# MAINE WINS IN THE TENTH

## DriscollOutpitchesOpponents in a ten Inning Battle

The sun was slowly but surely beginning to sink into the western haze, threatening to leave to the spectators, wildly cheering, what looked to be a long extra inning game between Captain Gilman's crew and the Lewiston Team of the New England League when, an unexpected muff by Johnson, Lewiston's first baseman gave the game to Maine, with the score 5 to 4. Never have a crowd of first-game fans been treated to such an exhibition.

There was baseball every minute. On three different occasions did the fast Lawry lay down a perfect bunt and so fast was his speed that the Leaguers could only stand in open mouthed wonder and surprise when he had reached first safely. The work of Driscoll and Baum, though not marvellous, was steady and effective. It was the first time that Driscoll had been allowed to put anything on the ball and on several occasions he had the Lewiston men swinging like schoolboys. Nine safe hits were made off of him but two of these at least would have been almost easy outs had the outfields been longer.

The game looked as good as lost when, after battling eight innings with the score 3 to 3, O'Leary had reached second on a hit and an unfielded bunt, stolen third and then had scored on a throw from second when Abbott tried to stop Brignolia from stealing. But Cobb was the first man up and started the ball rolling by hitting a fine single to center. Hackett laid down a perfect bunt and Cobb, off with the crack of the bat made third on the play. Then Baker responded to the coach's judgment by hit-

2 harrow into right field. was not over. In

Lewiscon's mist half of the tenth O'Connell the first man up hit safely. Driscoll fumbled Lelle's grounder and O'Connell took third. Suspence and gloom were pictured on the face of every Maine man when Phoenix lifted a long high fly to Hackett in left. O'Connell crouched at third, Hackett going back after the fly. Down dropped the fly into Hackett's glove and in a flash he was in position and had thrown straight and true to Abbott waiting at the plate. Abbott took the ball from the first bound standing on the

out as he slid under him. With the weak end of the looked as though the game would go more than ten innings. Mangan and Chase grounded out to the pitcher and the gloom was deeper, but Swapp, who had replaced Baum, was wild and walked Driscoll. "Rabbit" Lawry then made his fifth hit, a clean one over the infield, Driscoll taking third. Cobb then hit a hot grounder to the pitcher, who fumbled and threw, Cobb was almost at first and Johnson muffed and the game was over, Driscoll scoring with the winning run.

## **TO PRESENT TWO PLAYS** SUMMER TERM "Ici On Parle Francais" and "The Cool Collegians"

The College of Arts and Sciences will soon present two light farces. At a rally of this college held recently it was decided to stage a play with a mixed cast the committee in charge of which T. W. Haskell '14, is chairman. considered it more advisable to present two lighter plays this year than to attempt a more elaborate single production. The pays this year are intended but as the beginning of the custom and in years to come it is intendent to produce more difficult plays. The plays for this year are "Ici On Parle

Francais" and "The Cool Collegians." The former is a light one act farce which is very amusing. The latter is a two act farce. Both are very amusing and entertaining typical amateur productions.

Following is given the cost of the two plays. Prof. G. W. Thompson and T. W. Haskell '14, are coaching the casts. E. D. Potter '16, will act as master of properties

The cast of characters chosen for the plays:

"THE COOL COLLEGIANS" Harry.....O. B. Higgins Fred Parks.....E. Manson Mrs. Huntoon ..... Miss Wormwood Fanny Morrison ..... Miss Foster Molly Wainwright .... Miss D. Thompson Muggins.....J. E. Doyle Kate.....MissG. Thompson

"ICI ON PARLE FRANCAIS" Major Regulus Rattan....A. F. Sherman Victor Dubois.....A. L. King Spriggins.....T. W. Haskell Mrs. Spriggins ..... Miss Hobart Angelina...... Miss Frawley Julia..... Miss Morrison Anna Maria......Miss Perkins

# TO OBSERVE RISING DAY

## **New Custom Meets With Favor**

The freshmen have voted to institute an entirely new custom for Commencement. It has been .adopted to celebrate the time, when as a class, they throw away freshman restrictions and become sopho-

On the last evening of the college year, the class will march on the Campus in a plate and had just time to touch O'Connell body singing college songs and cheering the class. Each man will be dressed in as grotesque a costume as possible and the torches and lanterns which are to be carried will serve to make the affair an impressive one. The freshmen will gather for the last time as freshmen before a large bonfire. Here, after more cheering and speeches, the class will dance around the fire and throw their blue and white capsinto the blaze.

## **BEGINS JUNE 29** Faculty Numbers 21-Large Enrollment of Studer ts Expected

BANGOR, MAINE, APRIL 28, 1914

The Summer Term of the University of Maine begins June 29 for a duration of six weeks. Plans are being made for the most prosperous summer term since it was established in 1903. The Summer Term faculty will number 21, and about 75 different courses will be given. The majority of the courses offered are of college grade, but there are a few courses which are designed to meet the wants of students in preparatory schools who have not quite completed their collegiate preparation.

There are a large number of teachers who were obliged to begin the work without the opportunity of a college training and such teachers feel themselves hampered by the lack of thorough preparation. While it is not expected tha the short time spent at the Summer Term of the University will compensate for this lack, it is, nevertheless true that a large amount of information and inspiration may be received by attendance at this session. The work is especially helpful to those who are planning to go to college at some future time and who wish to obtain, in advance, a certain amount of college credit; or to those who have partially completed a college course and wish to continue it with as little break in their work as possible. A large number of students have availed themselves of this opportunity to supplement their college work by work dene at the Summer Term.

Students of the University and other colleges, who, for various reasons, are in arrears in their work or who may wish to gain additional credits in their course, find the Summer Term profitable. For such students the opportunity is offered to register for elective subjects which they would regularly take in their college curriculum.

While the Summer Term is designed primarily for students of college grade, there are certain courses offered each year which are especially adapted to students in preparatory schools who have not quite completed their college entrance requirements. Courses for such students are offered in English, French, German, Latin, physics, chemistry, and mathematics.

In both the chemical and physical laboratories, courses will be offered ranging from college preparatory courses to the advanced courses which are given in the University. An opportunity is thus afforded to students either to make up deficiencies in laboratory work, to pass courses in advance, or, in case of college graduates, to take work counting towards the master's degree. Owing to the fact that laboratory teaching is largely individual, it is possible to give courses meeting the needs of each student. Students who complete one or more courses at the summer term will be given a certificate signed by the President of the University and by the State Superintendent of Public Schools. This certificate will state the subject and the number of credits to which it entitles the student. The record of this is kept at the office of the University and also at the office of the State Superintendent of Public Schools. In this way the teachers of the State will have an opportunity to obtain proper recognition of their work at the hands of the State Superintendent and this will doubtless prove of advantage to them in their educational career. \* While it is impossible for a student to accomplish any considerable amount of graduate work in the brief period covered by the Summer Term, it has been thought best to include in the schedule certain subjects which wight be offered for an advanced degree. College graduates who have already done some advanced work find it of advantage to supplement this by the courses which will be offered in the Summer Term. Such courses are arranged in the departments of Chemistry, Physics, History, Latin, Mathematics, German, Education, and Romance Languages, and it is possible to make arrangements for graduate work in other departments.

# **1915 PRISM NOW BEING BOUND**

#### Will Be An Attractive Annual

The 1915 "Prism" will soon be on sale. Latest reports from the printer are to the effect that the book is now being bound and that they expect to have them ready for shipment by the first of next month. They will be on sale during Junior Week.

R. P. Clark, the editor-in-chief of the 1915 Prism says that he expects the book of this year to be entirely satisfactory. Following the precedent established by former editors, he has made the year book cover the time from February 1913 to February, 1914, thus adding another chapter to the history of the University of Maine.

The new volume is dedicated to Dean Leon S. Merrill of the College of Agriculture. A full page cut of the Dean will be inserted in the front of the book.

The cover design, drawn by the Artist M. E. Patten, is something original and very cleverly executed. On a background of black the design will be embossed in silver, making a cover which is at once attractive and pleasing.

Following custom the 1915 Prism is divided into sections. Faculty, alumni, each of the four classes; fraternities, clubs, dramatics, musical organizations, publications, commencement, Junior Week and other social events, military, athletics, and grinds each have a separate and complete section.

Little need be said of most of the above mentioned sections as they speak for themselves. Cuts of pictures and drawings are scattered profusely thruout the book. In the Junior Section, which is the center of interest for many, a neat cut of each member of the class appears. The writeups accompanying these cuts will also bear inspection.

The feature of the 1915 Prism is perhaps the track history which is published at the beginning of the Athletic Section This contains a complete history of track at the University of Maine. Cuts of many Maine track teams appear thruout. Scores of former meets and write-ups by former track captains and coaches make up the body of the history.

The Athletic Section is very complete this year. In addition to the customary features a full page cut is given of each of the captains of the three major sports; football, baseball and track. Further the Cross-Country team which won both the State and New England championships for Maine is given its deserved prominence in the form of a full page cut. It goes without mention that the Grind Section will be interesting. J. E. Doyle, the would-be comedian of the Junior class has had complete charge of this part of the book, and the grinds, knocks, and puns with which it is so well supplied are due largely to his efforts. J. L. Gulliver, Business Manager of the Psism reports that of the 400 volumes which will be placed on sale on the Thursday afternoon of Junior Week, 225 have already been signed up for. This indicates a complete and early sale of the entire edition.

# FRESHMEN WIN ANNUAL INTERCLASS MEET

No. 32

### French, '17, Takes 18 Points

Under ideal weather conditions but with a poor attendance due to the fact that the University baseball team was playing Lewiston at South Brewer, the annual interclass meet was held on Alumni Field, Saturday, and gave the few representatives of the student body present a line on the track prospects for the season. The Freshmen easily carried off the honors of the afternoon with a total of 60 points leading the Seniors by a goodly margin. The latter class had a total score of 26 while the Sophomores and the Juniors followed with the respective totals of 22 and 18.

French, the freshman captain was the individual high point winner with a count of eighteen but the lanky boy from Wappinger's Falls, did not come up to the form expected in the hurdles, especially in going over the high timbers. Rice the blond haired sprinter came thru with the dashes in fine style and showed prospects of a great season. The distance men, Captain Towner, Dempsey, Bell, Preti and Gerrish all showed good form, Dempsey pulling a bit of a surprise when he led Bell to the tape in the three-quarter mile race, which was substituted at the last moment by Coach Smith for the mile. The two-mile distance was also judged a bit too long for the men and a seven lap race was substituted, Preti winning in good time followed by Dempsey who was a poor second and Gerrish, a poor third. Towner won the half over Bell, who was followed in by McLaughlin.

The quarter was the only race that brought out more than three competitors and this race provided the excitement for the matinee. St. Onge drew the pole with McCobb, King, Stevens, and Grey spread across the track in the order named. All got a good start and McCobb and St. Onge fought to the corner the big freshman getting the pole on the turn and holding the vantage point until the northwest corner when both King and St. Onge moved up. The slight senior pulled into the stretch but a foot ahead of McCobb with King aother foot behind. St. Onge retained his lead, however and King passed McCobb in the last fifty yards.

The field events did not furnish any excitement, the redeeming feature being the work of Bailey, the big Junior tossing the hammer for a distance of 151 feet and sending the discus out for a throw of 1151 feet. Much dissatisfaction was expressed at the woeful lack of competition as evinced in the appearance of three men for a race, and the lack of spirit shown on the bleachers also was very dissappointing. These are two factors which the student body ought to adjust, two conditions that can be remedied, first by more men going out for the team and secondly by getting away from the "silent cheering" on the bleachers. As Coach Smith has often expressed it, "Cheering and competition means fight and fight means victory."

This custom is observed in many colleges of the west, and its adoption has added a touch of impressiveness to the ending of the college year which is always remembered. Maine customs and Maine spirit will ever be dear to the hearts of all Maine men, and the old traditions and the new customs should be encouraged to promote the interest of the University. Rising day it is hoped, will be a day to be remembered with fondness by the class of 1917 and all other classes to follow.

## ------SECOND TEAM DEFEATS E. M. C. S.

The second team defeated E. M. C. S. at Bucksport Saturday, by a score of 9-4. Rollins pitched a fine game allowing but four hits and striking out twelve men. Barrows at first fielded his position perfectly and connected with three hits, two of them being two-baggers. Cram in right field showed good ability for a new man. His work on bases was especially good. The team played almost errorless ball and hit at opportune moments. The batting order follows: Cram, rf., Beckler, Phillips, Kimball, If., Haskell 2nd base, Kriger, c, Barrows 1st base, BBonney ss, Hanson 3rd base, Sherman cf, Rollins p.

Mr. George L. Parker '12, of Skowhegan Me., was recently a visitor at the Alpa Tau Omega House.

Contrary to general student opinion the faculty has taken no action regarding the question of the abolishment

The Frog of the Frog Pond Scrap. Pond Scrap Several student organizations, including the Senior

Skulls and the Inter-Fraternity Council, have had the matter under discussion.

The element of danger which is connected with the "Scrap" is the cause of its appearance before the board of reform. It is claimed that with the increasing class enrollment the danger is annually becoming greater. That the "Scrap" is too dangerous or is more so than a satisfactory substitute for it would be is vigorously disputed by many. The Sophomore class has already voted to retain the Frog Pond No other class has taken action.

In a recent interview Dr. Aley told us unat no action had been taken by the faculty. He added also that the fate of the "Scrap" rested, as far as he was concerned, entirely with the students.

It looks as though the question of the abolishment of the "Scrap" might come up for popular vote in the near future. It would be well if in the meantime students gave the matter consideration and discussion so that if an issue is made of it all may act on their best judgment.

Too much support can not be given to

## THE MAINE CAMPUS

## WHY

Feeling that something is needed to make the Student body and the Faculty convinced that the Campus is their paper it is planned to run a column each week under the heading "Why". In this column will be placed articles dealing with topics of vital interest to everyone but which at the same time are not news articles.

Questions that the student body want answered and any answers sent in will be printed in this Column. Hoping that this column will be accepted as the voice of those ishteing to see improvement we are taking wthis sp.

Burnham Junction! Don't forget your packages! Change for Unity, Coherence and Emphasis! Unity characterized the formation of the Y. M. C. A. coherence has been the minus factor in the support of the Y. M. C. A., and on these facts emphasis must be laid. The first Y. M. C. A. founded in 1887 was active until three or four years ago-it was a tradition that it should be active-but it died away. The present organization, founded this year by student initiative, has a membership of about 225-there is unity. That unity has ununified and is ceasing to cohere. There has been an average attendance of slightly over 19 at the meetings of the association. Where are the other two hundred? At a most important meeting, when the first outside speaker led the meeting, there was an attendance of just 17, including the speaker. About 15 per cent of the members of the Christian Association have appeared occasionally at meetings and sings, and the other 85 per cent-where are they?

What is the matter? Aren't the meetings what the members want? If so, the fault lies with the members themselves. There is no doubt that if the members voted to have programs of vaudeville or "movies" vaudeville and "movies" is what they would get. What fine coherence men of Maine possess! How well they emphasize the things worth while! We hear of college spirit, and we yell and hoot and cheer, and what does it amount to? That is not true college spirit. That is as David Starr Jordan defines it, "Comradeship between free spirits." The only way to get that is by unity and coherence. Let men of Maine unite, and be coherent in their support not only of athletics, but of the Christian Ass lay emphasis on these things.

o get Maine men together. "There are staunch men true At Bates and Bowdoin too"

Maine men must get together. different from that of past years. Instead of the usual close order drilling, the work Let's go at it right, That long hard fight this year is to consist of march and attack To get Maine men together, formations, advance and rear guard, and And come what may. outpost work. Captain Schindel, who Whither fair or foul the day, will inspect the battalion, believes that Let's all go to the sing and, get together. this change will give the men a more practical view of the work, and bring them

CADET CONCERT AND DANCE

The Concert and Dance given by the

Cadet Band at City Hall Bangor, last

Friday night was a great success both

financially and musically. This is the

first concert that a Maine Band has given

since 1904 when A. W. Sprague '05, was

leader, and showed much careful practice

on the part of the members. Both of the

Bangor papers gave an excellent account

of the concert and gave assurance that it

was much appreciated by the Bangor

It is the idea of the band to give several

of these Pops next year, and with the

musicians that the class of 1918 will bring

in the band should be better than ever be-

The present Cadet Band has been

made possible by the Military department

and its success is due largely to the efforts

of Lieut. Ralph R. Glass. The band was

started the fall of 1912 and has continued

to improve ever since. It is probable that

of Bangor. Among those present were:-

our baseball team and its coach this

Spring. They are working to-Baseball gether in perfect harmony, as they should, and are certainly making a fine showing. The victory of last Saturday shows the "fight to the end" spirit of the Maine team.

The University has always had ball players. It has been our misfortune, although not always our fault, that we have had but a few real ball teams. It certainly looks as though we had a team of the real kind this year. Yes or no we are all with it.

#### ALPHA TAU OMEGA ENTERTAINS

Beta Upsilon Chapter of Alpha Tau Omega held a most enjoyable dancing party, at its Chapter House, on Monday evening. April 20. The danceorder contained sixteen numbers for which excellent Music was furnished by Richmond and Larsen of Bangor.

Among the guests present were: Prof. and Mrs. E. R. Wingard of Orono; Mr. and Mrs. C. Parker Crowell, '98, of Bangor; Mr. and Mrs. L. J. Keyes of Bangor; Miss Annie P. Rice of Claremont, N. H .: Miss Helen M. Dugan of Providence, R. I.; Misses Rosemary Breennan, Frances Dugan, Estelle Beaupre, M. June Kelley, and Martha Robinson of Bangor; Miss Mollie Hutchins of Fryeburg; Miss Cornelia Phelps of Foxboro, Mass.; Miss Clara Partridge of Pemaquid Beach; Miss Helen M. Norris of Auburn; Margaret A. Wood of Bar Harbor: Misses Dorothy Thompson, Gladys Thompson, Mable Arnold, and Helen Maloney, of Orono; L. Stuart Jones, ex-'14, of Belfast; George L. Parker, '12, of Skowhegan.

ample time in which to master the drill a new schedule has been arranged which allows the whole of Saturday forenoon, from 8.30 until 12 for the whole battalion to drill as a unit. After May 2, the Tuesday and Thursday military periods will be given up and the time combined for the Saturday drill. Last Saturday a preliminary drill was held, in which the whole battalion took part, and on Tuesday and Thursday of this week the individual companies will receive instruction in order that the company officers may accustom themselves to new formations. The final inspection will take place on May 20th, and will be in charge of Captain Schindel

closer in touch with regulation army drill;

In order that the battalion may have

as it was last year. This year the battalion will remain for commencement exercise, and drills have been arranged for that time.

These drills will be competitive and a banner is offered to the company doing the best work, and making the best appearance at that time. The nature of the drills will be the close order formations by the several companies, in charge of the company officers.

### JUNIOR WEEK PROGRAM: SENIOR ELECTIONS

The following program has been arranged for Junior Week:

Wednesday Eve.-Junior Exhibition Speaking.

Thursday Eve.-Maine Masque. Friday A. M.-Junior Chapel. Friday Eve.-Junior Prom. Saturday A. M. Battallion Drill.

Saturday P. M. Maine-Bates Track Meet.

Saturday Eve.-Minstrel Show.

In the recent Senior elections, the following men were chosen: Valedictorian, Fred Justin Lewis; Curator, Richard Foster Crocker; Presentator, Oswald Burnett Higgins.

Pres. Robert J. Aley spoke ot Belfast on Friday evening, before the Home and School Association on "The Relation of the Community and the School."

Dean J. N. Hart was at Augusta on Saturday, attending the annual meeting of the State Superintendent of Schools, Payson Smith and the representatives of the four Maine colleges.

Prof. F. E. Woodman leaves Wednesday to visit schools at Dexter, Newport, Corinna and Foxeroft.

Prof. A. L. Grover is visiting schools at Bethel, Norway, So. Paris and Oxford. Mr. R. S. Bristol, the new instructor in drawing who is to take Mr. Chas. B. Cleave's position arrived last Wednesday.

Prof. G. D. Chase left Monday to visit schools in Madison and Skowhegan.

Prof. C. P. Weston has recently purchased a new Buick automobile.

### MILITARY INSTRUCTION CAMPS FOR STUDENTS

#### War Department to Continue Plan of Last Summer

The War Department, following the successful plan of last summer, will establish this summer four Military Instruction Camps for College Students and graduates between the ages of eighteen and thirty, to last for a period of five weeks. In the camps a fine training is given to the men in Infantry drill and manoeuvres, and they are also instructed in the work of the Artillery, Cavalry, Engineer and Signal Cops, in their relation to infantry attack, defense, etc. The work is constantly varied, the elementary part is rapidly covered, and the more important problems are dealt with by able officers of the U.S. Army.

lows:

and Fridays, 9.05 to 10 o'clock.

bridge, Mass., will give a brief course in

conveyancing and will deliver four lectures

upon The Essentials in Conveyancing,

Some Common Errors in Conveyancing,

The Examination of a Real Estate Title,

and The Essentials of a Marketable Title.

The lectures will be given Monday, May

4, 10 to 12 o'clock and Tuesday, May 5,

**COLBY WINS INTERCOLLEGI-**

ING CONTEST

ATE TEMPERANCE SPEAK-

The Intercollegiate Temperance Prize

Speaking Contest, held in the First Bap-

tist Church at Waterville April 17, in which

Bates, Colby, and the University of Maine

participated, was won by Harry Horatio

Upton of Colby, whose subject was The

Monster Menace. This first prize was of

\$50. Carroll Ben Flanders of Colby,

whose subject was The Saloon and

Maine's Verdict, won the second pprize

of \$25. The third prize of \$15 was

awarded to James Roy Packard of Bates,

who spoke on The Trial of the Liquor

Interest, while fourth prize of \$10 was

Bates, whose topic was Effective Pro-

hibition. The representatives from the

University of Maine were George Harrison

Garrison, who spoke on Enforcement of

the Prohibitory Amendment, and Frederic

Robie, whose subject was National Pro-

There were about 200 people present

representing Colby and the city of Water-

ville. By request of the chairman, Gover-

nor William T. Haines, however, there

was no applause. The speaking lasted

about an hour and an half, while the

judges were out about twenty minutes.

The general tone of the speaking was a

somewhat vehement denunciation of in-

temperance with perhaps less constructive

discussion of methods for prohibition and

hibition.

warded to Joseph Langdon Moulton fo

from 10 to 12 o'clock.

The War Department details troops of all branches to these camps for the better instruction of the men. The idea back of the camps is to build up a reserve force from which officers or volunteers can be drawn in time of war. The total cost of attendin g the camps is \$22.50 .- \$17.50 for sub-

sistence, and \$5 for uniform. One camp will be at Burlington, Vt., from July 6th to August 7th, inclusive; another at Monterey, Calif., from June 26th to July 31st, inclusive, and another in the Mountain and Spring regions of Virginia, or a little to the South, and the fourth on the eastern shore of Lake Michigan, the exact location and the dates for the two latter encampments to be

announced later. These camps are of value not only to the student himself from a physical and increased efficincy standpoint, but to the Nation in spreading among its citizens and information on military matters and a very consider one amount of metical military which ould be most useful to them.

their comer in case their was was Committee

After careful inquiry , ing the organization and management of the camps of instruction for college students, established by the Secretary of War in the summer of 1913, we take pleasure in certifying to their excellence.

The military instruction was thorough. The discipline was strict; but the work was so well arranged that it caused enjoyment rather than hardship. The food, sanitation, and medical care were good, and the lessons received by the students in these matters were scarcely less valuable than the military instruction.

We commend these camps to the attention of college authorities as a most important adjunct to the educational system of the United States, furnishing the student a healthful and profitable summer

#### Judge William B. Pierce will give the Great Possibilities of New Organilectures on Maine Practice and Common zation Law Pleading for the remainder of the term at the University of Maine College

Augusta-(Special-Business men, farof Law, taking the place of Judge Charles mers, educator sand members of the pro-J. Dunn, who is prevented by business fessions in all parts of Maine are joining matters. The first lectures will be given the Develop Maine Movement, the ornext Monday and the schedule is as folganization launched at Augusta in February to develop the resources of Maine and Maine Practice: Mondays, 11.05 to 12 tell the rest of the world about them. The membership fee of one dollar a year is Common Law Pleadings: Mondays, small enough so that every citizen who and Fridays, 10.05 to 11 o'clock; Tuesdesires to help boost his home state can days and Wednesdays, 11.05 to 12 o'clock. take part in the work! Attorney Harry B. Montague of South-

MOVEMENT

The Movement has the heartiest endorsement of Hon. C. S. Stetson of Greene, Master of the State Grange; Hon. C. O. Purinton of Bowdoinham, lecturer of the State Grange; Hon. Payson Smith of Augusta, State Superintendent of public schools, all the living ex-governors of the State, Governor Haines, the members of Congress, the press the, pulpit and thouands of men and women who have the best interests of the State at heart.

The Movement, which is headed y former Governor William T. Cobb of Rockland, is now conducting a campaign of publicity for the purpose of getting a membership of 50,000. The granges, the boards of trade, the woman's clubs, high schools and academies and similar organizations have been invited to join in this campaign and they are giving ready response

As soon as the financial returns warrant it, a first class business-getter will be employed. It will be his duty to interest capital and manufacturers in the Maine field. He will present Maine's advantages and will fight for Maine's good name in the big money markets. He will bring new business to the State and endeavor to make it easier for men already here to do business

An information bureau will be established. This bureau will gather the names of farmers who want summer boarders, descriptions of sections and towns, water powers, manufacturing sites, harbors and river frontage. It will disseminate this information among prospective summer visitors in other states, among prospective purchasers of Maine farms, among investors, manufacturers and transportation companies.

This bureau will also gather information concerning markets for Maine products elsewhere. For instance a week ago the New York Board of Water Supply advertised for 1,250,000 little evergreen trees to plant around the reservoirs. Maine didn't sell the trees because Maine didn't

nt RONO, MAINE course at moderate expense. John G. Hibben, President of Princeton University.

A. Lawrence Lowell, President of Harvard University.

Arthur Twining Hadley, President of Yale University.

John H. Finley, President of the College of the City of New York. H. B. Hutchins, President of the Uni-

versity of Michigan. George H. Denny, President of the

University of Alabama. E. W. Nichols, Superintendent Virginia Military Institute.

Benjamin Ide Wheeler, President of the University of California.

Henry Sturgis Drinker, President of Lehigh University.

The Harvard Crimson makes this editorial comment upon the camps:

"On Thursday evening Major-General Wood, U. S. A., spoke on the subject of the Military Instruction Camps. The camp at Burlington, Vermont, which is the one of the five that Harvard students would naturally join, will be held for only five weeks, allowing ample time for other possible summer undertakings; the expenses of the outing will be so slight that the experience is possible for practically everyone; the work will not be so strenuous that it is devoid of enjoyment; the wide variety of the training will render it worth while whether the country is ever at war or not. The military camps fur-

nish a solution of the summer problem worthy of much consideration, particularly for those who are still without plans." As might be expected, some peace

cranks are protesting against the student camps. In the face of the present Mexican situation, they have been easily silenced.

controlling the liquor traffic than might have been expected from college men. Mr. Packard was the winner of the recent state peace contest held here.

Colby College Orchestra furnished music. Governor William T. Haines presided and the judges were:-Frin. W. G. Mallett, Farmington, Rev. W. F. Berry, D. D., Vassalboro, Mr. G. R. Chadbourne, Augusta, Supt. W. O. Hersey, Fairfield, and Mr. E. M. Foster, Oakland. The prizes were given and the contest first conceived of and planned by Hon. Horace Purington of Waterville, to whom much praise should be given.

**CIVIL CLUB MEETING** 

May Buy Moving Picture Machine

The Civil Engineering Club held a

meeting in the lecture room on the first

floor of Wingate Hall, Wednesday even-

ing, April 22. About thirty members

were present. The most important item

taken up in the business meeting was the

discussion of buying a moving picture

machine from one of the moving picture

theatres of Bangor. It was thought that

the machine could be bought for about

\$75 as the management of the theatre was

anxious to replace the old machine by a

new one. A committee was chosen to in-

caused by poor construction.

ed their son for the week end.

vestigate the project.

know about it. In this way an increased prosperity will be brought to the men and women now living in Maine.

The Movement is young, but has laid down great plans for itself. The board of officers includes the names of Governor Cobb, John C. Gerry, a travelling salesman; S. C. Stetson, Master of the State Grange; Mrs. Frederick P. Abbott, President of the Maine Federation of Women's Clubs: A. A. Heald, head of the State Y. M. C. A. and W. E. Lawry, the treasurer, Secretary of the Maine Senate. The executive committee and advisory committee include the names of the leading farmers, business and professional men and women of the State.

Elective courses leading to the University degrees of S. T. B., A. M. and Ph. D. Students paying the full fee may take without extra charge appropriate courses offered in the Graduate School of Arts and Sciences and in Andover Theological Seminary. For particulars address The Dean of the Harvard Divinity School, 4 Divinity Library, Cambridge, Mass.

is known all over the world. You can go to any tobacco store, booth or bazaar. from Calcutta to Stockholm, from Yokohama to Buenos Aires-make the sign of rolling a cigarette – and the native dealer will hand you a sack of "Bull" Durham tobacco. He understands what you want, because "Bull" Durham is identified with hand-made cigarettes the world over.

• Millions of men of all nations and all classes roll their own cigarettes from "Bull" Durham. This ripe, mellow tobacco makes fresh, fragrant cigarettes that they prefer to any kind they can buy ready-made.

## MAINE WINS IN THE TENTH Continued from page 1

Runs made by Lawry, Cobb, Hackett, Baker, Driscoll, Yelle, O'Leary, 2, Norton, Hits off Baum 9 in 9 innings. Off Swappe 1 in 1 inning. Two-base hits, Lawry, Hackett, Baker, Phenix, Norton. Stolen bases, Lawry 2, Abbott, O'Leary, Brignolia. Base on balls, by Driscoll, byBaum 2, by Swappe. Struck out, by Driscoll 5, by Daum 2. Sacrifice hits, Lawry, Cobb, Hackett, Pendleton, Brignolia 2. Double plays, Chase and Gilman; Hackett and Abbott; Hacket, Abbott and Lawry; Johnson, unassisted. Wild pitch, Swappe. Time, 2h 10m. Umpire, Bragg.

NOTES OF THE GAME

The Lewiston team had an entirely different line up than the one that faced Bates. That team was made up of young and local talent.

The outfield looks 200% stronger this year than last. Hackett's throw home in the 10th could not have been beaten, and Cobb is covering acres of ground. His throw to second of Phoenix's two bagger was as swift and as straight as a cannon ball. Chase who batted well last year will hit his stride soon.

Dave Baker did not look so bad in his first game at first. His errors were quite excusable and he dug a wild throw and a grounder from the dirt in a pretty manner. The ground was imbedded in some part of his anatomy and a slower witted man might not have found it.

Driscoll had difficulty in getting anything on the ball until after the fourth. It was his first attempt at curve ball pitching this spring and his steady work was entirely satisfactory.

Pendleton at short was cool and played a nice graceful game. Judging by his record with the Easterns he should commence to hit well soon.

Lawry nearly knocked catcher O'Leary over with surprise when he beat his bunt out in the 4th inning. O'Leary did not hurry about getting the ball off and the "kid" was almost on top of the bag before he threw. He made a gritty slide into second on the next ball, eluding the batseman in fine style. Coach Phelan says that he will have him leading the team.

Baker gave the crowd a little amusement when he bowled the second baseman over. Phoenix must have known that it wasn't Lawry.

The second team came through in find shape too.

Morton robbed Driscoll of a good sing. catching the ball off his shoe lacings.

Abbott and Cobb made two good slide The team should improve in this lin under the coaching of Phelan. He is la ing lots of stress on this work.

Coach Phelan says that the infielder will be a great deal faster when they have had chance to practice on a fast diamond. Capt. Gilman met the ball well and his one hit was timely. Baker had something on them all in this.

#### SUMMER TERM BEGINS Continued from page 1

hours a week use of library and laboratories, except a small additional fee cover ing cost of materiasl used in the laboratories:

#### GRIMM'S SNOW DROP DRAM-ATIZED BY THE CO-EDS EH. 1 CLASS

#### To Be Presented Before The Girls Who Attend Interscholastic Prize Speaking

The girls in English I under the guidance of Prof. Daggett, have dramatized Grimm's fairy tale of "Snowdrop" and the Seven Dwarfs" which they will present for the benefit of the preparatory school girls who attend the inter-scholastic prize speak ing contest to be held here May 21. The arrangements of this performance are in the hands of the Y. W. C. A., and it is hoped that an out-of-door presentation may be arranged by June besides the one in May.

The work of dramatization was begun in the Fall Semester when the class consisted of; Misses R. A. Brown, L. B. Chaplin, E. L. Ingraham, F. M. Lougee, M. E. Plummer, G. Russell, E. Winship, and H. Mononey. At the opening of the spring semester, however, Misses M. Jones, F. Greenleaf and H. Norris joined the class. These discussed the general plot of the story in class and then each member was assigned a special scene to writer There are three acts and seven scenes with thirteen speaking parts. The class is designing the costumes, also, with the assistance of the instructors in Home Economics.

The cast which is rehearsing for theplay is: Queen, Miss Norris; Prince, Miss Lougee; Snowdrop, Miss Winship; Egbert, Miss Brown, 1st Maid Miss Russell; 2nd maid, Miss Moloney; 1st courtier, Miss Greenleaf; 1st Dwarf, Miss Ingraham; 2nd Dwarf, Miss Plummer; 3rd Dwarf, Miss Chaplin; 4th Dwarf, Miss Jones.

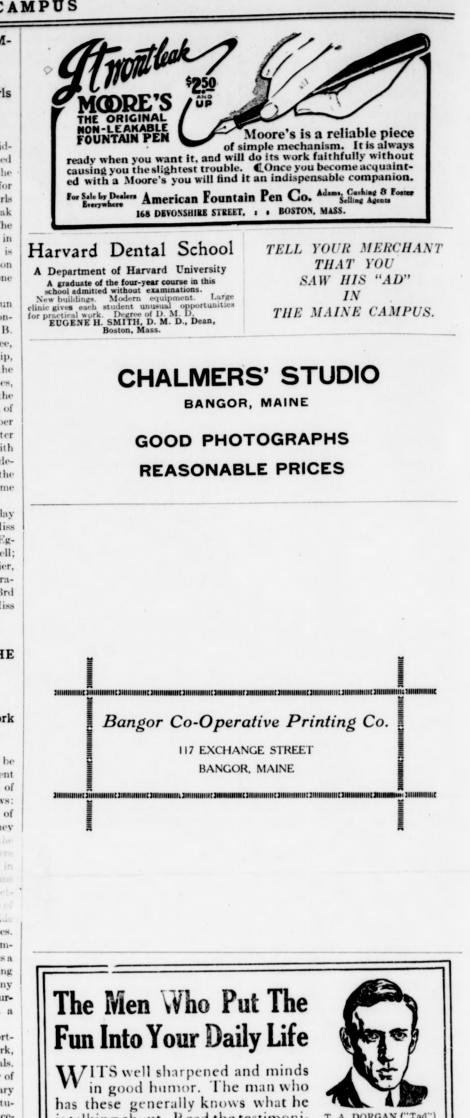

### A SHORT SKETCH OF THE NEW PLAN OF HOLDING EXAMINATIONS

# to be Emphasized

As has been stated before, finals will be given this spring in an entirely different manner than heretofore. The method of giving them is essentially as follows: Instead of setting apart the last week of mester for the a examinations, they

the last tcheduled exercise or may divide it between the last two or three exercises. Three of such tests is the maximum number that may be given. In some cases a portion of the tests may be given during the week previous to the last. In any case some sort of work must be held during the last week at each time that a

This plan will emphasize the importance of good daily and "prelim" work, and will place less importance on finals. President Aley is very much in favor of this plan instead of the old. The primary object of the new plan is to keep the stu-
