Let Us Not Forget

The beginning of a New Year, in our Plantation, has seen the return of many of our "Boys" who left us two, three and four years ago. We are most happy to "Welcome" you back home, realizing and appreciating your services to the extent, that had it not been for your gallant service in every part of the globe, we would not be enjoying the freedom that is ours at the present time. We cannot express our thanks to you, as we would like to, but be assured we are proud of "You" and stand behind you in any of your undertakings; if we can be of any assistance, no matter how small we will be there to help you.

To those who are still in the Service, even though you have accomplished your mission, our thoughts are with you wherever you may be we are looking anxiously forward to having you join the ranks of our returned veterans, and being among us as civilians once again.

The last twelve months have meant the loss of two more of our boys, William B. Doughty and Paul P. Wilson. Our sincere sympathy goes out to the immediate families of these youths. We share their sorrow with them and wish there were some way in which we could alleviate the heavy burdens which has become theirs through this terrible world conflict.

We extend in behalf of the Plantation the best wishes of "Success" to our returned Veterans; our continued support and pride of those still serving "Our Country" and to those meritorious of the "Gold Star" our everlasting memory of your noble and gallant sacrifices. Your contribution to our freedom of course never can be repaid, but we will be ever mindful of your services by pledging our utmost to your "Buddies" who have returned.

We pledge ourselves to you 'till "Time Is No More."

To the Inhabitants of Jackman Plantation

March 18th, 1946, brings to a close our last fiscal year and the beginning of a new one. Your Plantation officers have tried to render you a non-partisan administration, and to extend the money budgeted to the most advantageous point and therewith submit their Annual Reports of the financial condition of the Plantation of Jackman for the fiscal year.

Included in this report are those of the Selectmen, Overseers of the Poor, Road Commissioner, Treasurer, Clerk, Superintendent of Schools, Post-War Planning Committee and the complete audit for the year ending March 1st, 1945.

For the second consecutive year the Plantation has been awarded the certificate of Superior Merit for its Annual Report for the fiscal year ending March 1st, 1945.

Amid much criticism your officers have tried to serve to their best ability, knowing of course that the Inhabitants of the Plantation realize the many duties and responsibilities which are your officers' plus Plantation work. We know you too, must share in the pride of the accomplishments of recent years; you will note that our Town Debt is at present only the Bonding issue of \$9,000.00 as against a debt of \$21,600.00 on March 1st, 1942 which means an actual gain of \$11,600.00 during '42-'43-'44; and a \$1,000.00 reduction during '45: which is all the Plantation is allowed to pay on their bonded debt. The sum of \$1,300.00 was borrowed for the purpose of building the septic tank, if the Plantation so wishes it can be easily paid from the present cash on hand, thereby eliminating the appropriation.

We know the tax rate has been rather high, but we must remember too, that our timberland valuation has dropped considerably plus several other losses through fire which have not been replaced. We are appreciative of your co-operation, and trust that you too are gratified with the present status.

We wish to thank all the Inhabitants of our Plantation for the splendid support they have given us in our many appeals, during all the drives. Your contributions have resulted in publicity for your Plantation.

Many of the duties imposed on your selectmen during the last four years, the greater part of which the inhabitants are not aware of, because they have been done with no compensation and no complaining on the part of the individuals doing it, have been lessened with the cessation of hostilities, and from now on will be eliminated completely, making it easier and allowing many more hours for your officers to devote to your individual needs. We are grateful to those of you who have helped us share our heavy load and know that you feel as we do, that these services continually rendered have been for a very worthy cause, and were the ones deserving first consideration during time of War.

Our sincere thanks to everyone who has contributed in any way towards the accomplishments of our Plantation; to all officers who have served, either for compensation or "gratis"; we appreciate your services.

Our sincere thanks to all of you and trust that you will go on giving your help that the fullest measure of "Success" may be attained.

Respectfully submitted,

RALPH J. LETOURNEAU

EDWARD H. GILBERT

TAX LIENS

The following are tax liens, recorded in Somerset County Registry of Deeds, on March 1st, 1946 and now held by Plantation Treasurer.

Joseph Boulette, property
Francis Doyon, lot
Clara Fortier, Div., property
Verne Hutchins, property
Horace Murtha, lot
Henry Turcotte, lot

These liens have been placed on the non-payment of 1945 taxes and such properties which remain unpaid will revert back to the Plantation on September 1st, 1947 respectively.

The following Tax Liens placed on non-payment of 1944 taxes which still remain unpaid at this date and which will revert to the Plantation on Aug. 23rd and 24th, 1946, if unpaid at that time:

Osborne Blanchard, property
Clara Fortier, Div., property
Blanche O'Brien Est., property

TOWN DEBT

Report of the Supt. of Schools

To the School Board and citizens of Jackman, I herewith submit my annual report on the condition and progress of the school for the 1945-1946 school year.

Enrollment:	Grade 1B	6
	Grade 1A	5
	Grade 2	4
	Grade 3	3
	Grade 4	3
	Grade 5	7
	Grade 6	7

	Grade 8	7
	Grade 9	19
	Grade 10	4
	Grade 11	7
	Grade 12	9

Faculty:

We were fortunate again this year to retain three of our last year's faculty: Mr. Erskine, Principal of the High School whose report follows; Mrs. Nichols, primary teacher, and Mrs. Johnston, teacher of the grammar grades. These teachers are conscientious, hard working and their pupils are making good progress. Mr. Erskine and Mrs. Johnston attended summer schools this past year.

The resignation of Mr. and Mrs. Fuller at the close of the spring term made it necessary to get a new English and French teacher and one for the commercial department.

Mrs. Vera Wilson, who was hired for the first position, has had ten years of experience in the schools of Massachusetts. Her year here has been most successful. We are fortunate in having a teacher of her ability to take this important position.

Miss Patricia Hayden of the commercial department is a recent graduate of the Maine School of Commerce Teacher Course. This is her first teaching experience and she is making a success of it. Not only is she successful in her school work but she is popular with the students and has taken her place in the community and extra-curricula activities.

Last year we raised seven hundred dollars for repairs to the building. We hoped to have the outside trim repainted, the windows and sashes puttied and painted as well as some renovating inside. However, we were unable to get it done because there was no man available to do it. I hope that it can be done this coming summer as it is badly needed.

The heating system needs to be replaced with a more efficient one. The present system is inefficient, dirty and dangerous. I think it would be wise to appropriate a sizable sum each year beginning now so that some remodeling may be done and some equipment added.

I would suggest the following order:

1. New heating system
2. New plumbing
3. Arrange for more adequate lighting facilities
4. New seats for the primary room
5. Enlarge and equip laboratory
6. Buy some visual education equipment

You have reason to be proud of the pupils attending Jackman Consolidated School. They are a fine group of boys and girls and they deserve a better equipped building in which to work.

School costs show no signs of decreasing and will not do so until cost in other areas begins to drop. The average school tax rate for the state went up two mills this year while that for Jackman increased 1.5 mills. We are still .00431 below the state average which is now .01800 mills.

To all who have cooperated to make this a successful and pleasant year, I wish to express my appreciation.

Respectfully submitted,

GLENN M. ROBINSON

Total	22

The following boys have entered the armed forces since September: Leon Doyon, Aime Vigue, Rodney Wilson, Edward Fogg.

Three tuition pupils, Aime Vigue, Rodney Wilson and Zilla Crawford have left since the beginning of the year. The total of tuition pupils is now 19.

Mrs. Vera Wilson is not an entirely new teacher as she did substitute work last year for nine weeks. Mrs. Wilson, a graduate of Colby College, Waterville, Maine has had several years of successful high school teaching experience in Massachusetts. She is very conscientious and thorough in teaching her subjects and is working hard for the best interests of the pupils. Her work in dramatics, graduation and in speaking contests is especially helpful in extra-curricula activities.

Miss Patricia Hayden of Caribou, Maine, a graduate of the Maine School of Commerce, Bangor, Maine is new to the school. Miss Hayden is very well prepared in her subjects and is also working hard for the best interests of the pupils. The GREMLIN, the new school paper and the Girls' Hiking Club were started by Miss Hayden and are being carried on under her capable supervision. Girls' basketball is supervised by Miss Hayden.

The pupils have shown seriousness of purpose and an especially fine spirit of cooperation in their school work for the most part. We have really enjoyed working with them.

Langdon Holden has coached the boys' basketball team and is deserving of credit for having given so much time and effort in helping the boys. Robert Henderson and Joseph Nowosielski have helped much with girls' basketball. We wish to thank them very much and also any others who have assisted in any way with any of our school activities.

Our Freshman Reception and School Fair were very well received and patronized.

The school needs very much a mimeographing machine.

I wish to thank the parents and friends of the school for their splendid cooperation and support.

It is especially gratifying to have had the continued interest, the whole-hearted cooperation and support of the School Board and Superintendent.

This has been very helpful in the work of the school. It has been a pleasure to work with such a fine group.

Signed:

MAXWELL M. ERSKINE,

Principal of Jackman High School

Health Officer's Report

To the citizens of Jackman Plantation the Health Officer submits the following report.

This report will, therefore, be limited to incidence of contagious diseases for the past year.

During this time there were eighteen cases of contagious disease in the community. A summary of the types of illness in this class is as follows:

Chicken pox: 11 cases. (Scattered throughout the year at irregular intervals).

Malaria: 4 cases. (Contracted South Pacific).

Whooping Cough: 1 case. Reported.

Mumps: 1 case. Reported.

Tuberculosis: 1 case. Reported. (Placed in Sanitarium).

The law restricts birth, marriage, and death records in this report. Chapter 320 of the Public Laws, 1945.

Respectfully submitted,

SIDNEY F. DOUGHTY,

Health Officer, Jackman Plantation

Report of Public Health Nurse

January 1 to December 31, 1945

Peace, with its promise of hope for a better world, has also brought us greater responsibilities as well as larger opportunities. Disease is always with us but preventive measures have been found for many communicable diseases. Let us strive for greater health protection and education for our community.

Through the interest and cooperation of your Health Committee, your Bureau of Health nurse did Tuberculosis Patch testing of all students in the village school and day pupils at the convent who wished it. Audio-meter (hearing) tests were done on all upper grade children in the village school and convent.

Typhoid and Diphtheria immunization clinics were held in the schools with Dr. Szanton the attending physician. It is regrettable that more adults did not take advantage of these clinics.

Two health movies were shown in the school. Due to irregular meetings of the committee it seemed difficult to arrange for movies for the community. It is hoped that in the future more of the townspeople will become interested in community health when regular committee meetings are held. In this way the services of your Public Health Nurse may be much more effective.

Teached-nurse conferences were held from time to time.

In the fall the Sisters at the Sacred Heart Convent requested a demonstration of the Vision Testing, using the Snellen E Chart. Recording of the vision and hearing tests and reporting of the defective cases were also discussed. Early vision and hearing corrections can mean much to the future of a child and may prevent a life long handicap. The value of the Pupils' Health Record was taken up and many questions were asked about other School Health problems.

Respectfully submitted,

JENNIE A. YORK,
Bureau of Health
Public Health Nurse

Postwar Planning Committee

At the last annual Plantation meeting, held on March 19th, 1945 the following committee was elected to serve for another year: Percy L. Colby, Fred S. Moore, Ralph J. Letourneau, V. L. Szanton, M. D. and Arlene R. Letourneau.

We have held two meetings during the year at which time many things were discussed and many suggestions offered.

At the present time we have fifteen hundred dollars (\$1500.00) in a Post-War Savings Account, and trust that this will be used to the most advantageous point, by a vote of its citizens at the current town meeting.

After much deliberation and serious thought, the committee wishes to go on record, as first recommending the utilization of Post-War money for fire-fighting equipment; second, repairs on the High School Building; and third, that serious consideration be given to the improvement of our sidewalks.

The meetings have been attended by every member of the Committee, and your Chairman wishes in behalf of the Plantation to thank them most sincerely, bearing in mind particularly that their services have been "gratis."

We appreciate the opportunity given us to have served you another year and trust the result of the Committee's efforts will be satisfactory to the Inhabitants of our Plantation.

Respectfully submitted,

ARLENE R. LETOURNEAU, Chairman

Auditor's Report

To the Inhabitants of Jackman Plantation:

Following instructions from your Selectmen, I have made an examination of the accounts of your Town Officials for the Municipal Year ended March 1, 1945.

My examination was made in accordance with generally accepted auditing standards applicable to the circumstances and included all procedures which I considered necessary.

In my opinion, based upon such examination, the accompanying Exhibits and Schedules fairly present the financial condition of your Municipality as of March 1, 1945, and results of its operations for the Municipal year then ended.

The data obtained is summarized in the following:

Comments

- Exhibit A—Comparative Balance Sheets
- B—Treasurer's Cash Statement
- C—Tax Collector's Report
- D—Summary of Plantation Accounts

- Schedule 1—Analysis of Changes in Net Debt
- 2—Overdrawn and Unexpended Balances
- 3—Abatements
- 4—Accounts Receivable
- 5—Trust Funds

COMMENTS

CASH

All receipts as recorded were examined and the cash for same was found to have been properly accounted for by the Treasurer, as summarized in Exhibit B.

Expenditures were made by check and compared with the Warrants drawn by Selectmen, as shown by total Warrants drawn in Exhibit B, and detailed to proper departments in Exhibit D. All Warrants drawn have been paid.

The cash balance reconciled with the Bank Statement at the close of the Municipal year, plus cash on hand, as shown by reconciliation in Exhibit B. Deposits in transit were verified by subsequent bank statement and receipts from bank. The outstanding checks were verified by checking with Warrants and also by the checks themselves as returned from bank in subsequent months. All banking is done with the Guilford Trust Company.

TAXES

The 1944 tax commitment was added and found to agree with assessors' records. The total amount committed was accounted for by cash to the Treasurer, authorized abatements, discounts allowed, or remained unpaid as summarized in detail in Exhibit C.

All payments received on back taxes and liens were examined.

EXCISE TAXES

The Excise Taxes were checked from the triplicate copy of the receipts, and schedule covering these taxes is included as part of Exhibit C. Three receipts amounting to \$11.38, were apparently overlooked by the Collector in settling with the Treasurer. This matter was taken up with the Excise Tax Collector who has agreed to its correctness, and therefore it has been set up as Accounts Receivable, as being due from your Collector. Total of 1944-45 Excise Taxes has been carried to reduction of Net Debt as shown in Schedule 1.

NET SURPLUS

Exhibit A indicates that at the end of your Municipal Year there was a Net Debt of \$4,297.36, compared with a Net Debt of \$5,034.13, at the beginning of the year. This shows a decrease in the Net Debt of \$736.77, the analysis of which is shown on Schedule 1 of this report.

GENERAL

A check was made of numerous invoices and payrolls which indicate that they were properly and correctly recorded. The Town Clerk's records showed payments to the State Treasurer for dog licenses in the amount of \$71.60. This item did not go through the hands of the Treasurer. As some of the dog license records could not be found it was not possible to determine the number of licenses issued, but as the Town Clerk is held responsible by the Fish and Game Department for all licenses sent him, it is reasonable to suppose that he has remitted for licenses issued.

The records of the Treasurer have been exceptionally well kept and records of the Tax Collector show a big improvement over a year ago.

With the exception of Cash and Trust Funds, no external verification was made of your accounts.

In verifying Cash as of March 1, 1945, I noticed quite a few of the old taxes have been collected since the close of the last Municipal year, therefore no recommendation will be made at this time relative to unpaid taxes of prior years.
