REPORT OF THE SUPERINTENDENT OF SCHOOLS

February 1, 1936.

To the School Committee and the Citizens of the Town
of North Yarmouth:

I herewith submit the annual report of the public schools in North Yarmouth for the year ending February, 1936.

Your School Officials are charged with the responsibility of providing adequately for the educational growth amid healthful surroundings of 93 elementary pupils for 34 weeks during the year. The budget must provide also for the tuition of 38 high school students.

The following summary is intended to estimate briefly conditions in your schools.

SCHOOL GROUNDS: Undeveloped.

BUILDINGS: Fair condition. No basements, water or lights.

REPAIRS: Constant replacements necessary.

MAINTENANCE: Careful attention. (Example: All desks cleaned and varnished yearly.)

STUDENT BODY: Industrious, interested, cooperative.

TEACHERS: Capable, efficient.

COURSE OF STUDY: State of Maine.

TEXTBOOKS: Logically arranged, reliable, up-to-date. Improved during year.

SUPPLIES: Meager but adequate.

LIBRARY BOOKS: Inadequate.

HEALTH: The number of children meeting all health standards is steadily increasing due to the splendid cooperation of the Cumberland County Public Health Association.

Sponsored by the Grange, Community Club, and American Red Cross, the children from grades 3 to 8 (inclusive) desiring dental attention were transported to a dental clinic in Yarmouth. This is a very desirable service and should be continued if possible.

MISCELLANEOUS

The school financial records are closed twice a year. The accounts are balanced and closed in February for the Annual Town Meeting and also in June for the State Reports. The enrollment varies from year to year in the Town of North Yarmouth and it is much more accurate to figure school costs for the school year beginning July 1st and ending June 30th. In the Town of North Yarmouth the children are being housed, educated, and in some cases transported at the following per pupil costs:

	Yearly Cost	Daily Cost	Hourly Cost
Elementary	\$36.68	\$0.217	\$0.031

How do these costs compare with the costs of other services for which you have to pay?

The school buildings in this town have been kept in repair at a cost per pupil of \$1.32. How does this compare with the repair bill on your home per person housed therein?

The number of pupils per elementary teacher is 23.

School enrollments for the past seven years: (Figures are Fall Term enrollments only.)

The School Report has been confined practically to statistics. In closing, however, I wish to urge your careful consideration of the article referring to the installation of electric lights in the schools. There are many days during each year when artificial light is absolutely essential to safeguard the vision of your children.

The cooperation and support of the Citizens of North Yarmouth during the past year is appreciated.

Respectfully submitted,

JOHN T. GYGER,
Superintendent of Schools.
