## Sentier Downeast Fisheries Trail

From Penobscot Bay to Passamaquoddy Bay, the Downeast Fisheries Trail connects sites, such as museums and community resource centers, that illustrate the region's maritime heritage past and present. Also included are places where the stories of people and the sea are intertwined, such as fishing harbors, clam flats, herring weirs, fish hatcheries, aquaculture facilities, and seafood processing plants.

Visitors can explore the whole trail over a few days, or visit a few sites in one region to learn how marine resources sustain the culture and economy of Downeast Maine and coastal Charlotte County, New Brunswick.

De la baie Penobscot à la baie Passamaquoddy, le sentier Downeast Fisheries Trail relie des haltes telles que des musées et des centres de ressources communautaires qui illustrent le patrimoine maritime passé et actuel de la région. Ce sentier est également jalonné de lieux où s'entrecroisent les récits de la présence humaine et de la mer, par exemple des ports de pêche, des vasières peuplées de myes, des fascines à hareng, des écloséries, des installations aquacoles et des usines de transformation des produits de la mer.

Les visiteurs peuvent explorer le sentier complet en l'espace de quelques jours ou visiter certaines haltes d'un secteur donné pour découvrir de quelle manière les ressources marines soutiennent la culture et l'économie du Downeast Maine et de la zone côtière du comté de Charlotte, au Nouveau-Brunswick.
