture was taking charge of one issue of the Lawrentian. All straight news, copy editing, proof reading, headline writing, and make-up was done by members of the organization. The fraternity wound up its work for the year with a literary supplement which brought to light a lot of writers who had kept themselves hidden before.

## Practical Course In Chemistry For Juniors And Seniors

"Introductory Chemistry in Its Human Application" for Upper-classes

The Chemistry Department is introducing a new course for the coming year, which is called "Introductory Chemistry in Its Human Applications." This course will be a three-hour course for juniors and seniors who have had no Chemistry, and is designed to meet the needs of students who did not elect Chemistry as their science in freshman and sophomore years, and still would like to know something about the subject in its every-day applications.

Some of the subjects taken up in the course will be the atmosphere, heating and ventilation, water, sewage disposal, textiles, cleaning and stain removal, disinfectants, deodorants, antiseptics, foods and digestion, photography, some of the common metals and their uses, glass, paint bases and pigments, explosives, radioactivity, storage batteries, fertilizers, application of dyes and mordanting of cloth.

These subjects will be taken up from the practical, useful standpoint first, and enough chemistry introduced to make it possible to understand them completely.

One laboratory period a week will give the student an opportunity to make a few experiments with the different elements and to gain a better understanding of their properties. Work in determinations of the different textile fibres, in the constituents of air, in the different kinds of food and their adaptability for the needs of the body, will be taken up.

## Seventeen Lawrentians Respond To Summons Of Epworth Heights

The customary Lawrentian colony of tray toters, potato weighers, chambermaids, and life savers will be on duty this summer at Epworth Heights, near Ludington, Michigan.

Dean Wilson S. Naylor is picking the crew now. He is secretary of the Epworth assembly, which for thirty-two years has conducted educational, religious, and recreational activities at the colony.

Girls who have applied for positions in the hotel and dining room are Helen Gettleman, Barbara Ruch, Marie Greunke, Bernice Porterfield, all '26,

## Track Stars In Midwest Meet Today

Six Lawrence Men Competing in Midwest Meet at Cornell College

Today Coach Denney and six of his Blue tracksters are at Cornell College, Mt. Vernon, Iowa, in an attempt to bring the first Midwest track title back to Lawrence. The men who made the trip to the Corn State city are Captain Stair, Captain-elect Hipke, McConnell, Don and Doug Hyde, Kingsbury, and Manager Larry Lyons.

Stair will be entered in the hundred and the high jump; Hipke will take part in all the weight events, shot put, discus and javelin; Kingsbury will probably trot both the mile and two mile; McConnell will participate in the high and broad jumps, while the Hydes will top the hurdles and one will also run the 440 and the other the furlong.

This is the pick of the Blue track and field men who finished second to Coach Doehling's Riponites in the state meet last Saturday, and it presents a well balanced squad for the Midwest affair. Coach Denney has picked stars from every department and this bunch should be able to gather quite a few points at Cornell. Hipke should be sure of five points in the shot, for in every meet so far this season he has heaved the iron ball well over forty feet.

The Hydes are going fine in the hurdles and have met some of the best hurdlers who will be at the meet. They are sure of several points in their various events. Stair will again get Meyers of Ripon who made it so bad for him last Saturday and this should be another real match.

McConnell will be jumping under a handicap, since his leg is not yet healed but he will surely garner a few points for the Blue and White. Kingsbury, the last of the sextet, has been clipping off the mile and two mile in good time but the competition today will probably be keener than that he has met before and he will have to fight for a place in both events.

Three teams look strong enough to cop the trophy and the outcome depends upon how the rest of the points are split. At the present, Knox, Carleton, and Cornell look the strongest. Cornell, last year's champion, has a well balanced squad. It has two stars in Barbour and Mahleberg, middle distance and dash men, who have been finishing first and second in every dual meet this year and will undoubtedly cop the middle distance runs.

Other teams entering are Monmouth, Coe, Hamline, Ripon, and Beloit. Nesbit is back in his spikes again and will be out to cop the century again this year. Ripon will probably enter Meyer, dashes; Schneider, weights; Lamotte, hurdles; and Hope and Cre, pole vault and hurdles.

On Saturday Coach Denney will take his track team to Iowa City where the Big Ten track meet will be staged.

**Return to Lawrence**  
 Except for the seniors, a very vital problem at this time is that of whether or not to return to college next year.

For those who plan to stay out a year and then return, these facts should be considered. Every year in college adds to your earning capacity. Your financial returns if you remained out next year would be decidedly less than if you came back to finish your four years. Unless absolutely imperative, it would be very financially unwise to remain out of school next year.

The element of study habits must also be considered. Books will seem rather foreign after a year working at some trade or business. It will be exceedingly difficult to get back into the habit of study after a year away from books. A year in school while you are acclimated to study would be worth much more than one when study is irksome, difficult, and disagreeable.

Those who have intentions of transferring to a university should also consider the facts very seriously before making this move. Statistics prove that the students who come to Lawrence to remain for four years are by far in the majority. Student turnover has decreased materially during the past few years.  
 Compare Lawrence's program of liberal arts carefully with that of any other institution. Compare its other advantages of location, civic beauty, opportunities for hearing the best musical and artistic talent, social life. Then make your choice.  
 There is every indication that, while increase in enrollment is not a part of the Lawrence program, the enrollment will continue to grow and that student turnover will decrease.

### L'ENVOI COLLEGIATE

(In reply to Protherus' "If Also")  
 That you will go  
 I can plainly see.  
 At last I know—  
 You are tired of me.

I'll not cry or plead,  
 Nor cause a great din;  
 But I'll be darned if I'll return  
 Your fraternity pin!

"You know," said the thoughtful junior, "we really could have a good set of silverware at the fraternity house if the fellows would only use their heads when they 'eat out.' You can pick up lots of bargains."

Dear Luke:  
 Don't print those two jokes you showed me. I told them to my girl at Ormsby last night, and she had heard both of them at the dorm. If Ormsby has heard them, all is lost; they must be old as Ormsby itself.  
 Yours for humor,  
 Filbert.

"What are you going to do after you graduate?"  
 "Work for the street-car company."  
 "But you haven't any future as a conductor!"  
 "Oh, yes. The Con student I had out last night said she adored Carmen."

Just a word to the seniors. Commencement will commence to commence soon. The professors are getting ready to applaud for encores.

All of which is another column out of the way—another column that was  
**LUKE WARM.**

### MacHarg's "El Palacio" Complimented by Author

Dr. J. B. MacHarg has received from Charles F. Lummis, Los Angeles, California, a letter of appreciation for his archeological work, "El Palacio." Mr. Lummis is a famous author and the son of the late Professor Lummis who was teacher of Greek at Lawrence for twenty years. Copies of Charles Lummis' work "Mesa, Canyon, and Pueblo" are available in both libraries.

**Speaks at Rhinelander**  
 Mr. E. W. Hall, instructor in philosophy and psychology, delivered a sermon at the Methodist church of Rhinelander, Sunday, May 23. The subject was "The Saving of Salvation."

**Field Trip**  
 Elbert Smith, instructor in geology, conducted his physiography classes on a field trip to Lake Winnebago Tuesday and Wednesday afternoons. The lake shore was carefully studied by the students and collections of shells were made.

Mrs. J. E. Jackson, Iron Mountain, visited with her daughter, Jean Jackson, '28, for several days and returned to her home Tuesday.  
 Mrs. E. Gerbrick, Neenah, and Mrs. E. Farwell, Kaukauna, visited with Mrs. L. Shepherd, at Russell Sage, Monday.

The Coffee Cup

 319 E. College Ave.

## SOCIETY

**Patronesses Entertain**  
 The Mesdames G. H. Packard, F. W. Trezise, E. E. Emme, W. E. Rogers, C. Reineck, and W. E. Smith, patronesses of Zeta Tau Alpha, are to entertain actives and pledges of the sorority this afternoon at a garden party which is to be held at Mrs. Reinecks'.

**Trinity Club Steak Fry**  
 The Trinity Philosophy Club was entertained last night at a steak fry at the home of Professor J. H. Farley.

**Phi Mu Gives Shower**  
 Actives, pledges, alumnae, and patronesses of Phi Mu were entertained Tuesday afternoon by Mrs. L. A. Youtz and Mrs. H. W. Tuttrup at the home of Mrs. Routz at a miscellaneous shower in honor of Marie Morris, ex '25.  
 Miss Morris is to marry Mr. Gerhardt Kubitz, '24, a member of Delta Iota, sometime next month. They will make their home in Manitowoc.

**Con Student Picnic**  
 Public School Methods students from the classes of Dr. E. L. Baker of the Conservatory gave a picnic at Pierce's Park last Wednesday afternoon. Base ball served as the principal amusement for the occasion. The grade school principals were guests of the students.

**Phi Kappa Tau Theatre Party**  
 Mr. Louis Lutz, a patron of Phi Kappa Tau, entertained actives and pledges of the organization at a theatre and stag party last Saturday night.

**Entertains at Dinner**  
 Miss Blanche Burrow entertained Dr. and Mrs. J. H. Farley and Dr. and Mrs. Louis Youtz at dinner at Ormsby Sunday, May 23.

**Plays in Chapel**  
 Henrietta Ralph, '26, of the conservatory of music gave two piano solos in chapel on Tuesday. Her numbers were from Chopin, "Berceuse" and "Ballade in G Minor." As an encore Miss Ralph played his "Mazurka in F Sharp."

**PERSONALS**  
 William Burke Young, '03, is farming in Brandt, Alberta, Canada.  
 Joe Virmond, '28, and Charles Capps, '28, spent the week-end visiting with Mr. Virmond's sister in Chicago.  
 Al Jensen, Madison, visited at the Delta eta house over the week-end.  
 Doris Maxson, '25, substitute teacher at Antigo, left Wednesday after visiting at Russell Sage this week.  
 Dr. Waldo F. Mitchell has been requested to write an article on "How to Keep Funds Liquid" for the "Bankers' Magazine" of New York. He expects to be able to complete the written discussion of the subject in about two months.  
 Katherine Wolfe, '24, visited over the week-end with Phi Mu sisters.

## CLUBS

**CLUB PICNICS**  
 Members of the Spanish Club entertained all Spanish students at a picnic at Alicia Park Thursday afternoon.  
 Members of the Cosmopolitan Club had a picnic down river Thursday afternoon. Games and refreshments furnished the entertainment.

**READS PAPER AT GEOLOGICAL CLUB**  
 At a meeting of the Geological Engineers' Club last Tuesday night in Dr. Bagg's room in Science Hall, Harold Colvin, '26, read a paper on "Clays," in which he discussed the different types of clay found in the United States.

**PROGRESS OF SCIENCE**  
 A review of the progress of science from the time of Aristotle was completed at the last meeting of the Biology Club, Tuesday evening.  
 Elizabeth Earle, '28, discussed "Plant Anatomy from Linnaeus to Sachs"; Marie Gruenke, '26, "Plant Physiology from Linnaeus to Sachs"; Lael Westberg, '27, "Physiology from Harvey to Bernard."  
 Dr. Mullenix, instructor of zoology, brought the discussion to the present and connected it with the work which is being done in the United States today. He spoke of the leading scientists in America at the present time and described the departments of zoology and allied subjects in our foremost colleges and universities.

Emelia Gruenke, '26, has accepted a position for next year as science teacher at Stevens Point, Wisconsin.

## Robert Hipke, '27, Record Breaker To Lead Track Squad

In State Meet Hipke Raises Shot-put Record to Forty-one Feet

Robert Hipke, '27, New Holstein, was elected captain of the 1927 track squad at the meeting held Tuesday afternoon. Hipke received seven votes to the six votes of Palmer McConnell, the other candidate.

"Bob" has been a member of the track squad for three years, having made the team in his freshman year. He participates in all weight events, the shot, the discus, and the javelin. In the class meet he broke the college shot-put record with a heave of forty one feet, one and a half inches, and in the State meet he tossed it forty one feet, three and a half inches to break the state record by three and a half inches. Hipke performs consistently in the discus with throws of over 115 feet, and also tosses the javelin over 150 feet.

Hipke has been a member of the football team for two years, holding down center position. In 1924 he was a member of Catlin's Midwest and Little Five champs.

## Bargains in Books At Library Sale

Bargain! Bargain! The librarians have been housecleaning the reference room, and in order to make the place more roomy, have decided to sell some really good texts at a nominal price. The sale is taking place today in the packing room, beginning at nine o'clock and continuing throughout the day. The entrance is on the ground floor at the back of the library.

The books would be an excellent addition to the personal equipment of seniors who intend to teach in such departments as English, science, and modern language.

## To Attend Meeting Of Chemical Society

Eight advanced chemistry students, with Miss Florence Stouder and Dr. and Mrs. Louis Youtz, left this morning by car for Madison where they will attend a meeting of the American Chemical Society. Dr. Youtz and Miss Stouder are members of the society.

Students who are attending the meeting, which will begin today and continue through Saturday, are, Carolina Trittin, Emelia Greunke, Donald Davis, Clifton Cooper, Irvin Kersten, Irving Ozanne, '26, Ralph Kingsbury, David Peterson, '27.

## Boettiger's Book Favorably Received

"Employee Welfare Work," a textbook of sociology, by Dr. L. A. Boettiger of the department of sociology, has received favorable comment in recent reviews in many magazines and newspapers throughout the country.

It was reviewed in the Review of the Political Science Quarterly, Journal of Applied Sociology, American Management Review, The Survey, Industrial Relations, The Nation's Health, International Book Review, and several newspapers including The Boston Evening Transcript, Detroit Free Press, and the Cleveland Plain Dealer.

This book was published about two years ago, and has been quoted by authorities abroad, as well as by those from our own country.

Charles Niehaus, '26, spent Saturday and Sunday at his home in Fenimore.

Mrs. M. H. Turner, formerly Merle McCrae, '18, is on the faculty of the Starratt School for Girls, Chicago.

## Phi Kaps and Betas Win In Baseball

By defeating the Sig Eps and keeping their record clear the Phi Kaps are still leading in the pennant-chase for Greek baseball supremacy, while the D. E.'s are perched in second place with the Betas holding down the third notch.

In last Tuesday's game the Phi Kaps had things their own way when they humbled the Sig Eps to the tune of 9 to 3. Kotal and Hillman wielded the stick with deadly effect for the winners and their efforts were responsible for most of their team's scores.

The Betas had little trouble in humbling the lowly Delta Sigs in their affray last Monday afternoon and thereby stayed in third place. Welch of the Delta Sigs struck out twelve Beta batters, but errors by his teammates accounted for most of the scores made by his opponents.

## Freshman Exams Are Gauge of Ability

That the preliminary English examinations given to freshmen at the opening of the academic year indicate approximately the students' ability was the fact revealed in a survey compiled by Professor Frank W. Clippinger, head of the composition department.

According to the statistics arranged by Professor Clippinger, 91 per cent of the students received quarterly grades within three points of the grades they received on their preliminary exams. Of the other 9 per cent, only six students had very marked differences between the two grades. The record also indicated that in general the grades for the quarter were lower than those for the examination.

This is the first year that any comparison between the two sets of grades has been made, but it is probable that similar statistics will be compiled annually.

## Article By Baker In Journal of Education

In a recent article by Dr. E. L. Baker of the Conservatory on the "Practical Value of Public School Music" which appeared in the Wisconsin Journal of Education, the various values attributed to music in the public schools among which the physical, mental, and social values are outstanding, are enumerated.

In speaking of music as a social value Dr. Baker says, "Music cultivates the spirit of altruism."

Furthermore Dr. Baker ventures the assertion that "music is the best efficiency study in the curriculum."

## Speaks at DePere

Dr. A. A. Trever, professor of history, was the commencement speaker at West DePere high school Friday evening, May 21st. His subject was "A Kingdom of Youth."

## Vernon Grove Is Made Captain Of Basketball Team

Grove, a Third Year Man, Played Guard On This Year's Team

"Vern" Grove, '27, Neenah, guard on Coach Denney's Midwest Championship team of this year, will lead the Blues on the basket ball floor next year by virtue of his being elected captain at a meeting of all basket ball "L" men last Monday night.

Next year will be the third year of varsity basket ball for the captain-elect and will complete three years of consistent, dependable playing on the part of the former Neenah High star. In the past campaign Grove, paired with "Pete" Briese who was captain of the 1925-26 team, played a brainy game at all times, and was marked by sensational dribbling down the floor followed by short accurate shots for the basket.

## Cause of Gallagher's Collapse Undetermined

Doctors are still unable to determine the cause for the collapse of Robert Gallagher, '28, Saturday afternoon, after swimming at the "Y" pool.

Although no serious changes have been noticed, he seems to be gaining every day, with the exception of Tuesday, when he complained that he was not feeling so well.

## W. A. A. Awards

All points for W.A.A. awards must be placed in the box at the gym before Tuesday, June 1. No credit will be given after that date.

### Discovery Of Buried Skeleton Points To Old Indian Tragedy

Few Lawrence lovers who go down river ever stop to think of the Indian tragedy which occurred on the banks of the Fox many years ago. It is still a mystery. Some years ago, however, Harry Colvin, '26, president of the Lawrence Geological Engineers Club, tumbled across a rib sticking out of the bank of the Fox, as he was walking along the river near Oak Grove. With the aid of a spade he dug through a layer of rock, one of clay, and a third layer of clam shells. The grave thus opened disclosed the skeleton of an Indian. It was stationed in a sitting posture and facing the north. A good-sized hole in the skull seemed to indicate that the man had been "tomahawked," according to Mr. Colvin.

Harry also has in his possession arrow-heads, fragments of six different designs of pottery, spear-heads, beads, and battle-axes, which were buried in the grave. He claims that the Indians place food in the pottery, which was to nourish the deceased Indian until he arrived at the Happy Hunting Grounds.

Mr. Colvin also discovered a number of Indian relics behind Science Hall. He says that years ago the Indians used to bring their sick to Tullulah Springs to be cured.

#### Hannum Speaks

Professor Robert Hannum spoke on "Religions in India" at the Hortonville Baptist Church Sunday, May 23. Reverend T. E. Holland, pastor of the Baptist Church, is a graduate of Lawrence College.

### Lawrentians Unearth Pottery Near Menasha

Three of Lawrence's archeologists may disprove the common belief that the Indians of Wisconsin were inferior in their pottery making. Recently George Christenson, and Harry Colvin, both '26, discovered several pieces of pottery on an old Indian site at Payne's Point on the Fox River near Menasha.

It is not definitely known if this site is an old fighting ground or an old village site, or merely a place where the Indians washed vegetables or fish on the river bank.

Later Indians have been proven to be successors of the tribes who lived a thousand or more years ago and by a study of each section, habits of very early Indians in that particular section can be learned.

One of the pieces of pottery found was the probable rim of a bowl. The other was a piece which showed several colors. If this color proves to be a characteristic of the pottery then the Wisconsin Indians will be elevated above the position of the inferior pottery makers.

Another trip for further investigation is planned for the early part of next week by Dr. J. B. MacHarg and other members of the archeological department. They will attempt to discover more about the habits of the early Indians. The presence of kilns may prove that this site was used for pottery making by the Indians.

#### Accepts Position

Miss Anita Price, graduating this year from the Public School Music department of the Conservatory, has accepted a position as supervisor of Junior High School Music at Elwood, Indiana.

### On The Screen

Florida jammed before the season opens. A glass of water, fifteen cents. Baggage, five to seven days late. Scores sleeping in hotel lobbies. Hundreds living in tents. Freight embargo. Merchants unable to procure stock. Stenographers making seven hundred per cent in real estate deals and riding in Rolls-Royces. Thousands of Iowans selling farms and flivvering to Florida. Millionaires, clerks, Broadway stars, speculators, housewives and chorus girls pouring in. The Eldorado of today. The New Klondike!

Against this seething, roaring, infinitely colorful background, Thomas Meighan has made a great comedy-

## Look Your Best This Summer in These Lovely Frocks

It takes an awfully smart frock to make one look fresh and fashionable on a warm summer day, but these frocks will do it. The style range is delightful and wide enough to suit all tastes. Our buyer shopped around a good bit before he found these frocks and we have no hesitancy in calling them one of the season's feature values.

Summer Style Talk

Lace, dyed beige or grey to match the crepe of the frock it trims, is exceedingly fashionable and responsible for some of the summer's loveliest afternoon gowns.

Rayon as glossy and dressy looking as silk, but really cotton and most easily tubed, composes smart morning frocks for summer days. You'll love them and their little prices.

Polka Dots are creating quite a stir in the world of fashion. They are seen on scarfs, on frocks, on blouses and on hatbands, and they are all smart.

\$10.75 --- \$14.75  
\$16.75 --- \$25.00 up

### Materials

Georgettes, Sports Silks, Satins, Canton Crepes, Printed Crepes, Polka Dots, Combinations and Coin Dots.

### Styles

Sports, Tailored, Flare, Cape, Tiered, Straightline, Bolero, Two-piece and Embroidered.

### Colors

In every popular color for Spring and Summer—including black and navy.

"Above All--  
The  
RIGHT  
HAT"

The secret of a charming appearance may be traced directly to headwear that expresses the personality, putting life and color in the eyes and hair and giving a healthy tone to the complexion. Whether you are blonde or brunette, we have the right type of headwear here waiting your selection.
