Three classes of men should read law—the lawyer for his profession, the business man for business reasons, and every man for increased efficiency and his own protection.—*Blackstone*.

HISTORY

Largely thru the influence of Hon. Nathan P. Bryan, then a member of the Board of Control, the College of Law was established in 1909. From this time until 1917 the course comprised the work of two years. With the session of 1917-18 the present three-year course was inaugurated.

At first the College was quartered in Thomas Hall, one of the dormitories. At the opening of the session of 1913-14 more spacious rooms were provided in Language Hall. During the following summer and fall the present structure was erected and on Thanksgiving Day, 1914, the College, with fitting ceremonies, took possession of its own home, one of the finest law school buildings in the South.

PURPOSE

It is the purpose of the College to impart a thoro, scientific. and practical knowledge of the law, and thus to equip its students to take advantage of the splendid opportunities the present readjustments in business and social life are creating. It aims to develop keen, efficient lawyers, conversant with the ideals and traditions of the profession. Its policy is characterized by the emphasis of practice as well as theory; pleading as well as historical perspective; skill in brief making as well as legal information.

EQUIPMENT

BUILDING. -This splendid structure is one hundred seventy-two feet long, seventy feet wide, and two and one-half stories high. It contains a large, well-lighted library, furnished with bookstacks, library tables, librarian's office, and consulation rooms for students and faculty. It has three commodious lecture-rooms, together with the offices of administration, and the offices of the several resident professors. 1t contains, also, a handsomely paneled courtroom and auditorium. The courtroom has all the usual accessories, jury box, witness stand, judge's office, and jury room, and is connected with the library below by a circular stairway. Every interest of the College has been provided for, including attractive quarters for the Marshall Debating Society. The building is steamheated, lighted by electricity, and equipped throut with a superior grade of furniture. It is devoted exclusively to the uses of the College of Law and furnishes accommodations as comfortable and as convenient as can be found in the country.

LIBRARY. -The Law Library contains all the published reports of the courts of last resort of every State in the Union and of the Federal Courts, the full English Reprints, the English Law Reports, the reports of the Interstate Commerce Commission and the Land Decisions of the Department of the Interior besides an excellent collection of digests, encyclopedias, series of selected cases, treatises and text books, both English and American. The Library also contains the Statutes of several of the States besides those of the Federal Government, and is a subscriber to the leading legal periodicals. A course of instruction is given in legal bibliography and the use of law books. Every facility also is offered law students to make use of the General Library, in which are included works of interest and information to the lawyer. Both libraries are open during the academic year on every secular day between the hours of 8:00 A. M. and 10:00 P. M. and are in charge of trained librarians, who will render such aid as the students may need in their use of the books.

GYMNASIUM.—A brick and stone structure of two stories and basement, one hundred and six feet long and fifty-three wide. It is steam-heated, supplied with hot water, and welllighted and ventilated. A gallery around the main floor provides space for spectators at gymnastic exhibitions. The basement contains lockers, shower baths and toilets. Adjacent is a swimming-pool, thirty-six feet long and twenty-four feet wide, and from four and one half to seven feet deep. Organized classes are conducted by the Professor of Physical Culture.

FLEMING FIELD. —A large and well-kept athletic field equipped for the various outdoor games and sports which in this climate are carried on the year round. In 1919 this field was used by the New York Giants for their spring training and in 1921 by the Philadelphia Nationals.

ADMISSION

REQUIREMENTS FOR ADMISSION. —Those entering as candidates for degrees must be eighteen years of age and must present, in addition to sixteen high school units, two years of college work of not less than sixty semester hours.

Students will be conditionally admitted with a deficiency of

not over three semester hours of college work. No deficiency in high school units will be allowed.

A high school unit represents a course of study pursued thruout the school year with five recitation periods of at least forty-five minutes per week, four courses being taken during each of the four years. Fifteen units as defined by the Carnegie Foundation or the National Educational Association will be accepted.

Seven and a half of the high school units are prescribed, viz.: English 3; Mathematics 2; History 1; Science 1. The remaining units may be chosen from the following electives: Botany 1/2 or 1; Chemistry 1; English 1; Latin 4; History 2; Mathematics 1; Modern Languages (French, German, or Spanish) 2; Physical Geography 1; Physics 1; Zoology 1/2 or 1; vocational subjects (Typewriting, Stenography, Mechanic Arts, Agriculture, etc.) 4.

The University will accept certificates only from standard Florida high schools, grouped by the State Department of Public Instruction under Classes A and B. Certificates will also be accepted from Florida High Schools that are members of the Southern Association of Secondary Schools, and from any secondary school elsewhere which is accredited by its State university.

The certificate must be officially signed by the principal of the school attended, and must be presented to the Committee on admission on or before the date on which the candidate wishes to be matriculated. It must state in detail the work of preparation and, in the case of Florida high schools, that the course thru the twelfth grade has been satisfactorily completed.

Blank certificates, conveniently arranged for the desired data, will be sent to all high-school principals and, upon application, to prospective students.

No specific course of studies is prescribed for the college work required for admission; but, in general, students are advised to pursue the course offered by the College of Arts and Sciences. Thereby it will be easier for them to complete the combined academic and law course should they so desire.

WOMEN STUDENTS.—By an Act of the Legislature of 1925, women who are twenty-one years of age, who have credit in sixty semester hours of academic College work, and who otherwise fully meet the entrance requirements of the College may enter as candidates for degrees. But women are not eligible for admission as special students.

SPECIAL STUDENTS.—Persons over twenty-one years of age who are not able to qualify as regular students may be admitted as special students upon presenting satisfactory evidence that they have received such training as will enable them to make profitable use of the opportunities offered by the College. The admission of such students, however, is not encouraged, and the number of such students admitted each year shall not exceed ten per cent of the average number of students first entering the College during each of the two preceding years.

Those wishing to enter as special students should apply to the Dean of the College for admission, stating age, educational preparation and experience. Those best qualified to study law, up to the allowed quota, will be selected about the first of September, preference being given to residents of the state, and applicants will be notified of the action taken.

ADVANCED STANDING.—No work in law done in other institutions will be accepted towards a degree, unless the applicant passes satisfactorily the examinations held in the subjects in question in this College, or unless credit is given without examination. Credit for work not meeting the requirements of the Association of American Law Schools, of which this College is a member, will not be excepted. Where a school is known to have made relaxing departures from its published entrance requirements or course of study, the acceptance of credit from such institution will not be considered. In no case will credit be given for work not done in residence at an approved law school.

EXPENSES

The yearly expenses of a law student, who is a legal resident, exclusive of incidentals, may be summarized as follows:

Tuition	\$40.00
Registration Fee & Contingent Fee	7.50
Student Activity Fee	22.75
Infirmary Fee	5.00
Board and Lodging (in advance)	175.00
Books (about)	50.00
· · · · · · · · · · · · · · · · · · ·	

\$303.50

An additional fee of two dollars (\$2.00) is required of students who enter after the day scheduled for registration.

Registration is not complete until all University bills are paid. Those who fail to meet this obligation are not regarded as members of the University. Fees must be paid within five days after entrance to classes; otherwise an additional fee of \$2.00 will be required.

Each student should file his registration card with the Registrar not later than two weeks after the date of his enrollment. Failure to do this will cause his name to be dropped from the student roll.

Students who are assigned to student service will be required to pay their fees at the beginning of the semester in cash; and at the end of the semester, or at such time as the service to which they are assigned is completed, the University will pay them in cash for the work done. The Auditor is not permitted to extend credit on fees. No exception will be made to this rule by the Board of Control.

No refund of any fees will be made after ten days from date of registration. Positively no exception to this rule will be permitted.

Tuition is payable in advance, \$20.00 each semester. Students taking less than eleven hours of work are charged a proportionate part of the full tuition.

Non-resident students will pay an additional tuition fee of \$100.00 for the year, *\$50.00 per semester in advance.

A diploma fee of five dollars (\$5.00), payable on or before April 1st of the year of graduation, is charged all candidates for degrees.

Students are urged to provide themselves with the Statutes of their state and a law dictionary. These books will form a nucleus for the student's future library, and by the nurchase of second-hand books the cost may be materially reduced.

The charge for board, lodging and janitor service if paid monthly in advance is as follows:

First Semester	Second Semester
Sept. 14 to Oct. 13\$22.50	Feb. 1 to Feb. 28\$22.50
Oct. 14 to Nov. 13 22.50	Mar. 1 to Mar. 31 22.50
Nov. 14 to Dec. 20 26.50	Apr. 1 to Apr. 30 22.50
Jan. 4 to Jan. 31 21.00	May 1 to June 8 27.50

*A legal resident is one whose parent or guardian is a registered qualified voter in the state of Florida. A student over 21 years of age becomes a legal resident when he is a qualified, registered voter in this state. Board without lodging will be furnished at the rate of \$20.00 per calendar month, payable in advance. No part of this sum will be refunded.

For more detailed statements reference is made to the University catalog, pp. 36-39.

Board and lodging in private homes may be secured at the rate of thirty-five to forty dollars (\$35.-\$40.00) per month.

As the dormitories are inadequate, students wishing to stay in them are urged to reserve their rooms at the earliest possible date. Application should be made to Miss Ethel L. Cowan, Registrar. A deposit of \$10.00, which will be credited on fees, must accompany the application; but this deposit will not be returned in case the student does not report for matriculation during the year.

UNIVERSITY PRIVILEGES

ELECTIVES IN OTHER COLLEGES.—The advantages of the other colleges of the University are open to such students in the College of Law as desire and are able to accept them. Courses in History, Economics, Sociology, Psychology, Logic and English are particularly recommended. No extra charge is made for such courses, but they can be taken only with the consent of the Law Faculty and of the professors concerned.

MILITARY SCIENCE AND TACTICS.—The University has an Infantry Unit, Senior Division of the Reserve Officers' Training Corps, to membership in which law students are eligible. They are not required, however, to join this organization or to take any other military drill.

PUBLIC SPEAKING AND DEBATING

INSTRUCTION. —Regular classes in oratory and public speaking are organized and conducted by the professor of public speaking. A small tuition is charged.

MARSHALL DEBATING SOCIETY.—Early in the first year of the College the students organized a society that would secure to its members practice in debating and public speaking and experience in arguing legal questions, as well as drill in parliamentary law. The society was fittingly named "The Marshall Debating Society," in honor of the distinguished Southern jurist, John Marshall.

PRIZES

Thru the generosity of the American Law Book Company a Corpus Juris-Cyc prize is offered, under certain conditions, for the best work in legal research. Excellency in this work also will be considered in computing the grade of students taking Brief Making.

DEGREES

BACHELOR OF LAWS.—The degree of Bachelor of laws (LL.B.) is conferred upon those students who satisfactorily complete ninety semester hours in the course of study. Students admitted to advance standing may receive the degree after one year's residence, but in no case will the degree be granted unless the candidate is in actual residence during all of the third year.

JURIS DOCTOR. —Students who have complied with all the requirements for the degree of Bachelor of Laws (LL.B.), who have maintained an average standing in their law studies of 10% above the passing mark, and who have obtained the degree of A.B., or an equivalent degree, from an approved College or University, or who secure such degree the same year they complete their law course, will be awarded the degree of Juris Doctor (J.D.).

COMBINED ACADEMIC AND LAW COURSE. —By pursuing an approved course of collegiate and law studies a student may earn both the academic and the legal degree in six years. Candidates for either the A.B. or the B.S. degree may elect twelve hours of work from the first year of the course of the College of Law and count the same as credits toward the aforesaid degrees. Such degrees will not be conferred, however, until after the completion of the second year of the law work.

MASTER OF ARTS. —Candidates for the degree of Master of Arts are permitted to take a portion of their work under the Faculty of Law.

ADMISSION TO THE BAR

Upon presenting their diplomas, duly issued by the proper authorities, and upon furnishing satisfactory evidence that they are twenty-one years of age and of good moral character, the graduates of the College are licensed, without examination, to practice in the Courts of Florida. They also are admitted without examination to the United States District Court for the Northern District of Florida.

EXAMINATIONS

The last week of each semester is devoted to examinations covering the work of the semester. These examinations are in writing and are rigid and searching, but are not necessarily final.

A delinquent examination is allowed for the removal of conditions, except in subjects where the semester grade falls below 60. All students, unless excused by the Dean, must present themselves for the regular examination in all the subjects for which they are registered.

A student failing in more than fifty per cent of his class hours for two consecutive months, will be dropped for the remainder of the College year. Students so dropped will be entitled to honorable dismissal, unless their failure is clearly due to negligence. Upon petition, such a student may, at the discretion of the President of the University and the Dean of the College, be reinstated upon such terms as to them may seem best.

LECTURES

In addition to the courses given by the regular Faculty, lectures are given by eminent specialists in the profession, both at the bar and on the bench. The Justices of the Supreme Court of the State especially have been generous in giving of their time and services in this way.

PLEADING AND PRACTICE

COURSES. —Differing from some other law schools, this College is convinced that an intensive knowledge of pleading and practice should be secured by the student, since legal rights cannot be well understood without a mastery of the rules of pleading whereby they are enforced. As Lord Coke declared: "Good pleading is the touchstone of the true sense and knowledge of the common law." The development of right has depended upon the development of actions; the rule of law was the rule of writs and in large measure remains so today. Consequently the College offers thoro courses in Criminal Pleading and Procedure, Common Law Pleading, Equity Pleading, Code Pleading, Florida Civil Practice, General Practice, and Federal Procedure. Thus the student on graduation is enabled to enter understandingly upon the practice of law; and to this fact the College attributes much of the rapid advancement of its Alumni.

As young men from all parts of the country in increasing numbers are attending the University, combining the advantages of travel, new associations, and salubrious climate with those of the superior educational facilities here afforded, the College has arranged to serve those who intend to practice elsewhere as efficiently as those who expect to locate in this State. Students preparing for the practice in other states are offered Code Pleading and General Practice instead of Florida Constitutional Law and Florida Civil Practice, as shown in the course of study. Such students also are required to submit an acceptable dissertation showing the peculiarities of pleading and practice of the State in which they expect to locate.

THE PRACTICE COURT. —Believing the students obtain in the Practice Court a better practical knowledge of pleading and practice than can be acquired in any other way, aside from the trial of actual cases, the Faculty lay special emphasis upon this work. Sessions of the Practice Court are held throughout the year in an admirably equipped courtroom. A clerk and a sheriff are appointed from the Senior class, and regular records of the court are kept. Each student is required to participate in the trial of at least one common law, one equity, and one criminal case, and is instructed in appellate procedure. The Practice Court is conducted by Professors Cockrell and Crandall.
