# Dedication

**Norman Purinton**

**1919-2010**

**Mr. Purinton served on the Durham Budget Committee from 1959 to 1983.**

He was born in Berlin, N. H., on May 6, 1919, a son of the late Carl R. and Edna (Day) Purinton. He also lived at Schooner Estates in Auburn for three years where he made many wonderful friends and they became like family to him. Norman moved to Lisbon Falls at the age of six months with his parents and his brother Donald. He graduated from Lisbon Falls High School in 1936 and Worcester Boys Trade School in Massachusetts in 1939. He joined the Army and spent time in Australia and New Guinea during World War II. He returned home from the war and married his sweetheart, Alberta Phyllis Goddard, on Jan. 20, 1945. Together they raised four children in the home he built on the Day Road in Durham. He was a member of Acacia Lodge 121 of the Masons in Durham for 46 years, member of American Legion Post 158 of Lisbon, a Boy Scout leader for Troop 109 during the late 50s and early 60s, he served on the Board of Directors at the Lisbon Community Federal Credit Union for many years, he was a U.S. postal carrier in Lisbon Falls for more than 30 years, worked part time at the Lisbon Trading Post in Lisbon Falls and served on the Durham Budget Committee from 1959 to 1983. His son Allan began serving the Durham Budget Committee in 1983 after his father's retirement from the Budget Committee.

## 2010 Town Clerks Town Report Information

---

2010 has certainly been a trying year. Starting with the loss of the Chairman of the Board of Selectmen, Wesley Bennett. He ran a meeting like a chain saw to him or like flying his aircraft! We, the residents of Durham were fortunate to have him on the Board for twenty years. This was a hard time to get through for he would always spend a great deal of time at our office sharing local information, gathering information or just inquiring about us and our families. He was truly a special, warm hearted man. Rest in peace, Wes. We are doing the best we can here without your experience and keen sense of humor. We will always keep your picture in our office with your smile keeping us humble.

Secondly, the Administration office which has been vacant made it difficult on the staff in the office due to the extra work load above and beyond our own duties. Overall a great impact. We are pleased with the selection the Selectmen made to hire Janet L. Smith to fill the position of Administrative Assistant to the Board of Selectmen. We welcome her with with open arms, and wish her the best in all her doings for the Town of Durham.

A sincere thank you to my Warden, Jill, my election clerks, Beverly, Cheryl, Rocky, Coleen, Nancy, Barbara, & Priscilla. Duncan for his expertise in CVR (Central Voter Registration) and providing our Durham Channel beautiful welcome page photos of local sites here in Durham.

Services provided by the Town Clerk / Registrar:

- Hunting, Fishing and all other game related licenses, stamps or permits.
- Snowmobile and All-Terrain Vehicle registrations.
- Boat registration.  
These first three services may be completed online for your convenience at [www.maine.gov](http://www.maine.gov)
- Dog Licenses.
- Marriage Licenses and ceremonies.
- Certified copies of Births, Marriages and Deaths.
- Burial Permits.
- Old and current Town Records.
- Recording of all Town Meetings and supervision of Elections.
- Voter Registration and absentee voting.
- Notary Public and Dedimus Justice Services.

**Respectfully Submitted,  
Shannon R. Plourde, CCM**

**RSU No. 5 Superintendent of Schools Report  
To the Citizens of Durham, Freeport, and Pownal**

Dear Citizens,

The communities of Durham, Freeport, and Pownal are deeply committed to developing effective schools that are a source of pride to parents and citizens. Teachers, staff members, children, parents, and volunteers work together to insure a strong academic program; one we are constantly striving to make even better. It is a pleasure for me to work with the RSU No. 5 community and to submit this report to the citizens of Durham, Freeport, and Pownal for the period of July 1, 2009 through June 30, 2010.

The past school year was a very busy and productive time for the district. The RSU5 Board of Directors adopted a Strategic Framework, a bold and ambitious document that will guide decision-making at multiple levels. District academic program and financial commitments were defined as were performance indicators to gauge our success relative to the Strategic Framework. The full document can be found on-line at [www.rsu5.org/strategicplanning](http://www.rsu5.org/strategicplanning). Please contact me at [welshs@rsu5.org](mailto:welshs@rsu5.org) or at 865-0928 x5 if you would like more information or would like to discuss any element of the framework. On March 29, 2011 at 6:30 p.m. an Education Forum on this important work will be held in the Freeport Performing Arts Center. I look forward to seeing members from all three communities at this event.

Each of the towns in the RSU is fortunate to have concerned and involved citizens participating in shaping and governing the RSU. I would like to thank the elected officials, parents, and other involved citizens for their efforts this past year on behalf of all of our children. Our Board of Director members representing Durham are Cori Holt, Jane Blais, and Greg Wilson; members representing Freeport are Karin VanNostrand, Brenda Kielty, Nelson Larkins, John Morang, Beth Parker, and Peter Murray; and members representing Pownal are Eric Dube and John Green. They work together as a strong team to set policies that promote the best and most cost effective educational program for our students. We are fortunate to have community members who are willing to commit the time and leadership needed to fully represent the RSU community as educational leaders.

The budget process will formally begin on Tuesday, March 22nd and Wednesday, March 23rd at 6:30 p.m. in the Freeport High School Cafeteria with a detailed presentation of the proposed 2011-2012 budget. There will be numerous budget meetings during the process which ends in late May/early June with the Annual Budget Meeting and Referendum vote. We encourage you to be part of this important work.

I would also like to thank our parent groups, athletic boosters, other organizations, volunteers and community members whose efforts enhance the educational opportunities offered to our students. We have unlimited potential and I am pleased to be a part of RSU's learning community.

Sincerely,

Shannon L. Welsh, Ed.D.

**9-1-1**

This has been a busy year. Emergency calls were up; 27 for fire and 29 for the rescue. The call volume coupled with training requirements is starting to place a big demand on member's spare time. This year we added Fire Police to assist with securing scenes and traffic control in an attempt to alleviate some of that burden and to free up emergency apparatus. We've added a few new members but we are always looking for more so anybody that is interested should stop in or call 353-2473.

The trim around the overhead doors at the station was replaced. Forestry 1 a 1967 Ford that was Federal Excess Property was replaced with a 2011 Ford Forestry built by Dingee Machine in Cornish New Hampshire. The Department was the recipient of two grants a Rural Community Fire Protection Grant which purchased some new forestry hose and fittings, and a grant from MMA Risk Services to purchase an accountability system for personnel. The Hazard Mitigation Plan for the community was updated and should receive approval from FEMA sometime next year.

I would like to recognize the Department's 2009 overachievers. The Officer of the Year was Captain Michael Lacasse Jr., Firefighter of the Year was FF2/EMTI John Faith, EMS Provider of the Year was FF2/EMTI Andrew Primavera, Rookie of the Year was FF2 Anthony Bradstreet, and Explorer of the Year was Steven Faith.

Any person wanting to burn logs, brush, grass, pasture, blueberry land, or have a campfire is required by Maine Law to obtain a burning permit.

There are time frames in which burning can and cannot be done, based on the availability of Fire Department personnel. The class day and local weather conditions play a part in determining whether burning permits will be issued as well.

The individual who signs the permit is legally responsible for the fire. They are required to make sure all safety precautions, and time frames are adhered to. The fire must be attended at all times. The person signing the permit is legally responsible for any damages or suppression costs resulting from the fire.

On Saturdays and Sundays permits are available at the Fire & Rescue Station, from 9 AM to 11 AM. On weekdays permits may be obtained at the Fire & Rescue Station, after 9 AM, but are controlled by availability. So please plan, and call ahead. There is also a new method of obtaining burning permits. They may be obtained online at <http://www.maine.gov/burnpermit/>, however there is a \$7. fee for a two day permit.

# BOARD OF ASSESSORS REPORT 2010

Donna Hays serves as agent to the Board of Assessors. She reviews all new construction and properties that have building permits or are being carried as unfinished on the Town's records. The agent also processes all the property transfers and reviews the applications for exemptions. Ms. Hays works two Mondays each month and if you wish to speak with her about your valuation, please call the Town Office.

## WAYS TO REDUCE YOUR PROPERTY TAX

The Town of Durham completed a full revaluation for the April 1, 2010 tax year. The following information is provided in an effort to help reduce your property tax burden. All applications are available at the Town Office or by visiting the Maine Revenue Services web site at [www.maine.gov/revenue/propertytax](http://www.maine.gov/revenue/propertytax).

### Property Tax Exemptions

#### Homestead Exemption

Under this law, homeowners are eligible for a \$10,000 reduction in valuation. In order to qualify you must have owned homestead property in Maine for at least twelve months prior to April 1<sup>st</sup> and make the property you occupy your permanent residence.

#### Veteran's Exemption

A homeowner may be eligible for a reduction in the valuation of their property if they:

- 1 Have their permanent residence in Durham on April 1<sup>st</sup>
- 2 Are a veteran who was honorably discharged
- 3 Served during a recognized war period in the U.S. Armed Forces
- 4 Are 62 or older or an unremarried widow/widower of a qualifying veteran
- 5 Are under 62 but 100% disabled due to a service-related disability

An application along with proof of service and discharge, such as a copy of their DD214 must be provided. For veterans who served during World War II or later the exemption is a \$6,000 reduction in valuation.

#### Paraplegic Veteran

A veteran who received a federal grant for a specially adapted housing unit may receive an exemption of \$50,000 in valuation.

#### Blind Exemption

A homeowner who is determined to be legally blind by a medical doctor receives a \$4,000 exemption.

All of the above exemptions require a completed application and may require additional information to support the claim for exemption. All applications must be submitted to the Town Office no later than April 1, 2011.

### Current Use Programs

The State of Maine offers the following "current use programs" which give the property owner a reduction in their assessed value. Applications for all these programs are available at the Town Office or at the Maine Revenue Services web site and must be filed on or before April 1, 2011. In order to be eligible each program has certain criteria that must be met and any change in use of the land warrants withdrawal from the program and a penalty assessed.

### **Tree Growth**

This program provides for the landowner with at least 10 acres of forested land who wishes to maintain land for the planting, culture and continuous harvesting of trees. A Forest Management and Harvest Plan must be prepared and submitted with the application. Applications must include a map of the parcel indicating the forest type breakdown as well as all other areas not classified as tree growth. The 100% valuation per acre for each forest type by county is determined by the State Tax Assessor each year. If the classified parcel no longer meets the criteria of eligibility or the landowner withdraws from the program a penalty of an amount between 20 and 30% of the difference between the tree growth value and the fair market value will be assessed depending on the amount of time in the program.

### **Farm Land**

In the farmland program the land must be used for farming, agriculture, horticulture and can include woodland and wasteland. At least 5 contiguous acres of land is required and the tract must contribute at least \$2,000 gross income from farming activities per year in one of the two or three of the five calendar years preceding the date of application. If the property no longer qualifies as farmland or the landowner withdraws from the program then a penalty equal to an amount of taxes that would have been paid in the last five years had it not been in the program, less the taxes that were originally assessed, plus any interest on that balance will be assessed.

### **Open Space**

Under this program no minimum acreage is required and the tract of land must be preserved or restricted in use to provide a public benefit such as public recreation, scenic resources, game management or preserving wildlife habitat. Classified land is valued by reducing the fair market value in accordance with a cumulative percentage reduction for which the land is eligible according to certain categories.

- 1 Ordinary Open Space – 20% reduction
- 2 Permanently Protected – 30% reduction
- 3 Forever Wild – 20% reduction
- 4 Public Access – 25% reduction

If the property met all of the above requirements, the owner would see a cumulative reduction of up to 95% on the classified land. If the classified parcel no longer meets the criteria of eligibility or the landowner withdraws from the program a penalty of an amount between 20 and 30% of the difference between the open space value and fair market value will be assessed depending on the amount of time in the program.

## **Maine Residents Property Tax and Rent “Circuit Breaker” Refund**

This is a program offered directly through the State of Maine where eligible Maine residents can receive a partial refund of property taxes and/or rent paid on their primary residence. To be eligible for the general portion of the program you must have been a resident of Maine for all of 2009, maintained a homestead in Maine for all of 2008 and lived in your homestead for at least six months during 2009. Your refund is based on your total household income and the percentage your property tax was of that income. Applications may be downloaded from Maine Revenue Service website [www.maine.gov/revenue/forms/homepage.html](http://www.maine.gov/revenue/forms/homepage.html) or you may call the forms line at 207-624-7894 or write the Maine Revenue Service, SHS 24, Augusta, Maine 04333-0024.

Durham Historical Society  
2010 Annual Report

The Durham Historical Society was founded 35 years ago in 1976. We meet on the second Tuesday of each month at 6:30 pm at the Union Church (Old Town Hall), April through October. Again this year, we have met at the Eureka Community Center during the winter months. Anyone interested in attending is most cordially welcomed. Meeting dates and times are listed in the Durham Newsletter and on Channel 7.

This year the Durham Historical Society held a series of Open Days during the summer months. We opened the Union Church building for one Saturday afternoon in June, July and August. Public interest in the building and historical artifacts was very good. Another series of open days is planned for the summer of 2011.

Our Fourth Annual Quilt / Hooked Rug Show and Bake Sale, held on September 18, 2010, was our most successful fund raising event for the year. Proceeds benefit the Restoration Fund. We are fortunate to have many gifted local artisans willing to loan their beautiful handmade quilts and hooked rugs for the event. We are also grateful to the many talented bakers who generously donated baked goods for the food sale. The Committee at the Eureka Center graciously advertised and supported our event during the Bulky Waste Collection. We thank the community warmly for their continued support.

The Durham Historical Society hosted a presentation from the Maine Memory Network courtesy of Larissa Vigue-Picard. The Maine Memory Network is the state of Maine's on-line museum. Once cataloging is completed items for Durham may appear on-line.

The sign in front of the Union Church – Old Durham Town Hall has been scraped clean thanks to the hard work of Harry Arnold. The Historical Society will paint and update the sign in 2011.

Spaces are available on the memorial plaques for those who wish to make donation of \$50.00 or more to the Old Meeting House – Union Church 1835 Restoration Fund.

For information about the Durham Historical Society, please contact Rita Merrill @ 353-2477 or Margaret Wentworth @ 725-6935.

The Food Pantry and Clothing Bank serve the Towns of Bowdoin, Durham and Lisbon/Lisbon Falls. LACO is supported by seven churches, three towns, various fund raisers, grants and private donations. **All people who work at LACO are VOLUNTEER.** The Town’s support enables us to purchase food from Good Shepherd Food Bank at 16 cents a pound. The Food Pantry receives donations of non-perishable foods and clothing from citizens, churches, Durham Community School (Annual Food Collection November) and groups. **There is a Food Collection box at the Town Office. Citizens may drop off non-perishable Food donations during business hours.** L.A.C.O. has a new web site sponsored by one of the volunteers: [www.lacopantry.org](http://www.lacopantry.org) Thank you for your continued support. ## **9th Annual Giving Tree 2010**

The **9th Annual Giving Tree** was again a HUGH success. **Thanks to the Board of Selectmen for voting to allow this wonderful project.** There were over 90 tags available for gift giving along with Angel tags for monetary donations. **Special thanks to the citizens who took time out of their busy holiday festivities to give gifts, money and wrapping supplies.** There were extra toys given for gift giving which helps for tags that are not taken. This year the Durham Elementary School children donated new toys to the Giving Tree and knitted hats and mittens for Lisbon Area Christian Outreach children. Thanks to Pauline and Shannon for helping with the tag list. All the people who work on the Giving Tree project are **VOLUNTEERS**. This project is done in conjunction with the Lisbon Area Giving Tree. Thanks to Deb Larrabee for volunteering on the Durham side and Judy Goddard who volunteers on the Lisbon Side. ## **2010 Cemetery Committee Report**

At its first meeting the Committee held an election of officers and renewed the mowing contract for another year.

All cemeteries were inspected for winter damage. No major problems were found.

The Committee spent a great deal of time in researching and writing Rules and Regulations for the Town's public cemeteries. These Rules and Regulations were presented and approved by the Selectmen on June 15, 2010. Copies of the document were sent to all known owners of grave lots. Copies are available from the Town Clerk if anyone has need of these.

We are now advertising for a new contractor to mow and maintain the Town's cemeteries.

The Committee would like to thank all those individuals and organizations who voluntarily help maintain our cemeteries. Your generous spirit and work is greatly appreciated.

## **The Telecommunication Committee 2010**

This past year saw the implementation and completion of a number of telecommunications projects for the Town of Durham.

We redesigned the town's website and increased the information that is available while at the same time making it easier to use.

We established a Facebook and Twitter account for the town so that citizens can use those sites to follow what is happening in local government.

We are in the process of transitioning to an electronic newsletter. Those of you who have signed up to receive it (you can do this on the Durham website) got the newsletter sent to your email account. The electronic version of the newsletter allows for more content, more pictures and more graphics while eventually saving the town money and time. It is also a great way to reduce the town's carbon footprint. We hope to complete our transition to the electronic version of the newsletter by the end of summer. Of course for those who don't have access to a computer or who would rather receive a mailed edition, we will still print a small number of the paper versions.

Looking ahead to next year, we are in the process of updating the video equipment in the town office for broadcasting various municipal meetings and we look forward to integrating video and computer access at the Durham Community Center.

For information on any of these projects you can contact [geoffleighton@leightonimages.com](mailto:geoffleighton@leightonimages.com) or visit the Durham website at [www.durhamme.com](http://www.durhamme.com)

## **Durham Conservation Commission Report 2010**

The commission hosted a mid-March walk through the Old Crow Ranch property adjoining the Davis Road. The walk was intended to provide a fun introduction to geocaching and promote the benefits of conserving land through easements. Quite a few families participated and children enjoyed finding trinkets they located using GPS devices. Residents learned about current and future uses of the property, and natural history.

The spring River Park clean-up took place in April and coincided with Earth Day. Members of several Durham Girl Scout troops cleared trails and hauled off debris. Invasive Barberry was uprooted in some locations. New picnic tables were set out.

A cable was placed in the River Park to limit vehicular access to the carry-in boat launches and a sign was installed to indicate that the boat launches are carry-out.

The commission wishes to thank the community members who donated their time, talents, and labor to protect and manage our parks and lands.

## **Annual Report to the Town of Durham**

### **A Message from Senator Lois Snowe-Mello**

#### **Dear Friends and Neighbors:**

It is an honor to represent you in the Maine Senate, and I am grateful for the trust you have placed in me to work for the betterment of our region.

The State of Maine, like many of us, is experiencing tough economic times. Currently the state is facing an estimated \$800 million revenue shortfall for the next two-year budget. In order to bring the budget into balance, the Governor, along with the Legislature, must make some significant changes in the way state services are delivered and how taxpayer money is spent. We are committed to crafting a budget that reins in the unsustainable growth of state government, prioritizes core services like public health and safety, education, a safety net for our most vulnerable citizens, and our transportation infrastructure.

Despite the challenges we face, this is an opportunity to make state government more efficient, reduce the size of the bureaucracy, carefully review the effectiveness of current programs, and set Maine on a new course.

One of our first orders of business when the 125th Legislature convened in December was the passage of LD 1, An Act To Ensure Regulatory Fairness and Reform. The bill recognizes that one of the biggest impediments to job creation and keeping our young people in Maine is the regulatory burden the state currently imposes on business. Given this, LD 1 proposes to reach out to businesses and workers to identify duplicative and unnecessary regulations and eliminate or propose changes to these regulations in order to improve the business climate and encourage job creation and retention and expand opportunities for Maine people.

I am hopeful that by reining in state spending, prioritizing our wants and needs and developing strategies for improving our business climate, we can put Maine back on track toward prosperity and create the opportunities that will keep our young people here in Maine.

Again, thank you for entrusting me to represent you in Augusta. Please feel free to contact me if you ever need my help in navigating the state bureaucracy. I would be happy to help in any way that I can. I can be reached in Augusta at 287-1505 or by e-mail at [senlois@roadrunner.com](mailto:senlois@roadrunner.com).

**Sincerely,**

**Lois A. Snowe-Mello**

Town of Durham

Dear Friends and Neighbors,

I would first like to thank the residents of Durham for electing me as your State Representative. It is a responsibility to be taken very seriously. With nearly 2,000 pieces of legislation submitted for the upcoming session I know I will be very busy.

Legislative leadership has appointed me to serve on the Inland Fisheries and Wildlife Committee. The freedom to enjoy the natural beauty of Maine through outdoor sporting is a right of Mainers that must be protected. On this panel, the other members and I will oversee issues regarding everything from hunting and fishing to game wardens and ATVs. Your input, as citizens and constituents, will be greatly appreciated as we work to make the Inland Fisheries and Wildlife Committee truly work for Maine.

I was elected to the Maine Legislature on the promise to represent you, the people of District 105. To do this, I will be seeking your input regularly and want to hear from you with your comments and concerns. Please call me anytime at **926-6082** or email at [espling2@securespeed.us](mailto:espling2@securespeed.us) to keep me updated on those concerns. If you would like to be added to my email update list, you can do so by emailing me directly with your request.

Again, thank you for giving me the honor of serving you in Augusta!

Sincerely,

Ellie Espling

Dear Durham residents and friends,

Maine continues to face many challenges. As I travel across our state, I am inspired by stories of innovation and entrepreneurship, yet there is much more we need to do to improve our economy and create jobs.

That is why I am working so hard to improve our nation's trade policies and ensure that Mainers are competing on a level playing field. I was especially pleased that the International Trade Commission found in favor of U.S. paper manufacturers and their workers who filed a petition against Chinese and Indonesian companies that illegally dumped subsidized paper into our market. I worked hard to support this petition, and the tariffs that now apply to these imports will help keep Maine companies competitive and allow them to create and retain good paying jobs.

Our state is also making important strides in developing the types of jobs and economic opportunities that can only be done here in Maine. For example, when Eastport partnered with a U.S.-based company to act as an embarkation port for 500 dairy heifers heading to Turkey, congressional efforts were able to help cut through red tape and bureaucratic challenges. Moreover, the entire bipartisan congressional delegation has successfully urged the federal permitting agency to begin the process for a long-term certification of the Port of Eastport as a livestock exportation facility.

To that end, I cosponsored and helped pass into law last year the "America COMPETES Act," which will create jobs through innovative technology loan guarantees for small and mid-sized manufacturers. I was pleased that two amendments I offered also made it into the final bill ensuring that when implementing the bill federal agencies work together to prioritize the needs of small businesses and that those communities most hurt by our trade agreements will be given special consideration. There are too many small businesses that are struggling to survive, and we must listen to these independent owners when they tell us what they need to grow and create jobs.

However, my biggest commitment is to quality constituent services. Please do not hesitate to contact me at my Lewiston office at 207-782-3704 or by emailing me through my website at [www.house.gov/michaud](http://www.house.gov/michaud). While on my website, I also encourage you to sign up for occasional e-mail updates on issues important to Mainers and to join me on Facebook or Twitter.

Thank you again for the opportunity to represent you in Congress.

With warmest regards,

Michael H. Michaud

Town of Durham, Maine:

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Durham, Maine, as of and for the year ended December 31, 2010, which collectively comprise the Town of Durham, Maine's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Town of Durham, Maine's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of Durham, Maine, as of December 31, 2010, and respective changes in financial position and the budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The Town of Durham, Maine has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 9, 2011, on our consideration of the Town of Durham, Maine's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Durham, Maine's financial statements as a whole. The combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the financial statements. The combining and individual fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

Amounts reported for governmental activities in the statement of activities (Statement 2) are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds. This is the change in accrued interest.		5,860

Bond and lease proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net assets. Repayment of bond and lease principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets. This is the amount by which bond repayments (\$209,031) and lease repayments (\$28,860) exceeded bond proceeds (\$95,000).		142,891

**Notes to Basic Financial Statements**

---

**SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

---

The accounting policies of the Town of Durham, Maine conform to accounting principles generally accepted in the United States of America as applicable to governmental units. The following is a summary of the more significant policies.

**A. Financial Reporting Entity**

In evaluating how to define the reporting entity, for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit is made by applying the criteria set forth in GAAP which defines the reporting entity as the primary government and those component units for which the primary government is financially accountable. Financial accountability is defined as appointment of a voting majority of the component unit's board, and either a) the ability to impose will by the primary government, or b) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government. Application of this criterion and determination of type of presentation involves considering whether the activity benefits the government and/or its citizens, or whether the activity is conducted within the geographic boundaries of the government and is generally available to its citizens. Based upon the application of these criteria, there were no potential component units required to be included in this report.

**B. Government-wide and Fund Financial Statements**

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the Town. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. The Town has elected not to allocate indirect costs among the programs, functions and segments. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as general revenues.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

**SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED**

---

**C. Measurement Focus, Basis of Accounting and Basis of Presentation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as certain compensated absences and claims and judgments, are recorded only when the payment is due.

Those revenues susceptible to accrual are property taxes, interest, and charges for services. Other receipts and taxes become measurable and available when cash is received by the Town and are recognized as revenue at that time. Entitlements and shared revenues are recorded at the time of receipt or earlier if the susceptible to accrual criteria are met. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met.

The Town reports the following major governmental fund:

The General Fund is the Town's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Additionally, the Town reports the following fund type:

Fiduciary funds account for assets held by the Town in a trustee capacity or as an agent on behalf of others. The Town's fiduciary funds include the following fund type:

Private-purpose trust funds are used to report trust arrangements under which principal and income benefit individuals, private organizations, or other governments.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as program revenues on the Statement of Activities include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

**TOWN OF DURHAM, MAINE**  
**Notes to Basic Financial Statements, Continued**

---

---

**SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED**

---

**D. Cash and Investments**

The Town considers all highly liquid investments with an initial maturity of three months or less to be cash equivalents, except repurchase agreements which are shown as investments on the financial statements. Investments are carried at fair value.

**E. Capital Assets**

Capital assets, which include property, plant, and equipment, are reported in the governmental activities column in the government-wide financial statements. Capital assets are defined by the Town as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal repairs and maintenance that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets, if material, is included as part of the capitalized value of the assets constructed.

Property, plant, and equipment of the primary government is depreciated using the straight-line method over the assets' estimated useful lives ranging from 5 to 50 years.

**F. Vacation and Sick Leave**

Under the terms of personnel policies and a union contract, vacation and sick leave are granted in varying amounts according to length of service. The Town accrues accumulated vacation leave and vested sick leave. Accumulated vacation and sick time has been recorded in the Statement of Net Assets for the governmental activities, if material to the financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

**G. Encumbrances**

Encumbrance accounting, whereby commitments for the expenditure of monies are recorded to preserve that portion of the applicable appropriation, is not employed by the Town.

**H. Interfund Transactions**

During the course of normal operations, the Town has numerous transactions between funds including expenditures and transfers of resources to provide services, construct assets and service debt. These transactions are reported as operating transfers. The receivables and payables are classified as interfund loans on the balance sheet.

**TOWN OF DURHAM, MAINE**  
**Notes to Basic Financial Statements, Continued**

---

**SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED**

---

**I. Long-term Obligations**

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net assets. Bond premiums and discounts, as well as issuance costs if material to the basic financial statements, are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

**J. Use of Estimates**

Preparation of the Town's financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent items at the date of the financial statements and the reported amounts of revenues and expenses/expenditures during the reporting period. Actual results could differ from those estimates.

**K. Comparative Data/Reclassifications**

Comparative data for the prior year have been presented only for certain funds in the fund financial statements in order to provide an understanding of the changes in the financial position and operations of these funds. Also, certain amounts presented in the prior year data have been reclassified in order to be consistent with the current year's presentation.

---

**STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY**

---

**A. Budgets and Budgetary Accounting**

The Town utilizes a formal budgetary accounting system to control operations accounted for in the General Fund. This budget is established through the passage of a Town warrant at the annual Town meeting. It is prepared on a basis consistent with generally accepted accounting principles (GAAP) except for certain appropriations, which are budgeted on a net basis. Under the net budget basis, certain revenues are not estimated but are credited to the particular appropriation account. The level of control (level at which expenditures may not exceed appropriations) is the Department. Generally, all unexpended budgetary accounts lapse at the close of the fiscal year with the exception of some non-lapsing accounts and ongoing projects which are carried forward to the next fiscal year.

**Notes to Basic Financial Statements, Continued**

**STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY, CONTINUED**

**B. Excess of Expenditures over Appropriations**

For the year ended December 31, 2010, expenditures exceeded appropriations in the following articles:

Officer's salaries	\$ 4,428
Office expense	7,258
Administrative services	2,228
Planning board	119
Animal control	1,037
Fire and rescue	2,245
Winter roads	378
Education	40,690
Conservation	204
War Memorial Park	645

**CASH AND INVESTMENTS**

**A. Deposits**

*Custodial Credit Risk-Town Deposits:* Custodial credit risk is the risk that in the event of a bank failure, the Town's deposits may not be returned to it. The Town does not have a deposit policy for custodial credit risk. As of December 31, 2010, the Town reported deposits of \$62,123 with a bank balance of \$91,379. Of the Town's bank balances of \$91,379, none was exposed to custodial credit risk.

Deposits have been reported as follows:

Reported in governmental funds	\$ 100
Reported in fiduciary funds	62,023
<b>Total deposits</b>	<b>\$ 62,123</b>

**B. Investments**

At December 31, 2010, the Town had the following investments and maturities:

	Fair value	Less than <u>1 year</u>	<u>1-5 years</u>	More than <u>5 years</u>
Repurchase agreements	\$ 2,195,630	2,195,630	-	-
<b>Total investments</b>	<b>\$ 2,195,630</b>	<b>2,195,630</b>	-	-

*Interest Rate Risk:* The Town does not have a policy with respect to interest rate risk.

*Custodial Credit Risk-Town's investments:* For investments, custodial credit risk is the risk that, in the event of failure of the counterparty, the Town will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Of the Town's \$2,195,630 investment in repurchase agreements, none was subject to custodial credit risk because it was collateralized by underlying securities held by the related bank in the Town's name.

**PROPERTY TAX**

Property taxes for the current year were committed on July 13, 2010 on the assessed value listed as of the prior April 1 for all real and personal property located in the Town. Assessed values are periodically established by the Town's Assessor at 100% of assumed market value. The Town is permitted by the laws of the State of Maine to levy taxes up to 105% of its net budgeted expenditures for the related fiscal period. The amount raised in excess of 100% is referred to as overlay, and amounted to \$109,870 for the year ended December 31, 2010.

Tax liens are placed on real property within twelve months following the tax commitment date if taxes are delinquent. The Town has the authority to foreclose on property eighteen months after the filing of the lien if the tax liens and associated costs remain unpaid. Property taxes levied during the year were recorded as receivables at the time the levy was made. The receivables collected during the year and in the first sixty days following the end of the fiscal year have been recorded as revenues. The remaining receivables have been recorded as deferred revenues.

**RISK MANAGEMENT**

---

The Town is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets, errors and omissions, and natural disasters, for which the Town either carries commercial insurance, participates in a public entity pool, or is effectively self-insured. Currently, the municipal departments participate in several public entity and self-insured pools sponsored by the Maine Municipal Association. Based on the coverage provided by the pools, as well as coverage provided by commercial insurance purchased, the Town is not aware of any material actual or potential claim liabilities which should be recorded at December 31, 2010.

**NET ASSETS**

---

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of bonds and capital leases payable and adding back any unspent proceeds. The Town's net assets invested in capital assets, net of related debt was calculated as follows at December 31, 2010:

Capital assets	\$ 2,754,664
Accumulated depreciation	(776,322)
Bonds payable	(2,656,639)
Capital leases payable	(13,470)
<u>Add back school related debt – assets transferred to RSU</u>	<u>2,387,862</u>
<u><b>Total invested in capital assets net of related debt</b></u>	<u><b>\$ 1,696,095</b></u>

The school related debt has been added back in the calculation because the Town issued debt related to the new elementary school construction for the local share of debt. As required by the Reorganization Plan for the new Regional School Unit (RSU), the Town retains the obligation for this debt. However the related assets were transferred to the RSU in accordance with the agreement.
