VITAL STATISTICS**MARRIAGES**

March 1st, 1928, Guilford H. Carter and Evelyn Dudley.

Oct. 26, 1927, W. Clayton Baird and Effie Akeley.

June 25th, 1928, James M. McGlaulin and Mabel Clara Condon.

July 10th, 1928, Oscar R. Kierstead and Harriet A. Cook.

Sept. 18, 1928, Alvin Winslow and Addie McIntire.

Oct. 14, 1928, Morris Dudley and Evelyn Landers.

Nov. 7, 1928, Alton Parker Waddell and Lora M. Smith.

Nov. 12, 1928, Eugene Tilley and Beulah McLaughlin.

Nov. 14, 1928, Edwin A. Smith and Madeline Grendell.

Nov. 22, 1928, Wallace Higgins and Lillian Dow.

Dec. 1, 1928, Sterling F. Cook and Fern I. McPherson.

Dec. 12, 1928, Leroy Pulcifer and Flevie Gauvin.

Dec. 24, 1928, Lester L. Dudley and Florice Packard.

Jan. 5th, 1929, Kenneth H. Braley and Eveline Grendell.

Jan. 19, 1929, Almon A. McPherson and Ruth B. West.

BIRTHS

Born to Mr. and Mrs. Glenwood Turner, a daughter, Jan. 25, 1928.

Born to Mr. and Mrs. Chester McKenzie, a daughter, Nov. 24, 1927.

Born to Mr. and Mrs. John Finnegan, a son, Feb. 26, 1927.

Born to Mr. and Mrs. Edward Bull, a son, Jan. 27, 1927.

Born to Mr. and Mrs. Harry Carmichael, a son, Aug. 28, 1927.

Born to Mr. and Mrs. Stephen Turner, a son, Oct. 19, 1927.

Born to Mr. and Mrs. Allen Wambolt, a daughter, July 23, 1927.

Born to Mr. and Mrs. Harry Condon, a son, Oct. 31, 1927.

Born to Mr. and Mrs. Andrew Fillmore, a son, Mar. 25, 1928.

Born to Mr. and Mrs. Bernard Kinney, a son, April 5, 1928.

Born to Mr. and Mrs. Thomas Bishop, a son, May 17, 1928.

Born to Mr. and Mrs. Elbridge Barnes, a daughter, June 16th, 1928.

Born to Mr. and Mrs. Philip Flannigan, a daughter, May 31st, 1928.

Born to Mr. and Mrs. Chas. Lint, a daughter, June 17, 1928.

Born to Mr. and Mrs. Clarence Clark, a daughter, May 18, 1928.

Born to Mr. and Mrs. Henry Madore a daughter, April 15, 1928.

Born to Mr. and Mrs. Earl Bull a son, April 15, 1928.

Born to Mr. and Mrs. Harold Condon, a son, June 16th, 1928.

Born to Mr. and Mrs. Orin Winslow, a son, July 27, 1928.

Born to Mr. and Mrs. Leo Young, a son, June 22nd, 1928.

Born to Roland Archer and Sarah Odonal, a son, Sept. 23, 1928.

Born to Mr. and Mrs. Chas. Winship, a son, Aug. 29, 1928.

Born to Mr. and Mrs. Earl Buchanan, a daughter, Oct. 13, 1928.

Born to Mr. and Mrs. Burton Porter, a son, Sept. 23, 1928.

Born to Mr. and Mrs. Leo Essency, a daughter, Nov. 3, 1928.

Born to Mr. and Mrs. Raymond Langley, a son, Nov. 26, 1928.

Born to Mr. and Mrs. Foster Hoyt, a daughter, Dec. 7, 1928.

Born to Mr. and Mrs. Thomas Young, a son, Dec. 18, 1928.

Born to Mr. and Mrs. David Turner, a son, Jan. 7, 1929.

Born to Mr. and Mrs. Dewey Young, a daughter, Jan. 20, 1929.

DEATHS

April 5, 1928, Stephen Ridgwell, age 78 years.

April 8, Elizabeth A. Snow, age 78 years.

June 25, 1928, Bernard Hand, age 7 years.

July 8, Annis R. Kinney, age 72 years.

July 8, Albert Ball, age 82 years.

July 31, 1928, Arthur Burtzell, age 67 years.

Dec. 5, 1928, Jacob Willard Craig, age 75 years.

Dec. 3, 1928, Fred Plummer, age 52 years.

Jan. 29, 1929, Baby Baird, still born.

Feb. 17, 1929, Joan Beckwith, age 2 years.

REPORT OF MAPLETON FIRE DEPT.

February 28th, 1929

The Mapleton Fire Department wishes to submit the following report for the year ending February 27th, 1929. The Department has responded to alarms as follows:

May 9th, Isaac York, dwelling.

May 21, George Richardson, forest fire.

Oct. 7, A. L. Flanigan, truck.

Nov. 7, Charles Giberson, chimney fire.

Nov. 15, J. N. Ferguson, chimney fire.

Nov. 22, Lew McPherson, chimney fire.

Nov. 10, R. K. Libby, garage.

Dec. 16, H. N. Ferguson, dwelling.

Jan. 28, Walter Miller, dwelling.

Feb. 18, Ervin Campbell, dwelling.

Miles traveled—63.

Hose laid—1,900 ft.

Ladders raised—30 ft.

Chemicals used—325 gallons.

Hours engine worked—4.

Appropriation 1928

						11 and 12 Tues-Fri

All but two of our teachers are normal school or college graduates and all have had teaching experience. The work of the schools is going well.

The New Mill School and the Park School have had repairs on buildings and foundations. Both school houses must have changes in ventilation to conform to the State requirements. The Packard school house has been painted inside and outside. The Hughes school has new seats and should have a new heater. The lighting of the Old Mill school is having a bad effect upon the eyes of the children. This school needs extensive repairs. The Creasy Ridge and Griffin Ridge schools should have a few repairs. The State has apportioned the equalization fund of \$684.00 for equipment in the high school building. This is to be expended for the library, commercial department and Home Economics, but we are leaving most of it in the repairs account in order to prevent a larger overdraft. If we adopt the policy of repairing one school house each year, we can keep all the buildings in good condition without too heavy outlay at one time.

When the financial situation will warrant a change, the first six grades of our village schools should be cared for in three rooms instead of in two as at present. The students are well provided for at the high school during the last six years of the course.

RECOMMENDATIONS

Common schools	\$6,500.00
High school	5,000.00
Books and supplies	1,200.00
Repairs and appliances	1,500.00
Insurance, light and power	900.00

\$15,100.00

Respectfully submitted,
 ELMER H. WEBBER,
 Superintendent of Schools
 Mapleton, Maine,
 February 27, 1929.

		<hr/>
		\$15,300.00

REPORT OF PRINCIPAL

To the Superintendent of Schools, Mapleton, Maine:

Contrary to custom, I wish to express first, rather than last, in this survey of the year's work, deep appreciation to the students, faculty, superintendent, school committee, parents, and friends of the school for the co-operation given me.

The Junior-Senior High School opened September 17, 1928, one week later than scheduled but that one week was made up by shortening the Christmas recess to one week. The registration at the opening of school was 148. Since that date some students have entered and several have left school for different reasons so that our present registration numbers 140. This increase in registration over last year has made it necessary to make a few home room changes. The 7th graders have been housed in Miss Stephenson's room and the 8th graders have been transferred to the bookkeeping room. This arrangement is working very satisfactorily at present.

The number of visits by friends and parents has been very small. The number of unnecessary absences has been high. More visits by friends and parents, I believe, would mean better co-operation and help in the following ways: First, reduce the unnecessary absences; Second, give the parents and friends first hand, undistorted information about school activities and school needs; Third, aid us in maintaining the enviable high standards of a school of this size.

The faculty this year is composed entirely of experienced teachers. A rather unique feature of the schedule this year is the fact that the teachers are devoting the majority of their time teaching

subjects in the particular field for which they were trained. All the teachers are doing good work and they have shown much co-operation. This has done much towards improving school conditions for both students and faculty alike. The two fold object of the school—preparation for further education in some higher institution, and a practical foundation for every day life—is the aim of the faculty in their method of instruction.

Elective courses in mechanical drawing, music, and agriculture have been added to the list of subjects. These are primarily for students who have the time and initiative for extra work and it is surprising to note the number that have enrolled for the same.

The lack of a hall has limited our extra-curricular activities but I feel certain that we have done very well in spite of such a handicap. During the fall months, outdoor sports, such as volleyball, basket ball, races, calisthenics, games, and the rudiments of foot ball were participated in. Later when weather conditions prohibited outdoor sports, the student body, divided into two groups and on alternate days with the singing class, was given physical training in the main room. The school orchestra; under the direction of Miss Myers, has shown its progress not only by playing for school activities but by its participation in non-school activities. Each of the four upper classes has been allowed to take charge of the regular assembly exercises and in addition prepare a short program of entertainment. This kind of work does much to develop initiative, self reliance, and responsibility. The upper classes have also taken an active part as a group, in electing officers for many of their school organizations. Membership in the Bates Debating League has been continued and we are preparing

for a debate March 22nd.

The home economics department has been serving hot lunches to students remaining at the school during the noon hour. This department has been aided in its advance march this year by the addition of an electric range. This range was secured through the Gould Electric Company at a reduced rate. The student council has agreed to help the home economics classes to pay for this range and they have already made several payments toward it. Besides this the student council has done remarkably well this year in paying off all debts which were incurred during the previous year. At the present time the council has only the payments on the range to make and these they hope to make before the close of the school year.

The commercial department has an addition of a new typewriter and table this year. The increased registration in the commercial courses well warrants this and any future additions of equipment. The classes in commercial work have done much of the routine school correspondence and the filing of records.

We need and earnestly request the constructive criticisms of citizens and school officials, for it is only by such steps that the school goes ahead. I wish to express my sincere thanks for any such criticisms. They are a sure sign of earnest co-operation to better fit the children of this town for their life work.

Respetfully submitted,

JOSEPH F. KOLOUCH,

Principal.

COMMERCIAL DEPARTMENT

To the Superintendent of Schools:

The subjects offered in the Commercial course this year are: Bookkeeping, Shorthand, Typewriting, and Business methods. In addition to these, Commercial Geography is given during the first semester and Commercial Law the second semester.

The beginning and also the advanced students in bookkeeping have a certain number of bookkeeping problems to do. Sets which contain books similar to those used by the modern business man are provided them. The first two periods in the morning are devoted to this work. This enables the pupil to do his required work in school.

The class of beginners' shorthand the time is being devoted to mastering the rules and signs which are the essentials of this course. Stories and business letters are written in shorthand; also sentences from longhand into shorthand.

There are thirty-eight boys and girls taking typewriting this year. The beginners have learned the parts of the machines, how to operate them, and have practiced many drill exercises. This has enabled them to gradually develop rhythm and accuracy—two requirements which should be mastered before speed is stressed. The advanced pupils have exercises to typewrite which involve the proper writing of business letters. These classes also do much of the necessary typewriting for the school.

The Business Methods course is given to the Sophomores who are interested in commercial work. Through this study the pupils learn to prepare business papers and to file business records. This

course further deals with the various departments of business establishments,—the duties of persons occupying these positions, business arithmetic and the fundamentals of bookkeeping.

Besides offering valuable training, this course enables the pupil to decide whether or not he prefers to study the bookkeeping offered in the Junior and Senior years.

The Commercial Geography course enables the pupil to learn of the industries of each country, its chief ports, trade routes and the like. Time has been devoted to charts showing the important countries with the trade of each. Very good maps of each country have been drawn.

I wish to thank all who have helped to make this department successful.

Respectfully submitted,

FRANK M. MAXIM

HOME ECONOMICS

To the Superintendent of Schools:

The Home Economics classes this year include fifty-four girls from both junior and senior high schools. Courses are being given in accordance with the Home Economics outline recently revised by the State Department of Education.

The girls of the seventh and eighth grades and the senior high school have completed one-half year of foods, the Freshmen one-half year of clothing. These courses change at the beginning of the second

semester—the grades and senior high taking clothing care and cost, while the Freshmen take up the care of the home.

Home practice work should be a part of every girl's school program. Real problems are taken from the home and the girls should be allowed to solve or help solve these problems.

Practically every girl in our home economics classes lives in the midst of the household arts in which we are trying to train her. The situation is ideal for the Home Project method of instruction. The question is, "What are home projects and how are they conducted?"

A home project is a job to be done at home, but it is not simply a job—it is an educational job. It is chiefly for the purpose of acquiring skill and managerial ability.

Home projects are conducted through the cooperation of mother, pupil and teacher. The girl decides upon certain home duties which she wishes to become more skilful in. After consulting her mother, she brings the plan before the class for discussion of the best method by which the project may be carried on. The plans are made by the girl, approved by both mother and teacher and the girl proceeds with the problem. An account of the time, improvement and success of the project is kept by the girl. When the project is finished this report is passed in with the mother's comments and extra credit is given.

This year a few of the girls have taken up home project work. We sincerely hope the mothers will feel free to offer suggestions and criticize.

During the winter months a hot lunch has been served to the students who remain at the school building during the noon hour. We wish, however, that more students would partake of this as the

advantages of hot food are many. The hot lunch properly conducted results in better health, greater enjoyment of the noonday meal, improved eating habits, better school work in general, and more regular school attendance.

The installment of the electric stove purchased from the Gould Electric Company reduced the rate for all over fifty kilowatt hours from 12c to 3 1-2c net for the entire system. This means that double the kilowatt hours may be used without increasing the bill much.

I wish to thank the parents and friends of the school by their interest and help have made possible the success of this department.

Respectfully submitted,

LOIS R. HIGGINS

AGRICULTURE

To the Superintendent of Schools:

Agriculture in the Mapleton High School is something quite recently undertaken, and is of a nature and practice probably not very well understood except by those most closely connected with the work of the high school. The course deals almost wholly with improved methods of growing potatoes, and is essentially a project course; that is, those students who take the course are required to grow and keep an expense account on a small plot of potatoes during the summer following the course. This year we are giving the course double periods for five days a week. We commenced class work January 14, and we will continue until March 29, 1929. Last year each boy except one finished his project, and there were ten boys who took the course.

The course is under the supervision of Mr. Hill Hill of Orono, a representative for the State, and the course is controlled and financed by the State and U. S. Government jointly. There is, therefore, absolutely no expense to the town for a course which we are trying to make helpful and practical to some of the future agriculturalists of Mapleton.

Respectfully submitted,

WALLACE HIGGINS

WARRANT

State of Maine
Aroostook, S. S.

To Fred A. McGlaulin, a Constable in the town of Mapleton, in the County of Aroostook and State of Maine.

Greeting:

In the name of the State of Maine you are hereby required to notify and warn the inhabitants of the town of Mapleton, qualified by law to vote in town affairs to assemble at the Methodist Church in said town of Mapleton on the eighteenth day of March, A. D. 1929, at ten o'clock in the forenoon to act on the following articles to wit:

ART. 1.—To choose a moderator to preside at said meeting.

ART. 2.—To choose a Town Clerk for the ensuing year.

ART. 3.—To see if the town will vote to accept the town report as printed.

ART. 4.—To choose selectmen, assessors and overseers of the poor for the ensuing year.

ART. 5.—To see if the town will elect a road commissioner, or leave the care of the roads with the selectmen.

ART. 6—To choose a Town Treasurer for the ensuing year.

ART. 7—To choose a collector of taxes for the ensuing year, and vote his compensation, also to see what part of his compensation the town will vote to pay him before settlement is made in full.

ART. 8—To choose all necessary town officers for the ensuing year.

ART. 9—To see what date the taxes shall be due, and what date any part thereof shall be collected, also if the town will vote to charge interest on all taxes remaining unpaid November first, 1929, and what per cent.

ART. 10—To see what sum of money the town will vote to raise for common schools for the ensuing year.

ART. 11—To see what sum of money the town will vote to raise for high school for the ensuing year.

ART. 12—To see what sum of money the town will vote to raise for highways and bridges for the ensuing year.

ART. 13—To see what sum of money the town will vote to raise for the repairs of school houses, and school appliances for the ensuing year.

ART. 14—To see what sum of money the town will vote to raise for text books and supplies for the ensuing year.

ART. 15—To see what sum of money the town will vote to raise for town officers for the ensuing year.

ART. 16—To see what sum of money the town will vote to raise to pay incidentals for the ensuing year.

ART. 17—To see what sum of money the town will vote to raise to pay interest for the ensuing year

ART. 18—To see what sum of money the town will vote to raise for the support of poor for the ensuing year.

ART. 19—To see what sum of money the town will vote to raise for mothers' aid for the ensuing year.

ART. 20—To see if the town will vote YES or NO on the question of appropriating and raising money necessary to entitle the town to State aid as provided in Section 19, of Chapter 25, of the revised Statutes of 1916.

ART. 21—To see what sum of money the town will vote to appropriate and raise for the improvement of the section of state aid road as outlined in the report of the State Highway Commission, in addition to the amount regularly raised for the ways, highways and bridges, under the provisions of Section 18, Chapter 25, of the Revised Statutes of 1916, or under the provisions of Section 21, of Chapter 25, of R. S., amended by Chapter 258, Public Laws of 1917.

ART. 22—To see what sum of money the town will vote to raise for lighting streets for the ensuing year.

ART. 23—To see what sum of money the town will vote to raise for Memorial Day expense.

ART. 24—To see if the town will vote to authorize the Selectmen and Treasurer to make temporary loans.

ART. 25—To see if the town will vote to raise a sum of money, and if so how much, to be expended by the Board of Health for the suppression and prevention of tuberculosis.

ART. 26—To see what sum of money the town will vote to raise to be turned over to the Stapleton Fire Company, to be used for fire protection.

ART. 27—To see what sum of money the town will vote to raise for insurance and light for the ensuing year.

ART. 28—To see if the town will vote to raise a sum of money to maintain State aid and third class roads in said town, and if so how much, for the ensuing year.

ART. 29—To see what sum of money the town will vote to raise to pay outstanding notes and town orders for the ensuing year.

ART. 30—To see what sum of money the town will vote to raise and grant to be expended and used for advertising the natural resources of the State of Maine.

ART. 31—To see what sum of money the town will vote to raise to repair sidewalks for the ensuing year.

ART. 32—To see if the town will vote to pay Laura B. Crawford the sum of forty one dollars and seventy cents for gravel used on road in 1928.

ART. 33—To see if the town will raise a sum of money, if so how much, to be expended on the Simpson road, so called.

ART. 34—To see if the town will vote to authorize the Selectmen to discontinue the road around Condon hill, so called.

ART. 35—To see if the town will vote to authorize the School Board to erect warning signs near school houses, and if so raise a sum of money to pay for same.

ART. 36—To see if the town will accept the plan of the State Highway Commission, for State and County aid, to build the Brennan Bridge, so called, and raise the amount of \$3,887.00, the town's portion of the cost, also to see how said money shall be raised.

ART. 37—To transact any other business that may legally come before said meeting.

The Selectmen hereby give notice that they will be in session at the Methodist church March 18th, 1929, at nine o'clock in the forenoon for the purpose of correcting the list of voters.

Given under our hands at Mapleton this 4th day of March, 1929.

HARRY M. HUGHES,
W. B. WADDELL,
EDWARD J. BULL,

Selectmen of Mapleton
