Interfraternity Ball to be Hit Of Social Year

Howard Kraemer's Band Leads Swing Parade At Benefit Ball

Smart Lawrence couples step out Saturday night when they ride across the Fox to the New Alexander, where Lawrence Greeks entertain with their second annual Interfraternity Ball. Howard Kraemer, Green Bay maestro, popular on the local campus, will play for the gala affair to which a dollar and a quarter will admit one pair.

The Interfraternity Ball climaxes the first semester's social season, and promises flying around the local frat houses have it that this year's ball will be even better than last year's big event, which was the height of the social season. Says handsome Jerry Peterson, prominent campus Greek, "It'll be a swell party; everyone oughta come."

Where Profits Go

Proceeds from the big dance will pay for Jacobs and Murphy's Interfraternity expedition to the National Conference held in New York. Any additional profits will go into the social committee's coffers, a little depleted from the successive losses on College dances, held for all Lawrentians, not attended by too many. Says Social Chairman, John Schmelein, "We've gotta have dough for a big name band for the Spring Prom. Let's get behind this and build up a little working capital."

Tickets are on sale at all fraternity houses and at Brokaw. The bus transportation will be supplied, buses leaving Crmsby at 9:00 with stops at Peabody and Sage, and leaving the gym right after the dance.

Says Delta Gamma's cute Jean Temple, last year a Delt River Girl, "I'll take THE cute Beta."

Girls to Vote on Four Best Loved Girls on Tuesday

Voting for the principal figures for the Best-Loved Banquet is to take place in Convocation next Tuesday morning. The Best-Loved's are four in number, elected by all the girls from the senior girls. The ballot is restricted only to voting from more than one sorority, and the results are not known until the occasion of the traditional banquet to be held this year on February 21.

The banquet is an annual affair under the auspices of L. W. A. The chairman is Betty Morrison, and further information as to the history, speakers and arrangements will appear in the next issue of the Lawrentian.

Adopt Six Hour Comprehensives

Course Examinations Will Be Given to Seniors

Senior students will write comprehensive examinations for six hours this year, instead of twelve, on one day only, May 2, according to the plan approved by the faculty in meetings held last Friday and Monday. The students will write the regular final course examinations on all courses taken in the second semester of the senior year. No courses on the major card outside the immediate field of the major will be written upon in the comprehensives.

The comprehensives will be graded, as in the past, as honors, pass, and fail. An honors rating will be necessary for graduation with honors; a grade of passing will make possible the granting of the degree; and a failing grade will prevent graduation. Any examination which is failed may be made up by passing an oral examination within three weeks after May 2.

The reason which caused the faculty to make these changes was the desire to completely divorce the comprehensives and the course examination. The course examination is intended to test the student's mastery of a body of fact, while the comprehensive is to determine the power which has been acquired to think in terms of the major field and apply that thinking to specific problems. The two cannot be accomplished at the same time, so the faculty has decided to separate them in both time and content.

President Announces Future Building Plan

Tentative Plans Call for Changes In Campus Layout

New Playing Field Is First Step Toward Enlarged Plant

A "ten year" plan announced last Monday by President Thomas N. Barrows and approved by the Board of Trustees, calls for comprehensive changes in the layout of the Lawrence campus, the construction of new buildings, and the modernizing of the instruction facilities of the College.

This plan, supported by the Administration, the faculty, the Board of Trustees, and the Student Body, is designed to be a further step in making Lawrence College one of the leading educational institutions in the country.

The proposed building changes announced by President Barrows, call for the construction of a new dormitory, the remodeling of the present ones, changing Main Hall into an administration building, the enlargement of the library stacks, the construction of a student union building, a fraternity residential group, and a fine arts center.

To Remodel Main Hall

Main Hall, the oldest campus building and the meeting place for classes for nearly 100 years, will be remodelled to house the administration offices and to center the museum collection.

The library will be enlarged by building additional stack space toward Lawe Street, and the vacated administration offices will provide much-needed reading and conference rooms. Around the present library building a new building will be constructed and in this building classes will be held and professors will have their offices, an arrangement which will reduce the number of classrooms now required.

Present dormitory accommodations will be shifted, with men living at Sage to put them closer to the gym and all women residing at Brokaw.

Turn to Page 4

Plans for Future

PRESIDENT T. N. BARROWS

Executive Group For \$5 Increase

Proposal Calls for Free All-College Dances, Frolics

The Executive Committee at a special meeting at President T. N. Barrow's home last Thursday afternoon approved without a dissenting vote the \$5.00 increase in student activity tickets. At Convocation on Tuesday, January 25, a vote will be taken on the change.

If this plan is accepted by the student body, all students may attend All College dances without charge. No reduction in the number of dances will be made.

Free frolics will be held Friday night. In addition to these important benefits, the Homecoming chairman will be given \$150 each Fall to carry on its activities. One hundred dollars will be allotted to the Pep committee each year.

The results of the voting on January 25, will be announced before the end of Convocation, and if the Student Body votes to accept the proposed change, a committee composed of 15 men and 15 women will be appointed by Perry Peterson to serve as a decorating committee for the Prom. Mr. Megrew, instructor in art, will act as advisor for the committee. A committee in charge of publicity and one as an Alumni Contacting Organization will also be appointed.

Plan Immediate Action

If the plan is accepted, it will go into effect at the beginning of the second semester, and \$2.50 will be added to the student activity ticket fee. This additional payment will insure a real prom with a high class orchestra this spring as well as a winter carnival early next semester. The remainder of the all-college dances and frolics will be free to all students.

Ten New Openings In Sunset Ranks

There will be approximately ten openings for membership in the Sunset Dramatic Club. Any upper-classman who has done some dramatic work here at Lawrence is eligible. Any one interested, should hand his application to any of the Sunset officers in the Chapel as soon as possible.

On Tuesday evening, January 18, Sunset members gathered to hear some recordings by Mr. Morris Evans, noted English actor. Mr. Evans has of late been very successfully doing "Richard III."

Tuition Raise Is Fundamental Step In Future Plans

Balanced Budget Will Pave Way for Planned Capital Improvements

An increase in tuition as the fundamental step in the plan for the long-term improvement of the Lawrence College campus was announced by President Thomas N. Barrows in convocation last Monday. The result of this step will be a balanced operating budget, which will clear the way for the planned capital improvements which he outlined for the next few years.

Increase Not a Problem

There will be no serious problem involved in this readjustment, however, he said, because the \$75 increase from \$225 as at present to \$300 will not be noticed by those who can easily afford the higher tuition, and additional help will be given to those who are not now able to meet their obligations alone.

For years now the trustees and friends of the college have been furnishing the money to cover the deficit which has been averaging about \$40,000 each year. Until the time when this situation is changed, and those who can give may put their money into building and equipment, no progress can be made on the building plans.

Fees Eliminated

With the change in price, all "nuisance" fees will be eliminated and the tuition will still be no more than that of comparable institutions in the Midwest.

Lawrence Sponsors Debate Tourney for High School Teams

Lawrence College played host to eight high school debating teams last Saturday in the third annual practice tournament here. Rooms in Main Hall and Science Hall served as debating quarters, in which many voices were raised over the question, Resolved: that the several states should amend their constitutions to provide for unicameral legislatures.

Sheboygan high school teams placed highest in the tournament, remaining undefeated in all of its 6 debates. Plymouth was a runner-up, with 5 debates to its credit, losing one to Beaver Dam. West Bend, Beaver Dam, Two Rivers, Manitowoc, Oshkosh, and St. Peters completed their schedules in that rank.

Mr. Rexford S. Mitchell, head of the speech department of the college, aided in arranging the day's program.

Ad Infinitum?

By Penny Trick

We're still gasping from Monday's Convocation. But, like Mr. Barrows, we came to after the shock of being handed a new campus. Like Mr. Barrows, we ejaculated to ourselves, "Dunno!"

Don't get us wrong, we like visionaries, in fact, we sometimes flatter us that we belong in that illustrious category. But we promised you in last week's article practical plans, and we're not to be done out of them, nor outdone, either, we hope. Hereby we want to match pennies with Mr. Barrows's tentative announcement.

It all started with our dubious "Dunno". When, said we, when? Mostly the when applied to our heart's fair dream of a Student Union Building. The gaunt specter of Hamar House was donated a new lease on haunting (as far as we could see) for the next few years. We don't like gaunt specters; they give us the creeps, but maybe a plump, homey sort of a ghost wouldn't be so bad.

So how about fattening up Hamar House? Make her billowy enough to fill the gap left by the need of a social center! The gap was elucidated in this remark's predecessor and acknowledged by the Powers in Monday's chapel.

We regret having no anatomical chart of our spook, but if you'll endeavor to follow us from wall to wall and floor to floor, we'll do some plastic surgery. We'd like to tear out some walls first. From the two west rooms and the back hallway, one room would emerge; fill it to capacity with little tables and chairs. From the first floor bedroom and the kitchen a large kitchen could be evolved, and furnished to supplement the dining room we just carved out. It looks like a coffee shop, a grill—a campus Snide's, doesn't it?

Two rooms we have ignored thus far, one big one and one little one. The small one we would cut in half—cell division, so to speak, and give birth to identical twins. The big one has its place as a parlor; to it the distinction of being left unmolested.

Upstairs presents a much smaller and less expensive problem. Open'er up a mite by expurgating some walls, creating out of two or three rooms a smooth-floored recreation room with victrola, ping-pong table, card tables and the like. Transplant the furnishings extradited from the first floor to the other rooms for meeting and parlor purposes.

Hamar House is acquiring a sort of beneficent radiance, don't you

Turn to Page 4

Semi-Annual Eclipse! The Examination Zero Obscures Social Moon

UPON NATURE in the round we shall today expound. It doesn't sound like much at first glance, but it has its possibilities. For instance, such objects as big apples, basketballs, snow balls, moons, and balloons figured quite largely in the news of the week. We heard it noised around that those people who got around found such rounds to abound where they went to pound the timbers and trip the light fantastic. But there is an irony to it all, for apples have worms, basketballs ups and downs, snowballs melt, moons wane, and bubbles burst. Likewise circles under eyes mean cramming and zeros bring visions of examining—just when we were having so much fun! Of well, we'll stick to apples, of all the objects in the round, for the beauty of sticking to apples is that there's no chance that you'll slip on a banana peel and fall for some heel. Get the angle?

Sorority Formals

On Saturday evening the Alpha Delta Pi's gave their winter formal at the Masonic Temple. After dancing to Tom Temple's music, the scene of the party changed to the sorority rooms where a buffet supper was served.

The Misses Schrier and Dapp were the chaperones and Mr. and Mrs. T. N. Barrows, Mr. and Mrs. J. S. Millis and Miss Ruth Cope were the guests. Gay Patterson, Vivian Stewart, and Georgia Boettinghaus were the committee in charge of the formal.

Clusters of turquoise and silver balloons transformed the Hearstone for the Zeta Tau Alpha formal on Saturday evening. After the dance a buffet supper was served.

Delta Gamma Alums

The alumnae of Delta Gamma have promised the actives, pledges a party in the near future. After a dinner at the rooms last Tuesday evening, the Delta Gammass went in a group to the basketball games. Dorothy Martin and Geraldine Schmidt were in charge of the dinner.

The Alpha Chi Omegas will give a tea on Sunday afternoon in honor of the Misses Cope, Dapp, and Schrier. Lois Caverly is the chairman of the tea.

On Sunday morning the Alpha Chi pledges are entertaining the pledges of other sororities at a waffle breakfast in the rooms. Margaret Winn is in charge of the breakfast and Dorothy Brown of the entertainment.

Parties For Inspector

On Wednesday evening the pledges of Kappa Delta gave a party for Miss Adele Stephenson, National Inspector of Kappa Delta. The committee in charge of the party was Marian Schmidt, Ruth Hartzheim and Trudie Schwedener. The pledges also gave a cozy in her honor on Sunday, Miss Stephenson is a graduate of William and Mary College and has done graduate work at the University of Michigan.

The dinner at the Phi Kappa Tau house on Saturday, January 22, before the dance, will rival the dance itself in size and splendor. About thirty-five couples are expected to arrive at 7:30 for the dinner and will leave about 9:00 for the dance. Paul Herold visited the Phi Tau house this past weekend, and he says he will be back in school next semester.

Pledge Banquet

The pledges of Delta Sigma Tau attended a pledge banquet at the house on Wednesday, January 19. A pledge meeting and sing was held following the dinner.

To inaugurate the new radio, plaster, and curtains at the Phi Delt house, the boys gave a house-party last Saturday night, January 15. The chaperons were Dean and Mrs. Waterman and Bert Ashman.

The house party at the Sig Ep mansion was danced by about 18 couples on Saturday evening, January 15.

Jingle Bells

The Delta Tau Deltas, about 12 couples, went on a sleigh ride to Apple Creek on Saturday night, January 15.

On Sunday afternoon, January 16, the Delta Gammass were royally entertained at the Beta house. Competition for a silver cup was the chief object of the afternoon's fun.

'L' Club Plans Valentine Dance

Lettermen Lay Plans for a Club of Numeral Winners

Students will swing and sway for the honor of good old Lawrence and the "L" Club on Saturday evening, February 12, at the big Gym. This was decided by the members of that organization at their monthly meeting in Brokaw Hall last Thursday evening. Proceeds of the dance will be used to furnish the trophy room at the Gym. It will be a Valentine Dance and will be managed as only John Schmelein, social chairman and well known manager of the All-College dances, can put on dances. Although the band has not yet been decided upon, it will be one well known to Lawrence students, and the men of the "L" Club promise an evening that will be remembered throughout the college career of each dancer.

The Club also made definite plans to inaugurate an organization for those men who have won their numerals. This will be organized immediately. A tentative constitution, drawn up by Coach Derr and his committee, was passed for that club at the meeting last Thursday. President Marty Bridges stated that this organization will elect its own set of officers and will work through the lettermen's club.

Coaches Ade Dillon, of the swimming team, and Bob Miller, of the wrestling team, were admitted to honorary membership in the lettermen's club at the meeting. It was felt by the entire membership that these men had fulfilled the purposes and requirements of the organization. They were presented with pins by President Marty Bridges.

Lawrence Beauty Contest Tomorrow

The eighteen most beautiful Lawrence coeds will be chosen by the men after Convocation on Friday morning. From these eighteen, a judge will pick the six winners. Girls, look to your laurels, and boys, start choosing your favorites.

Refreshments were served and songs were sung. Mr. and Mrs. J. Reeve were the chaperons.

Mayor Considers Lawrence 'City's Greatest Asset'

Barrows Describes Building Program at Charter Day Banquet

Three hundred persons attended a banquet at the Conway Hotel last Monday evening, to celebrate the ninety-first anniversary of the Lawrence College Charter. President Thomas N. Barrows described in detail the long-term expansion program for Lawrence to the alumni and friends of the college. The program was opened by Russell Flom, president of the Lawrence Alumni Association, which sponsored the dinner.

College an Asset

Mayor John Goodland Jr., stated that he considered the college the "city's greatest asset." John Neller, speaking for the Chamber of Commerce and the City's Service Clubs, asserted that "business men in general . . . recognize the important place . . . which the college has in the life and standards of the community."

Mr. Rexford Mitchell, secretary of the alumni group, acted as toastmaster at the dinner and related the story of the founding of the college and the granting of its charter. Mrs. Rush Winslow, the oldest living Lawrence graduate, a member of the class of 1878, paid tribute to Dr. George M. Steele, president of Lawrence from 1865 to 1879.

Song Fest

Carl McKee led the group in the singing of humorous songs. The two solos sung by Dean Carl J. Waterman, accompanied by Mrs. Nettie Fullinwider, was in sharp contrast to Mr. McKee's old gray mare.

Coming Convocation

Friday: Sherwood Eddy will speak.
Tuesday: Student Convocation. Students will vote on the proposed increase of the Student Activity fee by \$2.50 per semester so as to include all social functions.

FOR Styled SHOE Comfort Kali-sten-iks

The fashion-conscious Younger Set chooses Kali-sten-iks not just because they're sturdy but because they keep their trim style after hard day-by-day wear. Patented SEAMLESS bulb-shaped heel prevents gapping or rubbing—hose last longer! Kali-sten-iks are scientifically balanced throughout to keep young feet young!

Registration to Commence Jan. 27

Registration Schedule
Thursday, Jan. 27; Friday, Jan. 28, 9:00-12:00 a. m., 1:30-4:00 p. m.
Saturday, Jan. 29: 9:00-12:00 a. m.
Monday, Jan. 31; Friday, Feb. 4: 9:00-12:00 a. m., 1:30-4:00 p. m.
Saturday, Feb. 5: 9:00-12:00 a. m.
Monday, Feb. 7: 8:00-12:00 a. m., 1:30-3:30 p. m.

The fee for change in your programs after you have indicated your approval of the registration is one dollar per change. The fee for late registration, that is, after 3:30 p. m. on Monday, February 7, or the failure to select a convocation seat, is three dollars.

Rabbi Gives 'Jewish View of Jesus' in Convocation Program

In his address, "A Jewish View of Jesus," given in Convocation last Friday, Rabbi Joseph Baron of Milwaukee put forth three propositions to his audience. The first was that Jesus was a Jew, not a Christian, in race, language and teachings.

The second proposition of Rabbi Baron's was that the Jewish people never rejected Jesus—they merely rejected the theology which came after his time and was centered about his name. "We Jews differ from the Christians only in our interpretation of Christ's teachings."

The third challenge which the Rabbi put forth was that great bodies of men and women have called themselves Christians but have turned against Jesus and particularly against the Jewish side of Jesus.

In conclusion, Rabbi Baron made this plea: "I come to you as a Jew born of the family and race of Jesus. I am not proud of being of the Jewish race, but I am proud that we Jews believe in democracy, freedom of conscience and man, and the pursuit of truth, justice, beauty, and love. It doesn't matter what religion

Hold Election to Executive Group

Three Vacancies to be Filled; Petitions Due January 28

Election of three new Executive Committeemen will be held shortly after the beginning of the second semester to fill the vacancies left by the expiration of the terms of Tom Jacobs, Marion Humleker, and Bob Isely. Petitions for candidates to this office must be in the hands of Grace Cooley or Perry Peterson not later than Friday, January 28.

30 Names on Petition
Petitions must carry the names of thirty or more students as provided under the old constitution, since the new document does not go into effect until April.

The three who are elected will serve only until May, at which time an entire new Executive Committee will be chosen or reelected as provided in the revised constitution.

Preferential Balloting
Balloting will be preferential as provided under the Ware system. All candidates will be voted for in the order of preference by each student with the second choice votes of the lowest candidates being redistributed until three majority selections have been made.

W. A. A. OPEN HOUSE

Big and little, young and old will want to share in heaps of fun at the W. A. A. Open House on February 5, from 7:30 to 9:00 P. M. at the Little Gym. Come on out!

VESPER SERVICES

Vespers Service will be held on Thursday afternoon at the Chapel from 5:15-5:45. Dorothy Fliteroff, contralto, will sing and Cecil Neubecker will play the organ.

Beloit Drops Lawrence in Thriller, 37-36

Gold Overtakes Vikes in Final Minutes of Tilt

Burton, Tamulis are High Scorers; Buesing Out on Fouls

Beloit's Gold dropped Lawrence from the undefeated ranks in Midwest competition Tuesday night as the Vikings saw a second half lead fall away, losing, 37-36. The Denney-men held a 33-26 lead with six minutes remaining, but the combination of a wild battle and Buesing's absence from the battle saw Beloit tie the score and eventually overcome a 31-33 margin held by Lawrence when Tamulis counted his sixth and seventh free throws and Klein put in his only basket of the night from a little beyond the free throw circle.

First Half Rough
The first period saw almost a battle of free tosses, the Vikes marking up three to hold an early advantage. Joe Tamulis hooked one in, but Buesing sunk the first two pointer for Lawrence; Falcide put a free shot; Cape added a basket, and Burton a gift toss. At the end of the first ten minutes, the Denney-men led, 10-6. The Gold, however, were counting on charity pegs, sinking 9 straight, while the Vikes put in 3. Tamulis' bucket gave Beloit a 16-13 lead, but Buesing dropped in a sparkling side toss and Masterson added another. The Gold led, 10-17, at half time.

Second Half Rougher
Buesing grabbed the ball out of Klein's hands and dribbled the length of the floor to count as the last stanza opened. Cape added a follow-up, jumping high over Brown's head as the Vikes pulled away, 21-18. Williams dropped in a rebound and Tamulis a free throw as the battle again squared up. Viking offensive leaders, Masterson and Burton, quickly pushed the Gold behind, however, as they chalked up 7 points. Bues scoring a gift toss and the Blue and White were out in front, 29-21. A lull followed during which Beloit counted 5 points and Lawrence 4, Burton and Cape scoring baskets to show the Vikes ahead, 33-28. Brown dropped in a short shot to cut down the score on a double foul, both Buesing and Brown were ejected from the game on personals, Campbell showed in a rebound and Saecker hung up the tying points on a long. Falcide made good on a free throw and Burton cut in fact and

Viking Wrestlers Lose Mat Contest With Armour Tech

The Lawrence mat men lost a well fought meet at Armour Tech at Chicago last Saturday. Bob Isely, veteran 155-pounder, gave the Vikings their only score for the afternoon by throwing Nigrelli of Armour in 5-25.

The Armour attack consisted chiefly in quick leg-dive take-downs from stand and effective cross body rides.

The bouts were 9 minutes with 3 minutes stand and two 3 minute periods down. The regular 3-second fall and one minute time advantage were used.

Results
118 Till over Furstenberg, fall
126 McDaniel over Rosebush
135 Dunne over Perschbacher, fall
145 Hanna over Allen, fall
155 Isely over Nigrelli, fall
165 Maxant over O'Donnell, fall
175 Tullgren over Gerlach, fall
Referee Paul Schmidt
The next meet will be against Beloit at Beloit.

Thetas Defeat Delta Gammas to Win Title

Fate seemed to decree that Thetas win the volley ball tournament—due to the previous announcement in the last week's Lawrentian. However, the Thetas showed exceptional skill in the winning of the championship game, and fate didn't actually have anything to do with their victory.

Excellent returns and "spiking" by the Thetas baffled the Delta Gammas, and the game ended with the score of 34-19. Both teams fought hard in the battle for the championships, and good playing was exhibited by both sides.

wheeled around Tamulis to mark up his fourth basket. The Vikes led, 36-33, with about two minutes to go. Tamulis, dead from the free throw line, counted twice again to bring the margin to 36-35. Klein then put in his basket and the closing seconds saw Lawrence unable to tie or beat that lead and losing in a heartbreaker, 37-36.

Viking Swimmers Trounce Beloit; Win Every Event

Victory Is Second of Year For Squad; Score Is 53 to 22

Last Tuesday afternoon the Lawrence swimming team won its second victory of the year by severely trouncing Beloit, 53-22. In winning the meet Lawrence took every first place.

Lawrence started the meet out by winning the 200 yard relay. Holmes, swimming anchor, swam a fast race, but was able to ease up a bit at the end.

Bob Van Nostrand, Selden Spencer and Bill Pengelly won their respective events. Bill Pengelly won the 200 free style. The usual firsts were taken by Captain Ken Westberg in the backstroke and diving, and by Morg Holmes in the 50 free style. Holmes was way ahead of Beloit's star sprinter, Wilder, who was also pushed hard by Purdy who came in third.

Bob Arthur gave Holmes quite a margin in the 200 relay after Bill Pengelly and Spencer had more than held their own.

200 yd. Relay: 1. Lawrence (Pengelly, Spencer, Arthur, Holmes) 2. Beloit. Time: 1:48.8

100 yd. Breast: 1. Law. (Van Nostrand) 2. Bel. (Loughborough) 3. Bel. (Bantwell). Time: 1:25.

50 yd. Free: 1. Law. (Holmes) 2. Bel. (Wilder) 3. Law. (Purdy). Time: :26. Ties record

100 yd. Back: 1. Law. (Captain Westberg) 2. Law. (Gettelman) 3. Bel. (Matheson). Time: 1:11.8

Public Humility Number One:
Statements made by several arch-uns of the junior high school age down at Waukesha last Sat. eve as Carroll looked after the Vikes-quote. "Aw, Lawrence is nothin' but a skool fur ministers." These boys, who grabbed the seats in front of us were quickly informed otherwise by the six loyal Vike rooters who explained to the haughty little fellows that over the period of competition Lawrence led in football, basketball, and track. Also, that no less than 30 graduates of our alma mater on the soon-to-be-sliced-up Fox River, were now gridiron coaches throughout the nation. Oh, well, boys will be boys and maybe when those Pioneers come up here in March-I can wire our little friends and smash their misconception.

Down at Cedar Rapids the male members of Coe's student body are suffering from that grotesque malady of over-grown downation which, for the sake of the ever-ignorant ladies, is a heavy stubble (beard). Coe, having lost seven straight cage contests this season, is going to bring victory in the suggestive manner. Last time the gents shaved was over two weeks ago. Best chance to shave again will be late next week when Coe meets Cornell.

Freshman Hockey Defeats Appleton

Last Saturday afternoon at 2:30 P. M., the Freshman hockey team put down a fast Appleton High School sextet by a score of 9 to 7. With three aggressive forward lines composed of Everett, Atkinson, Vickery, Prescott, Werner, Bittner, Reder, and Cox, the Lawrence offense accounted for 9 goals.

Three additional games have been tentatively scheduled by Manager Paul Jones. Two of the games will be with Fox River Valley high schools.

Van Nostrand, Holmes) 2. Bel. Time: 1:34.8

Total Points—Lawrence 53, Beloit 22.

Phi Dels Head Greek Cage Race

Sig Eps, Dels to Play Tuesday for Second Position

INFRATERNITY BASKETBALL

	W.	L.	Pts.	OP.	Per.
Phi Dels	4	0	114	55	1.000
Sig Eps	3	1	87	60	.750
Delts	3	1	111	77	.750
Betas	3	2	87	85	.500
Phi Taus	0	4	42	130	.000
Delta Sigs	0	4	9	33	.000

Results of Saturday's Games:
Beta Theta Pi 20, Phi Kappa Tau 12

Delta Tau Delta won from Delta Sigma Tau (forfeit)
Phi Delta Theta 43, Sigma Phi Epsilon 14

The Phi Dels knocked over their rival claimants for the top rung in the fraternity basketball ladder, taking the Sig Eps down to the tune of 43-14. The score was 19 to 6 at the end of the first quarter. Kenny Westberg sank eight buckets to lead the winners. Lockery was high for the losers with seven points.

The Dels as individuals went down in the scoring race this week due to their forfeit victory over the Delta Sigs.

The Betas conquered the Phi Taus. Evan VandeWalle fought vainly in a losing cause, and sunk five baskets to lead the scoring. Bob Mott paced the Betas with seven points.

Next week's games see the Betas meeting the Phi Dels, the Dels meeting the Sig Eps, while the Phi Taus and Delta Sigs come together with the hope of climbing out of the cellar.

Plans to the right of us . . .

Following the announcement of the "Ten Year Plan" of the college last Monday, we feel like the sparrow which had inadvertently hatched out an eagle's egg. What efforts the Lawrentian is capable of were being directed at new arrangement to supersede the present Hamar House one, and what should pop up under our very noses but a brand new campus, completely decorated with a Student Union Building of heroic proportions.

Beside this brain child of the administration, ours looks rather puny, and we wish to line up with the many supporters of this well-worked out development scheme. It has in it those elements which the college needs, as few can fail to see. Besides being a means to match the quality of the faculty and students with like quality in a physical plant, it furnishes everyone connected with Lawrence a tangible means of promoting her progress.

As Mr. Barrows adequately pointed out, this comprehensive proposal for building up the campus is a fundamental step in the program for improvement. It is, naturally, somewhat vague, which may be unsatisfactory to a few, but which has the tremendous advantage of being adaptable to new needs and any number of good suggestions which students and faculty have some leisure to elaborate.

On the other hand, it is specific enough so that when completed, the new campus will be an organic unit, a feature which few colleges can boast. It will be composed of logically placed units which are also symmetrically arranged and artistically integrated as to style and materials. This will go far, both in attracting students and interested donors of capital and in making the working out of the plan a real satisfaction.

STUDENTS PLAY THEIR PART

There is something about a plan of this sort which calls forth enthusiasm. It may be its grandeur, or its very unexpectedness, but at any rate, the students seem to have stepped into the spirit of those who have given much time and thought to the matter. They are to be commended on the facility with which they grasped the idea that they are a fundamental part of the college, just as much as are the faculty and administration, and that a program such as this will not only benefit them as students in the immediate future, but as the alumni of the more distant future.

The raise of \$75 in the tuition, viewed from such an angle, is certainly trivial enough, especially since it absorbs what Mr. Barrows calls and what students consider "nuisance fees" without putting Lawrence above the tuition level of comparable educational institutions. It represents the stake of those who are most vitally interested in this program, and since it will neither be turned into capital funds nor come from those who cannot afford to pay it, as was explained, it is difficult to see any objection to it.

BUT STILL THERE'S HAMAR HOUSE

But to return to the incubation to which we referred before. Our student union is still in the future some five or ten years at best. There remains some sort of temporary job to be done to furnish the students with a satisfactory center of student social activity.

In this matter the student body can take a lesson from the administration in the working out of careful plans made with a dispassionate eye ckecked toward the future. Perry Peterson has already announced the appointment of a committee thoroughly to investigate the whole situation. The Lawrentian feature columns this week carry a proposal, not complete, but still a constructive suggestion, as to what might be done. Student thought on the matter of improvements must certainly be aroused, so with such a combination of factors, much might easily be accomplished in the next few months by way of making Hamar House an appealing campus institution.

It is not entirely impossible that changes are made, equipment can be obtained which can be used in the new Student Union Building when it is completed. That would not only save money in the future and hence be attractive to possible donors, but would give us the next best thing to the modern center of activities which President Barrows held before us in fancy last Monday.

This seems to be a time for constructive planning and Hamar House offers a fine opportunity to practice it.

Barrows Reveals Plan for Changes In Campus Layout

CONTINUED FROM PAGE 1

Ormsby, and a new dormitory on the West side of the campus. Some remodeling will be necessary to adapt them to the new situation.

"Cloistered" Co-eds

Plans also call for a landscaped women's campus, separated from the town by a wall, which will close off the end of Lawrence Street.

The old gymnasium and perhaps the observatory will be torn down to make room for a new student union building which tentative plans anticipate a women's gym floor to be used for dances and receptions, Pan-Hellenic suites, coffee shop, offices for student organizations and publications, lounges and conference rooms.

Fraternity Row

One of the most ambitious of the building projects, however, will be the fraternity housing accommodations which may occupy the entire block across from Sage Hall. It has not been definitely decided whether or not one building will house all the men's Greek organizations, or whether separate houses will be built, but since this is one of the last of the projects, no immediate decision seems necessary.

It is also proposed that a new fine arts building be constructed on the block just south of the library. This building would consist of three units, having the conservatory, the fine art department, and the college theater, which groups would have the use of an acoustically perfect auditorium with a seating capacity of 500 and the most modern equipment for play production and for musical recitals.

New Class Rooms

The new class room building which will be built around the present library is to be a three story structure and the lowest floor, which will be about grade level, given over to class-rooms and faculty offices.

The changes have been worked out by the well-known Wisconsin architect Richard Phillip of Milwaukee whose plans call for the use of Lanin stone such as was used in the construction of Alexander Gymnasium and the Paper Institute buildings. The new buildings will

be erected in a simple Georgian architectural style.

The final result of the revamped campus will be one of unification. The college will be located on an unbroken piece of property between Durkee and Lawe Streets, lying south of College Avenue except for the Chapel. This will make possible the closing off of the streets which now run between the various buildings. By changing the men and women's dormitories the advantages will be gained of putting the men together on one end of the campus and the women on the other, each located nearer their distinctive activities.

That We May Play

Another project which is the only one on which immediate action is to be taken, is the construction of about twelve tennis courts and a play field on the river front property below the campus. Certain official approval is all that is necessary before work is begun on the building of a retaining wall and the levelling of the land on which these improvements are to be made. The playing field will be available for women's gym, being just below their present gym and their proposed new gym. With the funds on hand, the administration is ready to proceed with this work.

In stating the purpose for these sweeping changes, President Barrows pointed out that Lawrence has made magnificent strides in the last ten years in the acquisition of a fine faculty and a superior group of students. The next step he said, is to equip ourselves with a superior plant to round out the picture, making Lawrence an outstanding American college.

The rest of the development is only tentative and will be carried out at some future time in conjunction with a wide campaign for support among students, alumni, and friends of the college.

DUR ROW RESIGNS

Mr. Robert Durbrow, Assistant to the Dean and resident supervisor of Brokaw Hall, has resigned effective February 1, in order to enter his father's business in Milwaukee. Mr. Eric Volkert has been appointed resident supervisor of Brokaw and will take up his duties at the beginning of the second semester.

Ad Infinitum?

By Penny Trick

think? The main items this scheme demands aside from actual remodeling of her noble frame are: adequate culinary facilities, i. e.: stove, sink, refrigeration; lunch room furniture, i. e.: tables, chairs, and dishes; bathroom plumbing, linoleum throughout the ground floor with the exception of the front parlor, and equipment for the recreation room. Hesitantly, but hopefully, we add ASH TRAYS. The endearing and undearing part of the expense is that much can be bought with an eye to the future Student Union Building.

Other points of interest and enchantment are lurking in the corners. The \$450 we now direct Hamar wards would be serving a real purpose, and could pay in a short time, the initial outlay. (It is to be assumed that the lunch room would make it an independent institution.) Student aid could man the shop

There she stands—a nicely padded temporary arrangement, a nice, motherly sort of person to have around and to be around too. We would banish the banshee that wails in our social night. We would put in office Hamar House, New Deal Model.

Peterson Names Group

To Study Hamar House

A committee to discuss student action in regard to Hamar House was appointed by Perry Peterson, student president, this week.

Tom Jacobs, Robert Stocker and Robert Mott were appointed to represent the students through the Executive Committee. These three will meet with committees representing Geneva Committee and L. W. A. Board to formulate plans which will be presented to the administration and the students for consideration.

Today's Lawrentian will be the last issue before first semester examinations. The next issue will be published on Thursday, February 10.
