A TYPEWRITER TEST THAT MEANS SOMETHING

Blindfold yourself. Have ten typewriters, of different make, placed in a row—a Monarch somewhere among them. Try each keyboard in turn. The machine with the lightest touch will be the

Monarch Light Touch

and you can locate it every time, no matter how its position be changed.

Just as the proper tools produce the best work, so does a responsive key action increase the efficiency of a stenographer. It saves her strength. Therefore, she has a better grip on her work, is more accurate, more rapid, gets a greater quantity of work done. There is no "three-o'clock fatigue" where the Monarch is used, and a few days' trial will convince you of this fact.

Send for Monarch Literature

Learn the reasons for Monarch superiority. Then try the Monarch, to the end that you may know that Monarch merit rests in the machine itself, not merely in what we tell you about it.

MONTHLY PAYMENTS

Monarch Machines may be purchased on the Monthly Payment Plan. A post card will bring full information.

B. A. A. RELAY

Men Will be Picked on Saturday

Once more the B. A. A. meet is at hand. Maine runs Vermont in the 390 Relay during this meet which is held in Mechanics Hall, Boston, on February 10. Five men will be taken on the trip besides Coach Smith and Manager Seekins. They will stop at the Copley Square Hotel while in the city. The final team is not picked as yet. Coach Smith announces that the final trials will occur next Saturday afternoon at three o'clock. The team will leave here on Friday noon, Feb. 9.

"M" CLUB MINSTREL SHOW

Rehearsals After Finals

Plans for the Minstrel show to be held under the auspices of the M club are now progressing quite rapidly. The show will probably be under the direction of William Sansouci '13, but, owing to the pressure of work at this time of the year, the other parts have not yet been decided upon. However, these will be assigned soon after the mid-year examinations, and the show made ready for presentation in Bangor some time in the early part of March. The show will consist in all probability of a minstrel show, vaudeville and a short sketch. Some of the ideas that the management have in mind are almost too good to keep, and they insure a "roaring" success to say the least. William Gray '12, will manage the business end of the production, and he will soon elect his corps of assistants.

STUDENT CHAPEL

One Day Each Week for Student Affairs

The Faculty have voted to allow the chapel time of each Tuesday during the spring semester to be used by the students for their own interests.

Following out this idea, the matter was presented to the Student Council for their approval. The council were highly in favor of the plan and accordingly chose a committee of eleven from the student body to act as a committee of arrangements for the "student chapel". The committee is made up of men from nearly every branch of University activities and is as follows: W. R. Ballou '12, president of the athletic association, Alden Chase '12, president of the Senior Class, M. D. Jones '12, president of the Y. M. C. A., Warren McDonald, '12, editor of the Maine Campus, C. W. Wescott '13, manager of baseball, L. E. Seekins '13, manager of track, J. C. Wallace '13, manager of football, G. G. Tilley '13, president of the Junior Class, F. W. Haines '13, manager of the Maine Masque, W. W. Grace '14, manager of the musical clubs, and H. P. Crowell '14, president of the Sophomore Class, with Dean James S. Stevens as member from the Faculty.

The committee, which, by the way, has already been dubbed "the deacons" met on Thursday, organized and proceeded to lay plans for the work. W. R. Ballou '12, was elected chairman and C. W. Wescott '13, made secretary. Dean Stevens will act mostly in an advisory capacity. A committee was appointed to draw up a set of rules for the governing of the committee and the student chapel and present to the committee for approval. It was decided that the first student chapel would be held on Tuesday morning, Feb. 6 and that the subject will be a political rally and "straw vote."

This first meeting will be a mock presidential election. Competent men from the student body will present short speeches in support of each of the prominent candidates in the field for nomination, including Taft, Roosevelt, LaFollette, Harmon, Wilson and possibly others. Immediately at the close of the speeches a "straw vote" will be taken by written ballot. An effort will be made to have the band out at this first meeting. The special committee on this meeting is J. C. Wallace, F. W. Haines, and C. W. Wescott,

with W. R. Ballou as chairman. This is only one idea, and it is expected that the weekly rally, exhibition or "hum" will soon become one of the features of life on the Campus.

DON MORRISON RECITAL

Round Table Presents Artist in Pleasing Program

It is seldom that the students and the Faculty of the University have the good fortune to hear a musical recital such as that given by Don Morrison in the University Chapel last Thursday evening. Mr. Morrison is a violinist of considerable ability and the program gave him an opportunity to exhibit his talents to the best effect. Professor G. W. Thompson was to have accompanied him but at the last minute was unable to be there and his place was ably taken by C. W. Newell '12, Mr. Morrison alternated his violin selections with readings.

The first selection on the program was rather difficult and showed the violinists power of interpretation. For the second selection on the program he substituted De Reis' "The Mandolin." Several numbers on the program were of his own composition one of them "Der Kleine Trompeter," being especially good. In another, "The Carnival his imitation of drum, and bagpipe, was very clever. His true transcriptions of "Endearing Young Charms" and "The Lost Chord," were also good. Perhaps the best things on the program, however, were the famous "Meditation" by Massenet and "Traumne," the latter being given as an encore. Throughout his playing, Mr. Morrison showed an understanding and sympathy with his audience that made the concert a decided success.

CLASS MEETINGS

Three Upper Classes Meet

After chapel, last Tuesday, the Senior Class held a short meeting. The class voted that the president appoint a committee to engage a Commencement speaker. K. D. Woodard was elected manager of the class track team, and the class

also decided to hold one assembly after the basketball games are over. President Chase announced that the University authorities are considering action in regard to the non-payment of class dues.

Last week the sophomore Class held a class meeting in Alumni Hall. H. V. Cobb, E. A. Rand, R. S. Ferguson, J. W. Strong, and H. R. Leavitt were elected to serve on the Sophomore Hop Committee: Following this reports were given by the calendar, freshman cap and banquet committees.

The Junior Class held a meeting last Tuesday noon in Alumni Hall for the purpose of procuring more basketball suits. A class banquet was discussed, but there were not enough present to take any action upon the matter.

CONFERENCE COMMITTEES CHOSEN

Y. M. C. A. Convention Plans Maturing

The following committees have been chosen to take charge of the arrangements for the Fourth Annual Student's Y. M. C. A. Conference, which will be held here on Feb. 16-18.

Entertainment: H. H. Sweetser, '12; J. F. Jackson, '12; D. W. Sawtelle, '13; R. M. Stiles, '14.

Reception: Raymond Floyd, '13; S. H. Willard, '14; C. L. Whittier, '15.

Banquet; E. L. Getchell, '14; S. W. Patterson, '14; L. P. Stewart, '15.

The entertainment committee has already secured accommodations for 200 delegates among the faculty, the fraternities, and the people of Orono. In order that a larger number may be cared for if necessary, a request is made that all who can entertain one or more of the delegates will communicate with the chairman of the entertainment committee at once.

The merchants of Old Town will provide a banquet which will be given to the conference delegates on Friday evening. This banquet is to be given in Old Town City Hall.

In a short time a financial canvass will be started to secure funds necessary to meet the expenses of the conference.

IMPORTANT MEETING DEUTSCHER VEREIN

Eligibility for Membership Settled

The first topic for discussion at the meeting of the Deutscher Verein, Wednesday, Jan. 24, was the initiation of new members. Dr. Robert R. Drummond talked on the requirements for admission to the club, saying, that if students were indiscriminately admitted, the club would mean nothing to the students, whereas, if there were certain requirements to be fulfilled and if the power of voting on new members was properly exercised, a strong bond of fellowship would cement the members together and raise the ideal of the Verein in their eyes. In view of Dr. Drummond's recommendation the club decided to act in accordance with the former by-laws, which required that a student must receive two credits in the German department before becoming eligible for admission. It was then voted that the executive committee should determine what students are eligible for membership and submit the names at the next meeting. It was also voted that dues for the year should be fifty cents. President Chandler appointed the following committee on entertainments to serve throughout the spring term: K. D. Woodward '12, Estelle Beaupre, '14, and Dr. Robert R. Drummond.

MEETINGS OF THE AMERICAN SOCIETY OF CIVIL ENGINEERS IN NEW YORK

At the recent meetings of the American Society of Civil Engineers in New York, January 17 to 20, nearly seven hundred civil engineers from all over the country were present. Dean Boardman, who attended the meetings, gives a most interesting report of them.

The annual business meeting and several technical meetings were held during the four days of the convention, and a number of interesting

excursions were made to inspect important engineering work in and around New York. Among these excursions was a trip to one of the aqueduct shafts of the Catskill Tunnel—one of the New York water supply feeders. Another excursion was made to the Grand Central Terminal where a series of improvements is under way. Perhaps the most interesting of these improvements is the building of a new station while traffic continues. The new station will be nearly as large as the Pennsylvania Station. Another interesting work, which was inspected, was the construction of the Fourth Avenue Subway in Brooklyn. This subway is of especial interest, in that it is below mean high water. A trip was made to the Mount Prospect Laboratory. At this laboratory are made physical, bacteriological, and chemical examinations of water from the entire distribution system. Analyses of the coal and oil used in the pumping stations are also made at this place. One entire day was given up to the inspection of the Bush Terminal in Brooklyn. This terminal, which covers several acres, consists of piers, warehouses, and factories. The object of this terminal is to give such terminal facilities that raw materials can be shipped in, transferred to the factories, manufactured, and the finished product sent out at the least expense. The factories and warehouses are entirely of reinforced concrete. At present a two-machine paper mill is being installed in one of the buildings. It is of interest to know that the installation of this paper mill is under the direction of H. S. Ferguson formerly with the Great Northern Paper Co., at Millinocket. Two days were given over to the discussion of road construction and maintenance a subject in which much interest is being shown throughout the entire country.

Dean Boardman was agreeably surprised at the large number of prominent engineers and educators who expressed interest in the University of Maine and asked questions concerning the work here.

The honor of having the largest co-ed enrollment among American co-educational institutions is claimed by the University of Nebraska with 1785 women students.

BANGOR CO-OPERATIVE PRINTING COMPANY

EDITORIAL.

A service was rendered the athletic association recently which was passed by unnoticed at the time but deserves commendation. Up **Practical Service** on the completion of the new board track the necessity of lights to make possible running after dark became evident. The matter was scarcely taken up by the Athletic Board when the Sophomore Owls stepped forward and offered the money and their services for putting the lights in place. The offer was accepted and now the lights have been in working order for several weeks without cost or trouble to the track department.

The Owls cannot be commended too highly for this work. Such an act is one of practical Maine

Spirit. It came at the time when it was not prompted by the enthusiasm of an athletic season and was an unselfish effort to serve Maine. Most of us are unfortunate enough to be ignorant of the ideals and standards of the society in question, but it is safe to say that, as long as the Owls show this spirit they have a place at Maine which will be highly respected by all Maine men.

The Student Council are to be congratulated and the Faculty shown appreciation for the establishment of the student chapel. The **Student Chapel** favorable vote of the Faculty on this matter marks a stage in the University life in which the Student Council is beginning to be felt as a body of influence and as an intermediary between Faculty and students, and also a stage in which the bars of reserve between Faculty and students are beginning to be broken down.

The scheme as presented has many opportunities not only for unifying the student body, but also, for welding a bond between Faculty and students. The student body have an opportunity of saying what they shall have in one chapel service each week, and then without the restraint of the chapel service, they may enjoy the proceedings, whatever they may be and thereby become more closely attached to each other and to University life. We believe that the members of the Faculty should attend these student chapels, not to criticise, but to support and enjoy them. We believe that they should take seats indiscriminately in the heart of the student sections. The barrier between instructor and student should be wiped out for that few minutes and the effort to become better acquainted by the impetus of common interest should reign supreme.

The real success of the scheme lies with the student body. To be a success the student

chapel must have their hearty, enthusiastic support. The Faculty have seen fit to make a concession, and it is up to the students to show their appreciation of the act and their support of the student Council to a man. An effort will be made to have the band out each week. It has been hinted that the band will be reluctant about appearing as they receive no college credit for playing at present. We believe, however, that the hint is uncalled for and unjust, and we feel sure that the band men will not be found wanting in University spirit to that extent.

When the CAMPUS appears again, Maine will have tried conclusions once more with Vermont for athletic honors, this time in relay. Let the heart of every Maine man be with that sturdy quartet who will battle for the honor of the University on the floor of Mechanics Hall, Boston, on February 10.

There will be no issue of the CAMPUS on next Tuesday on account of the lack of activity of final week.

PROSPECTS OF MUSICAL CLUBS BRIGHT

High Standard of Clubs Necessary

The prospects that this season will prove successful for the University Musical Clubs are indeed bright. The season has purposely been shortened in order that all the work of the rehearsals may be more effectually felt in the concerts. The manager is now securing guarantees for concerts which will pay the traveling expenses of each concert and enable him to not only meet the expenses of this year, but also to square up last year's account. He believes that by means of the hearty cooperation of the student body, the University Musical Clubs can be placed upon a substantial financial basis which will enable it to support itself in a manner that well behooves a musical organization of the University.

The Maine Alumni Association at Boston has signed a guarantee for a concert in Jordan hall Boston, to be given Saturday evening, March 30, On the Macsachusetts trip the clubs will give concerts in the leading suburban cities of Boston and in cities between Bangor and Boston. The Alumni insist, however, that the University turn out the best clubs of any college in New England, to send on this trip. Manager Grace especially urges everyone who can sing or play a stringed instrument, to get out and try for one or more of the clubs, in order to make the "grads" along the line proud of the musical clubs of their Alma Mater.

THESES UNDERWAY

College of Technology Assignments Nearly All Made

Most of the seniors are now busily engaged in working out their theses. The following list is a portion of the theses so far decided upon:

CIVIL ENGINEERING DEPARTMENT

Reinforced Concrete Beam Test—Atlee Burpee Osborne, Frank Hodgkins Lancaster, Warren Hapgood Savary, Harry Lawrence Crosby.

Design of Bridge—Oscar William Mountfort.

Testing of Stresses in an Existing Railroad Bridge—Henry Harlan Eastman, Walter Harrison Lilly.

Test of Concrete Blocks and Cylinders—Lester Warner Jacobs, Carl Schurz Cleaves, Warren McDonald, Leon Walter Smiley.

Design of a Bridge—Frank William Manchester.

Investigation of the Water Equivalent of Snow—George Edward King, Herbert Leir Fisher.

Power Development of Presumpscot River—David Ray Duran.

Double Tracking of Maine Central Railroad Two Miles South of Orono Bridge—John Patrick Cronin, Samuel Dyer, Roger Winchester MacDonald, Lynne Thomas Rand.

Investigation of Ice Pressure upon the Crests of Dams—Walter Remick Witham, Walter Ezra Perkins.

MECHANICAL ENGINEERING DEPARTMENT

Efficiency Test of the Underground Distribution of Steam at the University—Walter Bradbury Emerson, Irving Emory Center.

Design of Steam Turbine—George Lawrence Hosmer.

Study of Heat Insulation and Heat Transmission—Albert Mortimer Nickels, Charles Eugene Sullivan.

Study of Compressive Strength of Maine Granite—Harold Clark Faulkner, Benjamin Calvin Kent.

ELECTRICAL ENGINEERING DEPARTMENT

Water Power Development and Transmission of Power.
James Foster Jackson.

An Investigation of the Distribution and the Production of Power for the University of Maine—Clifford Henry George.

Water Power Development and Transmission Power—
Ralph Stimson Hopkinson.

The Location of a Sub-station for an Electric Railway System—William Alfred Southwick.

A special Tide-Mill Development and Power Distribution—William Emery Parker, Montelle Chester Smith.

The Investigation and Design of a Special Form of Alternator—Edward Gordon Weston (special)

The Design and Construction of a Special Transformer—
Harry Ernest Thompson.

An Investigation of the Effect of Electrical Stimulation in Plant Growth. Nathan Clifford Cummings, Charles Brown Cleaves.

The Redesign and Construction of a 15 Kilowatt Transformer—Alden Chase, John Emmons Ash.

A Study of the Effects of High Frequency Currents at Low Voltage—Maynard Sumner Gould, Seymour Leroy Pinkham.

Investigation of the Distribution of Power in the State of Maine—Benjamin Haskell.

Development of Apparatus and Study of Unusual Alternating Current Wave Forms—Graham Brown Spear, Leo Melville Gerrish.

Water Power Development and Distribution of Power—
Charles William Newell.

DEVELOPMENT OF THE EMPLOYMENT BUREAU

Alumni to be Approached

Here on the Campus little is heard concerning the University of Maine Employment Bureau. Nevertheless this institution is rapidly developing into a valuable asset to the University. Letters will soon be sent out by Dean Boardman to each Alumnus from the courses of civil engineering and chemistry, stating the exact conditions and operation of the employment bureau. These letters will also request information in regard to the present situations of these Alumni—whether a change is desired or not. At the same time that these letters are sent, the secretary of the New York branch will also send letters to the Alumni stating the conditions at that office.

PRACTICE IN TWO WEEKS

Work on New Material Commences in Cage

Baseball practice will begin two weeks after finals are over. The battery candidates will begin work at that time and will be under the direction of Athletic Director E. R. Wingard until Coach Magoon arrives. There are only three "M" men in college at present with which to start the work of forming a team. They are, McCarthy '13, outfield, Cobb '14, infield, and Capt. Abbott '14, infield. There is however no little amount of promising material in the upper classes and the freshmen have some men who have not yet had an opportunity to show what they can do. Parker '12, Hussey '12, McKeen, '12, Richards '13, Witham '12, Chase '13, Gray '14, Holway '14, Hanson '14, Peaslee '14, Stobie '14, Hirst '14, Pickard '14, Coyne '14, are all promising candidates.

UNIVERSITY OF MAINE ANNUAL REPORT

Surplus Shown

The annual report of the University to the Governor and Council for the year ending June 30, 1911, which was filed today, shows that the institution expended last year \$172,033.27 out of an income of \$214,543.02. This left a surplus of \$36,509.75.

During the year the institution paid \$87,450.16 in salaries to professors and officers and used \$12,410.83 for administration expenses. The principal sources of income were the State, from which \$101,500 was received, the Federal Government, from which \$50,915 was received in endowments and income from land grant, the students, who paid in \$40,390.17, and the Coburn endowment, from which the University obtained \$4,000.

In a recent meeting of the I. A. A. the record throw of the 16-pound shot by L. Beatty, Columbia, '14, was officially approved. Beatty placed the shot 48 feet, 7 3-8 inches, bettering the Intercollegiate record of 46 feet, 7 1-8 inches held by Horner of Michigan.

EXPERIMENT STATION BULLETIN

Two on Poultry Now Ready

The Maine Experiment Station announces the issuing of two bulletins on poultry. Bulletin 192 is entitled "Breeding Poultry for Egg Production" and 193 called "Poultry Notes." Both are mostly additions to the file of bulletins of the station, and may be had by any resident of Maine on request to Director Chas. D. Woods, Orono, Me. Non-residents of Maine must pay the nominal charge of ten cents, stamps not acceptable.

SOPHOMORES NAME ORDER

Concession Announced

The order of Sophomore team for the annual Freshman-Sophomore debate to be held March 12, is as follows: first speaker, B. B. Anthony, second speaker, A. B. Ferguson, third spaker, P. W. Monohon. The teams have decided to concede the constitutionality of the question.

PROBLEMS OF EDUCATION ON TEMPERANCE

Short Address by W. C. T. U. Worker

Mrs. Edith S. Davis, a graduate of the University of Wisconsin, post-graduate of Wellesley and prominent worker of the Woman's Christian Temperance Union spoke to the student body at chapel on Monday morning on the general problems of education along temperance lines. Mrs. Davis has studied conditions in Europe and her talk dealt to considerable extent with the conditions there and with the class of immigrants which is surging into our country. She brought out the fact, that the curse of liquor was realized in bygone ages, citing quotations from Greek literature and from Shakespeare.

J. J. Varney, who has coached New Hampshire in baseball for the last two years, has accepted the position of coach at Phillips Exeter Academy, for next season.

ALUMNI NOTES

Albert E. Anderson, Esq., secretary of the Western Maine Alumni Association has received an invitation from the Boston Alumni, asking the Portland graduates to be present at their annual banquet at the American House, Boston, on March 2. Among the speakers will be President Aley, Hon. William Haines of Waterville, and Congressman Samuel J. Gould of Skowhegan.

On the evening of Jan. 18, Edwin J. Haskell, '72, delivered a lecture on the silk industry before over 200 Portland people. Mr. Haskell is the manager of the Haskell Silk Mills of Westbrook, Me., and an acknowledged authority on the subject and his lecture was listened to with the greatest interest. Mr. Haskell is also a trustee of the University.

E. N. Vickery '08, has been elected vice-president of a new lumber company, recently organized in Pittsfield, Me. Besides this position, he is also manager of the local electric company.

Hon. L. C. Southard '75, of Boston, has presented the University Law School with a framed autograph photograph of himself, garbed in his gown of a doctor of law. Below is written, "This photograph was taken to please my mother, Lydia Carver Southard, now deceased, and is presented with all its accumulated love and affection to the College of Law of the University of Maine."

On Jan. 15, at the home of Mr. and Mrs. Thomas Gilbert, their daughter, Miss Alice May Gilbert, was married to Frank O. White '05, only son of Mrs. Percia White. Mr. White is engaged in construction work and is now assistant superintendent of a large pulp mill in Jonquires, Quebec.

The annual meeting of the Penobscot Valley Alumni Association is to be held on the evening of Feb. 19th. A committee on the place of meeting has been appointed, consisting of Hon. C. W. Mullen '83, and J. H. McClure, '05, while J. F. Gould '82, is chairman of the committee on speakers. Alumni keep this date in mind. FEBRUARY 19. Announcements will be sent out later by the secretary of the association, J. H. McClure, 49 Hammond St., Bangor, Me.

Hon. C. Vey Holman, L. S., '02, recently published a political prospective on the presidential situation. It was a cross between a republican and democratic view point. He is for La Follette first, and Harmon as a second choice.

Louis J. Brann '98, of Lewiston, Register of Probate for Androscoggin County, has been appointed Judge of the Lewiston Municipal Court by Governor Plaisted. Mr. Brann has been very prominent in politics for the last few years, and this fact, added to his special ability, makes him a most suitable person for this office.

Mr. John M. Oak, '73, postmaster of Bangor, is the subject of a bill presented to Congress by Representative Guernsey asking to be relieved from the loss of \$100,000 worth of stamps etc., which were burned in the fire of April 30, 1911.

N. C. Grover '90, former professor of Civil Engineering who now holds the position of Chief Engineer of the Land Classification Board, Washington, D. C., attended the annual meeting of the American Society of Civil Engineers which was held in New York City on January 17th and 18th. This meeting was also attended by C. D. Thomas '95, A. W. Stephens '99, P. D. Simpson '03, and J. H. Quimby '04.

Chas. E. Prince '06, is electrician at the United States Navy Yard at Kittery.

The engagement of Guy Torrey, '09, to Miss Dorothy Grant of Bar Harbor has been announced.

FACULTY NOTES

The Conversation Club met at Prof. Huddilston's last Friday night. Prof. C. B. Brown spoke on "Railroads and Public Safety."

A committee, consisting of Prof. Huddilston, chairman, Prof. Chrysler, Prof. Colvin, Prof. G. W. Thompson, Prof. Woodman, has been appointed to consider new requirements for entrance into the College of Arts and Sciences.

Athletic Director Wingard spoke in Charlestown, Sunday, before the Higgins Classical Institute.

Dean Boardman gave an address last week in

New York before the American Society of Civil Engineers.

Miss Patch, of the Experiment Station, has returned after her Christmas Recess, which she spent in Forest Glen, Maryland. On her trip home, she stopped for a few days in Durham, N. C., as the guest of Dr. and Mrs. P. L. Reynolds.

The committee on Commencement meet tonight, to devise means by publicity and invitation to have all of the Alumni return in June. All the faculty, who are University of Maine graduates, are invited to meet with them.

Mr. Gannett took the Boy Scouts of Orono to the seventh annual Boy's Conference which was held in Waterville last Friday, Saturday and Sunday.

Dr. Leighton will be in Boston during this week.

Prof. Gray lectured before the Federation of Women's Clubs in Bangor last week on "Romeo and Juliet."

Prof. Gray will lecture upon "Twelfth Night" in Bath, Feb. 1 and in Rockland Feb. 2.

Prof. A. J. Jones will lecture before various teachers' institutions of this state during the next week upon Education."

A request for a debate with the University of Maine has recently been received by the English department here, from the Massachusetts Agriculture College. Owing to a full schedule of the debating team here no debate will take place this year; but one will probably be arranged for next year.

Doctor Aley's son arrived here last Thursday from Indiana.

Dean Merrill last Wednesday spoke in Portland, before the Oxford and Cumberland County Jersey Breeder's Association on "Community Breeding." He was in Fort Fairfield last Friday in the interests of the Boys' and Girls' Agricultural Club, of that town.

New Hampshire College is to organize an interfraternity hockey league. Each team will contribute a dollar toward a silver cup. It is planned to supplant basketball with this sport,

LAW NOTES

Mr. Raymond Fellows, a recent alumnus of the Law School, and the junior partner of the firm of Fellows & Fellows of Bangor, has recently returned from New York City, where he attended the annual meeting of the New York Bar Association. Hon. Elihu Root presided over the sessions, and President Taft was a guest at the banquet. At the instance of Hon. L. B. Deasey of Bar Harbor, Mr. Fellows was invited by the New York Bar association to prepare an article on the "Merits and Demerits of the Common Law Practice in the State of Maine." It was a distinct honor to Mr. Fellows, who is one of the younger members of the legal profession in the State.

Manager H. W. Sawyer of the Law School Baseball team is negotiating for several dates and hopes to publish the complete schedule soon.

Hon. L. C. Southard, an alumnus of the University and a great friend of the Law School, has sent his portrait to Dean Walz to be hung in the reception room.

Aurice S. Gerrish of Melrose, Mass. has registered at the Law School from another department of the University.

CAMPUS NOTES

E. J. Webster ex-'12, will return to the University next semester to continue his forestry course.

A. G. Durgin '08, who is employed at the Experiment Station, recently took the civil service examinations.

R. W. Buck '11 has recently entered the reclamation service in Montana.

Mrs. E. E. Towner of Bangor, was a guest at the Sigma Chi House recently.

L. T. Rand '12, was in Waterville, Sunday.

O. A. Wakefield ex-'11, has returned to college to complete his course.

H. W. Kierstead '07, of Bangor, has been visiting on the Campus recently.

W. G. Barrett ex-'14 of Gorham, N. H., will return next semester to continue his course.

O. W. Mountfort, '12, manager of THE CAMPUS, was the happy recipient of a bouncing "Nero" apple from Harrison's Nurseries in Berlin, Md.

William Hilton '11, who has been working in Nova Scotia for Appleton and Sewall Company was on the Campus recently. He is at present working in the Old Town office of that company.

F. T. Norcross '14, spent several days in Portland last week.

H. H. Towle '15, spent Sunday at his home in Portland.

The Maine Society of Civil Engineers will hold a meeting in Lewiston on February 7th.

G. W. Murphy '15, is sick at his home in Portland.

E. H. Maxcy '11 was on the Campus a short time last week. He is attending Harvard Law School.

EXCHANGES

The University of Missouri cleared \$10,000 on the football season of 1911.

Wesleyan University has begun a campaign for \$1,000,000 by June, 1912, the fund to be used for added endowment and new buildings.

Penny-in-the-slot machines for towels have been established at John Hopkins.

The eastern Olympic tryouts will be held June 8 and 9 in the Harvard Stadium.

Roy F. Good, '13, has been elected captain of next season's football team at Colby.

Forrest A (Baggy) Allen of Fairfield has been engaged to coach the Colby baseball team.

Colby has organized an interfraternity bowling league.

The Minnesota University Alumni Association is raising money by getting the alumni to become life members. The plan is to raise \$50,000 by \$10 each and have this invested and the proceeds will go toward the general association expenses.

The faculty in Wisconsin have organized bowling teams.

The Colby Musical Clubs have just returned from a successful tour through Central Maine.

Minnesota and Harvard will probably meet in a football game and track meet this year.

All undergraduates at Yale will be required to room on the campus next year.

There are 25 candidates out for the B. A. A. relay team at Colby.

Of 76 members of Dartmouth's class of 1900 who report their present salaries, only two fell below \$1,000 per annum and one draws \$22,000

The famous library of Marquis Olivart, the finest collection of books in the world on international law, has been obtained at Madrid for the Harvard Law School.

Colby has recently elected R. L. Ervin '11, of Houlton as graduate manager of athletics.

J. F. Moakley, coach of the Cornell track team for the last thirteen years, has signed a contract for a term of five years more as the head of this branch of athletics.

Bowdoin has entered a three-cornered debating league of which the other members will be Wesleyan and New York University.

The following institutions installed new presidents this fall: Boston University, Wellesley, and Universities of Vermont, West Virginia, and Minnesota.
