Hello Richard -

Well, it looks like the throes of the season of fall are coming upon us again. It is a great season in New England.

Why not write a few lines to Cindy Cooper as she is in process with the article in the next few weeks - whatever you want to say, I am sure she will consider.

I have a favor to ask - I know that you have a very good memory and coupled with your interest in interior design you probably remember things in great detail. Would you please draw out diagrams of the three floors of (our) the Sheppard house in Bay - I am especially interested in areas that I dimly remember, but would you also put in things of interest, like furniture etc. that you think important. Please, also point out the window where you cut yourself. I would appreciate it.

Best and Peace -
