MUNICIPALITY OF SUMNER ASSESSORS' NOTICE

In accordance with Title 36, of the Maine Revised Statutes Annotated, Section 706, as amended, the Assessors of the Municipality of Sumner hereby give notice to all persons that are liable for taxation in said municipality, that they will be in session at the Town Office in Sumner on the 2nd Tuesday of April 2014 from 7:00 PM. until 9:00 PM., for the purpose of revising the lists of taxable estates in said municipality. All taxpayers of the Municipality of Sumner, Maine, and all administrators, executors, trustees, etc. of all estates that are taxable within the said municipality of such persons are hereby notified to make and bring unto the assessors the perfect lists of their estates, real and personal, not by law exempt from taxation, of which they were possessed on the first day of April, 2014. They must be prepared to make an oath to the truth of the same and to answer all proper inquiries in writing as to the nature, situation and value of their property that is liable to be taxed.

And when estates of persons deceased have been distributed during the past year, or have changed hands from any cause, the executor, administrator, or other persons interested, are hereby warned to give notice of the change, and in default of such notice they will be held by law to pay the tax assessed, although the estate has been wholly distributed and paid over to someone else.

In Memory of Clifford E. Lowe August 1, 1931 – April 14, 2013

His obituary said he was a Korean War veteran, a businessman, bus driver, snow plow driver, and, most importantly, a family man.

He was known by almost everyone in Sumner and every town nearby. He would agree that he could accurately be classified as a "town character". He was truly one-of-a-kind.

As a businessman, he and his wife, Janice, owned and ran Lowe's Auto Sales/Sand and Gravel since 1954. You might have been one of those folks who decided to go in and haggle with him for a good deal. After the friendly talk, the signing, getting one of his calendars, and the handshake, you probably stopped and wondered who actually ended up with the good deal.

He was a 'Ford' man. There wasn't a Chevy man around who could talk him down. He owned Fords and they were—fast. You might be one of the guys who would stop in his garage in the '60s or '70s and hope he would offer you a ride. Oh yeah, it was a fast ride. A white-knuckle ride. A ride that blew hubcaps off. You still brag about it.

If you grew up in Sumner, he probably picked you up and brought you home from school in one of the buses he drove and serviced. You loved him and your parents trusted him. He made sure you got there safely.

He was Sumner Road Commissioner from 1979 to 1985 and saw that the roads in Town were maintained and kept safely passable. He also held the snow plow contract for decades. During the big winter storms, he rarely slept. He was either plowing and sanding or making sure his drivers had done a good job.

That might be how you knew him. You might have gone off the road and waved him down because you knew he would stop and pull you out. He would also tell you that you wouldn't have gone off the road if you'd been driving for the conditions.

Or maybe you woke up after a heavy storm and wondered how you would get out. When you looked out your window, you saw that *someone* had plowed and sanded the bottom of your drive. We all know who the *someone* was—and *he* knew he wasn't supposed to do it. But he did it anyway because someone needed help.

He was a man with a big heart. He left too soon. But he'd be the first to tell you:

Old Fords never die—they just go FASTER!

SELECT BOARD REPORT

Dear Sumner Residents,

I would like to again express my appreciation for the opportunity to serve as a Selectperson in Sumner. It is challenging and rewarding. I believe we have been fortunate to have Susan, Cyndy and Beth in the Town Office to fulfill the daily and beyond responsibilities. I can do my job more effectively with their help. I wish Cyndy well in her retirement from official town responsibilities. I will miss her experience and support of the Select Board. I also welcome Ruth Hadley as Planning Board Secretary and Administrative Assistant to the Select Board. Kelly and Wally have come to the Select Board and done excellent work on behalf of the town.

Simply said, we need more citizens' participation as volunteers on town committees and boards. The character and culture of our town boards and committees as well as the town's ordinances help set a tone that we are a strong and caring, small rural community. Your input assists that process.

We, as the citizens of Sumner, will continue to experience changes. As a member of the Select Board, I trust we will experience the changes as opportunities to work together to build a strong, vibrant community.

And I hope, as citizens of Sumner, we become more aware of the importance of locally grown food; encourage the efforts of our farmers to increase production; and then buy their products. There will come a time when the strength of our very local food system will make it possible for us to stay close to home and still thrive.

Respectfully submitted, Mary Ann Haxton

Report to the Residents of Sumner,

I would like to thank all my friends, neighbors, and the residents of Sumner that helped and supported Lorraine and me during this most difficult period of my life. Your compassion and understanding has helped to ease the loss of my mate of 47 years.

The road committee continues its inventory of all Sumner roads and are looking at a state model to prioritize the roads that need to be worked on in an efficient way in order to get the most out of our tax dollars.

The select board and budget committee are trying real hard to keep our property taxes at or near last year's level.

The road committee and road commissioner are in the process of investigating the replacement of the bridge at the intersection of Tuell Hill and Redding Road. We hope to have a recommendation and cost proposal for next year's annual meeting.

Another goal of the committee is to come up with long term plans to improve the quality of our roads.

Respectfully submitted, Walter Litchfield

Dear Fellow Sumnerarians,

My first year as Selectperson has been very challenging. Whether government is big or small we still have to deal with the same bureaucracy, which can be exceptionally frustrating at times. One of the biggest challenges is how to keep living in Sumner affordable for all. The budget continues to loom over all of us, and we must tighten up our belts. This means making difficult decisions that will not please everyone. But I try to consider what will benefit the majority of our citizens.

Another goal that I have tried to encourage and maintain is being responsive to the citizens when an issue arises. After a decision is made in the Selectperson's Meeting, I have requested a formal response be sent to the resident that is impacted. Thankfully, Susan and Cyndy comply with this request without any complaints. With responsiveness in mind, it was my suggestion that we attempt this year's Town Meeting on a Saturday. I have full understanding that many people commute to work, so the thought of staying at a meeting late on a work night is not very appealing.

On a more personal note, the Town Office will be saying good bye to Administrative Assistant, Cyndy Norton. As summer slowly fades away, she will be easing (maybe running) into retirement. Many people do not have an understanding of the amount of work both Cyndy and Susan do for the town. Without such capable hands, our jobs would be that much more difficult. I would like to take this time to formally welcome Ruth Hadley to the Sumner Team, and I have no doubt she will serve us well.

Finally, I would like to remind everyone that Sumner had quite a few residents pass away since last Town Meeting. It is our colorful, kind, and friendly citizens that make up our lovely town. After all, it is the residents that continue to motivate me to do the best job I possibly can and to carry forth my motto of: "Keep Sumner Simple!"

Sincerely, Kelly Stewart

ROAD COMMISSIONER'S REPORT

This last year we paved the last section of the Redding Road with hot top. This has taken 3 years to complete the overlaying of the pavement on the Redding Road.

Last fall we purchased a 1988 John Deere grader from the State of Maine, which replaced the Trojan grader. The John Deere grader is in good working condition.

Ditching was done on sections of Upper Sumner Hill, Tuell Hill, Fields Hill, and Bonney Roads this past year.

Gravel was added to sections of the dirt roads where needed.

A roadside mower was rented for 2 weeks to mow the road sides.

The State of Maine inspects all our bridges every other year. Last year they instructed us to post a weight limit of 15 tons on the Twin Bridge. The Twin Bridge is on the Tuell Hill Road next to the Redding Road intersection. This will be a priority to get the bridge weight limit up to road limit standards.

Thank you again for the opportunity to serve you as your Road Commissioner.

Respectfully, James M. Keach

1983--- A Reflection---2013

I was hired in October 1983 as Secretary to the Selectmen—Gil Arsenault, Terry King, and Mark Silber. I had applied earlier, but they hired Carolyn Litchfield (naturally-she knew everyone and everything about Sumner). It was scary, but I really wanted the job. We had moved here in 1980 and I wanted to become involved in, and with, the Town. I have never regretted it.

It does seem incredible that I have worked almost half of my life in the Sumner Town Office. It is also unbelievable that 30 years have gone by.

I have worked with two town clerks, Richard Walker and Susan Runes, both of whom became good friends. My friendship with Susan and my respect for her as our Clerk/Treasurer/Tax Collector is more than extra-ordinary. She is unique. I do not believe there is another who has her level of compassion, professionalism, loyalty, or integrity. I am honored that she considers me a good friend.

While I have served as secretary and administrative assistant, I have worked with some of Sumner's finest as they served as selectpersons for all of us. Each of those twelve ran for election because they believed they could do something positive for the town they loved. (They did.) Mark Silber was my mainstay-and the Town's-as he held his seat from 1982 to 2011, when he decided to retire from public service. He has my highest esteem and regard as a working colleague and a very dear friend. I don't know what I would have done without his help.

The real joy in my position has been working for you. I have come to know almost everyone in Sumner-both resident and non-resident. I hope that I have been *your* assistant when you needed advice or had a question about ordinances or laws.

My personal goal in life has been to make a difference—in the lives of the children I have known (as assistant school librarian), in the environmental condition of our world, and in this little town that I call *Home*.

Thank you for giving me this opportunity.

Cyndy

I will be your Representative through November 2014. Maine House and Senate districts have been re-drawn based on the 2010 census data. As of that next election, Sumner will be in the Rumford/Peru House District.

Serving in the legislature involves a lot of moving parts. The issues range from agricultural concerns to tax policy, and everything in between. Much attention is focused on our 'in session' work, which we completed in July. The second half of the year provides more opportunity for work 'in district' and on constituent services. I encourage you to contact me if you have issues or concerns with any state agency. Helping make certain that our state government works for the folks who pay the bills is my responsibility.

Among the tools I use to keep you informed of my work is an electronic newsletter. If you use email and you would like to be added to the distribution list, please send me an email at terry@megalink.net. I try to send information out to subscribers weekly during session and every other week once session ends.

I do my best work when we stay in touch. Please note my contact information above. I look forward to hearing from you.

Dear Residents and Friends:

While far from perfect, the legislation passed to avoid December's fiscal cliff embodied a spirit of bipartisan compromise that I hope will carry over to a broader agreement on our nation's finances. The bill ensures that Mainers will not have to pay an estimated \$1.4 billion in additional taxes in 2013, and extends a number of vital programs relied upon by Mainers. I look forward to working on a fiscally sound compromise that avoids burdening our most vulnerable citizens, seniors and veterans.

The gridlock in Washington has not slowed my efforts to fight for Maine's industries on the national and international arena. I have been proud to lead the fight in Congress to protect American manufacturers like New Balance, which employs approximately 900 Maine workers across three factories, from unfair tariff reductions. After presenting President Obama with his own set of New Balance Sneakers, I brought U.S. Trade Representative Ron Kirk to the Norridgewock facility to learn more about the industry. I have also worked with Ambassador Kirk to oppose Nova Scotia's proposed subsides for its paper mill in Port Hawkesbury.

My 2nd annual tour of Maine's manufacturers to hear firsthand about their success and challenges was very helpful. These tours are an important part of my ongoing "Make it in Maine" agenda which consists of initiatives to boost domestic manufacturing. The feedback I received has been invaluable in helping to identify legislative action needed to support job growth in the industry.

It will also be my great honor to continue serving our nation's veterans as the new Ranking Member of the House Veterans Affairs Committee. While I am proud of my accomplishments helping to improve services for our brave men and women in uniform, I know there is still so much to do. As Ranking Member of the full Committee, I will fight for new advances in areas such as veteran employment, VA claims backlogs, and veterans' health care.

My highest priority has always been ensuring that Mainers receive timely and quality constituent services. Whether you have a specific concern with a federal agency or need help connecting to resources, please don't hesitate to reach out to me at any of my offices. I also encourage you to visit my website (www.house.gov/michaud), where you can email me, sign up for email updates, and connect with me on Facebook and Twitter.

Thank you again for the opportunity to represent you in Congress.

Dear Friends,

It is a privilege to represent Maine in the United States Senate, and I am deeply grateful for the trust the people of Maine have placed in me. Public service is a responsibility I take seriously. In 2012, I reached a milestone by casting my 5,000th consecutive roll-call vote. I have never missed a single roll-call vote, a record unique among current Senators.

As we enter 2013, the economy and jobs remain my top priorities. As a senior member of the Defense Appropriations subcommittee, I am committed to keeping our nation secure and our skilled defense workers on the job. I secured funding to increase the shipbuilding programs at Bath Iron Works and advance essential modernization projects at the Portsmouth Naval Shipyard. I was honored to receive the Navy League's Congressional Sea Services Award for 2012 as the leading advocate for our maritime services and US shipbuilding.

Maine's economic future recently received a boost with significant federal funds for deep-water, offshore wind energy research and development at the University of Maine and in private sector firms. Maine has some of the strongest and most consistent winds off our coast, and we have some of the world's leading researchers. These funds will help Maine be a world leader in developing this clean, renewable energy source, ultimately resulting in the creation of thousands of good-paying jobs for our state.

As a leader on the Transportation Appropriations Subcommittee, I am also working to ensure that investments are made in our transportation infrastructure. Early last year, construction began on a modern, safe, and efficient replacement for the Memorial Bridge at Kittery, a project for which I worked to secure funding. Working with the State Department of Transportation, I also secured federal funding to replace the aging Martin Memorial Bridge in Rumford and the decrepit Richmond-Dresden Bridge. In 2013, I will continue to seek funding for improvements in our roads and bridges to make traveling safer and more efficient for our citizens and to facilitate commerce. It is also gratifying to see the heaviest trucks on the Interstates where they belong rather than on our downtown streets and country roads. This is the result of a law I authored in 2011.

Maine's environment is critical to our economy and the health of our residents. I opposed efforts in 2012 that would have weakened the landmark Clean Air Act and would have exposed our state to emissions from coal-fired power plants elsewhere. At the same time, I have continued to work with a bipartisan group of Senators to ensure that federal regulations on industrial boilers

protect our environment without imposing onerous burdens on our forest-products industry and other manufacturers.

Many Mainers contacted me last year to express concern about the Postal Service, which is essential to our economy and our way of life. Last year, the Senate approved legislation I coauthored to help put the Postal Service on a sound financial footing since it has been losing billions of dollars. Although the House failed to act on our bill, the Postal Service has heeded my requests to keep open the vital mail processing center in Hampden. I will continue to work to ensure that all Mainers, regardless of the size of their communities, have access to the postal services upon which they rely.

As the daughter of a World War II veteran wounded in combat, I know how important quality, accessible health care is for our veterans. This past year, I worked to ensure that our rural veterans' health care facilities are fully staffed and to strengthen our Veterans' Homes. Federal health agencies also began an investigation into whether Maine veterans were exposed to toxic defoliant chemicals while training at Gagetown, New Brunswick.

With shortages of medications putting patients at risk, I co-sponsored legislation to encourage manufacturers to report anticipated production problems to help avert shortages. Through this voluntary approach, more than 200 potentially life-threatening shortages were prevented last year.

While Congress averted a huge increase in tax rates for middle-income American families and small businesses, there remains a lot of work to be done to reduce our unsustainable \$16.4 trillion debt. It is essential that we do so in a responsible way, but that Washington stop delaying decisions that will help shape our economy and future prosperity.

I remain committed to doing all that I can to address your community's concerns in 2013. If I may be of assistance to you in any way, I encourage you to contact my state office in your area.

Sincerely.

United States Senate

February 13, 2013

Town of Sumner 633 Main Street Sumner, ME 04292

Dear Friends,

As I begin my service as your new Senator, I wanted to report to you on my first days in Washington. I have been assigned to four committees: Armed Services, Budget, Intelligence, and Rules. These appointments provide a great opportunity for me to take important and substantial action on behalf of Maine.

My position on the Armed Services Committee will allow me to honor our obligations to servicemen and veterans, as well as ensure the strength, efficiency, and sustainability of our military. Serving on the Intelligence Committee will similarly allow me to help guarantee the continued safety of all Americans. Our intelligence community plays a pivotal role in identifying and understanding security threats around the world, and I welcome the chance to engage in this vital process.

Without question, the expanding federal debt must be addressed in a significant and timely manner. Our federal government's systems of revenue and spending are out of balance; we cannot continue to spend beyond our means and pass on debt to future generations. As a new member of the Budget Committee, I will work to ensure that necessary spending is tempered with fiscal responsibility. There is no single solution to this multi-faceted problem, and any realistic budget plan must include both increased revenues and decreased spending.

And finally, one of the most pressing issues that we face is the inability of Congress to get things done. Our Government has been slowed by bitter partisan gridlock, and this level of inaction is inexcusable. From my position on the Rules Committee, I intend to push for procedural reforms - including changes to the filibuster and requiring the disclosure of all political campaign donors. Our citizens deserve to know who is funding the outside expenditures that are now such a big part of political campaigns, even here in Maine.

Please remember that your individual perspectives are critical in helping me represent the diverse interests of Maine. Do not hesitate to share any thoughts, questions, or concerns that you may have. You can visit my website at http://www.king.senate.gov and provide your input there, or call my Washington office at (202) 224-5344. I also encourage you to visit or contact any of my six state offices, which are listed on the website. Finally, you can keep in touch with me on Facebook at www.facebook.com/SenatorAngusSKingJr

Again, I appreciate this opportunity to let you know what I am working on; in all of these matters, I am determined to be a strong voice for the people of Maine.

Sincerely,

UNITED STATES SENATOR

Dear Town Officials:

Please find enclosed my report that is submitted to each municipality in Oxford County, indicating the number of calls for service that the Oxford County Sheriff's Office responded to the respective towns for the year 2012. The call for service represents the "nature" of the call that was reported to our agency. We have also included this year an analysis of the times reported for calls to your town. Please note the totals on the offenses may be higher than the total on the analysis report forms, there may have been more than one offense associated with the call.

I feel it is extremely important that the Towns in Oxford County that receive law enforcement services from the Oxford County Sheriff's Office have a clear indication of what types of calls are handled in their respective jurisdictions.

I might suggest that if you want additional numbers of calls for your respective town to contact Maine State Police, Gray, Maine at 657-3030 and speak with Troop Commander Lt. Walter Grzyb.

If you have any questions or comments please feel free to contact me anytime.

INDEPENDENT AUDITORS' REPORT

To the Board of Selectmen Town of Sumner, Maine

We have audited the accompanying financial statements of the governmental activities of the Town of Sumner, Maine as of and for the year ended June 30, 2012, which collectively comprise the Town's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Town of Sumner, Maine's Management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by Management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities of the Town of Sumner, Maine, as of June 30, 2012, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The management's discussion and analysis and the budgetary comparison information as listed in the table of contents, is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of Management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Sumner, Maine's basic financial statements. The combining and individual non-major fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual non-major fund financial statements have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

As Management of the Town of Sumner, we offer readers of the Town of Sumner's financial statements this narrative overview and analysis of the financial activities of the Town of Sumner for the fiscal year ended June 30, 2012.

Financial Highlights

- * The assets of the Town of Sumner exceeded its liabilities at the close of the most recent fiscal year by \$4,303,341 (net assets). Of this amount, \$1,025,856 (unrestricted net assets) may be used to meet the Town's ongoing obligations to citizens and creditors.
- * The Town's total net assets increased by \$113,262.
- * As of the close of the current fiscal year, the Town of Sumner's governmental funds reported combined ending fund balances of \$970,212, an increase of \$210,318 in comparison with the prior year. Approximately 95.5 percent of this total amount, \$926,842, is available for spending at the Town's discretion (undesignated fund balance).

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Town of Sumner's basic financial statements. The Town of Sumner's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the Town of Sumner's finances, in a manner similar to a private-sector business.

The *statement of net assets* presents information on all of the Town of Sumner's assets and liabilities, with the difference between the two reported as *net assets*. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Town of Sumner is improving or deteriorating.

The *statement of activities* presents information showing how the Town's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the Town of Sumner that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the Town of Sumner include general government, public safety, public works, culture and recreation, transportation and health, welfare and social services, and education. The Town does not currently report any business-type activities.

The government-wide financial statements can be found on pages 10 and 11 of this report.

Fund Financial Statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town of Sumner, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Town of Sumner consist only of governmental funds.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the Town's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The Town of Sumner maintains three individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, which is considered to be a major fund. Data from the other two governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report.

The Town of Sumner adopts an annual appropriated budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found of pages 12-14 of this report.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

The notes to the financial statements can be found on pages 15-22 of this report.

Other Information. The combining statements referred to earlier in connection with nonmajor governmental funds are presented immediately following the notes to the financial statements.

Combining and individual fund statements and schedules can be found on pages 26-27 of this report.

Government-Wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the Town of Sumner, assets exceeded liabilities at the close of the most recent fiscal year.

Town of Sumner's Net Assets

	Go	vernmental Activitie	s	
	2012			2011
Current and other assets Capital assets Total assets	\$ 1,069,226 3,234,115 4,303,341		\$	887,869 3,307,770 4,195,639

Total net assets	\$ 4,303,341		\$	4,190,079

By far the largest portion of the Town of Sumner's net assets (75%) reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment); less any related debt used to acquire those assets that are still outstanding. The Town of Sumner uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the Town of Sumner's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the Town of Sumner's net assets (1% or \$43,370) represent resources that are subject to external restrictions on how they may be used. The remaining balance of *unrestricted net assets* (\$1,025,856) may be used to meet the Town's ongoing obligation to citizens and creditors.

The Town's net assets increased by \$113,262 during the current fiscal year. This increase is mainly attributable to revenues exceeding expenses. Budgeted decrease, or use of unrestricted funds, for the current year was \$8,000.

Financial Analysis of the Government's Funds

As noted earlier, the Town of Sumner uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The financial reporting focus of the Town of Sumner's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information may be useful in assessing the Town of Sumner's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year the Town of Sumner's governmental funds reported combined ending fund balances of \$970,212, an increase of \$210,318 in comparison with the prior year. Approximately 75 percent of this total amount (\$729,631) constitutes unreserved fund balance, which is available to meet the future financial needs of the Town. The remainder of fund balance is reserved to indicate that it is not available for new spending because it has already been committed for a variety of designated purposes (\$197,211).

General Fund Budgetary Highlights

The difference between the original budget and the final amended budget was \$7,471. This was from the receipt of grant funds accepted after the budget was adopted.

Expenditures for the general fund totaled \$1,279,502 (on the budgetary basis of accounting) in the fiscal year ended June 30, 2012.

In general expenditures were within budgetary guidelines.

Revenue for the general fund totaled \$1,456,591 (on the budgetary basis of accounting) in the fiscal year ended June 30, 2012.

Revenues exceeded estimates by \$97,061. The revenue sources responsible for this surplus include the following:

- * A tax surplus of \$38,569 which is largely attributable to excise tax collections.
- * State revenue sharing budget exceeded the actual receipts by \$12,458.
- * Other State reimbursements receipts exceeded budget amounts by \$35,601.
- * Other revenues surplus totaled \$10,433.

General Fund Balance. Although the total general fund balance was budgeted to decrease in 2012 by \$8,000, the actual increase was \$177,089. Current cash flow projections and the strength of the Town's general fund balance provide continued assurance that the likelihood of the Town's need to enter the short-term debt market to pay for current expenditures is unlikely.

Capital Asset and Debt Administration

Capital Assets. The Town of Sumner's investment in capital assets for its governmental activities as of June 30, 2012 amounts to \$3,234,115 (net of accumulated depreciation). This investment in capital assets includes land, buildings and system, improvements, machinery and equipment, park facilities, roads, highways and dams. The total decrease in the Town of Sumner's investment in capital assets for the current fiscal year was \$73,655.

Additional information on the Town of Sumner's capital assets can be found in the notes to the financial statements on page 20 of this report.

^{*} Redding Road improvements, \$73,323.

State statutes limit the amount of general obligation debt a municipality may issue to 15 percent of its total state assessed valuation. The current debt limitation for the Town of Sumner is \$10,585,756, which is significantly in excess of the Town of Sumner's outstanding general obligation debt.

Economic Factors and Next Year's Budget and Rates

Sumner is a rural community without a strong business base, and it relies on the economic strength of its citizens to pay property taxes. The local economy of the Town remains stable.

In adopting the budget for the ensuing fiscal year 2013, the Town officials considered many factors in making judgments and estimates about the finances of the upcoming year. A primary objective was to continue to provide basic town services to the citizens while attempting to keep the property tax rate low.

During the upcoming fiscal year (2013) the Town's Management will continue to monitor and evaluate local economic conditions.

Requests for Information

This financial report is designed to provide a general overview of the Town of Sumner's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Town of Sumner, 633 Main Street, Sumner Maine 04292. OBTAINING COPIES OF MAINE VITAL RECORDS

Questions & Answers

1. How do I obtain copies of birth, death, fetal death, marriage, divorce, and domestic partnership records?

By law, Maine vital records less than 100 years old are considered to be private. In order to inspect these documents, or to obtain copies, an individual must prove that they are permitted by law to do so. Those authorized to view or obtain a copy of a vital record include:

- The person named on the record,
- The person's spouse or registered domestic partner,
- The parent(s) named on the record,
- Descendants of the person named on the record (including children, grandchildren, and great grandchildren to the most remote degree),
- The legal custodian, guardian, or authorized representative of the person named on the record, and
- Genealogists who have a researcher card issued by the Maine Center for Disease Control and Prevention, Office of Data, Research and Vital Statistics.

Effective July 12, 2010, all individuals requesting copies of these records must present positive identification and, if requesting the record of a parent or grandparent and you are not a registered genealogist, proof of direct lineage.

Registered genealogists may only obtain a non-certified copy of a record, unless they can meet the above requirements for obtaining a certified copy. They may only view or obtain a copy of a birth, death, or marriage record.

Records 100 years old, or older, are considered public records and informational copies can be issued to anyone requesting them.

2. Why do I need to present positive identification when requesting a record?

While most requests for vital records are honest attempts to obtain one's own personal documentation, some are not; some are attempts to obtain information and documents needed to assume another person's identity. These documents can be used to obtain a driver's license, state photo ID, social security card, and passport under the assumed name, opening the door to credit card, bank and tax fraud; mail theft, and social security and insurance fraud. The requirement that you provide positive identification when requesting a copy of a record helps to protect you and your family from this type of crime.

3. What are acceptable forms of identification?

Acceptable forms of identification include a driver's license, passport or other government issued photo identification.

4. What if I do not have an acceptable photo ID?

If you do not have acceptable photo identification, you may present two items with your name on it from the following list: a utility bill, a bank statement, a car registration, a copy of an income tax return, a personal check with address, a previously issued vital record or marriage license, a letter from a government agency requesting a vital record (for example, the Maine Department of Health and Human Services), a Department of Corrections identification card, a Social Security card, a DD214, a hospital birth worksheet, a license or rental agreement, a pay stub (W-2), a voter registration card, a Social Security disability award letter, a Medicare or Medicaid insurance card, and a school or employee photo ID. Other forms of identification listing your name, date of birth, and address may also be considered.

5. How would a person demonstrate direct lineage?

In order to prove direct lineage when requesting records concerning your parents or grandparents, a copy of your birth certificate will identify your parents. If your parents were married, this document can be used to obtain a copy of your parents' marriage record, which should identify your grandparents.

Other acceptable proof of direct lineage could include a hospital or physician's record of birth or death, a baptismal record, school enrollment records, military records, court records, a family bible record; a newspaper engagement, marriage or birth announcement; an obituary, a U.S. Census enumeration record, an insurance application, or an affidavit.

6. How do I obtain a genealogicial researcher ID card?

In order to obtain a genealogical research ID card you have to apply to the Maine Center for Disease Control and Prevention, Office of Data, Research and Vital Statistics. You can find a link for the application on the Vital Records website listed as Genealogical Research Application.

ANIMAL CONTROL

To the Residents of Sumner:

I'm Ozzie Hart, your Animal Control Officer, as many of you know. I would like to let you know a little about me and what I have done. I have been an Animal Control Officer for 15 years. I am an Advanced ACO and I'm re-certified every year.

This summer I went to the University of Missouri Colombia and was certified as a National Animal Cruelty Investigator. I also went to Thomas School of Applied Science, University of New Hampshire and received my certificate at New England Animal control Humane Academy. I am now on the board of directors of the Academy. I am also a member of the Oxford County Animal Response Team and also have been certified in Community Emergency Response Team (CERT).

That's enough about me. Now I will tell you what I have done in your town:

I had 2 cases in court, 7 dogs at large; 10 warned, 9 impounded, 0 unlicensed, 1 cat bite home quarantined, 1 dog bite home quarantined, 1 kennel inspection, 2 sick cats, 5 barking dog complaints, 1 car/dog (died) incident, 1 welfare check (horses), 2 cattle at large, and 2 dangerous dog complaints.

I thank you all for having me as your Animal Control Officer.

Thank you, Ozzie Hart 357-2818

Tracy Wing, Deputy Animal Control Officer 320-3685

FROM THE TOWN OFFICE: We hope to have a rabies clinic for cats and dogs in January 2014. Dog licenses are due January 1, 2014

Male/Female-\$11.00; Altered Male-\$6.00; Spayed Female-\$6.00; Kennels (1-10 dogs) \$42.00 A \$15.00 late fee will be charged per dog after January 31, 2014.

A \$25.00 late fee will be charged after April 1, 2014.

A rabies certificate that is valid for the entire calendar year, and a certificate of neutering, if applicable, are necessary for licensing. A portion of license fees of neutered dogs will be retained by the Town to help defray expenses of animal control. License fees of unneutered dogs will still be sent to the State Department of Agriculture.

Stray animals will be taken by Mr. Hart to McKennel's Animal Adoption Agency in Rumford. There is a cost for the Town (taxpayers) when Mr. Hart is called to take care of strays. Please do not "throw away" dogs and cats and allow them to suffer. Call a shelter or Mr. Hart; please spay and neuter your animals.

State law now requires cats over 3 months of age to have rabies shots.

M.R.S.A.TITLE 7, CHAPTER 721 (3921) LICENSE NECESSARY

No dog may be kept within the limits of the State, unless the dog has been licensed by its owner or keeper in accordance with the laws of this State. "Owner" means any person or persons, firm, association, or Corporation owning, keeping or harboring a dog.

THE MOTHERS COMMUNITY CLUB OF SUMNER

We held eight meetings this last year. We hosted an annual Easter egg hunt and it was a lot of fun. There were one hundred thirty-three kids there to hunt for eggs and everyone got a prize.

We co-hosted swimming lessons, raffled a Thanksgiving basket, had a Christmas party, and did Christmas deeds for our senior citizens that are in nursing homes.

This year we would like to honor Janice Lowe, our longest member of the club.

Respectfully submitted, Wilda Dunham, Secretary

Congratulations to the Class of 2013!

MT. TOM SNOWMOBILE CLUB

Well, we didn't have a very good year for snowmobiling last winter. Let's hope that this coming winter will be a lot better. Mt. Tom grooms and maintains the trails.

The club made donations to the Town's scholarship fund. Anyone living in the town of Sumner that wants to further their education may apply for this scholarship.

Our first club meeting for this coming season will be held September 3 @ 7 PM at the Sumner Town Office. Then meetings will be held the 1st Tuesday of each month. Everyone is welcome.

If you are interested in joining the club you may contact our club president, Brent Hadley, at 388-2500.

Best wishes and have a great summer!

Respectfully submitted, Tammy Bean, Secretary

RECREATION COMMITTEE

The Recreation Committee has been meeting throughout this past fiscal year on a more regular basis. We continue to work on recruiting more members. We had three softball teams last season from ages 10-19. It was our hope to expand to include a boys' team, however, there were not enough players. We did, however, help sponsor Babe Ruth in Hartford which included Sumner Residents.

The Town of Hartford donated a fence and it was installed with the help of volunteers. Also, the infield was re-done in July.

We continue to reach out to area businesses for donations and support. We had a successful bottle drive with all three teams participating in the fundraising effort. The plan is to do another bottle drive before the end of this fiscal year and possibly one more fundraiser after the softball season ends. We are working on gathering equipment which will allow the sale of hotdogs and light refreshments at all home games.

It was also agreed by all committee members to do the traditional donation to the Mother's Club annual Easter Egg Hunt.

On behalf of the Sumner Recreation Committee and area youth we thank you for your continued support.

Marcia Turcotte

ROAD COMMITTEE REPORT

We are pleased to report that the road inventory project has been completed. It should be noted that to keep its usefulness this inventory will require periodic updating. For the first time we now have a means by which we can review the state of a given road, a group of roads, or a class of roads, and we can make better informed decisions regarding maintenance.

To further assist us with determining priorities we conducted traffic counts on a number of our major roads. We will continue that process in the coming year. Doing so provides us with hard data regarding relative importance of each roadway surveyed. Again, allowing us to make informed, unbiased assessments regarding maintenance of our important roadway network.

Recently we received a report from the State DOT concerning our bridges and major culverts. The news was not encouraging. An additional focus for the committee will be the development of plans and specifications to replace and upgrade several bridges and major culvert crossings. The goal will be to fold those projects into a longer range capital plan which will lay out the anticipated costs and do it without causing major and periodic spikes in our tax rate. We should be aware however that all of this is going to put upward pressure on our overall local tax rate.

Actively serving on the Road Committee are Chairman George Jones, Selectman Walter Litchfield, Walter Jasniewski, George Affleck, Thomas Standard, and Road Commissioner James Keach

SUMNER HISTORICAL SOCIETY

The Sumner Historical Society meets from April through October on the fourth Thursday of the month at the Congregational Church of East Sumner, the Increase Robinson Library, and the West Sumner Grange Hall. The time of the meetings is at 7 p.m.

Programs included Marty Elkin speaking at the Wrinkle in Thyme Farm about life with sheep and life on local farms long ago. Another meeting at Sheri Fowler's West Sumner Grange featured Eleanor Bean speaking about growing up here in W. Sumner. At our meeting at the Library, we heard President Steve Peters discuss up-coming programs, including the September Annual Horse Ride to see the foliage down on River Road. Later in October, Ingrid Eriksson spoke about growing elderberries and mushrooms at the farm.

All are welcome to join us for interesting programs and delicious refreshments on the fourth Thursday of each month, April through October.

Sincerely, Harriet Rudd, Secretary

The selection process was based on committee discussions and suggestions. The awards were decided by majority vote.

Tax deductible contributions to the Scholarship Fund are appreciated. Donations may be acknowledged in the Town Report.

The bottle drive collected \$558 on September 11, 2012 and the year round office bottle drop collected \$872. This money goes directly to the cash awards each year.

The Labor Day Pulled Pork BBQ Fundraiser collected \$851 and the calendar sales collected \$1000, these funds were added to the principle balance.

The Maine Community Foundation added \$2580 to the cash award balance.

SUMNER VOLUNTEER FIRE DEPARTMENT

The Sumner Volunteer Fire Department (SVFD) responded to a total of 28 calls over the past year. This was a decrease of 18 calls from the previous year for our small group of volunteers, who give up evenings and weekends for the hours of training that are required.

We are always looking for new members to join our team of men and women. If you are interested in joining the fire department, simply fill out an application at the Town Hall, call one of our chiefs, or simply stop by one of our meetings. Our monthly business meeting is always held on the third Thursday of the month in the fire barn and starts at 6:30 p.m.

If you need a burning permit please call our Fire Warden Wally Litchfield at 388-2402, Bob Walder at 388-2642 or Bob Stewart at 388-2222.

In times of emergency, we cannot help you if we have difficulty locating your home. The best method for us to locate your home quickly is by the number on your mailbox and residence. You should have your house numbers on both sides of your mailbox, and they should be at least 3 inches tall. We cannot see numbers on the front of mailboxes when we drive by.

Please do not hesitate to call 911 when you think there may be a problem. We would rather respond to a call that may be nothing than to respond late, because a person hesitated in calling for help.

Our call breakdown is as follows:

- 2 ATV accidents
- 2 motorcycle accidents
- 7 auto accidents
- 2 Logging Equipment Fire
- 2 Lift Assist
- 1 Truck Fire
- 1 Stove Fire
- 4 downed tree/power lines
- 1 chimney fire
- 3 structure fires
- 1 pellet stove fire
- 1 ventilation call, post police activity
- 1 false report of an explosion

Of the above calls 6 were mutual aid calls all for the Town of Buckfield.

Before closing, I would again like to thank the members of the Fire Department Auxiliary for all their hard work and fundraising. These fundraising efforts have allowed us to recently purchase Jaws of Life cutters/spreaders, without the use of any tax payer money. The Fire Department finds itself responding to more auto accidents, so this purchase will allow us to safely remove an entrapped victim in an expedient manner. Once again thank you, because without YOUR support our job would be that much more difficult.

SUMNER FIRE DEPARTMENT AUXILIARY 2012-2013

Our auxiliary has been busy this year.

In July we sold calendars and earned \$760 for the auxiliary. During August and September we gathered items for our semi-annual auction. We earned a profit for the auxiliary of \$7,352. This money is to help us buy a Jaws of Life for the Fire Department.

Our auxiliary helped put on a supper for a young man in town that needed financial help due to a broken foot.

Our auxiliary enjoyed a pot luck supper at Christmas with a small exchange of gifts and food enjoyed by all.

We also donated money and items toward the annual Easter Egg Hunt here in town.

Members of the auxiliary put flags on the firemen's graves in memory of those that have passed away.

We held our annual yard sale that earned us \$868 profit. We also catered an auction for the estate of Clifford Lowe.

We have given out our usual fruit baskets to 13 area residents who have been sick or had surgery and given a candy basket and magazines to several others.

We paid \$17,929 toward a Jaws of Life for the Fire Department. If we save one life, this is worth it.

SWAP SHOP BUCKFIELD-SUMNER TRANSFER STATION

2012-2013 continued to be a good year for the Swap Shop for getting stuff out of the waste mainstream. Approximately 38,000 pounds of items left the shop to go to new homes.

Donations in the cash box remain good and little or no problems have emerged. All seems to be running smoothly with willing volunteers from Buckfield and Sumner.

The shop has overhead fans to make it more comfortable in the summer. One was donated, the other bought.

Paving around the shop makes for dryer areas where we had puddles in the past. Also, marked parking areas make parking less hazardous.

All in all, the Swap Shop is a great place to shop.

Sway Shop Committee: Mary Standard, Cindy Tucker, Dwayne Leavitt, Bill and Linda Glass, Fred Horsefell

FOOD BANK FOR SUMNER RESIDENTS

The Sumner Food Bank is housed in the Congregational Church of East Sumner and is open the first and third Monday of every month in the morning (9 to 12). The Food Bank is sponsored by USDA. Without kind donations from the following people, we would not be able to give out as much as we did. Thank you goes out to the local Postal Workers, Tiltons Market, Hannaford, Buckfield Literary Club, A Wrinkle in Thyme Farm, NAIU of Oxford, AW Acker, Karen Dan, Roger Gammon, Louise and Richard Sullivan, Lorraine Strohacker, Clay and Phyllis Schneider, Church of Christ Congregational, Millis, MA, and to the community and many church members. The food bank gave out enough food for three meals a day, for up to 20 families which included 33 adults and 11 kids. I have given out recipes and even made some food for families to try out at home made with USDA food.

Our new addition is coming right along. Hope to be in it soon. Thank you to all the workers who have made it possible. And many thanks to Steve Chesley who has been a big help to me. Any resident who needs help should come in and see if they can receive help. Good food is available to adults and to their children. No family should go hungry, when we can help.
