REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee and Citizens of the Town of
Greene:

I wish to submit for your consideration my third annual public report of the conditions of your school system.

This year has witnessed the adoption of a new system of reading. Excellent results are being obtained and as the teachers become more familiar with the new method we have every reason to believe that our reading problem will be lessened.

Our textbooks in arithmetic are old and badly worn. Our teachers are at the present time working on several new texts in an endeavor to find the one most suited to our needs. In the adoption of a new book I believe that the advice of the teacher who uses the book, should to some extent, govern the selection. These reviews will be completed by the spring term and selection made at that time. This does not call for any additional appropriation for the amounts usually set aside for replacement will furnish the new books.

The general character of the work done in all the schools this year has been excellent. Never before have all the schools been kept in a more sanitary condition.

The repair work this past summer consisted of the general cleaning and minor repairs always found necessary at the close of school. Besides this the windows were changed at the Morse school and the room papered, painted and whitened. This room is now very neat and attractive.

This coming year besides the usual general repairs

we hope to paint at least two of our schoolhouses outside. New floors should be laid in the entries at the Mountain and the Morse school, the front sill should be repaired at the Mountain and the sink spout made more sanitary at the Morse.

The health work consisted of an examination by Doctor Crites and a notification to the parents. Much good has resulted from this work. As soon as suitable plans can be devised I hope to have some follow up work which ought to improve conditions.

Our music this year was in the hands of Mrs. Ruby Briggs of Mechanic Falls, I inclose her report here:

REPORT OF MUSIC SUPERVISOR

To the Superintendent of Schools:

It is with pleasure that I submit my second annual report to the citizens of Leeds and Greene.

In regard to the good will that exists between teachers, pupils and music teacher, I can only repeat what I said last year, all has been very pleasant. This year I have laid out work for the teachers, to be undertaken, during the winter months when it is impossible for me to make my visits.

We put on an Operatta entitled, "Aunt Druscilla's Garden", at the Children's day at Leeds and this gave me a good opportunity to develop some individual voices as it carried a large cast. I intend to use the same thing at Greene for Children's day.

Quite a bit has been done with two-part work this year and I hope to demonstrate some of this at graduation.

There are surely some splendid voices even among the tiniest tots who have just started in school this fall.

It was with regret that I closed my duties this fall for knowing the teachers and pupils still better a warm friendship has sprung up among us all which I think is very essential if we study music together.

A great teacher once told me, "You are building for

eternity when you teach boys and girls to sing." I firmly believe it.

In closing I wish to thank parents, pupils, school boards, teachers and superintendent for the hearty co-operation received.

Respectfully submitted,

MRS. RUBY BRIGGS.

The attendance this year has fallen below the average for the past few years due chiefly to two causes: Small attendance at the Hill school and the opening of a church school at Sabattus. The attendance report given here may not be exact to date but was accurate a few days ago.
