# Superintendent's Report.

*To the Citizens of the Town of Rangeley:*

In compliance with the laws of the State, I present my annual report of the condition of the schools in town.

Owing to the burning of our village school house, we have been greatly handicapped in our work. The building was furnished with all the modern appliances, and many new books had been purchased for the coming year. We had an up-to-date, well equipped laboratory. We also had an excellent corps of teachers and there was every prospect of a successful year.

We were fortunate in securing rooms for the different grades and after a week's vacation we were able to again open the schools.

Through the kindness of the publishers we were allowed a special discount on school books and are now fairly well supplied with the same. As every thing in the laboratory was destroyed we have been obliged to omit Chemistry, from the course this year.

The teachers have worked hard and should be commended for their patience and faithfulness.

The new school building is well under way, and it is expected. will be ready for occupancy, April 1.

The teachers in the rural schools have, in nearly every case, done excellent work and the average attendance has been good. The White School House was plastered and a new platform and steps built last year. The grounds at Oquossoc were graded and this year the foundation of the school house will need to be looked after.

You will notice by the financial statement quite a balance unexpended. This is due to the fact that all accounts have balanced to Feb. 1, 1912, while last year the settlements were made at the close of the winter term Mar. 24.

In closing I wish to thank all who have helped me in any way, and especially the teachers and members of the School Board for the courtesy they have shown me.

Respectfully submitted,  
 Mrs. Sylvader Hinkley.  
 Supt. of Schools.

# Superintending School Committee's Report.

To the citizens and tax payers of the town of Rangeley:

We herein submit a brief of your Superintending School Committee's action, in regard to the calling for bids and contracting the steam heating of the School Building.

At the last Annual Town Meeting, twelve hundred dollars, (\$1,200 00) were appropriated for the above purpose.

Plans and specifications for an up to date steam plant were secured from the Magee Furnace Co., of Boston and bids called for.

Bids as follows, on the plans mentioned, were received from F. E. Wheeler of Portland, two thousand ninety three dollars (\$2,093 00) J. A. Russell & Co., nineteen hundred fifty dollars (\$1,950 00), both bids were considered excessive.

We then after making modifications of plans, called for more bids only one was received which came from J. A. Russell & Co., fifteen hundred dollars (\$1,500 00); as the modified plans called for, a larger amount of direct radiation than was specified in the Magee plans, J. A. Russell & Co's., bid of fifteen hundred dollars (\$1,500 00) was accepted,

Then come the fire of Oct 29th last, which destroyed our School Building and considerable of the heating plant which was about complet.

A special Town Meeting was called and voted to instruct the School Committee to get bids for the construction of a New School Building, to be built according to the old plans and also bids for new heating apparatus.

At an adjourned Town Meeting, Nov. 18th bids for a new building complete were submitted by the following contractors Anson Hoar fifteen thousand five hundred ten dollars (\$15,510 00): George Russell thirteen thousand seven hundred thirty five dollars (\$13,735 00): Cummings Construction Co., eleven thousand four hundred thirteen dollars (\$11,413 00).

A bid. of ten hundred twenty one dollars (\$1,021 00) by J. A. Russell & Co., for repairs and replacing of new portion to steam plant, was voted on and accepted at the adjourned meeting.

The School Building was insured for twelve thousand dollars (\$12,000 00), and books five hundred dollars (\$500 00). The Insurance Companies paid our Treasury eleven thousand two fifty seven dollars and fifty two cents (\$11,257 52).

To comply with the law we were during the past summer obliged to purchase a fire escape for the School Building.

No appropriation was made for same which cost one hundred sixty five dollars and seven cents (\$165 07)

Considerable money will have to be raised in order, to properly equip and furnish School Building which is to be completed March 31th, 1912.

Therefore call your attention to these few facts trusting they may receive due consideration at the next annual Town Meeting.

Respectfully submitted,  
by your Superintending School Committee,

J. Mathieson,  
Dr. F. B. Colby,  
C. C. Murphy,

### Report of Chief Engineer,

Rangeley Feb. 10 1912

There has been two calls for fires during the past year,, the first for a small fire in the C. C. Murphy, stable May 11. which was put out without turning on water at the hydrant, no loss.

The second alarm was for fire at the School House on Oct. 29th at 7-45 P. M. when I reached the fire it seemed to be confined to the basement, water was turned on and the fire was soon out in the basement, but it soon broke out in the attic, the fire having gone up the open spaces around the chimney and heating and ventilation pipes.

Practically all the building above the sills was destroyed with but little damage in the basement. Cause of fire unknown although it evedently caught in a pile of rubbish beside the boiler. Loss \$13,000 00
